PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 1

November 4, 1985

Returning Students Come First

Winter Term Registration Begins Next Week

Suddenly, it seems, (probably because we have busy getting the Express Term off to a successful start) we are only one week away from the beginning of registration for the Winter Term.

The first to register, on the morning of Nov. 11, will be returning students who will be graduating at the end of the Winter Term, followed throughout the week by returning students arranged according to number of completed credit hours.

This follows our traditional concept of giving first choice to those whose selection of classes has been narrowed by completion of part of their program.

The chart at the bottom of page three is important information for all students. ALL of us need to remind students as often as feasible that they are being given this *special opportunity* to register ahead of new students and the general public.

As you know, Winter Term registration is very greatly dependent on the number of students who continue on from the Fall Term. We do have a number of new students, and one or two occasions our Winter Term registration has been higher than the Fall Term. Usually, however, it is slightly smaller.

We are giving our current students a full three-week break on choice of class slots, since new student registration begins on Dec. 2.

The Express Term turns out to have been successful not only in the number of classes that "made," particularly at PBJC Central, but also in the number of students enrolled, a total of 260.

We had been under the impression that almost all those enrolling were our own students, but it turned out that 121 of the 260 were new, first-time students.

PBJC Foundation Presents Tax Planning Seminar

The Palm Beach Junior College Foundation, Inc., will present a free seminar on "Year-End Tax Planning and Charitable Giving" Tuesday, Nov. 12 from 3:30 to 5:30 p.m. at the Palm Beach Airport Hilton

"The seminar will explain other ways of giving (to charitable organizations) that the public may not know about," said Nancy Cherry, PBJC Foundation director. "With the new tax laws going into effect, this may be the last year to take advantage of some of these provisions."

The program will be lead by Victor P. Whitney, president of Horizon Trust Company of Florida, and author of three books and numerous articles on trusts and estate planning.

Other presentors and their topics will include: Gary Krielow, certified public accountant at Lamn, Krielow & Dytrych-Selections of Returns for Audit; Daniel Hanley, attorney with Gunster, Yoakley, Criser & Stewart-The Value of Making Charitable Gifts in 1985; Stanley Brenner, CPA and partner of Laventhol and Horwath-Year-End Investment Planning; Bruce Allen, CLU, chFC-Life Insurance in Charitable Giving; Thomas Silverman, attorney with DeSantis, Cook, Gaskill & Silverman-Tax Shelters, Minimum Tax; and

PBJC North Schedules Open House

Volunteers at PBJC North will be busy this week preparing for the Open House there Saturday, November 9.

The open house is being held in conjunction with the Vintage Auto Club of the Palm Beaches which will be holding their Vintage Fall Festival at the college.

There will be vintage cars, motorcycles and bikes--a flea market and swap meet--plus tours of our campus led by students, and information booths about PBJC.

WINGS 92FM has taken the Vintage Fall Festival as a station project, and is giving it extensive coverage. The station will be on hand at the campus starting at 1:30 p.m.

The college and the auto club are sharing costs of some advertising.

The grounds open at 8 a.m. with the flea market and show registration running from 8 to 11. Judging starts at 1 p.m., and trophies will be awarded at 4 p.m.

Our IMTS/CPI Lab will be open, and the new library will be on display. The Games Club has set up a challenge chess match. Our new art instructor is arranging a display, and there is some discussion about a creative writing class giving some poetry readings.

The Vintage Auto Club usually attracts several thousand people to their major shows, and there is discussion of this show becoming an annual event.

Children's Walkathon

The Early Childhood Club will be holding their 12th Annual Children's Walkathon Monday, Nov. 11, 9:30-11:30 a.m. at the tennis court at PBJC Central.

The walkathon is one of several fundraising projects held during the year by the club. Funds collected will be used for materials for the center and to sponsor workshops of interest to parents and educators working with young children.

You may sponsor a child by picking up a pledge sheet from the bulletin board near the observation room at the center. Please join us at the courts and help us cheer the children on.

Anyone interested in joining the Early Childhood Club should contact Prudy Van Winkle, director of the Early Learning Center, extension 8046, for further information.

Make-Up Days For "Coffee With Ed"

Two make-up days for "Coffee With Ed" have been scheduled for any faculty member at PBJC Central who was unable to meet with the president during the recent series.

The two are scheduled Nov. 11 at 2 p.m., and Nov. 19 at 8 a.m.

Those who wish to attend are urged to call Dr. Elisabeth Erling's office at 8086. It is neccesary to get some idea of how many people to prepare for.

Dr. Eissey reports a fruitful exchange with faculty on a large number of topics in the current series, and a number of helpful suggestions have been accepted and will be put into practice.

Seminar (cont'd from P 1)

Thornton Henry, attorney with Jones and Foster-Deferred Charitable Gifts.

A cash bar and hors d'oeuvres will be available.

For reservations, call the PBJC Development Office at 8072.

Winter Term (cont'd from P 1)

It is quite probable that these new additions will make this Fall Term the largest in our history in terms of numbers of students.

Central Teachers Say "No" To 50-Minute Classes

Results of a survey of PBJC Central teachers provide startling evidence of the wisdom of the administration in not listening to Dr. Joan Young of the United Faculty and unilaterally forcing 50-minute classes on teachers who do not want them, as she demanded.

As of Thursday noon, there were 108 respondents to a survey of Central teachers regarding changing from a 60-minute period to a 50-minute period. Six were undecided. Two said it did not matter which way the vote went, leaving an even 100 with definite convictions.

Fifty-four of the 100 **do not want** to change to 50 minutes, leaving 46 who do. In addition, department chairmen who are also teachers had already voted strongly in favor of retaining 60-minute classes at PBJC Central.

No matter how the remaining faculty members vote (if they vote), it is clear that this is a question that needs to be studied very carefully before any changes are made.

Dr. Young did not want to wait for a study. In attempting to disrupt the administration's plans for 50-minute classes at PBJC North, where they are wanted, Dr. Young countered with a plan to install 50-minute classes immediately on all campuses.

In doing so, she stated that teachers at Central overwhelmingly desired 50-minute classes, spoke disparagingly of the administration's expression of the need for caution, constructed lengthy arguments about the need for uniformity, and insisted on carrying the matter to the Special Master.

The hearing before the Special Master will have been held by the time you read this. It was scheduled for Saturday morning, beginning at 9:30 a.m. at John F. Kennedy Hospital Board Room.

WINTER TERM
1985/86
EARLY REGISTRATION APPOINTMENTS
(CURRENTLY ENROLLED DAY STUDENTS)

9:00 A.M. - 3:00 P.M.

Nov.8,21 Dec. 12	Keyboard Seminar, 3X, F (11-8), Th (11-21, 12-12); 7:30-9PM; HU 110; $6

Personals . . .

Lori Hunter gave a presentation before 40 members of the Florida Association of Student Financial Aid Administrators who were attending a state conference held Oct. 28 in Orlando. Lori spoke on "Stress Management: Dealing with Stress in These Changing Times."

Dr. Frank Saunders spoke to members of the AARP Chapter #2017 on Oct. 24. His appreciative audience found the topic, "The Positive and Negative Aspects of Aging" very informative.

Personals (cont'd)

Alessandra Gieffers, art instructor at PBJC North, will be one of the featured exhibitors at the Gallery Camino Real during November. The gallery, located in Boca Raton, is open Monday through Saturday, 11 a.m. to 5 p.m. She was also an exhibitor (along with Paul Aho) in the Florida Focus I show which opened at Northwood Institute on Oct. 22.

Last Monday's president's staff meeting found Dr. Eissey in an unusually jovial mood--"his" team had won the World Series. Dick Howser, manager of the winning Kansas City Royals is a local boy, and Dr. Eissey was his baseball coach at Central Junior High. With characteristic modesty, our president was button-holing everybody who would listen, claiming that "I taught him all he knows!"

Business Executives Meet At PBJC North

A number of business executives from northern Palm Beach county will be guests of PBJC North Thursday evening, Nov. 7, 6 to 8 p.m.

The guests are members of Business Executives, Inc., who periodically visit the businesses represented by members. Dr.Ott Smith has been a member for some time, but this is the first visit to PBJC North.

One of the primary purposes of the organization is for members to become better acquainted with each other's business so that they can act as reference sources within the community. We hope many of these men will become enthusiastic about PBJC North.

Dr. Smith plans for short presentations by several staff members of various aspects of the college, followed by a reception for the guests.

Happy Birthday To . . .

11/05 Walter Franklin, Dorothy Witherspoon, Verla Neal 11/06 Jim Bruton 11/08 Eleanor Salisbury 11/09 Frank McLaughlin 11/11 Betsy Meyers, Patricia Dyer, Samul Harley, Toby Chabon, Shirley Pember

REMINDER: Tickets for the annual staff holiday party are still available. This year, the event is planned for Dec. 14 at the Palm Beach Ocean Hotel, and the $16.50 ticket pr includes dinner and dancing. If you haven't purchased your tickets, do so now. For information, contact Rene Collins, 8024.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number 2

November 11, 1985

Dust Off The Buttons And Bows

College Day Is Here This Week

College Day at PBJC will be at PBJC Central on Thursday, and with it an opportunity to make a good impression on a couple of thousand people who are very important in our future--prospective students.

Juniors and Seniors from all of the high schools of the county will be visiting us in order to obtain information about a college career from PBJC and 111 other colleges from the eastern United States.

High schools are being more selective this year, and we are not anticipating the crush of students which overwhelmed facilities last year, according to Gail Tomei, who is coordinating College Day this year.

In addition, arrival and departure of buses has been staggered throughout the morning, and circulation through the 122 displays has been made easier by utilizing the space in the gym more efficiently.

Inside the gym, the exhibits will be arranged in the following groups, with large signs showing for each group: PBJC--11, Florida Private Colleges--17, North Carolina--17, Southern--35, Northern--20, Florida State Universities--9, Vocational--8, Military--5.

A hospitality room for those working the exhibits has been arranged in one of the two rooms at the south of the gym, and plans are being made for PBJC counseling in the other.

One bus load of students who have requested a tour of the campus will be taking part in a pilot project this year. If the tour is successful, we will extend the invitation to all high schools next year.

All employees at PBJC Central are hereby urged to wear their buttons and bows on Thursday, so that the guests on campus will know who they can ask for directions. The News Bureau has replacements if you have mislaid yours.

Cont'd P 3

Special Master Hearing Completed

The hearing of items at impasse in collective bargaining between the college and the United Faculty before Special Master Charles H. Frost was held Saturday, Nov. 2 in the board room of John F. Kennedy Hospital.

A series of meetings between the special master and Jesse Hogg for the College and Dr. Joan Young for the union, and caucuses of teams from both sides preceded the actual hearing. Attempts were made to narrow the number of issues during a half hour period, but there was no success.

The hearing went on from 10:08 a.m. to 3:26 p.m., with no lunch break, but all matters were heard to the satisfaction of both sides.

Frost made a key ruling early when he decided to hear all issues from each side before allowing a rebuttal. This was a time saving device that proved to be effective.

The college presented four items, the union eight, with several of the union issues being subdivided, so there were really about 16 different items for the union on eight subjects.

The union continued its opposition to 50-minute classes at PBJC North in the Winter Term unless they were also instituted at PBJC Central immediately, or unless the administration

Cont'd on P 2

A First Step With Ballet Florida

Beginning January 1986, Ballet Florida, this area's premier dance school, will take its first step toward becoming part of Palm Beach Junior College, according to Reuben Hale, PBJC Humanities Chairman.

"Ballet Florida will eventually become the dance department at PBJC," he said. "We will be offering associate in arts and associate in science degrees in musical theatre and ballet/jazz."

Although the merger is expected to be final within five years, PBJC will begin by offering 14 dance courses during its Winter Term. These will range from basic ballet and jazz, to intermediate, to advanced ballet with point and men's technique.

All courses will be offered during the evening, and will be taught by instructors from Ballet Florida. Students will be placed by audition at whatever level for which they are qualified.

"Ballet Florida has a fine reputation for placing its students with some of the major dance companies from all over the world," Hale said.

Some of these include the Stuttgart Ballet company, Royal Winnipeg, Houston ballet companies, and the Paul Taylor Dance company.

In addition to benefitting each other, the partners will maintain their own identities.

Ballet Florida will still operate its dance prep school for children, and will include a professional dance company which will be in residency at the college.

"We're excited about our relationship with PBJC, and view it as one more step in the right direction," said Jami Medalie, Ballet Florida marketing director.

"We're in a transitional period right now, and at this stage of our development, we have the potential to become this area's regional dance company...and that is where we're going."

Ballet Florida (formerly Ballet Arts) was established in 1973 by Marie Hale, artistic director, and Linda Swidaon, assistant artistic director. Its staff includes, for the first time this year, 10 paid dancers on contract, as well as faculty and support personnel.

Student Carnival Set For Wednesday

Students at Palm Beach Junior College have organized a carnival event to take place Wednesday (Nov. 13), 10 a.m. to 2 p.m. near the tennis courts at PBJC Central, which they are calling "Lifeline."

"We are throwing the students a lifeline to save them from drowning in homework and extensive studying," says Student Government Association president Robert Wigen. The SGA is joining with the Inter Club Coalition to sponsor the event.

There will be a band, refreshments and other booths, and a dunking booth, where students can pay 50 cents for three chances to dunk school administrators.

Dunkees who have agreed include Dr. Eissey, Dr. Melvin Haynes, vice president for student affairs, Charles Graham, registrar, Ron Moses, recruiter, and SGA advisor Norma Walter.

Hearing (cont'd from P 1)

would bind itself to 50-minute classes at PBJC Central at a later date, even though survey results showed a majority of teachers at Central prefer remaining with 60 minutes.

Some small headway toward settlement was seen in two minor items, but otherwise the two sides seemed locked into opposition.

Parts of the union presentation had been allocated to James Aldridge and Elizabeth Allred. Joe Schneider and Barry Rogers aided in the college presentation.

Frost allowed 10 days for written memoranda when the union insisted it wished to file one. Working forward from that date, Nov. 12, there appears to be sufficient time for the definitive legislative body hearing before the beginning of the Winter Term.

PBJC Employee Scholarship Fund

Frank Bollon submitted a suggestion to Dr. Eissey that dedication seat plaques for the Watson B. Duncan III Theatre be sold to establish a scholarship fund to benefit the families of PBJC employees. A committee was formed, comprised of Frank Bollon, chairman, (Physical Plant), Nancy Buhl, secretary (Allied Health message center), Nancy Cherry (Foundation Office, Bill Graham (Continuing Education), Joe Macy (Criminal Justice), Don Pearsall (Physical Plant), Tony Tate (Business Affairs), and Kittie Wilson (Financial Aid).

Through Friday, December 6, plaques for the seats in the seventh and subsequent rows can be purchased by employees for the price of $25 each and can be renewed every five years. Location of the seats will be determined through a drawing to be held at the end of this special sale. Multiple purchases can be grouped together pending the location of the first seat drawn. In December, all seats will be offered to the public and employees at the following prices:

1st row--$1000 each for the lifetime of the seat
2nd row - 500 " " " " " " "
3rd row - 250 " " " " " " "
4th, 5th and 6th rows --$125 each for the lifetime of the seat
7th and subsequent rows - $35 each and renewable annually (renewable month to be established at a later date)

The 1" x 3" plaques will be inscribed (up to two lines) in darkened Roman Block lettering and placed on the upper back of the theatre seats. It is hoped a commemorative certificate, suitable for framing, will be ready in time for holiday giving. The certificate will read "Donated by..." or "In Memory Of..." and contain the location of the seat. The plaques are being sold solely for dedication purposes and establishment of the scholarship fund and are in no way intended to be used as reserved seats and/or admission for performances.

Purchases can be made through the Foundation Office and checks are to be made payable to the PBJC Foundation, Inc. with a notation in the corner for the Employee Scholarship Fund. Further information can be obtained through any of the above committee members.

The committee encourages all employees to participate in this opportunity to establish a scholarship fund that will benefit all of our family members. In this small way, we can all join in paying tribute to a fellow employee who has done as much on his own through his noted book reviews and who exemplifies the dedication of PBJC to excellence in education longer than anyone else, Watson B. Duncan III. ...N. Buhl

Life Insurance Announcement

Many personnel inadvertenly carry an old beneficiary on such personnel records as life insurance or income protection enrollment cards or the retirement system enrollment form. In each case, a beneficiary is designed at the time of employment, which in some instances should change due to divorce, death of the beneficiary or various other personal reasons.

While some personnel will change life insurance beneficiaries, they frequently overlook the fact that there can be substantial benefits available to a beneficiary under the Florida Retirement or Teacher's Retirement System. In addition, there is an accidental death benefit available under an income protection plan which many employees carry.

Most personnel, no doubt, have their desired beneficiary listed on their insurance and retirement records. If you should wish to change, please contact the Personnel Office.

...J.M.Schneider

College Day (cont'd from P 1)

Since facilities are much better arranged this year, teachers are urged to inform our students of the opportunity to obtain information about their choice of college for junior and senior years.

All Ages, Sizes And Skill Levels In Annual Run

Three hundred and fifteen runners of all ages, sizes and skill levels sprinted, trotted and staggered in PBJC's successful Third Annual Five-Mile Run Saturday, Nov. 2 at PBJC Central.

Chris Fleischman, 25, of Palm Beach Gardens was the overall male winner, hitting the clock at 25:13.67. He was well ahead of second place finisher Jim Alexander, 27, of Palm Springs, who came in at 25:33.43.

The first woman to cross the finish line was the number one female in PBJC's first race two years ago: Nina Foster, 31, of Pompano Beach (and a member of the cross country team at Florida Atlantic University) finished at 31:02.38.

Her fellow FAU teammate, 19-year old Dorie Drew of Lake Worth, placed second at 32:14.02.

Each overall male and female winner received a pass for a free weekend for two at one of the area's finest hotels or restaurants.

Prizes such as gift certificates from sporting good stores, merchandise, passes to movie theatres, and dinners at area restaurants were also awarded to the male and female winners in each of 10 age categories.

"Organizing a run is a project that requires the cooperation of so many individuals and departments at the college, the community, and local and county authorities," said George Matsoukas. "Bringing all of these people together on a volunteer basis on a Saturday morning and having them all come through for PBJC is as satisfying as the run itself."

"The Development Office wishes to thank all of the volunteers who participated at the run. Without you all, there would be no run."

Announcements . . .

The PBJC women's tennis team won an unprecedented seven champion flights out of a possible eight and finished first in the Florida Junior College Annual Classic held at PBJC Central. In the overall standings, PBJC women came in first with 50 points. Indian River Community College was second with 24 points. Florida Junior College was third with 17 and Broward Community College received 4 points. ...Frank Mossadeghi

The Student Government Association is now selling coffee (25 cents) and donuts (30 cents) every morning from 8-10 in front of the Continuing Education Building at PBJC Central. According to faculty advisor Norma Walter, everyone is invited to stop by the booth and enjoy an early morning coffee break. Proceeds from the sale will help benefit various campus projects planned by the SGA. See you there!

The following position vacancy is being announced:

Political Science/History Instructor (North Campus) Temporary full-time-- (Winter Semester): Position requires a master's degree with 18 graduate semester hours in political science and history. Previous teaching experience is preferred.
Interested applicants should contact the Director of Personnel. ...J.M.Schneider

The following classified positions are now open:

Happy Birthday To . . .

11/12 Mattie Glover, Jim Houser, Jack Potenza 11/14 Margaret Richardson, Trinette Robinson 11/16 Mary Bosworth, Joan Young, Claude Edwards, Perry Tougas 11/17 Juanita Johnson, Digna Davis 11/18 Oscar Shackelford, Henrietta Caldwell, Ofelia Franco

Voter Registration Day

Just 18 years ago, Nov. 13, 1967, Sigma Delta Chi, the professional journalism society saluted "A Historic Turning Point" in efforts to limit secrecy in government.

Wednesday, Nov. 13, 1985, PBJC's Official Voter Registration Day is aiming for a "Historic Turning Point" of its own. From 7 a.m. to 7 p.m., the student registrars will attempt to register 198 voters, one for every year the nation has existed under the United State Constitution.

The 1967 "Turning Point" saluted the Freedom of Information Act. Four years later, in 1971, the 26th amendment was added to the United States Constitution. That "Turning Point" extended the voting right to 18-year olds.

The 1985 voter registrar class, conducted by Jerri Edmonds, education director of Supervisor of Elections Jackie Winchester's office, swore in 25 registrars Oct. 23.

Originally set for Veteran's Day, Nov. 11, the PBJC event had to be changed to Wednesday, Nov. 13. PBJC is in session Nov. 11, but the rest of the community has a legal holiday. All American citizens who need to register will be welcome at this official registration.

...Ed Pugh

Understanding Alzheimer's Disease

The Palm Beach Junior College Division of Continuing Education will offer a free lecture on "Understanding Alzheimer's Disease" Tuesday, Nov. 12 from 2-4:30 p.m. in Allied Health Room 101 at PBJC Central.

Guest speakers will include Dr. Alan Fiester, clinical psychologist to the Alzheimer's Project at Jupiter Hospital, and Dr. Sterling Huntington, a Boca Raton physiatrist.

Drama Group Presents "Tartuffe"

Northstage, the drama group of Palm Beach Junior College North and the Spotlite Players of Palm Beach Gardens, will present "Tartuffe", a 17th century story performed in full period costume.

The production is scheduled for Friday and Saturday, Nov. 15, 16, 22 and 23 at 8 p.m. and Sunday, Nov. 17 and 24 at 2:30 p.m. in the Palm Beach Gardens Community Center on Burns Road.

According to Dr. Barry Russal, drama professor at PBJC North, the presentation is the first joint effort between Northstage, the drama group at the North Campus and the Spotlite Players of Palm Beach Gardens.

Tickets are $5 each; reservations may be made by calling 622-2440, extension 241.

Speech Communication Convention

Beverly Raznoff, speech department, South Campus, was local arrangements chairman for the 55th annual convention of the Florida Speech Communication Association held at the Bridge Hotel in Boca Raton Oct. 17-19. Ten of Bev's students wearing PBJC blazers helped with registration and various other duties.

The theme of the convention, "Keeping Communication Lines Open," was enhanced by the keynote speakers Friday at noon. Two specialists from the Metro-Dade Police Department spoke on hostage negotiations. Also at the luncheon, the speech teacher of the year was announced. Beverly did not win, but she was among those nominated. Dean James Tanner was introduced and thanked for his support of FSCA. Friday night, a group of conventioneers attended the production of "The Foreigner" at the Burt Reynolds Dinner Theater.

Freddie Jefferson, North Campus, a new member of FSCA, said of the convention, "It was a growth experience for me. It was extremely beneficial for me to see the wonderful things that are being done around the state and the experiences we MUST provide for our students."

...Stafford Mooney

Personals . . .

When Dr. Patricia Dyer left recently to attend a national meeting of mathematics teachers in Memphis, she probably wasn't calculating her chances on coming home a prize winner, but that's exactly what happened. Dr. Dyer will be flying the friendly skies at some future date, free of charge, thanks to a winning door prize--one round trip ticket to anywhere in the U.S., courtesy of Republic Airlines.

We are happy to report that Donna Faquir, the wife of Max Faquir, was scheduled to be released from the hospital Saturday. Max would like to thank everyone at the college who has offered their help and support during this difficult period.

Vacations can sometimes be hazardous to your health. Unfortunately, that's what Betsy Meyers discovered when she fell and broke her elbow while vacationing recently. Betsy is now back at her desk in Continuing Education on a limited basis, and should join us again full time shortly.

Announcements . . .

Attention Faculty and Administrative Staff: Please stop by the bookstore and order your cap and gown for Commencement exercises to be held on Dec. 23, 1985. The last date for ordering is Nov. 15. Payment is required when placing order. Thanks you for your cooperation. ...Mac Bennett

The "Shufflin Shoe Cloggers" will hold an open dance on Saturday, Nov. 16 from 7-10:30 PM in the SAC Lounge at PBJC Central. The dance is open to the public with admission $2 for dancers and $1 for spectators. Dress is casual. Several door prizes will be given out. For information, call Mary Tingler, 8000 or Betty Kent, 683-2140.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 3

November 18, 1985

Convention Highlight

Richard Yinger Awarded For Teaching Excellence

Dr. Richard Yinger, a social science teacher at Palm Beach Junior College since 1974, has been given the 1985 award for excellence in teaching by the Florida Association of Community Colleges.

Dr. Yinger had been chosen as one of three finalists in the state in September from nominations open to every community college in Florida.

"I thought it was a great honor to be named as one of the finalists," Dr. Yinger says.

The three finalists made presentations Friday, Nov. 8 in Tampa, outlining their teaching philosophy and practices, and Dr. Yinger was selected for the first place award.

In addition to excellence in the classroom, Dr. Yinger has become known in three different fields of study since his arrival at PBJC.

He is the originator of the term and the field of study now called Exosociology--

FACC Convention:

Report And Commentary

What really happens at an FACC convention? Is it worth the trip?

I had my first experience with the statewide event this year, and I came away convinced conventions of this type should be held more often for more people.

Although it was a three-and-a-half day whirlwind of activities, meetings and new faces, a few impressions stick out clearly in my mind.

I was struck, first of all, by the easy camaraderie into which we all slipped, not just PBJC employees (administrators, faculty and staff alike) but also all colleagues throughout the state.

I spent part of Wednesday evening eating dinner with pr/marketing people from St. Petersburg and Pensacola junior colleges, debating which college was really the first, (but more importantly, exchanging information, ideas and encouragement).

That first evening also included a baptism into the ritual of the FACC election campaign. Nominees for statewides offices take their stumping seriously!

PBJC's George Matsoukas, a contender for second vice president, waged a valiant and brilliantly-conceived campaign. Running on the theme of "Honest George," Matsoukas gave a rousing speech, and

Cont'd on P2

PBJC Sunday

About 20 PBJC faculty, students and staff participated in a successful "PBJC Sunday," held Nov. 14 at area black churches, according to Dr. Melvin Haynes.

"We've had nothing but positive remarks from the people who went," he said. "Some money has come in, also, for the C. Spencer Pompey Scholarship Fund."

The participants gave a short presentation and handed out literature about the college at black churches in Delray Beach, Boynton Beach, Boca Raton, and Lake Worth. One volunteer even visited a church in Clewiston, Haynes said.

PBJC staff who participated included: Leonard Bruton, Mary Cannon, Marvita Davis, Joyce Dowling, Lori Hunter, Harris McGirt, Ron Moses, Vernelle Patrick, Herman Pride, Henry Saulter, Oscar Shackelford, Tom Shostak, Norma Walter and Dorothy Witherspoon.

Students and others includes: Marc Brown, Terry Bryant, Scott Hall, Carla Knighten, C. Spencer Pompey, Lori Rimmel, Carla Seaser, Sharon Spatola, and Rufus Spradley.

FACC (cont'd from P 1)

then the floor was opened up to our delegation: Dr. Eissey, Dr. Lichtblau, Willard Findling, and some high-level administrators joined the rest of us as we paraded around the crowded ballroom wearing paper hats, beating on a drum and chanting "Vote for Honest George, Vote for Honest George!" The next day, Matsoukas donned a George Washington outfit and the delegation passed out lollipops and phony dollar bills as promotion pieces.

PBJC had two other winners: Dr. Richard Yinger (see page 1) and Jeanette Sanders (who won the Distinguished Service Award).

Even though he fell short by only seven votes at the end, anyone who could have seen his hard work, dedication and integrity would know that George really is a winner.

The educational sessions were well-presented, and contained useful information on a wide range of topics such as creativity, marketing your institution through student development, parliamentary procedures, applications of new technology to learning, and faculty issues.

There were also special sessions in which trustees, college presidents and legislators met to discuss issues such as funding and the future of the community college system.

...Kateri Brunell

Yinger (cont'd from P 1)

the study of society and its relationships to off-planet life--both our own life in space and other intelligence if its exists.

He originated workshops in Death and Dying at PBJC that have now become credit courses. He has become interested in stopping the arms race, and is the originator of the Peace Education Center at PBJC.

Recently, Dr. Yinger has been helpful in the development of an honors curriculum at the college, and the first course in this curriculum will be offered in the Winter Term, beginning in January.

Dr. Yinger's award is the top honor given a faculty member by the FACC. It is called the Red Schoolhouse Award for Professor of the Year, 1985.

Dr. Yinger was nominated for the honor by Dr. Tom Shostak, Dean of Instruction at PBJC Central. Dr. Shostak said he became aware of Dr. Yinger's outstanding work through the enthusiasm of his students.

No Smoking Reminder

The week of the Great American Smokeout, (this Thursday), seemed an appropriate time to remind everyone of the new Florida law which went into effect in October, and the Palm Beach Junior College rule that all areas that are not DESIGNATED as smoking areas are non-smoking.

This means that ALL CLASSROOMS are non smoking, since none have signs saying smoking is allowed. This week would be a good time to try to shake a bad habit.

People Bringing Joy At Christmas

The "People Bringing Joy at Christmas" committee met last week, and once again, members are hard at work, planning to help brighten the holiday season for some local needy families.

As they did last year, the committee is placing collection jars at various locations throughout the campus to accept cash donations for this worthwhile cause. Another fund-raising event willbe a raffle on Dec. 23 in the Central cafeteria, and many prizes will be awarded. "Please help us help others by purchasing raffle tickets from any member, said committee chairman Don Pearsall.

In addition, the committee will be selling home-baked goods at the Air Force Band Concert scheduled for Thursday, Nov. 21 in the gymnasium at PBJC Central. In order for this to be successful, they need donations of cookies, cupcakes, or brownies (any small item that can be carried away). If you would like to contribute, please call Ruth Triplett at 8121, Nancy Buhl at 8090, or Mary Ann Reasner at 8148.

Walkathon: A Festive Occasion

The 12th annual Walkathon by the children from the Early Learning Center produced about $600 for materials and community workshops, according to Prudy Van Winkle, center director.

The Walkathon had been scheduled for Monday morning, but weather forced a one-day postponement.

Proud parents and other interested persons pledged money for distance covered by the children walking, strolling, or running around the tennis courts, fortified by fruit as they pass the desk where laps are being counted.

Balloons, name tags shaped like feet, and the excitement of the children made the Walkathon a festive occasion.

Trustees Meet Nov. 20

Palm Beach Junior College trustees will be meeting at PBJC South, Nov. 20, 7:30 p.m., and Dr. Margaret Maney, South Provost, will have two outstanding recent events to report.

One involves heroic action. Two students who were responsible for saving the life of Laura Collins, veteran PBJC teacher, will be honored by the college, the Sunrise Kiwanis Club of Boca Raton, and other organizations.

The other is no less praiseworthy. Energy and enthusiasm expended on a completely voluntary basis by employees and students have transformed a barren landscape into what will certainly become a garden spot.

Other items on the agenda include renewal of several important agreements, naming the North Conference Center building at PBJC North the "Alfred W. Meldon Conference Center," eight items under Business Affairs and five under construction and Development, award of a bid for an European Fashion Study Tour, and two other bids, and 12 pages of personnel changes, most consisting of appointments for the Winter Term, which begins in January.

United Way Drive Posts Gain

PBJC employees gave 14.9 percent more to United Way this year, according to John Townsend, fund drive chairman. The college raised $7,158.24 from 125 donors, up from $6,232 from 91 participants in 1984.

"Some of our people were extremely generous and did more than their fair share," Townsend said. "Next year, we hope to get even more people involved."

Dr. Eissey said: "The community serves us, and we need to support the community through the United Way." The 1985 United Way campaign committee includes Townsend, Dr. Gary Sims, Frank Mossadeghi, Jim Tanner and Dr. Frank Saunders.

THIS Week . . .

Nov. 18-22	Registration continues for all currently enrolled students

Personals . . .

To all those who participated in my campaign for FACC 2nd Vice President, i.e., sold and purchased water bed tickets, wrapped candies, helped with speeches, donated hospitality goodies, tagged lollipops, worked hard as delegates, designed and sewed costume, designed and made hats--thank you. You are terrific! I am humbled and grateful. We did the best we could.

A special thanks to my secretary, Nancy Horvath, for putting up with me and supporting me and the PBJC Foundation for their contribution. I wish to express my appreciation to Dick Jones for his generous support.

...George Matsoukas

Happy Birthday To . . .

11/19 Howard Utman, Barbara Benken
11/20 Betty Morgan 11/21 Robert Geraldi
11/22 Jim Howell 11/24 Donald Voils

Announcements . . .

A BLS/CPR course for PBJC employees has been scheduled for Friday, Dec. 6 and Monday, Dec. 9 from 1-4 p.m. in CE Room 123. ...D. DiSesa

A school-wide picnic sponsored by Students for International Understanding (SIU) has been set for Saturday, Nov. 23, 10 a.m. to 5 p.m. in John Prince Park. Maps marking the exact location will be posted around the campus. The menu will include hot dogs, hamburgers, salads, snacks and soft drinks--all free of charge. The picnic is open to all students, administrators, faculty and staff and their family members. The event will feature a volleyball game (students vs. teachers), football, frisbee, etc. If you have any questions, please call Lori Hunter, SIU advisor, at 8182.

The Student Government Association will be helping Mary Cannon with the Great American Smokeout on Thursday, Nov. 21. Booths will be set up to encourage students to kick the habit for the day. Emergency supplies, like gum, candy, and lollipops will be available for those needing help. The booths will also be used to collect and "babysit" cigarettes.

Teachers are scheduled to receive a petition form in today's mail with details of the Smokeout, and are being asked to let studen know about this one day effort. When all quit smoking petitions have been returned to the SGA booth at the end of the day, there will be a raffle and several prizes will be awarded. ...Robert Wigen, SGA President

The following classified positions are open:
Clerk Typist I (North) Salary Grade A16, part-time, $5.48 per hour
Veterans Affairs Clerk (Registrar) Salary grade A18, $873.06 per month
Department Technician (North) Salary grade A25, part time, $6.84 per hour
Clerk Typist II (North) Salary grade A18, $973.06 per month
Clerk Typist II (North) Salary geade A18, temporary, $5.76 per hour
Custodian I (North) Salary grade B16, 228-day position, $9,993. per year
Interested applicants should contact the Personnel Coordinator. A. Johnson

The following position vacancy is open: Program Coordinator II (Director of Institute of Governments): Position requires bachelor's degree with master's preferred. Experience in public administration or public community agencies is very desirable. Interested applicants should contact the Director of Personnel.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 4

November 25, 1985

"They Did Not Have To Stop"

Two Students Honored For Saving Teacher's Life

The awards presented to two Palm Beach Junior College South students at the November trustees meeting were significant, but the really important thing was that Laura Collins, out of the hospital and recovering nicely, was there in person to thank them.

Ted Ressler and Tammi Clipson had obviously appreciated the PBJC award presented by Dr. Eissey, and the plaque for lifesaving and humanitarian service awarded by Dr. Karl Ijams of FAU and the Sunrise Kiwanis Club, but they sat transfixed and visibly affected, along with everyone else in the room, when Laura was introduced.

Something in the way Laura talked about how good it was to be able to see all of her friends again, and of how wonderful life is when you get another chance, let you know that whatever the condition of her heart had been back on Oct. 17, it was in the right place Wednesday night, and fully functional.

"And these wonderful young people," Laura said. "They did not have to stop when they were on their way to someplace else.

"So I am here. And I want to thank them, and to thank all of you for your love and support."

Ted was merely driving by, returning from lunch, when he observed Laura, unconscious, hanging partly out of the door of her car on Oct. 17. Laura had been trying to go home to treat an asthma attack.

Cont'd on P 2

Barring some unforeseen development, the Monday Report will be skipping next Monday. The two days off for Thanksgiving would create a ridiculously early deadline. There are two other regular issues scheduled for this year--Dec. 9 and Dec. 16. Have a happy holiday!

Jeanette Sanders Honored

Jeanette Sanders, a continuing education specialist and 13-year member of FACC, was given the "Distinguished Service Award" at the annual FACC convention held Nov. 6-9 in Tampa.

Chosen out of a field of nine nominees from throughout the state, she met the criteria of being "exceptional, dedicated, and respected and admired by students, peers and community leaders," while enhancing student learning and contributing toward FACC goals.

Since joining FACC, she has served in various capacities at the chapter and regional levels, mostly with the

Cont'd on P 3

Optional Tuesday Evening Class Make-Up

The non-scheduled day off for hurricane Kate on Tuesday, Nov. 19, meant altering teaching schedules for all classes, but provided special difficulties for evening classes, where one class period is usually an entire week's work.

Since Tuesday night classes do not normally meet on Nov. 26, however, there is the possibility of meeting this Tuesday to make up for the missed class.

Dr. Patricia Dyer and the Deans of Instruction are giving teachers of evening classes the option of choosing whether to attempt to schedule such make up classes on Nov. 26 or not.

Notification of students is, of course, one of the major problems. Teachers who decide to hold classes on Nov. 26 are asked to talk with Department or Division Chairpersons or Deans of Instruction.

Students (cont'd from P 1)

With other students, he removed her from her car.

Tammi, a trained paramedic on her way to a test, saw Laura on the ground and saw that she was turning blue. She knew exactly what to do, but three quick breaths did not revive Laura, and her pulse was very weak.

When she asked if anyone else knew CPR, Ted volunteered, and the two worked with skill, persevering even though they lost her pulse for a time.

"It seemed like hours before the paramedics arrived," said Tammi. "It was terrible having to work without equipment, and knowing she had been so long without air."

After the paramedics took over, Tammi went on to her test. She arrived 15 minutes late, but came through with flying colors, making a good grade.

Laura, a PBJC teacher for 12 years, and one of the original faculty members at PBJC South, was unconscious for 18 hours, but now seems on the way to a full recovery. Her doctor confirms that the actions of the two students saved her life.

Ted and Tammi have been nominated for the American Red Cross Certificate of Merit, and seem to meet all the qualifications, according to Harris McGirt, dean of student services at PBJC South.

Following the award presentations, the board, holding its annual meeting at PBJC South, heard an effective presentation of the campus beautification project by Dr. Margaret Maney, provost.

Dr. Maney introduced the "H" team, a crew of volunteer students, staff and faculty who have literally transformed the campus with a series of "plant-ins." Before, during, and after slides aided the presentation.

It is a coincidence, truly it is, that Donna DiSesa has scheduled a BLS/CPR class for PBJC employees Friday, Dec. 6 and Monday, Dec. 9, 1 to 4 p.m., in CE 123.

There are times when Basic Life Saving and Cardio Pulmonary Resuscitation can really save a life.

Ask Ted.

Ask Tammi.

Better yet, ask Laura.

Seminar Is Successful

The tax planning seminar at the Palm Beach Airport Hilton attracted some fifty interested persons, according to Nancy Cherry, director of the PBJC Foundation. Most of those attending stayed through the two-hour seminar, and many were asking questions of the lawyers, accountants and other experts who served as speakers after the meeting was over.

Since there are many plans to change tax laws, there is an unusual interest in charitable giving this year. Many opportunities may not be available in the future. The seminar was designed to explore these possibilities.

An Open Letter To The Faculty In Response To "Coffees With Ed"

In the past, I have responded individually to faculty members who brought up matters of concern at a Coffee With Ed. This meant, however, that other faculty members did not know of the concerns of their fellow faculty members, nor of the actions taken to get changes made.

This year, I was able to isolate 13 items of concern which I passed on to the appropriate vice president for action. Here is the list of those items and the response. ***... Ed Eissey***

1. List students' phone numbers on the class rooms provided to the faculty.

   Response. Currently under discussion with deans.

2. Provide student desks similar to those in BA 105 (flat top desks) for writing classes.

   Response. Will schedule writing in other rooms with tables.

3. Check examination times. M-W-F classes having their exams on M-W-F. T-Th classes having their exams on T-Th.

   Response. Working on this for Winter Term change. Too late for Fall Term.

4. Provide lighting in the parking lots until 10:30 p.m.

   Response. As of 11/1/85, all time clocks in the parking lot were checked and set for 11:00 p.m.

5. Provide better lighting on the east and west ends of the Social Science Building in the alcove area.

   Response. This has been broken into 2 segments: 1) The cove lighting in each end of the buildings. We have directed the custodial staff and security to make sure that these lights are on until daylight. 2) We have ordered some replacement light fixtures to be installed in the exterior stairwells on both ends of this building. These fixtures have not arrived as yet but when they do, we will have them installed.

6. Check the Allied Health's air conditioner. The Allied Health Auditorium is a "freezer" and the classes on the 2nd and 3rd floors are "ovens."

   Response. As of 11/12/85, this building was checked out again by maintenance. Prior to this time it had some broken controls and the thermostat (by misuse) had been damaged. The thermostats have been replaced and the building is "checking out at 74°" on each floor. I personally checked with Nancy Buhl this morning (11/13/85) to see if they've had any problems with the air conditioning being reported to her and she said they have had none in the last week.

7. Check desk set-up in Allied Health classrooms...desks sit up too close to the blackboard.

   Response. Upon further investigation of this item, we find that the teachers want a minimum of 6' clearance between the blackboard and the first row of chairs. I have directed both our maintenance staff, Frankie, and the Supervisor of Custodians, to be sure that these desk chairs are lined up in this fashion.

8. Study the phone system for the entire college to see how we can have more phones for the teachers' use which will aid in retention.

   Response. We have contacted a consultant from the Department of General Services to review this situation and obtain a price proposal.

9. Ask Security Department to be more sensitive to faculty parking areas when non-faculty park in their spaces.

   Response. I've scheduled a meeting with the Security Department to discuss possible alternatives as to what we can do in that area. I don't have a solution as yet.

10. Check the yellow line on the road north of Dental Hygiene and the parking on the south side of the road adjacent to the Dental Health Building.

    Response. This is under review by Security and if we're going to have it relined, it probably should be done during the Christmas holidays.

11. Check leaks in large lab in the west end of the Dental Hygiene Department.

    Response. This has been reviewed with the architect and the maintenance staff. A purchase order has been written to Boy's Roofing to repair this leak.

12. Evening custodians are taking food and other materials from faculty offices and cupboards.

    Response. I sent a memo out to the Physical Plant staff relative to the food and other material being taken from faculty offices and cupboards.

13. Physics classes allegedly are not being taught as thoroughly as Physics classes on the Central Campus.

    Response. Will ask faculty, department/division chairs to coordinate course objectives.

Sabbatical Leave Deadline

On behalf of the Sabbatical Leave Committee, I would like to encourage all interested eligible PBJC employees to apply for a Sabbatical Leave on or before the December 1, 1985 deadline.

Eligible staff members are those who are in or beyond the seventh (7th) continuous year of full-time employment at the college.

Leaves may be granted for one term with 100% of full pay or two terms with 75% of full pay. Please see pages 35 and 36 of the Personnel-Rules Manual for further details.

The following are examples of leaves that have been recommended in the past two years by the Committee, the President and the Board of Trustees.

Julio Rive--one term - Computer Applications in six hotels in Palm Beach county.

Sandra Richmond--two terms - Pursue Doctorial studies in Sociology and Curriculum and Instruction at FAU.

Lois Meyer--one term - Study of Kabuki Theatre techniques in California and Japan.

Frankie Davis--one term - Travel to and study of 14 colleges to survey programs in Business Education and Information Processing.

Frank Leahy--one term - Travel to New York to study musical theatre and improvisation techniques. Video-tape interviews with former PBJC theatre majors now living in New York.

Bill Boorman--two terms - Graduate study in Economics at FAU, plus creation of 12 Plato lessons in micro and macro economics.

Sy Pryweller--two terms - study of the following areas in music: Keyboard harmony, writing and arranging and percussion plus participating in professional performances in area orchestras.

Please note that the December 1 deadline does not apply for Sabbaticals requested for emergency health reasons. Those requests may be considered throughout the academic year.

If you have any questions, please call me at 622-2440, ext. 256. ...Sarah H. Pappas

Sanders (cont'd from P 1)

Career Employees Commission.

Her past positions have included PBJC chapter treasurer (1984-85 and 85-86), Region V Career Commission Chairman (1984), Career Commission Program Committee (1985), and Career Commission Nominating Chairman (1986).

She has also served as the commission's contact person several times and worked on the PBJC chapter nominating committee.

Last March, she was instrumental in hosting a successful Career Conference I at the Central Campus, which attracted some 70 career employees from the region.

Off-campus, she has been involved in school board, church and civic group functions.

"Jeanette is a dedicated and tireless employee, an example of a model FACC member and a contributor to her community," said Kathy Aiello, past president, in her nomination letter.

"FACC is an opportunity to share that I would like to see more people take advantage of," Sanders said. "As treasurer for the chapter this year, I would like to have more fundraisers and build up our treasury so that more people can go to meetings and get involved."

Personal . . .

Dr. Eissey has received a communication from Bill Bryant, Veterans Service officer for this region, congratulating Don Lore and PBJC on the records we are keeping for the 17 Veterans Administration students in degree programs and the one VA student in the Basic Standard Correctional Officer Program. Bryant said there were no discrepancies in the records reviewed.

Personals . . .

We are happy to report that Jim Tanner has been released from the hospital. He hasn't fully recovered from the viral infection which hospitalized him, but he is recuperating at home as of Monday Report deadline.

Announcements . . .

FACC wants to say THANK YOU, PBJC, for all of your support during the past year. All college employees are invited to a reception Monday, Nov. 25 from 3-5 p.m. in the newly-renovated Hospitality Management Dining Room. Wine punch and a whole range of hors d'oeuvres will be served. There will be no admission charge.

Come and meet with your fellow employees and share in the celebration of a good year in FACC.

Beginning with the Winter Term 85/86, the buildings housing the Center for Personalized Instruction and the Reading Lab on the Central Campus will be coded CP on the Master Schedule. The signage on the buildings agrees with this designation.

Happy Birthday To . . .

11/26 Walter Mack 11/29 Noreen Poole, Roger Rolison 11/30 Denise Shepherd, Nancy Horvath, Frank Littler 12/01 Bartlett Arnold, Tom Clark, David Duncan, Cherie Hanna 12/02 Frank Leahy, Edward Kenney, Kathy O'Neil, Carol Hanson 12/06 Regina Williams 12/07 Judy Draper, Bobbie Knowles 12/08 Jonathan Koontz, Jack Fayssoux, Leverne Davis 12/09 Sandra Collins

"Ultra-Learning Gifted Program To Start This Week"

PBJC will host 68 gifted Palm Beach County junior high school students in a special six-month program that will begin this week at PBJC Central.

"Ultra-Learning," a joint effort between the Palm Beach County School Board and the PBJC Continuing Education Division, will include 35 two-hour sessions held weekly from Dec. 3 through May 20.

"We've chosen four gifted students from each junior high school in the county," said Helen Gilmore, gifted education specialist for the School Board. "Two of the four students are precocious in languages, and the other two are talented in the math/science areas."

Gilmore said state law considers a child "gifted" if he or she "scores two standard deviations above the mean on an intelligence test"--132 or higher on the Stanford-Binet, or 130 or higher on the Weschler Intelligence Scale for Children.

The sessions will cover 17 subject areas: advertising, aeronautical science, astronomy/physical science, biology, business/finance, chemistry, communication, computer-assisted research, computer science, drama, engineering/robotics, journalism, literature, logic/debate, math/science education, probability/statistics, and word processing.

The first hour of each session will be spent with a person from the community who presently works in that field.

"This person will tell what the job is really like, how they use what they learned in school, and what they perceive as the cutting edge of their profession," Gilmore said.

During the second hour, a PBJC faculty or staff member will plan and lead the students through various exercises. These will include creation of an ad for a fictitious company, dissecting and microscope work, business games, impromptu drama, simulation flying, and use of CAD, PLATO and other computer resources.

Orientation for all instructors will be held Tuesday, Nov. 26 at 2:30 p.m. in Conference Room B.

The program is being funded through a Florida Department of Education Challenge Grant.

PALM BEACH JUNIOR COLLEGE

MONDAY REPORT:

Volume VIII, Number 5 December 9, 1985

Basis For Contract

Report From Special Master Accepted

Special Master Charles H. Frost has filed a report with the Public Employees Relations Commission which finds for the college in eight of 12 issues at impasse, and for the United Faculty in two. Two issues were resolved at the hearing.

The college has indicated in a preliminary way that it believes a contract could be reached on the basis of the Special Master's recommendations.

As of Friday morning, the union has also indicated a belief that Frost's report can serve as a basis for a contract, with some questions left as to language that must be developed. A meeting to work out language is being considered. Time and place of the meeting are not available at this time, but will be announced to the local media.

Frost's report is a 30 page document which details the issue, the position of each side, discussion by the Special Master, and a recommendation. The following brief digest merely names the issue, gives the recommendation, and indicates whether this recommendation favored the college or the union position.

Four Issues By The College

1. Change $2\frac{1}{2}$ hour credit for a second trip to the campus to a sliding scale reflecting true travel time. Recommendation: No change. **Union.**

2. Fifty minute classes at PBJC North. Recommendation: Adopt college position and study possibility of 50 minute classes on all campuses. **College.**

3. Grievance as status quo. New language proposed by college accepted by the union during hearing. **No issue.**

4. Placing a more specific time limit

North County Leaders Aid PBJC North

Despite a very rainy day, 111 of an expected 119 persons showed up at Jonathan's Landing Thursday morning to spend half a day brainstorming about the future of Palm Beach Junior College North.

It was the second Community Leaders Workshop for the college, and Dr. Ottis Smith, Provost, was overjoyed by both the number and the quality of the participants.

William Ellrich, manager of personnel operations at Pratt & Whitney, who conducted the workshop, reminded everyone of the first workshop, in November, 1981, and said that many of the recommendations made by the first group were now operating facts at PBJC North.

Representatives of business, industry, government and education, with roughly equal numbers from each sector, were split into 13 brainstorming groups, concentrating on one of the three key areas of college life: Student activity, Academics, and Community Involvement.

"This is not your usual group of people," Ellrich said. "You've got a lot of brainpower operating in there."

After a number of ideas had been generated, group members assigned priorities, consolidated some ideas, and selected the ten best.

Group leaders then met to prepare a

Announcements

Journalism students from PBJC will be part of a local program on Channel 12, to be aired Dec. 11, 4:30 to 5 p.m. The program will show our students questioning Channel 12 news personnel about the gathering and dissemination of news. The local story will be aired in conjunction with a network story on the same subject.

The following classified positions are now open:
Library Clerk II (Library/Central) Salary Grade A15, $810.72 per month
Security Guard (North Campus) Salary Grade B18,$997.79 per month
Clerk Typist I (South Campus), Salary Grade A16, 210-day position, $8,054.13 per year
Clerk Typist I (Finance), Salary Grade A16, $830.99 per month
Clerks (North Campus), Salary Grade A14, Temporary, on call, part-time, $5.21 per hour
Clerk Typist I (Financial Aid), Salary Grade A16, part-time, $5.47 per hour
Clerk Typist I (North Campus), Salary Grade A16, temporary, full-time, $5.47 per hour
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

The following position vacancies are being announced:
Instructor-Communications/North: Position requires a master's degree with 18 graduate semester hours in English with the ability to teach composition and literature.
Job Development Specialist (part-time) Grant funded: Position requires a bachelor's degree in human relations or the behavioral sciences with strong interpersonal relations skills.
Instructor-Business Education/North (temporary full-time, Winter Semester): Position requires a bachelor's degree in business education with graduate work in business education. The ability to teach typing, shorthand and business English is preferred.
Job Development Specialist (Displaced Homemakers Grant): Position requires a bachelor's degree preferably in human relations or the behavioral sciences with strong interpersonal relations skills.
Learning Specialist/North (Grant funded): Position requires a bachelor's degree in reading, English or mathematics. Experience with individualized instruction is preferred.
Interested applicants should contact the Director of Personnel.

People Bringing Joy at Christmas, the committee formed to aid local needy families during the holiday, continues to roll. Thanks to the generous efforts of several employees who contributed baked goods that were sold at the recent Air Force Concert, a total of $270 was raised. The next step, according to chairman Don Pearsall, is the collection of canned goods, and a table has been set up in the Central cafeteria to accept donations.

Tickets for the Dec. 20 raffle are still on sale, and can be purchased from any committee member. A 25 inch color TV and a VCR have been added to the list of prizes, so please buy your tickets now.

WERE NUMBER ONE!!...The national junior college rankings in women's tennis were published this week, and the PBJC women's tennis team ranked NUMBER ONE in the nation. They are followed by Midland Junior College of Texas and Tyler Junior College of Texas. PBJC's number one singles player, Julie Went, is ranked number three among the nation's tennis players. These rankings are distributed nationally, and include all junior colleges in the U.S.
...Frank Mossadeghi

North Leaders (cont'd from P 1)

final report on each of the three areas, and the remaining members were given information about recent developments at PBJC North by Dr. Sarah Pappas, Dean of Instruction, Glen Marsteller, chairman of Division II, and Joan Holcomb, head of the Center for Personalized Instruction.

The final report had about 30 excellent suggestions for future action.

Dr. Patricia Dyer explained how some of the ideas could be put into effect immediately, while others would have to await better funding.

The workshop had been scheduled to begin at 8 a.m. and end at 11:30 a.m., and it did.

Honors Program Set For Winter Term

The first course in a new honors program at Palm Beach Junior College will give students the opportunity to write their own curriculum, do their own research, and then teach their fellow classmates.

The new course, "Human Issues: Problems and Analysis (IDS 1185)," will be held Mondays, from 12:10 to 3:10 p.m. at PBJC Central, beginning in the Winter Term.

"This might be seen as a model in education for a New Age," said Barbara Sabonis-Chafee, honors coordinator. "The purpose is to provide academically superior and motivated students with an opportunity to engage in a course of applied learning."

The first five class sessions will be spent orienting the students to the responsibilities of cooperative learning, teaching library research techniques, describing computer resources at PBJC, and explaining the democratic process.

Then a limited range of themes will be presented--World Hunger, Nuclear Arms Control, Unrest in Third World Countries, or Ethics in Business and Science, for example.

The class will pick one issue, and will divide into subgroups to explore aspects of that topic (economic, cultural, historical, etc.)

Each subgroup will devise its own goals. One member may agree to read and outline a book, another may interview a source, still another may contribute research from periodicals.

At the end of the program, each group will integrate its information with the other groups' and one "end-product" will be compiled. Sabonis-Chafee said results will be presented in both a hard copy and videotaped version which will become part of a student research library.

"In this course, the process will be really more important than the product," she said. "It will be what the students make of it."

Special Master (cont'd from P 1)

on grievance procedure. Recommendations: No change. **Union.**

Eight Issues By The Union

1. Two-year contract. Recommendation: New contract for one year. **College.**

2. Academic Rank. a. Change title of Senior Instructor to Adjutant Professor. b. Allow years in previous rank as part of credit for promotion to Assistant and Associate Professor. c. Allow outstanding achievement as part of credit for promotion. d. Change percentages on three top ranks. Recommendation. No change. **College.**

3. Workload and schedule. a. Change librarians and counselors from 40 to 35 hours. b. set a limit of three on the number of different course preparations required. c. Set a limit on number of consecutive classes to two. Recommendation: Continue 40 hours. No contractual limit on preparations or consecutive classes. **College.**

4. Immediate pay for overload classes. Recommendation: No change. **College.**

5. Mandatory tenure after four years. Recommendation: No reference to tenure in contract. **College.**

6. Four days paid personal leave instead of two paid personal and two emergency. Recommendation: Four paid personal, but with language to prevent abuse. **No issue.**

7. Joint Union/Administration committees. Recommendation. Nothing in contract. **College.**

8. Salary increases. Last two sentences of discussion: "If the increases were granted, the projected fund balance, on June 30, 1986 would be $490,000--less than 1/3 of the fund balance at June 30, 1985. I find that this is not fiscally responsible--it is not, in my judgment, in the interest and welfare of the public." Recommendation: No change. **College.**

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number 6 December 16, 1985

Graduation Set For Dec. 23

Florida Supreme Court Justice To Speak

The Honorable Rosemary Barkett, first woman and non-native born American to be appointed to the Florida Supreme Court, will speak at the Fall Commencement Exercises, Monday, Dec. 23 at 8 p.m. in the PBJC gym.

Barkett, a native of Mexico who was naturalized in 1958, has had a long and distinguished career in law.

After graduating summa cum laude from Spring Hill College in 1967, she studied at the University of Florida Law School where she was appointed to the Moot Court team and received the J. Hillis Memorial Award (given to the outsanding senior of the graduating class).

In 1970, after receiving her J.D., she entered private law practice. Nine years later, she gave up her practice to serve as an appointed judge in the Fifteenth Judicial Circuit Court in Palm Beach County.

She was also an appointed judge to the Fourth District Court of Appeal in West Palm Beach in 1984 before her appointment to the Supreme Court.

She has been the recipient of numerous honors, including the American Academy of Matrimonial Lawyers award in 1984 for the most outstanding contribution to the field of matrimonial law by a member of the judiciary, along with various awards from fraternal, civic, educational and

Contract Agreement Reached

The college and the United Faculty have reached agreement on a proposed contract, and will attempt to work through all steps necessary for ratification before the holiday break.

Timing is rather short if this is to occur, but the good will shown by

Cont'd on P 3

Barring some unforeseen emergency, this will be the last Monday Report until Jan. 13. The deadline for that issue will be Jan. 9 at noon. By that time, all sorts of things will have happened--and we on the Monday Report staff and the Print Shop crew hope that among those happenings will be happy holidays for all of you . . . Jonathan Koontz, Kateri Brunell, Joan Haneberg, Sharon Haveard, Don Sargent, Loraine Kent, Ruth Lafferty and Diane Lester.

Multicultural Affairs Presents Christmas Program

The Palm Beach Junior College Center for Multicultural Affairs will present a free Christmas program in international song and dance Wednesday, Dec. 18 through Friday, Dec. 20 at the new Boynton Beach Mall.

The program on Wednesday will include songs by singers from the American Portuguese Club and a Ukrainian bandura concert by Yarko Antonevych, beginning at 7 p.m.

On Thursday, from 7-8 p.m., the Greek Singers of St. Catherine's Church in West Palm Beach and the youth singers of the Hispanic Human Resources Council will perform.

The third evening will feature singers from the American Polish and American German clubs, also beginning at 7 p.m.

"We've asked that the performers appear in costume," said coordinator John Townsend. "That should add to the international flavor."

For more information, call John Townsend at 8011.

Health Fairs

Palm Beach Junior College Student Health Services participated in the Palm Beach County Kidney Association's National Kidney Month Health Fairs which were sponsored by JFK Hospital.

The fairs were held at five sites. Three of the sites were at PBJC Glades Campus, North Campus, and Central Campus. The screenings offered eight kidney disease prevention programs which included free blood pressure, blood tests (Bun, Creatinine/Ratio, Electrolytes), dip-stick urine testing and a short documentation of health history noting the last complete medical check-up and physical visit.

Theresa G. Robertson of the Allied Health Department and her volunteers provided their services at each of the five sites to do the venipunctures. A total of 253 participated in the screening at the Palm Beach Junior College sites. ...Mary Cannon

Computer Literacy Class At Glades

Terry Shoultes, Coordinator of Instructional Computing, will be conducting a class in Occupational Computer Literacy for the staff and faculty of the Glades Campus. There will be four two-hour sessions scheduled for January 31, February 7, 14 and 21 from 1 to 3 p.m. Persons interested in taking the class should contact Mary Orsenigo.

The class will cover several topic areas, including how a computer works, how a program is written, basic computer application development, how computers are used at PBJC, and considerations to be made before purchasing a personal computer. In addition, the students are introduced to instructional computing, using microcomputers and the PLATO system.

The Occupational Computer Literacy class is available to any PBJC campus location. For additional information, contact Shoultes at 8210.

December Trustees Meet Wednesday

The December meeting of the Palm Beach Junior College District Board of Trustees will take place Wednesday, Dec. 18, 7:30 p.m., in Conference C at PBJC Central.

Only 18 items of business are scheduled, and all except two of these items appear to be routine in nature.

The board will be asked to approve the concept for naming the Performing Arts Center.

It will also be asked to approve a contract with the U.S. Department of the Interior to install, maintain, and use a 200-foot test hold and observation well 100 feet from the intersection of Lake Worth Road and Congress Avenue.

The well, which would involve no cost to the college, is part of a study of the water supply of southeast Florida being conducted by the Interior.

New Course In Electronic Music

It pervades our lives. It has found its way into radio, TV, films, rock, jazz and religious groups, theatre, avant-garde and experimental music.

Electronic music is part of today's larger electronic consciousness.

Because the use of electronic equipment is becoming more prevalent in music, Palm Beach Junior College will offer a new course during the Winter Term, "Introduction To Electronic Music," (MUC 2301) to be held Mondays, Wednesdays and Fridays from 9:50 to 10:50 a.m. at PBJC Central.

"Every musician should be familiar with the basic electronic music equipment: tape recorder, mixer, synthesizer, and computer," said James Gross, instructor.

An outline of course content includes basic acoustics, the tape recorder, tape editing and mixing, basic concepts of electronics, electronic music modules and use of the computer.

"The class will also provide hands-on experience working with analog and digital synthesizers, and mixing and editing in our mini-studio," he said. "Students will demonstrate their knowledge by creating a short piece in the electronic medium."

The new course will be part of the Popular Music and Jazz associate in science degree program, but will be open to anyone interested. Though there are no prerequisites, Gross recommends students have a basic background in music.

"It is an excellent preliminary course for advanced study at the university level," he said.

The instructor has an extensive background and training in electronics and music. He studied engineering at Purdue University, then worked as an electronic technician in the U.S. Navy.

He holds a master's degree in music from Northwestern University, and has taken course work in computer programming at PBJC, and also in electronic music synthesis at the University of Miami.

Registration for the Winter Term is currently underway, and will continue through January 3. Classes begin Jan. 6.

For more information, call the PBJC Music Department at 439-8142 or 439-8144.

Contract (cont'd from P 1)

both sides on Tuesday afternoon made the effort seem plausible. It could be that as you read this, the proposed contract document may already be on display in the library.

At Tuesday's collective bargaining meeting, both sides agreed to accept the Special Master's report without change at the beginning of the meeting.

The language of a proposed change to four personal leave days proved to be more difficult than anticipated. Union representatives felt the first version proposed by the college was too restrictive. A second version, prepared by Joe Schneider, paralleled almost exactly what the union had in mind, and was adopted.

Dr. Elisabeth Erling was to prepare the written contract by Thursday morning. If and when approved and signed by the union representative and the college president, the proposed contract is to be displayed in the library prior to a ratification vote.

Both sides expressed pleasure that the long process, which began this year on April 25, seems to be nearing an end.

The contract, if ratified, will go into effect immediately, and will remain in effect through June 30. Bargaining will begin again sometime in the spring.

College Presidents Ask Aid Of Faculty/Staff

Presidents Enlist Faculty in Effort to Ease Finances

A reprint from the Chronicle of Higher Education of December 4, 1985 tells how college presidents everywhere are trying to meet economic problems.

Professors asked to upgrade programs, encourage students

By JEAN EVANGELAUF

College presidents are striving this year to enlist their faculty and staff members in campuswide efforts to stem financial problems and maintain enrollment, according to a survey by *The Chronicle*.

The presidents who responded to the nationwide poll said they were asking faculty members to upgrade academic programs, shape them to the needs of the community, and encourage more students to stay in college.

They are asking staff members to operate their departments more efficiently and hold the line on expenditures.

For their part, the presidents are devoting more time to fund-raising and strengthening their colleges' ties with alumni, business, and the community.

Raising Money a Big Concern

Money is the biggest worry among college presidents, with 38 per cent citing it as their "greatest challenge" this academic year.

To strengthen campus finances, the presidents are paying closer attention to management and long-range planning and enlarging the staffs of their development offices—in addition to spending more of their own time raising money.

About half of them said that tending to financial affairs had demanded more attention than usual last year, and two-thirds said they they were doing more fund-raising.

Despite those efforts, fewer than half of the presidents of public colleges and universities—some 45 per cent—anticipate improvements in finances over the next five years. Some 29 per cent expect declines.

In contrast, 58 per cent of the private-college presidents are optimistic about finances, and only 6 per cent anticipate that financial conditions will deteriorate. Presidents are tackling the problem of enrollment by improving their course offerings and marketing them more aggressively. Among the strategies of the 27 per cent who cited enrollment as their biggest challenge:

► "Change our mission to recognize the adult learner, and establish centers of excellence to accent our top programs."

► "Focus on the reasons for attrition. Make sure the entire campus 'owns' the problem."

► "Increase financial aid."

► "Provide additional study-skills assistance to students whose needs lie therein."

► "Establish liaison with high-school principals."

Over all, three of every four presidents surveyed said that enrollment was an "extremely important" concern on their campuses last year. Presidents of private liberal-arts colleges were the most worried, with 81 per cent saying that student recruitment was a major issue.

Student financial aid is closely linked to finances and enrollment. Two-thirds of the private-college presidents and one-third of those at public colleges said that student aid was a critical issue at their campus.

About one in every seven presidents cited academic quality as the most pressing concern this year. To improve their programs, the presidents are reviewing and revamping their curricula, developing ways to recognize outstanding teachers, and providing faculty-development programs.

Over all, about one-quarter of the public-college presidents rated academic conditions of their campuses "excellent," and 63 per cent expected improvements over the next five years. One-third of the private-college presidents gave their programs high marks, and 71 per cent expected gains in the future.

A number of presidents said that boosting campus morale was their biggest challenge this year. To keep his institution's "sense of balance their ability to recruit top faculty members and increase their pay, their institutions were gaining ground.

At other types of colleges and universities, fewer than one-quarter of the presidents considered faculty morale excellent, and in most cases, fewer than half noted gains in faculty pay and morale last year.

In other areas, 20 per cent of the presidents reported a student protest on their campus in 1984-85. Two-thirds of the protests concerned South Africa, and the rest covered a wide variety of issues, among them housing and food-service practices.

The survey results are based on a stratified random sample of 293 college and university presidents. The survey was conducted by John Minter Associates, a research organization based in Boulder, Colo.

and common commitment in a period of growing turbulence and uncertainty," one president said he intended to "communicate more effectively, and strive for demonstrable successes in several critical areas so we have some good news to share as a stimulus to our forward momentum."

Another president, who identified "maintaining institutional self-confidence" as his greatest challenge this year, said he would meet it through "good communications internally, and *lots and lots* of affirmation for the faculty so they don't foul their own nest."

Morale of faculty members and senior administrators is highest at private research universities, with 53 per cent of their presidents rating it "excellent." The majority of the presidents of those institutions expressed the belief that in terms of

Three Important Announcements From Personnel

DUTY SCHEDULES-210 AND 228 DAY PERSONNEL...The last scheduled duty day before the holidays for personnel on 210 and 228 day schedules is December 2,, 1985. The same last duty day is applicable for personnel on 168 or 198 day schedules. Personnel on 12-month schedules are, of course, obligated to work through December 24, 1985 unless they are on vacation or other leave. January 2, 1986 is the return date for all full-time personnel.

PAYROLL CUTOFF...Because of the holiday schedule, the cutoff date for changes from the Personnel Office to the Payroll Office will be at noon on December 2,, 1985 for the January 3, 1986 paycheck. Departments will be obligated to provide any such inputs to the Personnel Office by Thursday, December 19.

JANUARY OPEN ENROLLMENT...During the month of January, an "open enrollment" will be held which will allow full-time college personnel to transfer from one health plan to the other without concern for medical approval. Those who elect to change coverage will have the change effective on February 1, 1986. Further information will be forthcoming in early January. ...Joseph M. Schneider

Performing Arts Center To Be Named

The Monday Report has learned that there will be a press conference Thursday, Dec. 19, at 9 a.m. at the Hyatt Hotel called by the Palm Beach County Council of the Arts for an important announcement about the Performing Arts Center.

An announcement is expected regarding a large contribution to the center and a proposed name for the center.

Dr. Eissey has invited the members of the District Board of Trustees to be present for the press conference. Board members have shown on many occasions that they have an intense interest in the Center, and they will be asked at a later date to approve the proposed name.

Facilities Survey Team On Campus

A nine-member facilities survey team from the State Department of Education will visit PBJC the week of Dec. 16 to investigate the college's requests for additional facilities.

They will also determine the need for remodeling existing facilities, and check the room inventory to make sure rooms are being used for the purposes for which they have been listed.

The team will meet at 11 a.m. Monday for a briefing, and then will split up into three groups which will visit all three campuses.

On Thursday, they will complete the survey with an exit interview where they will give their approval and/or recommendations.

Speaker (cont'd from P 1)

non profit groups. A member of the Florida and Palm Beach County bars, she is formerly a chairperson and presently a trustee of the Palm Beach Marine Institute, Inc., a program for juvenile delinquents and problem youths.

About 300 students will receive diplomas, among them two sets of brothers who will graduate together: Daniel and Michael Constantakos; amd Mark and Martin Hopper.

Interested applicants should contact the Personnel Coordinator. ...A. Johnson

As the final project for this term, beginning fashion design students will present their "First Original Creations," today, 7:30 p.m. in SC 105. La Couture Club members invite everyone to attend.

Invitations are going out to all employees to attend the All College meeting Dec. 20, 2PM, in the gymnasium at PBJC Central. Dr. Eissey will present matters of concern and interest to the president. There will be a Christmas giveaway of door prizes. Soloist Jackie War ters will sing Christmas songs, accompanied by Jack Jones.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number ~~6~~ 7 January 13, 1986

Plunge Right Into A Whirlwind

New Year Begins With Busy Work Days

The holiday season at PBJC has been ever so much better since Dr. Eissey helped year-round people get out of those three draggy days between Christmas and New Year's, and things were still a lot smoother this year.

But the mid-week holidays, which left two days of a bob-tailed week before Christmas, and only two days for registration on Jan. 2 and 3 at the end of the week, reminded a lot of people of the bad old days.

It is always tough to plunge into a whirlwind of work after time off, but all of our personnel involved in registration, (and that includes most of us), were required to do that this year.

The effect of the mid-week holiday went beyond that. On Jan. 6, our registration offices were filled with people and our phones deluged with callers--most of them saying they were out of town and did not realize that Friday was supposed to be the last day.

A quick decision was made to accept registrations on Monday, and about 600 students showed up during the day. It was decided to give everyone a shot at late registration, and the deadline was extended until Friday at noon.

We still have no definitive figures, but it appears we will be about even with last year. In view of continued trends around the state and nation toward decreasing enrollment, it will be great news if we do, indeed, stay even, or nearly so.

Looking Back

The last events of 1985 have occurred since the last Monday Report, and we are pleased to be able to report that they all went well. There was almost a full house in the gym for graduation, and an excellent

Scholarship Funds Available Through PBJC Foundation

Students who have difficulty paying fees at PBJC but cannot qualify for financial aid now have another place they can turn to: The Palm Beach Junior College Foundation.

Nancy Cherry, Director of Development, [illegible]s several thousand dollars are avail[illegible]e for scholarships.

"We are looking for both need and scholastic ability," Nancy says, "and we are more flexible than many of the highly regulated programs through Financial Aid."

Nancy cited a recent instance in which a student, on a scholarship that required full-time attendance, was forced to attend only part-time, and thus lost the scholarship.

"We are able, in such an instance, to offer help immediately," she said.

Students who have failed to process financial aid applications in time for entrance in a semester could also be helped on a one-term basis, until forms could be properly filed for regular assistance, she said.

Anyone with knowledge of a problem of this kind is asked to contact the Foundation Office at 439-8072.

"The money is here to be used," Nancy [illegible]d. "We need to put it to work help[illegible] our students."

Announcements

The English Speaking Union will be offering teachers of the county a number of $2,000 scholarships for attendance at summer schools in England--Oxford, the University of London, or the University of Birmingham at Stratford-on-Avon. APPLICATION DEADLINE JAN. 25. Call 655-8307 for application and information. ...Dr. Patricia Dyer

The Testing Center will not administer any make-up tests on Tuesday and Wednesday, Jan. 14 and 15, 1986, between the hours of 8:00 a.m. and 12:00 noon. ...Gwen Ferguson

The following position vacancy is being announced:
Center Registrar (North Campus): Position requires a bachelor's degree.
Interested applicants should contact the Director of Personnel. ...J.M.Schneider

The following classified positions are now open:
Clerk Typist I (Data Processing) Salary Grade B16, $949.70 per month
Mail Courier (Central Receiving) Salary Grade A09, $4.60 per hour
AV Specialist (North) Salary Grade A25, 228-day position, $10,654.44 per year
Security Guard (North) Salary Grade B18, $997.78 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Faculty Survey

Faculty at PBJC are concerned about retaining clerical support and telephone availability, according to a recent survey in which 109 of 187 full time faculty participated.

Those two items were ranked first and second in a list of ten items gleaned from Dr. Eissey's recent "Coffee With Ed" series of meetings with small groups of faculty members. The ten items were those most commonly mentioned during discussions with the president.

Third place was a virtual tie between concerns about the departmental/division structure and increased faculty/administration communication.

Items five through ten, in order of ranking were: Improve classroom environment, additional teaching equipment/supplies, work areas for faculty utilization, improved faculty class schedules, increased AV service, and better housekeeping.

Dr. Eissey asked for the study through Institutional Research to give the administration guidelines on allocation of college resources in dealing with faculty concerns.

Alumni Meeting Planned

A breakfast meeting of former students will take place Thursday morning in the cafeteria at PBJC Central. The meeting will be a workshop session involving the establishment of two new projects: a testimonial-type alumni advertising campaign, and establishment of an alumni scholarship fund. Photographs to be used in the advertising will be taken at the meeting.

New Year (cont'd from P 1)

speaker. People Bringing Joy at Christmas took full advantage of the all-college meeting and went over the budget they needed to help more than 20 families to a good Christmas.

The booth at the Boynton Mall was successful, and so were appearances by musical groups from Multicultural Affairs at the same site.

The United Faculty contract was ratified, and went into effect on Dec. 21. The vote, taken after the all-college meeting, was 34 for, nine opposed, and one abstention. The board had previously authorized the president to sign.

Looking Ahead

Among major events this term, though not included in the calendar on page 4, will be the grand opening of the cafeteria at PBJC North on Jan. 27, another Express Term, (exact dates to be announced soon), and dedication of new buildings at PBJC North, and, we hope, the Watson B. Duncan, III, auditorium at Central.

Open Enrollment Period For Health Care

All budgeted full-time personnel were recently sent a memorandum from the Director of Personnel explaining that open enrollment would be allowed until Jan. 23. During this open nrollment period, personnel may transfer from the Gulfstream HMO to Metropolitan health insurance or vice versa. They may also change from single to family coverage or vice versa.

If further information is needed, representatives from both Gulfstream's HMO and the Metropolitan Plan will be available this week at the following times and locations.

GULFSTREAM'S SCHEDULE: Gulfstream will have one representative, Maureen Garrity, who has asked to make presentations on the Gulstream Plan according to the following schedule.
PBJC North--Wednesday, Jan. 15, 1986, 2:00 p.m., Oak Conference Room
PBJC Central -- Thursday, Jan. 16, 1986, 1:30 p.m., Conference Room C
PBJC South --Friday, Jan. 17, 1986, 10:30 a.m., Modular Building #10

METROPOLITAN'S SCHEDULE: Metropolitan will not have formal presentations at specified times. Instead, they will have representatives Ann Bain and Richard Platz to answer individual questions according to the following schedule.
PBJC Central--Thursday, Jan. 16 from 8 a.m. to 4:30 p.m., and Friday, Jan. 17 from 8 a.m. to 3 p.m. in Conference Room A in the Administration Building.
PBJC North--Thursday, Jan. 16 from 8 a.m. to 11 a.m. in the Oak Conference Room
PBJC South--Thursday, Jan. 16 from 12:30 to 4:30 p.m. in Building A

Personnel at the Glades Center who wish to have further discussion regarding either health plan may feel free to call the Personnel Office at 8017. The Personnel Office will contact an appropriate representative to respond to any such questions during the Jan. 16 and 17 time periods when such representatives are available.

Please note that open enrollment will be until Jan. 23, 1986. Deductions which result from changes in coverage will be on the Feb. 5 paychecks. J. M. Schneider

Trustees Meet Wednesday

Palm Beach Junior College trustees will meet Wednesday, Jan. 15, 7:30 p.m., in Conference Room C at PBJC Central for their first meeting of 1986.

The agenda is short. There are 21 items in all, most of which appear to be routine in nature.

Dr. Patricia Dyer, Vice President, Academic Affairs, will report on the faculty to industry project. Trustee Willard Findling will report on a Federal Update Project.

The board will be asked to change the rule for Leave for Personal Reasons to conform to the new contract. The essence of the change is that two days of emergency leave will be deleted and two days of personal leave added for all personnel as well as for those in the bargaining unit.

The administration will propose the hiring of the law firm of Arthur C. Koski to represent the college in the suit against the Lake Worth Utility, and the firm of Moyle, Flanigan, Katz, Fitzgerald and Sheehan for defense in the suit by Shannon R. Ginn Construction Company.

Bids will be awarded for a "Palm Beach Junior College" signs for the Allied Health Building and for typesetting and printing the college catalog.

Volunteers Needed For South Florida Fair

Volunteers are needed to man the PBJC Booth at the South Florida Fair. If you are available and willing to contribute your time, please contact the Guidance Office at 8174. The fair opens Thursday, Jan. 23 and continues for 11 days through Sunday, Feb. 2.

ere will be an orientation session for volunteers on Friday, Jan. 17, 11 a.m. til 12 noon in room CJ 107. Another session is set for Tuesday, Jan. 21, 8-9 a.m. in Conference Room C. This year, we would like to have as many departments represented as possible, in addition to having representatives from all four campuses. ...Ron Moses

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 8 January 20, 1986

Holiday Next Year Possible

Trustees Honor Dr. Martin Luther King, Jr.

With a unanimous vote Wednesday night, the Palm Beach Junior College trustees approved a resolution honoring Dr. Martin Luther King, urging observance this year by "appropriate individual and collective actions" and authorizing use of college facilities for this purpose.

In addition, the board encouraged the administration to "seek whatever practical means are at hand to deepen and strengthen the observance" in future years.

Dr. Eissey presented a plan for rearranging holidays for next year's calendar so that the third Monday of January can become a non work-day for students and faculty. The board approved the plan in concept.

Dr. Eissey noted that the rearrangement would be subject to collective bargaining.

The plan sounds complicated, but it would provide a holiday while still maintaining the requirements of the complex scheduling orders we work under.

The holiday would be taken from the three Spring Break days. But, in order not to reduce Spring Break, the two remaining days would be moved to just prior to Easter.

The final result would give students a four-day break just before Easter, and instructional faculty a three-day break just before Easter, plus, of course, the holiday on the third Monday of January.

All these changes in schedule would apply only to instructional faculty and students.

The proposed changes have already been transmitted to the United Faculty and some agreement should be made soon in light of the need to have a correct student schedule for the upcoming college catalog.

Winter Term Enrollment Registers Increase

Winter Term enrollment is up over the same term a year ago, making this the second straight term in which our enrollment increased.

The increase was very small, but an increase is an increase is an increase.

As of Tuesday morning, the day we have used as a measuring point for several years, the numbers for the college as a whole were 11,173 credit students as compared to 11,167 a year ago.

Dr. Eissey said the college is "extremely pleased to be able to continue our increase in enrollment for another term."

He said preliminary indications from the presidents of Florida's 28 public community colleges at a recent presidents council meeting showed that 20 of the 28 would be facing declining enrollments in the Winter Term.

He credited the good work of staff and faculty, and the continued soundness of our programs for the fact that we are able to continue to buck the state and national trend toward declining college enrollments.

The figures show significant increases at South and North, with decreases at Central, Glades, and in the Mixed category almost, but not quite, equalling those gains.

Central shows 6,279 students, 97 fewer

"Lifestyle" Lecture Series Begins Jan. 28

TRUE OR FALSE. Growing old and retiring means chronic illnesses, poverty, loss of power, status and friendships, and curtailed involvement in life.

FALSE.

A new lecture series offered by the Continuing Education Division will explore the reasons why and the ways in which quality of life in retirement is changing for the better.

"Lifestyle" will be held Tuesdays, Jan. 28 through Mar. 18 from 2-4 p.m. in Room AH 101 at PBJC Central. It is an outgrowth of the popular "Good Sense, Goood Health, Good Life" series which has been offered for the past three semesters.

The eight sessions will include presentations on "How to Increase Your Income Safely" (Jan. 28); "The Lost Art of Conversation and How to Rediscover It" (Feb. 4); Is Culture Alive in Palm Beach County?" (Feb. 11); "Networking: How to Develop New Relationships" (Feb. 18); "How Anybody Can Be Creative At Any Age" (Feb. 25); "A Sense of Humor Is Serious Business" (Mar. 4); "How to Improve Your Memory" (Mar. 11); and "Interesting People Doing Interesting Things" (Mar. 18).

The sessions will feature guest experts who will encourage audience participation with questions, open discussions and comments. The series will be moderated by Ed Palmer, a retired advertising agency executive and former staff director of a Congressional subcommittee on Asian and Pacific Affairs.

The fee for the entire series is $2. For registration or more information, call the Continuing Education Division at 8013.

Yucatan Adventure

Celebrate spring break! Discover the wonders of the ancient Mayas in Yucatan, Mexico, and enjoy life in colonial Merida. For adventure, education, and a unique cultural experience join PBJC's Yucatan adventure, a six-day field trip-study program to Mexico's Yucatan peninsula, February 28 through March 5, 1986.

The travel agenda includes Yucatan's most fascinating areas--Uxmal, Chichen-Itza, Sayil, Labna, Progreso, and Merida.

On-campus lectures will describe the history and culture of the Yucatan. Two credit hours may be earned, or the program may be audited. The tour price of $320 (double) includes round-trip air from Miami, transfers, hotel, most meals, extensive sightseeing by motor coach, and admissions to historical and archeological sites. PBJC tuition is $45. For further information, call International/Intercultural Education, 8137. ...Joan Gotay Jones

Pacesetters Perform For Florida Music Educators

The Pacesetters, under the direction of Patricia Adams-Johnson, performed three mini-concerts in Tampa on Friday, Jan. 10 for the 42nd annual Florida Music Educators Association In-service Conference.

The concerts were performed at the Curtis Hixon Convention Center, the Harbour Island Marketplace and the Hyatt-Regency Hotel.

The PBJC Chapter of the Student Music Educators National Association, which includes the members of the Pacesetters, was the second largest collegiate group in the state attending the General Business Meeting for student groups. Eric Keiper, the chapter president, was appointed chairman of the Constitution Committee for the state student organization.

The PBJC chapter will lead other South Florida chapters in writing a new constitution for the FSMENC. Robert Jones is chapter advisor.

First American Bank Donates Equipment

A $23,000 gift by the First American Bank to the Palm Beach Junior College North Foundation has resulted in an ongoing business arrangement between the college and the bank.

The donation was used to buy video equipment--monitors, mikes, a cluster generator, and editing equipment.

The college thus became equipped to educate its students in the production of videotapes for training, and to provide educational training tapes for businesses in the area. The first customer? First American.

A recent agreement calls for co-sponsored training activities for 15 hours per month for three years, to include meetings, product introduction, general communications, and video taping and editing.

Dr. Eissey called the arrangement "a good example of the kind of close relationship we are trying to build with business and industry in our area."

Personal Leave Policy Change

It really amounts mostly to a name change, but all employees of the college will be getting four days of personal leave chargeable to sick leave, instead of two days of emergency and two days of personal leave.

The first reading by the board of a new policy changing to four from two-plus-two took place last Wednesday, and the final action is slated for Feb. 19 in the annual meeting at the Glades.

Unit members are already under the new system, which went into effect with the ratification of the contract.

The new policy tracks contract language, and contains the following closing sentence: If personal leave is requested by an employee on the last duty date before or on the next duty day following a vacation or holiday, including spring recess, the employee will be required to explain the reason on the Request for Leave Form.

A New PBJC Sign

A new "Palm Beach Junior College" sign on the west side of the Allied Health Building at PBJC Central will be going into place in the next few weeks.

The sign will be back lit, and will be clearly visible, day and night, from automobiles on Congress Avenue.

The new sign got started when Dr. Eissey noticed that the current signs, with one minor exception, all face north, leaving the campus almost unidentifiable to the motorist going north on Congress. The oversight will be corrected when the new sign is in place.

Enrollment (cont'd from P 1)

than a year ago. North has 2,150 students, up 111 from a year ago. The Glades has 276 students, a drop of 114. South has the largest increase, to 1,875, up 195 from a year ago. The Mixed category went to 593, 89 less than a year ago. All these figures are for credit students only.

The increase is probably considerably higher than these figures show, since there were more than the usual number of corrections in the following days, most of them adding students that had been overlooked.

The next significant enrollment event will be the beginning of the Express Term on March 6.

Happy Birthday To . . . 1/21 Addie Greene 1/22 Christine Chesser, Paula Souza 1/23 Bruce Boden 1/24 Lore Conti, Leona Opalio, Ron Linder 1/25 Carol Bloodworth 1/26 Claire Malcolm, Max Faquir 1/27 William Van Wyhe, Frank Bollon, Alicia Elsaesser, Mac Bennett

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 9 January 27, 1986

Registration Begins Feb. 10

Express Term March 6-May 2 At All Campuses

PBJC Central, North, South and Glades will all be offering eight-week Express Term classes, March 6 to May 2, according to information released by Dr. Patricia Dyer, Vice President of Academic Affairs.

Registration begins Feb. 10, and will continue until March 6. Senior citizen registration is set for March 10, 1-3 p.m.

A total of 37 classes will be offered, two more than in the first Express Term back in October.

The course list is characterized by many more one-credit courses, led by five math modules offered at PBJC Central.

Again in this term there is a good selection of basic general education courses, an unusually good selection of mathematics courses, Healthful Living on three campuses, and computers on all four.

A couple of unusual physical education courses will be offered--Canoe Camping at PBJC Central and Jogging at PBJC South.

Beginning Typewriting will be offered at PBJC Central and Introduction to Business at both Central and North.

Students who take Pastry and Garde Mange I at PBJC Central, Tuesdays, 7-10 p.m., will be able to eat their homework.

The computer course offered at PBJC South is Technical Basic, which requires no background in programming, but does require math skills.

A new course, COE 2949, Successful Employability Techniques, at PBJC North will be scheduled on an individual basis.

A flyer with all courses will be prepared by the time you read this, and will be printed in sufficient quantities for all employees and for any student who is interested.

Cont'd on P 2

Moving To Meet Faculty Concerns

In the two weeks since 109 members of the faculty ranked the concerns they had expressed during the last "Coffee With Ed" series, the administration has started a systematic effort to alleviate the concerns, working from the top item down the list.

The first item, retaining clerical support, is mostly a matter of perception rather than reality.

For several months, a study has been going on to determine how best to allocate clerical support to the entire faculty and administration, and the rumor mill at PBJC, perhaps the most active such mill in existence, has been filled with distortions.

It is true that there will be changes in the patterns of clerical support. We are actively planning on moving from the dark ages of the spirit master to the world of the word processor.

The exact way in which this will be accomplished has not yet been determined, and it is inevitable that both the faculty and the clerical staff, hearing bits and pieces of various plans under discussion, should become concerned.

The reality, however, is that clerical support will be enhanced, not reduced. The availability of support, response time, quality of the product, and message service are being taken into careful consideration.

Cont'd on P 3

Welcome Aboard

"Welcome aboard" is truly an appropriate expression for Diane Brander, who is the new Director of the Institute of Governments at PBJC.

Diane lists her most recent experience as: Full-time sailor, cruising with husband in Caribbean and East coast from Maine to Florida, Jan. 1984-Dec. 1985.

Diane will be taking over the operations of the Institute from Bill Graham, who, since Jan. 6, has been assigned the duties of the Senior Coordinator, Kathy Aiello, during her one-year maternity leave.

Prior to going full-time as a sailor, Diane's resume shows a variety of positions over a 23-year period, some having direct reference to her new position here--like the five years she spent as executive director of the Ashland Bayfield counties Development Centers, Inc., at Ashland, Wisconsin.

She is a Minnesotan, and obtained B.A. and M.A. Degrees from the University of Minnesota, also completing much additional coursework in a doctoral program as a Communications major.

As most Monday Report readers know, the Institute of Governments is grant funded, and has a very active steering committee composed of managers and other official representatives of most of the governmental entities in the county, with particular emphasis on the larger municipalities.

It has been in existence since 1980, and provides much of the constant training and re-training necessary for effective operation of government--for employees, and also for elected officials and advisory groups.

All courses, workshops, seminars, and other training are scheduled through the Continuing Education Division at PBJC.

The PBJC Institute was the first of its kind in the state, but there is now a network of such institutes throughout Florida.

Diane Brander is new to our area, but has already been thoroughly indoctrinated into a tropical way of life. Prior to her two years of sailing, she spent two years in the Virgin Islands, employed by the St. Thomas-St. John Chamber of Commerce as a consultant in various youth projects.

She is looking foward to her new assignment as "an interesting challenge," and, by the time you read this, will already have been in the field for a couple of days, meeting people and discussing the future of the Institute.

FACC Officers Attend Workshop

Alice Zacherl, Glen Marsteller, Jeanette Sanders and John Schmiederer attended a FACC Leadership Workshop in Orlando, Jan. 17 and 18. Sessions at the two-day seminar were conducted by Dr. Cathy Cornelius, president of FACC, Frank Casey, Executive Director, and Clark Maxwell, head of the State Board of Community Colleges.

General activities for the year were highlighted, including Community College Week in April, and the regional meetings that will be held throughout the state.

The state association now has over 5,000 members, and it is felt that this will have a strong influence on this year's legislature.

According to Alice, members were very enthusiastic about the things that FACC is doing in Tallahassee. She further added that the ideas exchanged at the workshop provided a framework to strengthen and expand FACC activites at PBJC.

Express Term (cont'd from P 1)

The success of the first Express Term, back in October, was largely due to the interest of our own personnel in getting word to current students that the term provides an opportunity to complete additional courses in eight weeks.

PBJC Students Top CLAST Scores

Palm Beach Junior College scored higher than any other college or university in the South Region in the College Level Academic Skills Tests (CLAST) given in October, according to information released this week by Ralph Turlington, Commission of Education.

The PBJC Scores were almost two points higher than the average of all state colleges and universities in the state.

The CLAST is an entrance examination for the junior year at state universities in Florida, and has been taken by sophomores at all colleges in the state since 1982.

PBJC Students have consistently scored better each year on the test, beginning in 1982 with 66 percent passing all four sections of the test. In 1983, the figure was 70 percent, and in 1984, jumped to 84 percent.

The most recent results, for October, 1985, show 244 PBJC students taking the test with 88.5 percent passing.

Statewide, 11,953 took the test, with 86.8 percent passing all four sections at public colleges and universities. There were 952 taking the test at private colleges and universities with 84.8 percent passing all four sections.

The results for the South Regions were as follows:

	No. of Examinees	No. Meeting Standards	Percent Meeting Standards
Broward CC	439	363	82.6
Florida Atlantic Univ.	567	475	83.7
Florida Inter. Univ.	515	379	73.5
Florida Keys CC	26	20	76.9
Miami-Dade CC	1,173	909	77.4
Palm Beach JC	244	216	88.5

Concerns (cont'd from P 1)

A plan to accomplish this is nearing completion. It will be announced to all concerned when completed. Successful implementation, probably by the beginning of the Fall Term, should finally alleviate concern in this area.

The second concern, telephone availability, is being studied, not only by our own staff but by a consultant from the General Services Administration.

The problem here is cost--not a one-time cost that will result in increased efficiency, such as the purchase of word processing equipment, but a continuing cost that will forever reduce, by whatever monthly amount is added to our telephone bill, the availability of funds for salaries and fringe benefits.

Only after we obtain the report of the visiting experts, and thoroughly analyze budgetary effects, can we make a logical determination about what can be done.

We have requested funding for an upgrade of our telephone system in the five-year state facilities survey, but it is not known at this time whether these funds will be available.

The third concern, the change to a division structure, may have resulted from the administrative decision to give everyone ample time to adjust to a major reorganization. We have been phasing in this plan for five years.

The administration is, in this instance, in somewhat the same position as Congress and the national budget deficit. Everybody wants us to do something about a reduction of administrative costs, and everything we propose is greeted with cries of "Don't do it that way!"

In retrospect , it might have been better to announce the plan, and then move into it a month later. As it is, the plan will be implemented, with due regard to any expressed faculty concerns whenever possible.

Are you an underachiever in retirement? The Institute of New Dimensions, a successful mini-college by and for retirees, is seeking a qualified person to serve in an administrative capacity. Classes meet four afternoons a week from November to May. During the summer, we plan and produce the catalog for the following year. The position offers an opportunity for creative leadership in service to the community. To apply, write to Dr.Etta Ress, Director, Institute of New Dimensions, PBJC North,3160 PGA Blvd., Palm Beach Garden FL 33410.

The deadline for registering to take the CLAST is Friday, Feb. 7, 1986. Registration forms are available in the Testing Center. ...G. Ferguson

Grand Opening

The cafeteria at the Burt Reynolds Student Center at PBJC North will have a grand opening day today.

"We'll be following a Mexican theme for the grand opening," said manager Mike Melville. Employees will be in Mexican outfits, and special Mexican foods will be served.

The cafeteria has been serving students on a limited basis, according to Dr. Ottis Smith. The grand opening was scheduled to inform students and the community that is is ready for full scale operation.

A reception to introduce the new facility to community leaders and college officials is planned for tomorrow (Tuesday) at 3 p.m.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 10

February 3, 1986

News Stories Don't Just Happen

College Goes Public With Salary Crisis

After years of private effort with individual legislators, legislative committees, the DOE, the Division, the cabinet, the governor and anybody else who would listen, Dr. Eissey and the administration have decided to go public whenever possible about the salary situation at the college.

Such a decision is not easily reached. Going public has risks. You are subject to the tender mercies of the media. You risk prospective students thinking the college may be going under. You risk possible adverse reactions from the governmental sources that control your funding.

Dr. Eissey decided some time ago that our situation is bad enough that we need to take all avenues that might help, including going public. He began to make references in his talks to the contrast between our situation and that of the school board--being careful in every instance to say that we are glad public schools have the money to give increases--all we want is parity in funding.

The news bureau began to echo these ideas in discussions we have everyday with reporters--but initially, no one saw that there was a good story here, with real news value. News stories don't just happen, you get them the old fashioned way--you work for them.

Eventually, a reporter attending the blue ribbon committee meeting at PBJC South perceived the news value in what Dr. Eissey was saying, and began to develop the story which eventually made it to page one of the Sunday Post. In between, there was work by Dr. Eissey and his office, (including a one-hour interview session), backgrounding by the news bureau, information from other college sources, and a lot

Reach Out Program Begins Feb. 4

Sixty junior and seniors from local high schools will receive help in overcoming obstacles to career and educational goals in a special eight-week program that begins tomorrow at Palm Beach Junior College.

The College Reach Out program will be held Tuesdays and Thursdays, Feb. 4 through March 27 from 3:30 to 5 p.m. at both PBJC Central and PBJC Glades.

"This project is for those students who have demonstrated the potential to handle college, but who lack a sense of direction," said coordinator Lori Hunter. "They have been chosen by their high school counselors."

"We offered it for the first time last year to 20 students, and it was so successful that a number of parents called us this year and asked if their children could take it," she added.

The Reach Out program has two components: academic and counseling. In the academic portion, the participants learn English, reading and computer literacy skills; the counseling component includes sessions in motivation, study skills, career development, goal setting and decision making.

"Students will have the chance to investigate potential careers and meet

Cont'd on P 3

Salary (Cont'd from P 1)

of work by the reporter.

We hope all Monday Report readers saw the two articles in the Sunday Post, and we even hope they saw the cartoon on 1/28. There may be a loss of dignity in being pictured as joining an unemployed airplane mechanic in scavenging garbage pails, but the idea that we need help comes across loud and clear.

I don't mind a little loss of dignity in the newspaper if it will help me gain a little dignity when I present my paycheck to the bank teller.

We believe there will be more public notice of our plight. We hope so. Dr. Eissey has been talking with a columnist, and the news bureau has been contacted by an editorial writer. The editorial appeared Thursday, and is reprinted below.

Community colleges have the lowest priority of the three major segments of education in Florida. Every year, our needs are considered only after those of K-12 and the universities.

For years, we have continued to do a superior job with a lot less money. The end of that road, however, has been reached. We cannot continue to do more with less.

It is time to let people know.

...Jonathan Koontz

PBJC Instructors Feel Budget Crunch

Educators Find Pay Disparate

Some County Teachers Out-Earn PBJC Profs

By Elizabeth Merritt

For the price of a luxury model Buick Electra, Palm Beach County taxpayers buy the services of an experienced kindergarten teacher for a year.

Take off the options — velvet seats, power windows and door locks, customized wheels, computerized airconditioning and a leather interior — and you get what they spend for an experienced junior college professor.

In the past two years, salaries of the county's elementary school

more experienced instructor with a master's degree, the salary range is $14,966 to $24,437.

In the county school district, begin-

THURSDAY, JANUARY 30, 1986

PBJC's Salary Crisis

A crisis is threatening community college education in Palm Beach County and throughout Florida. Unless the Legislature meets the issue head-on in the coming session, quality will suffer in this vital segment of the educational system.

The primary problem is that salaries of experienced professors have fallen below starting salaries of pubic school teachers. In Palm Beach County, the gap is at least $3,000 a year. The resulting plunge in faculty morale at Palm Beach Junior College already has brought resignations. Most male instructors supporting families now hold second jobs to make ends meet.

It's a deplorable situation, but one which can be assuaged if a measure proposed by PBJC President Edward Eissey and supported by Palm Beach County's legislative delegation is approved this spring by the Legislature and in November by area voters.

The Legislature will be asked to approve placing a local-option tax before voters this November — March 1987 at the latest. If passed, the five-year, half-mill property tax increase would raise approximately $12 million a year for capital improvements such as building and renovating. That in turn would relieve the general

increase faculty salaries and make them competitive in the marketplace.

At present, local taxpayers don't pay a penny for PBJC despite its significant and often unique contributions to people of all ages. For example, it alone offers vital apprentice pr m training in fields such as l -forcement, nursing and eme gency medical technology.

Passing the referendum would not represent a grand slam home run for PBJC. But it would allow the college to play catch-up ball for five years, a critical half-decade when exploding growth will ask even more of it.

During the past decade, funding for public schools increased 132 percent per fulltime student while community colleges lost 11 percent. That's excellent news for the public schools and no one denies they needed the boost. Now it's time to provide equally strong support for community colleges.

Difficult as it is in South Florida to keep pace with the needs of all levels of education, it must be done. Only with a properly financed, well-integrated system of education from kindergarten through graduate school can we provide our citizens with the

One Home Game Left For Pacers

Unless you are prepared to travel, you have only one chance left to see the most exciting basketball team in the state right now, the Palm Beach Junior College Pacers.

Led by the national collegiate scoring leader, Ron Matthias, whose 42 point average has brought crowds of 500 or so to the PBJC gym--not much by some standards, but a new lease on life for us--the entire team seems to be jelling just in time for a run at the division title and the state tournament.

In winning over Dade South Wednesday night, Teddy Sanders, a freshman from Palm Beach Gardens, blocked seven shots--the third straight game in which his shot-blacking has played an important role. Sanders also scored in double figures with 14.

Three other Pacers also hit in double figures in the 100-91 win--Richard Meeks, 18, Ray Collier, 11, and Pat Peronni, 10. It is not a one-man, or a two-man show. It is a team effort that seems to be getting better with each outing.

The Pacers are in the most crucial part of the conference season. As this is written, they are in second place, tied with Dade North, at 3-2. They will have played Indian River (one of the two losses was 135-111 to the Pioneers Jan. 8) and will be heading for Broward Wednesday.

Broward is 5-0, and the Pacers will need help to catch them. We also have away games with Dade North and South.

The only remaining home game is Wednesday, Feb. 12.

The night has been designated "Club Night" and there will be a tailgate party prior to the game near the tennis courts, or at the cafeteria, in case of rain.

The party will start at 6:15 and break up at 7:15. Game time is 7:30. A free-throw competition between clubs is scheduled at halftime.

Anyone who wants to attend, or to enter the competition,should contact Susan Thompson or Allen Hamlin in BA 103 or BA 107, or extension 8123.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 11 February 10, 1986

11 a.m. Friday, Feb. 14

Alfred W. Meldon Conference Center Dedicated

A dedication ceremony for the Alfred W. Meldon Conference Center has been scheduled at PBJC North for Friday, Feb. 14, at 11 a.m. The ceremony will be held just west of the building, which is south of the north campus administration building.

Work Continues On Faculty Concerns

Telephones, message centers, the department/division shift and other matters of concern to the faculty are still under active investigation and will continue to concern the administration until satisfactory answers are found, according to Dr. Eissey.

The fact that the administration has discovered that putting telephones in each faculty office would cost more than should be spent for that purpose at this time means that other less expensive options must be sought, he said.

"When the union assisted us in getting a good response from teachers in ranking their concerns, we were given a very valuable list," Dr. Eissey said. "We will be continuing to work on all these items."

Many of the items on the list are interconnected. Clerical support, for instance, the No. 2 concern, is closely allied to the change from departmental to divisional organization, the No. 3 concern.

Since division chairs and program coordinators will be an important link between the faculty and the administration, the No. 3 concern on the survey is linked to the No. 4 concern, better communication. Work is continuing on all the expressed concerns.

The center is a former model apartment building which was donated to the college, cut in half for moving, and then rejoined and remodeled.

The building will carry lettering that states it is the Alfred W. Meldon Conference Center. Inside will be a framed photo of the master teacher, a plaque of his Master's Degree, and a framed calligraphy of one of his quotations on the art of teaching.

Al Meldon died July 8, 1985 from a massive heart attack after 20 years of outstanding service to Palm Beach Junior College.

Always a courteous, courtly gentleman, Al's dedication to his profession began with caring for his students and the enrichment of their lives. He was an accomplished musician, an enthusiastic backer of Palm Beach Junior College, and a public speaker of note, with a unique, unforgettable style.

The program will include remarks by faculty members Freddie Jefferson, Frank Mossadeghi, and Stafford Mooney, and by former students of Al Meldon.

Dr. Eissey and members of the Board of Trustees will be asked to perform the ribbon cutting.

Musical selections will be by Robert Jones, of the college music faculty.

All personnel at the college are invited to attend the dedication ceremony.

Those of us who knew Al well will make a special effort to be there.

FACC Events For February

To provide an opportunity for all PBJC employees to learn more about FACC, the local chapters will host 'Coffees' on each campus. The first one is scheduled at North, Feb. 10, 7:30 to 9:30 a.m., and the second at Central, on Feb. 11 in Conference Room C from 7:30 to 10 a.m. Next week, coffees will be sponsored at South and Glades campuses.

The first fund raising event of the year is the Flea Market which will be held at Central on Saturday, Feb. 15 from 8 a.m. to 1 p.m. Donations of items to sell are needed from all campuses. Proceeds go toward financing member workshops and in-service training programs.

The Florida Association of Community Colleges is the only organization that represents all personnel at the college. It is the one organization which supports and brings together employees from all of the state's 28 community colleges. FACC is the organization that speaks out as one voice to those in Tallahasssee who are making decisions about our future. At PBJC, about 22 percent of the college employees are members. It is the goal of the local chapter to increase membership by another 20 percent in 1986. ...Alice Zacherl

Announcements

An organizational meeting to discuss the formation of a Computer Team to represent PBJC Central Campus in a Computer Competition has been set for today at 2:30 p.m. in the Engineering Tech Building, Room TE 206. The competition, scheduled for Mar. 20-22, will be held here and more than 20 junior colleges from throughout the state will be represented. Bartlett Arnold will serve as team sponsor and Phil Gans will assist with the selection process.

Bring your Flea Market items to Shelley Carton's office (ext. 8016) Personnel, Central, before Friday noon. Contact FACC officers at other campuses with donations and delivery to Central. ...Alice Zacherl

There will be an Avis Car Sale at the Gold Coast Federal Credit Union, 2226 South Congress Avenue on Saturday, Feb. 15, from 9 a.m. to 3 p.m. To arrange for a pre-approved line of credit prior to the sale, please contact your credit union office at 965-1000 or 1-800-432-4126. They are offering up to 100% financing for a period up to 48 months. Take advantage of discounts from $400 to $600 on a large inventory of '84 and '85 cars. By processing your loan application prior to the sale, you can drive away that day. For further information on this event or any questions concerning the credit union, please contact Bob Moss at North Campus, 622-2440.

Paul Aho, member of the PBJC art department, will be giving a talk on his works, currently on display in the Humanities Gallery, on Friday, Feb. 14, 11 a.m. to noon.

Brooklyn College (New York) will hold an open house for alumni on Tuesday, Feb. 25, from 4-7 p.m. at the Palm Beach Gardens Holiday Inn.

Collective Bargaining

A collective bargaining meeting between Palm Beach Junior College and the United Faculty of PBJC has been scheduled for Thursday, Feb. 20, 3:30 p.m., in the Parks and Recreation Building in John Price Park.

The purpose of the meeting is to discuss the 1986-87 calendar, with particular regard to the scheduling of holidays.

Please Help With Marketing

Express Term Registration Starts Today

oday is the first day of registration for the Express Term. Registration will be at all ampuses in the registrar's office and during regular hours, and will continue until the day classes begin, March 6. The term is for eight weeks, and ends May 2.

Marketing has already begun, with a mailing to approximately 4,850 students who were here in the Fall Term but did not graduate and are not here this term.

The public phase, with efforts for news stories and public service announcements, will begin during this week.

Flyers are available from the news bureau, and a distribution of a supply for students to every classroom at PBJC Central is planned this week.

Some flyers have already been distributed to the marketing chairmen at North, South and Glades, and more are available if needed.

A 11 x 17 inch poster is being printed, and will be ready tomorrow, Tuesday, Feb. 11. They should be available on all campuses by week's end. *ALL VOLUNTEERS,* especially all those who agreed to "Adopt An Outlet" are urged to place posters throughout the county. Call us at 8076, or drop by.

Scheduled dates for the term are as follows:

Feb. 10-March 6 --	Registration
March 5	100% refund
March 6	Classes begin
March 6-10, 1-3PM	Days for correcting schedules
March 10, 1-3PM	Senior citizens registration
March 10	80% refund
April 9	Final day withdraw/change to audit
April 30-May 2	Final examinations

Academic affairs has provided us with a schedule with 37 courses--20 three-credit courses, four two-credit courses, nine one-credit courses, three without credit, and a water/wastewater course at North yet to be determined.

Central is offering Art Appreciation, Introduction to Computers, Creative Writing, Pastry and Garde Mange I, Introduction to Business, Healthful Living, Geometry, Introduction to Algebra, Consumer Mathematics, Mathematical Logic, Probability and Statistics, Canoe Camping, General Psychology and Beginning Typewriting.

North is offering American Literature after 1865, Introduction to Computers, Successful Employability Techniques, Freshman Communications I, Freshman Communications II, Water/Wastewater, Introduction to Business, Healthful Living, College Algebra, Mathematics (College Preparatory), Elementary Algebra, Intermediate Algebra, Survey of Physical Science I, Fundamentals of Speech, and Statistics.

South is offering Technical Basic, Healthful Living, Elementary Algebra, General Education Mathematics I, Jogging and Fundamentals of Speech.

Glades has one offering: Introduction to Computers.

Life In The Fast Lane

An exploration of the ways in which women can lead rewarding lives after fifty will be offered by the PBJC Center for Continuing Education for Women.

Life in the Fast Lane for Women Over Fifty" will be held Tuesdays, Feb. 11 through Mar. 4, from 10 a.m. to noon in CE 123 at Central Campus.

The fee is $5. For information, call the Continuing Education Division at 8014.

THIS Week . . .

Feb. 10	Express term registration begins (continues through Mar. 6)
Feb. 10	FACC coffee, PBJC North, 7:30-9:30AM, Oak Conference Room
Feb. 11	Free eye and ear screening, Health Clinic, 9-11AM
Feb. 11	FACC Coffee, PBJC Central, Conf. Rm. C, 7:30-10AM
Feb. 12	Basketball; Pacers vs. Edison CC; 7:30PM, gym. Last home game. Tailgate party 6:15PM, tennis courts
Feb. 14	Watson B. Duncan, III book review: "Depths of Glory" by Irving Stone; 3 PM, Woman's Club; $3
Feb. 14	Bellamy Brothers in concert, Dolly Hand Cultural Arts Center, Glades; 8PM; $12
Feb. 14	Dedication of Alfred W. Meldon Conference Center, PBJC North, 11AM
Feb. 15	FACC Flea market, Engineering Tech Building, PBJC Central; 8AM

. . . AND Next

Feb. 17	Final day to complete graduation application
Feb. 18 and 20	Basketball, South Conference Playoffs
Feb. 18	Baseball; Pacers vs. College of Boca Raton; 7:30PM
Feb. 18	Women's tennis; Pacers vs. Miami Dade CC; 2PM
Feb. 19	Baseball; Pacers vs. St. Thomas Villanova (JV); 7PM
Feb. 19	Trustees meeting, PBJC Glades
Feb. 29	Collective bargaining meeting, 3:30 PM, Parks & Recreation Bldg., John Prince Park
Feb. 20	FACC Coffee, PBJC South, 7:30-9:30AM
Feb. 21	FACC Coffee, Glades, 8-9:30AM
Feb. 21	Watson B. Duncan, III book review: "Minute by Minute" by Don Hewitt; $3, WPB Woman's Club

Courses . . .

Feb. 11	Financial Planning Workshop, 1X, T, 9:30-12:30; AH 201; $5
	Recordkeeping: Doing It the Right Way, 1X, T, 6:30-9:30PM; CE 121: $2
	Life in Fast Lane for Women over 50, 4X, T, 10AM-noon; AH 215; $5
	Conversational German, 10X, W, 7-9PM, PE 107; $24
Feb. 12	Understanding Your Two Brains, 3X, W, 10AM-noon; AH 310; $5
	Sales Seminar for Avon Representatives, 1X, W, 7-10PM; N, BRSC; $2

Courses (cont'd)

Feb. 12	Understanding Men, 3X, W, 1:30-3:30 PM; AH 209; $5
Feb. 13	Your Business Plans, 4X, Th, 7-10 PM; AH 206; $12
	Defend Yourself (Self Defense for Women), 2X, T, 10-11AM; LR303; -0-
Feb. 15	Success or Survival, 7X, S, 8AM-4PM; CE 121, AH206,209,215; -0-

Legal . . .

DEPARTMENT OF EDUCATION	**Rule 6Hx-18-5.09**
District Board of Trustees	**Leave for Personal**
Palm Beach Junior College	**Reasons (Amendment)**

WRITTEN STATEMENT OF THE FACTS AND CIRCUMSTANCES JUSTIFYING THE AMENDMENT OF THE RULE: This rule is being amended to incorporate the language passed by the legislature allowing college personnel to use up to 4 days of sick leave for personal reasons. Previously 2 days of leave could be used for sick leave and another 2 days could be used for emergencies.

SUMMARY: Same as above.

ECONOMIC IMPACT: No economic impact.

SPECIAL LEGAL AUTHORITY UNDER WHICH THE AMENDMENT IS AUTHORIZED AND THE LAW BEING IMPLEMENTED, INTERPRETED OR MADE SPECIFIC:

General Authority: 240.313 FS. Law Implemented 240.319 FS.

History: Formerly P006.00; Readopted 2-27-75, Amended 2-20-77, 7-26-79

IF REQUESTED A HEARING WILL BE HELD AT:

Time: 7:30 p.m.

Place: Palm Beach Junior College in Belle Glade, Florida

Date: February 19, 1986

Copies of this rule are available at the Library Learning Resources Center, the Office of the Vice President of Student Affairs, and the Office of the District Board of Trustees of Palm Beach Junior College.

Announcements . . .

The following classified positions are open:

Security Guard, North Campus, Salary Grade B18, $997.78 per month

Bookstore Cashier II, Salary Grade A18, $873.06 per month

Clerk Typist II (North) Salary Grade A18, $873.06 per month

College Bookkeeper (Business Affairs) Salary Grade B28, $1,277.25 per month

Secretary III (Student Affairs) Salary Grade A27, $1,090.33 per month

Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Attention employees: Discount magazine subscription cards from the American Educational Service are available in the Personnel Office. For additional information, please call the Personnel Office at 8017.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number 12

February 17, 1986

The Fight For Equity

State Funding And Those New School Salaries

The fight for equity in state funding, and the dramatic difference between salary levels here and at the school board dominated last week at the college. Our story is making headway locally, and with our own legislators. But in Tallahassee, the state system is asking for too little, and may not get that. We need help.

Dr. Eissey sent Tony Tate to represent him at the meeting of the State Board of Community Colleges in Tallahassee Feb. 6 and 7. Dr. Joan Young was also there as an observer for the union.

Tony reported that the state board requests (about 7.5 percent increase overall, but only 5-6 percent in the operating budget) may be in trouble, and much effort will be needed to get them approved.

The cost of staying in business keeps rising. Insurance premiums, bid at $2.8 million last year, and expected to rise around $4 million, came in at $6.2 million. Such increases eat into money available for salaries.

Dr. Young agreed that reports to the board were not encouraging at this point, but said the state board is preparing to work for us during the legislative session.

Tony said there is grave danger that the legislature as a whole will do what they have done in so many past years--pat us on the head and say what a great job we are doing, and then award the bulk of the available funds to other segments of education.

Dr. Eissey said he had sent Tony to this meeting partly to have someone else bring back the bad news. "Maybe hearing that same story from someone else will mean more," he said.

Early in the week, local media broke the story about the 14.4 percent increase for school board employees, coming on top of a 12 percent raise the previous year.

High School Drama Festival In SAC Lounge

Randolph deLago, artistic director of the Delray Beach Playhouse, will be the guest judge at the 12th annual PBJC Drama Festival Thursday, Feb. 20, beginning at 9 a.m. in the SAC Lounge at PBJC Central.

Several drama faculty members and deLago will critique performances of one-act plays and excerpts from longer productions presented by the PBJC Players and theatre groups from six area high schools.

A special feature of the festival will be a performance by the PBJC Players of an original play entitled "Signal 20," written by Robert Goodrich, a PBJC drama jajor.

The schedule of plays is as follows:

9 a.m.--"Brighton Beach Memoirs" presented by Cardinal Newman High School.

9:45 a.m.--"The Storm" presented by John I. Leonard High School.

10:20 a.m.--"Amadeus" presented by Santaluces Community High School.

11:05 a.m.--"The Actor's Nightmare" by Twin Lakes High School.

1 p.m.--"Dark of the Moon" by Glades Central High School.

1:45 p.m.--Boca Raton High School (to be announced)

2:30 p.m.--"Signal 20" presented by

Cont'd on P 4

Pacers Beat Edison In Final Home Basketball Game

They may have come because it was the last home game of the season. They may have come because it was Club Night for all of the student organizations on campus.

Or they may have come just to see Ron Matthias (a/k/a "The Terminator").

Whatever their reasons, nearly 900 fans streamed into the PBJC Gym last Wednesday evening to watch the Pacers defeat Edison Community College 101-93.

Matthias, the star guard from New York City, scored 58 points (23 in the first half alone), while teammates Teddy Sanders and Pat Perroni added 14 and 10 points respectively.

The Pacers took the lead in the first two minutes and didn't surrender it until there were 40 seconds left in the half when the Buccaneers scored a field goal. Matthias scored, and then Edison recaptured the lead with 25 seconds left in the half on two free throws.

During the second half, the Pacers picked up the pace on offense, outscoring the Buccaneers 17-3 in a three-minute period, and jumping to a 79-62 lead with eight minutes remaining.

The team's only weak spot seemed to be defense.

"We need to improve our defense and rebounding for the state tournament," Head Coach Howard Reynolds said. "We need some defense if we want to make it to the state."

The Pacers begin tournament play tomorrow (Feb. 18) in Ft. Myers. They will probably face Miami-Dade South in the first round, with Miami-Dade North and Indian River also pairing off.

The winners of those two games will play each other in the second round, and then that winner will go to the state tournament (with Broward CC, the Southern Conference champs).

PBJC was scheduled to play its final game of the regular season against Dade South Saturday in Miami.

Despite a sudden bout of chilly weather, many students and faculty came to the tailgate party before Wednesday's game, moving the food into the SAC Lounge.

At half-time, two representatives from Circle K, DECA, Phi Theta Kappa, SGA, Black Student Union and Beachcomber competed in a free-throw contest as part of Club Night. In addition, the baseball, softball and women's tennis teams added spirit to the Pacer cheering section.

Trustees Meet In Belle Glade

There are 25 items on the agenda for the trustees of Palm Beach Junior College, meeting at PBJC Glades, 7:30 p.m., Feb. 19, but most of the items appear to be routine in nature.

The board will be notified of the impending expiration of the term of member Mrs. Hisetta Dyson on May 31.

The normal retirements of Donald Cook, Director of Counseling Services and Robert Book, senior instructor in Engineering in June are among personnel items. Cook plans to retire on June 30, and Book on June 18.

Other agenda items include:

Amending the board rule on nondiscriminatory hiring and employment practices to include a direct reference to marital status.

A change in insurance coverage to allow $1,000 life insurance for employees over 70. In the prior policy, 70 was a cut-off date.

Approve installation of a second test well by the U. S. Department of the Interior. The first well was approved Dec. 18.

An agreement with the Episcopal Diocese of South Florida for the training of students in Human Services Technology.

A draft agreement with the city of Boca Raton for the shared cost of construction of a 16-inch water line to the South Campus.

Senior Players Present "Three Men On A Horse"

What happens when a meek writer of verse with a strange talent for picking winning horses gets mixed up with three slick professional gamblers? Find out when the PBJC Senior Players present the comedy "Three Men on a Horse" Feb. 28, Mar. 1-2 at PBJC Central.

"This is one of the funniest comedies ever to hit Broadway," said Nancy Goodwin, program coordinator and play director.

The evening performances will be part of a dinner theatre program which will begin at 6 p.m Friday, Saturday, and Sunday. A full-course sit-down dinner (choice of entree of either stuffed veal or baked chicken with mushroom and wine sauce) will be served in the cafeteria The play will follow at 8 p.m. in the SAC Lounge (theatre-in-the-round).

Two matinees are also scheduled for 2 p.m. on Saturday and Sunday. Proceeds from the Saturday matinee will go to Crossroads, the displaced homemakers project. Tickets are $12 for dinner theatre performances, $10 for the Saturday benefit and $5 for the Sunday matinee.

For further information, call Nancy Goodwin at 686-8383.

Funding (cont'd from P 1)

The resulting salary comparison for teachers is as follows:

SALARY COMPARISON

PALM BEACH COUNTY SCHOOL BOARD (196 days)	Minimum	Maximum
Bachelors	$20,000	$30,177
Masters	$21,500	$31,677
Specialist	$22,800	$32,977
Doctorate	$24,200	$34,377

PALM BEACH JUNIOR COLLEGE (198 days)	Minimum	Maximum
Instructor	$16,932	$24,365
Sr. Instructor	$17,639	$28,801
Assoc. Prof.	$18,855	$30,439
Professor	$19,225	$31,235

You will note elsewhere in the Monday Report that we are advertising for seven teachers, an unusually high number. Joe Schneider from Personnel reports a rising rate of turnover in other employees. We are in trouble, and we need help.

"We are happy the county school teachers are climbing to a more respectable salary level," Dr. Eissey says. "They deserve it, and we want to commend the Superintendent and School Board for their action.

"But we cannot go on year after year without equity in state funding and still maintain equity in salaries."

At midweek, Dr. Eissey appeared before the local delegation with these facts and others, and reports from that meeting indicate that our legislators seem ready to do all they can to give us some help. Will it be enough?

The practical politicians at the state division and board level may well be asking for all that has a chance of getting through the legislature, but 5-6 percent simply will not make up a 15-20 percent differential in salaries.

We are not alone. Other community colleges face similar problems. The system has continued to produce excellence in education year after year without adequate funding, but we have reached a point where we will begin to lose our good people. Without good people, you do not have good programs. We need help.

Do what you can. Write, talk, agitate. The administration is doing all it can, including asking the union for action. So far, we have managed to hold everything together remarkabily well, but it can't go on much longer. We are in trouble, and we need help.

...Jonathan Koontz

February 24, 1986

Now On To State!

Pacers Win Basketball Conference

Fueled by Ray Collier's 28 points and Ron Matthias' 38 points, the Pacers dropped Miami-Dade North last Thursday 106-91 to win the Southern Conference championship, and the right to compete in the state basketball tournament later this week.

For Coach Howard Reynolds, this game was important not only because his team won, but because they controlled the game, played "team basketball," and still ran the ball.

"By half-time, I could feel the game going our way," he said. "We were playing good defense. Ron (Matthias) even played good defense."

"I knew the kids really wanted it."

Miami-Dade North wanted it too. The Falcons realized Matthias, the nation's leading junior college scorer who averages 43 points a game, would be their biggest threat.

So they double-teamed him. What they didn't count on were the rest of the Pacers. With Matthias totally covered, Collier took over. Teddy Sanders and Tony Hall added 10 points apiece, while defensively, Collier contributed by stealing five passes and leading the Pacers' tight man-to-man defense, and Sanders pulled down 10 rebounds.

Each time Miami-Dade North pulled to within three points, the Pacers fought back. After closing the first half with a 47-41 lead, PBJC broke away and worked the score to 100-85 with 1:56 left in the game.

"All year, I knew the team had potential," Coach Reynolds said. "They are just now coming into their own and playing up to their potential."

"We think we have a legitimate shot at winning (the state championship)," he added.

The tourney begins this Thursday at DeLand with a game against Florida Junior College,

Dedication Ceremony Honors Master Teacher

The dedication of the Alfred W. Meldon Conference Center at PBJC North Friday, Feb. 14, was a magical time when the essence of Palm Beach Junior College shone as clearly as the bright sunlight.

Through all that happened Friday, in all that the speakers said, ran a common theme: What mattered to Al was the nurture and care of his students. What excited him was the mutual creativity in the shared experience of education.

By dedicating this building to him, we renewed our affirmation that students matter to us, that real education involves mutually shared creativity between student and teacher.

Four excellent speakers commented on different aspects of the character and ability of a master teacher who could walk with kings, but never, never lost the common touch.

Dr. Eissey said that as president of the college, he could always count on Al for a sympathetic ear, intelligent awareness, and, only when he asked for it, wise advice.

The surprise of the occasion came after Sarah Pappas had already announced that one of the gifts to the Al Meldon Scholarship Fund was $1,000 from Arthur Blank.

Mr. Blank, arriving shortly thereafter,

Cont'd on P 3

Keeping Up With The Senior Players

Nancy Goodwin and the Senior Players have added another feather to their cap!

The group has recently published a collection of 24 of their best "skitlets," the short comedy sketches they have been performing at nursing homes, schools, civic clubs and other places for the past six years.

The project was underwritten by a grant-in-aid from the IBM Fund for Community Service, and the printing and production was handled by the Radice Corporation Horizons Club.

The booklet is available for $3 at the Lake Worth Chamber of Commerce, and will be sold at each Senior Players' performance of "Three Men on a Horse" later this month, and probably in the PBJC Bookstore, Goodwin said.

DON'T FORGET!! Tickets are still available for the Senior Players' performance of "Three Men on a Horse" this Friday, Saturday and Sunday.

The evening performances will be part of a dinner theatre program which will begin at 6 p.m. each evening. A full-course sit-down dinner (choice of entree of either stuffed veal or baked chicken with mushroom and wine sauce) will be served in the cafeteria. The play will follow at 8 p.m. in the SAC Lounge (theatre-in-the-round).

Two matinees will also be held at 2 p.m. on Saturday and Sunday. Proceeds from the Saturday matinee will go to Crossroads, the displaced homemakers project. Tickets are $12 for dinner theatre performances, $10 for the Saturday benefit, and $5 for the Sunday matinee.

For more information, call Nancy Goodwin at 686-8383.

Telephone Information Update For All Campuses

In an effort to reduce our long distance telephone charges and as mandated by the Department of Communications in Tallahassee, all long distance calls must be made on Suncom where available.

As of March 1, 1986, all Central Campus extensions with Southern Bell and/or Suncom long distance dialing will be programmed to use Suncom only. Calls may be made both in state and out of state on Suncom.

If you need information on the proper use of Suncom, please contact Mary Tingler or Callie Owens, Central Campus ext.8000. ...T. Tate

Tandy Announces Seminars For Instructors

The Tandy Corp. (Radio Shack) will be presenting a free seminar for instructional personnel interested in upgrading their computer skills. The seminars will be held at the Palm Beach Lakes Blvd. store on the following dates:

Mar. 1 or 8--Personal Computer Applications. Mar. 15 or 22--Basic Programming Part I
Apr. 5 or 12--Personal Computer Applications. Apr. 19 or 26--Basic Programming Part I

The seminars are free to all interested personnel at PBJC. They will consist of five hours of instruction. Prior computer knowledge is not required.

All interested persons must register with the Tandy Corp. no later than Feb. 27. This can be done by calling a toll free number, 1-800-433-5682. If you have any questions, contact Terry Shoultes, Coordinator of Instructional Computing, at 439-8210.

Happy Birthday To . . .

2/26 Joe Ceravolo, John Connolly, Patricia Medlin, Tamara Ackerman, Penny Williams
2/27 Ruth Bradbury, Bill Graham, Joann Knight 2/28 Wiley Douglass, Arlene Tiddens
3/01 Betty Childers, Prudy VanWinkle, Jim Aldridge 3/02 Marion Southard, Patricia Jablonski, Patricia Hilliard 3/03 Barbara Sabonis-Chafee, Diane White

Trustees Meet At Glades Campus

Freddie Harrell, Director of Student Services at PBJC Glades, and two former Glades students now teaching there, provided PBJC trustees with some insight into the value of the Glades campus Wednesday night.

Harrell, speaking at the beginning of the annual meeting of the trustees in the Glades, detailed percentages of minority involvement on all campuses.

Mamie Washington, an attorney, an adjunct instructor at the Glades, and a member of the minority advisory committee at PBJC North, told the trustees that the quality of her education at the Glades prepared her for FSU and Florida.

Cheryl Frazier said that she entered college at the age of 25 with two pre-school children, has now finished a bachelor's degree at FAU and has been teaching for the past six years.

"If I could not have started at PBJC Glades, none of this would have been possible," she said.

The board meeting was brief, with all items passing without dissent.

International Students Plan Food Fest

Faculty, staff, administrators and students are invited to the Students for International Understanding's annual Food Festival to be held Wednesday, Feb. 26 from 10 a.m. til 2 p.m. in the SAC Lounge.

Dishes and desserts will be prepared by PBJC international students from 22 different countries. SIU will decorate the SAC Lounge with colorful posters, streamers and flags, and they will wear costumes from their native countries.

In addition, the students have taped hours of music from several different countries, which will be played throughout the Food Fest.

Samples of food can be purchased for under $1, and money raised through the festival will be used for a campus beautification project. Last year, the club raised $550. through a successful food festival, and they expect to top that figure this year.

For more information, contact Lori Hunter at 439-8182.

The South Florida Fair

PBJC had another great year at the South Florida Fair. We would like to offer special thanks to the following who contributed so much to its success: John Anderson; Reuben Hale; Dr. Howard Reynolds; Claude Edwards and the physical plant staff; Marion Southard and the A/V staff; Loraine Kent, Ruth Laffery and Diane Lester of the Print Shop; and Janet Charles.

We would also like to thank those who volunteered for more than one shift: Nancy Buhl; Jan Busselle; Mr. and Mrs. Joe Macy; Tom Shostak; and the Circle K Club.

The winner of the IBM Electronic typewriter was Sandra Sweetapple of Lantana; The four scholarship winners were Dave Butzberger, West Palm Beach; Shirley Vega, South Bay; Joe Dunlop, Lake Park; and Kristin Hantz, West Palm Beach. ...Ron Moses

Dedication (cont'd from P 1)

announced that his donation would actually be $10,000.

He said Al's counseling for his son had made a great difference in the life of his son and his family. He said Al had counseling appointments when he went into Good Samaritan, and insisted on keeping them. Then Al went into intensive care.

"Much to the consternation of the nurses, he still insisted on talking to my son even while he was in intensive care. We want to help you remember a man like that."

We will remember, and the building will help. ...Jonathan Koontz

REMINDER: Paychecks will be issued as normal on March 5. Those on Spring Break may come in for checks or wait until March 6.

Announcements . . .

The following classified position is open:
Secretary I (Library) Salary Grade 23, $987.79 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

On Friday, March 14, 1986, Pamela Dry, representative from the Office of Undergraduate Admissions, will set up in the cafeteria from 9:30 a.m. until 1 p.m. to meet with any students who are interested in transferring to Florida State University.

Attention Faculty and Administrators: Orders are now being taken in all bookstores for caps and gowns to be used for May 5, 1986 commencement exercises. Rental and purchase price lists are available in all bookstores. Payment is due when order is placed. Deadline for ordering is Mar. 14, 1986. Orders placed after this date will be subject to shipping and handling charges. ...M. Bennett

A reminder: Business/Education Partnership award nominations are needed. If you know of a worthy nominee, please fill in the forms already provided to all management personnel. Additional forms and information will be gladly furnished by Dr. Ottis Smith at PBJC North. An outstanding selection panel has been assembled. Now we need to give them so many good nominations they will have a difficult job selecting the winners.

A business-industry-education forum and breakfast jointly sponsored by the Palm Beach Vocational Association, county schools and PBJC will be held Saturday, Mar. 1, at the Palm Beach Ocean Hotel, with registration beginning at 8:30 and breakfast at 9. Keynoter: Wallace E. Orr, Florida Secretary of Labor and Employment Security. $7.50. Call John Schmiederer or Ottis Smith for further info.

The three days of Spring Break, next Monday, Tuesday and Wednesday, March 3, 4, and 5, ARE DUTY DAYS for all 12-month personnel. Those on less than 12-month duty--on 210, 198, 180, or 168 day schedules--are NOT on duty unless specific arrangements have been made with a supervisor. Anyone with a question should call Personnel.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number 14 March 3, 1986

What Are YOU Doing?

It's Time We All Got Involved In Salary Raising

In most of the seven "Coffees With Ed" just completed at PBJC Central, Dr. Eissey has outlined what he and others in the administration have been doing to try to obtain better funding for the college and better salaries for everyone--the work with newspapers, radio and TV, the blue ribbon committee meetings with local leaders, the appearances before legislators, the speeches, the telephone calls, the letters, and the meetings with key people throughout the state.

All the above came tumbling out in the free-wheeling Eissey style that comes natural to Ed when he gets wound up. Then he asked a question that is important for all of us:

What Are YOU Doing?

Have you written a letter to the editor of any newspapers that have supported us thanking them for their support?

Have you telephoned or written a legislator or the governor?

Have you talked about our situation at the club, church, or other organization you belong to?

Have you taken time to get acquainted with some of the facts, so that you really know what has been going on?

Have you set the wheels in motion to get a resolution supporting better community college salaries from the organizations you belong to?

Have you let people in public office know you will not vote for people who continue to treat Community Colleges as though they were the step-child of Florida education?

Have you even mentioned the situation to your friends, neighbors and relatives--especially those who are voters?

YOU Can Make The Difference

There is sometimes a tendency to say

Cont'd P3

Sixth Annual Auction Set For March 11

This announcement is for all bargain-hunters who drool at the sign of an auction, garage sale, or flea market.

Palm Beach Junior College will hold its Sixth Annual Auction Tuesday, March 11 beginning at 9:30 a.m. in the Physical Plant at PBJC Central.

Among the more than 450 items that will go to the highest bidder are an antique dental chair, humidity recorders, an ice machine, a cash register, and a gas pump.

There will also be typewriters, dictating machines, computers and other office equipment, desks, tables and chairs, photographic and audiovisual equipment, cabinets, bookshelves and more.

"These objects are obsolete or have been declared unfeasible to repair, or were donated through the PBJC Foundation," said Dick Jones, purchasing director. "Prospective buyers will have the chance to inspect the goods one hour prior to the sale."

The college holds the auction every year to clear out any unwanted inventory, and usually the calling for bids is handled by a professional auctioneer.

For more information, call Jones at 439-8030.

Union Stalls Martin Luther King Holiday Plans

A straightforward account of last Monday's bargaining about the Martin Luther King holiday had been written for this space. It carefully avoided the obvious fact that the United Faculty will not agree to any plan for the holiday that does not bribe the faculty with an extra day's pay.

There were no plans by the news bureau to contact local media.

Unfortunately, the union negotiator made telephone calls to the media, attempting to sway them to the incorrect view that the holiday has been finally and irrevocably cancelled.

Then came a news release from the union which seeks, with a strange misreading of the facts, to persuade people to the view that it is the administration, and not the union, which is blocking plans for the holiday.

It also takes a cheap shot at Joe Schneider.

It is sad to see this kind of thing starting all over again.

In arranging for bargaining on this matter when it was not necessary to do so, the administration sought to give the union an opportunity to join in the effort to honor Dr. Martin Luther King. It is indeed unfortunate that they have not, as yet, decided to take advantage of that opportunity.

A Letter Of Thanks

Don Pearsall, chairman of our People Bringing Joy At Christmas committee, recently received a letter of thanks from Peg Gilles, Job Placement Specialist at the Palm Beach Habilitation Center. We would like to reprint the letter for you now.

When I told Annie to come to my office on Christmas Eve, I'm not sure what she expected. Annie came in (a little concerned but even more confused), and I told her that the folks at PBJC had left a large box of food and a Christmas present for her. Annie sat down and tears began to fill her eyes. I asked her why she was crying--was something wrong? She told me that she was crying due to happiness. It was looking as though Christmas wasn't going to be a very happy day for Annie and her family, but suddenly the outlook was bright! Annie began to smile, and the smile grew into laughter. The joy she felt was clearly in her eyes. Since Annie cannot read or write, she asked if I could help her thank you for what you did for her. To be honest, I also want to give my personal thanks to you all. I assisted some of our clients, who had received packages from your group, transport their goodies home, and my very small measure of involvement with this project doubled my Christmas spirit and reminded me of what Christmas is all about--giving for the sake of making others happy.

Your group can feel proud and happy knowing that the efforts invested by you throughout the year materialize in the form of joy and hope in the hearts of those fortunate enough to have received the fruits of your labor.

So often, acts of kindness go unrecognized, but in most cases, these acts are not performed for recognition or reward. The knowledge that you have touched lives in a special way at a very special time of year is a reward in itself. However, on behalf of Annie, Jim, Roberta, Jewell, Lorraine and Bev, I would like to take this opportunity to express our heartfelt appreciation for people like yourselves who care about others enough to give to those who may be less fortunate.

Our best wishes go to you all for this new year and always.

It's Time We All Got Involved

(cont'd from P 1)

that this is Ed's job and he is good at it, so why should I try to do all this?

The answer is that politicians will listen quicker to you than they will to Ed or any other college president.

The answer is that we have been consistently short changed because we are perceived as being without political clout.

Recently, one of the most astute politicians in the state told Dr. Eissey point blank what some of us have been believing for years:

"You are at the bottom of the education funding ladder for one reason only--you have no political clout. K-12 has millions of parents and thousands of teachers, and no politician votes against K-12. Practically everyone in the legislature is an alumnus of a University, and even if he has gone to a community college, he identifies with the university--so universities come second. You get what's left."

Why You Are Important

Politicians are not dummies. They know that an article like this will mostly fall on deaf ears. Out of 100 who read, 20 or so may get temporarily upset, ten may get really upset enough to vote against them if they don't do something, but only one of the ten will actually write or telephone. So, right away, your letter is worth at least ten times as much as you might have thought.

It does have to be your letter. It does not have to be persuasive, or eloquent. It does not need to be long. It's better if it's short and to the point. But it does have to be genuine. It has to be in your own words. Nothing else will do the trick.

But that will do the trick. It will.

If a key legislator has not made up his mind, one letter at the right time can determine an issue. Five letters will let him know the people back home are watching, and fifteen can seem like an avalanche.

In a democracy, an aroused citizenry is king. It is time we became aroused.

The community college system has the possibility of being the strongest political force in Florida. We have muscles we don't even know we have. Now would be a great time to discover them.

What To Talk About

We want people to know that our salaries have fallen behind the school board. We are happy for the school employees but not happy about our own situation. We are about 20 percent below the levels just announced for school teachers. The exact amounts were published two weeks ago in the Monday Report.

We want people to know that last year was a typical year in the legislature. It started out with everybody saying this was the year of the community college. It ended with an increase of $303.8 million for education. K-12 got 73.1 percent of the increase. Universities, with a shade more than half as many students as Community Colleges, got three times as much of the increase--18.1 percent. Community Colleges got 6.6 percent.

This has gone on year after year. Community Colleges are so far behind they may never catch up. A move has been started to provide $40 million in catch up funds for Community Colleges this year before any other educational funds are allocated. We want that.

Then we want a fair shake in this year's allocation of funds. That will at least get us started on the right road.

(cont'd from P 3)

We want the chance to ask the people of the county for a half mill for the next five years. That won't provide us with much salary relief, but it will give us better working conditions, and will give us the supplies and equipment we need to teach the skills our students should have, and to do our jobs better. It can get us a telephone system and permanent buildings at PBJC South, and a lot of other things we need.

Sports Update

One of PBJC's most intriguing basketball seasons in recent years came to a close last Thursday evening when the Pacers lost to Florida Junior College 120-94 in the first round of the state tournament.

Despite FJC's ranking as No. 1 in the state and No. 19 in the nation, the Pacers held their own during the first half. Ron Matthias, the nation's leading scorer with a 42.6 average, scored 18 of the team's first 22 points, helping the Pacers build a 22-16 lead with 12:15 left in the half.

A free throw by Richard Meeks, a layup and dunk by Pat Perroni, and a short jumpshot by Tony Hall increased the Pacer lead to 29-21 with 10:32 remaining.

Unfortunately, the skirmish cost the team in personal fouls; Perroni and Teddy Sanders each picked up their third personal foul and guard Ray Collier added his third with 8:57 left in the first half. After that, FJC took control of the game.

"The fouls hurt us," said Head Coach Howard Reynolds. "Teddy and Pat are the only strong rebounders we've got. After they got their third fouls, we couldn't play any tough defense and (the Stars) were able to take the ball inside against us."

Reynolds said the team also had trouble getting the ball to its "money people." (Matthias and Meeks).

The Pacers ended their season with a 14-15 record.

* * * * * * * * * * *

In other PBJC sports, the Pacer baseball team had a 14-5 record going into its first conference game against Edison CC this past Saturday.

The team will play two more conference games against Broward CC this week: one at Broward tomorrow (Tuesday), and one here on Wednesday, beginning at 3 p.m.

As of Monday Report deadline, the men's and women's tennis teams were also doing well. After both teams beat Indian River 5-4 last Thursday,the Lady Pacers were undefeated (8-0) and the men had a 4-2 record.

The softball team, 1985 national champs, have picked up where they left off last June. The Lady Pacers (11-1) defeated Miami-Dade North in a double-header last Wednesday, 4-3 and 1-0. The team was scheduled to play in a tournament at Lake City Saturday and Sunday.

Personals . . .

Congratulations to Alessandra Gieffers of North Campus who won first place purchase prize of $1,500 in the Wellington Regional Medical Center Painting Competition. Very active in art circles, Gieffers will be a judge at the "Festival of the Arts" sponsored by the Northern Palm Beach County Chamber of Commerce on March 2 at North Palm Beach Country Club.

Since January 11, the president's staff has been sharing a life and death drama with Dr. Eissey, and as this is written, everything looks good for an upbeat ending. Doctors attending Dr. Eissey's daughter-in-law determined that premature birth of her child was necessary to preserve her life. The son, promptly named Edward Michael Eissey, III, weighed in at 1 pound 11 ounces, and was only 12 inches long. Even with today's medical knowledge, this is very small, but "The Third" turned out to be a real fighter. We are very happy to report that by last week he had gained to 3 pounds 1 ounce, was 15-3/4" long, and was officially off the endangered list.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 15 March 10, 1986

For Cash And Awards

Computer Tournament Begins Next Week

Top business and engineering students from Florida's 28 community colleges will vie for cash prizes and awards in the Third Annual Florida Community College Computer Tournament to be hosted by Palm Beach Junior College March 20-22.

The tourney will include two types of competition: a written examination and a machine (programming) portion.

The comprehensive exam will be composed of questions drawn from computer history, terminology, components, functions and state-of-the-art applications.

For the machine portion, a committee of leaders and professionals from the area high tech firms have designed and selected problems that will test the students' abilities to use micrcomputers in business, scientific and industrial applications. Contestants will have three hours to complete the programming section, using Tandy 1000 microcomputers supplied by Tandy Corporation.

"The purpose of this tournament is to recognize the excellence of data processing and computer science curricula of the state community college system, and to give students an opportunity to demonstrate skills and expertise in a competitive atmosphere," said Terry Shoultes, coordinator for instructional computing.

He said each community college was invited to send a team of four, plus one advisor.

The overall winning team will receive a trophy for the school, which will rotate with each contest. In addition, the college and each team member will receive plaques declaring them the 1986 computer tournament champs.

The first, second and third place winners of the written test, business application programming competition, and the

Cont'd on P 2

22 Sections Meeting In New Express Term

As this is written--halfway through the first day of classes in our second Express Term--22 of the 37 course offerings remain open, and will be meeting as scheduled.

Thirteen of the 14 courses offered at Central are meeting. Six of the 16 offered at North, two of the six at South, and the one class offered at Glades will be meeting.

The total of 22 sections compares very favorably with the 16 sections that "made" in our first attempt last October.

The gain in number of sections, however, was largely due to the fact that five sections at Central and one at North are individually taught, so that the section would "make" with any number of students.

Keeping that factor in mind, it is probable that this Express Term will just about equal our first one in number of FTE generated.

If so, it will be a surprising and pleasing development. There were no advertising funds spent for this term, and the amount of activity generated on campus was smaller than in October.

One marketing activity for this term that was not undertaken in October was a direct mail effort to all students who were enrolled in the Fall Term but not enrolled in the Winter Term.

Cont'd on P 3

Metropolitan Health Plan Information

The Payroll Office is in the process of distributing the recently received Metropolitan Insurance booklets which explain health and life insurance. Please note that this booklet should be retained by all budgeted full-time personnel even if only your life insurance is being carried through Metropolitan. Those personnel who have the Gulfstream Plan should retain this Metropolitan booklet for life insurance and the Gulfstream HMO booklet for health coverage.

Those personnel who have the Metropolitan Health Plan should be aware that if an insured person is scheduled for a non-emergency hospitalization, it is necessary for the admitting doctor to file a Pre-Admission Review Form at least two weeks prior to a scheduled admission. These forms are available from Metropolitan or in the Personnel Office. In the event that a non-emergency priority admission is scheduled less than two weeks before admission, the admitting doctor should contact the insurance company at (800) 752-7850. Completed forms should be sent to: Metropolitan Life Insurance Co., Medical Action Center, Sunset Executive Center, 858 Sunset Dr., Suite 35, Miami, FL 33143.

If an insured person is hospitalized for non-emergency reasons, and does not file the Pre-Admission Review Form, a 50% coinsurance rate will be paid after a $100 deductible rather than the 80% or 90% coinsurance rate which is applicable to most hospitalizations and surgical procedures. Those insured persons admitted to the hospital as inpatients, who have been properly certified, will have 90% coinsurance for covered expenses if they use one of three designated hospitals (Bethesda, Good Samaritan or Everglades) and a designated doctor. The designated listing of doctors is available at the Personnel Office and the Campus Provost's Office. Those insured persons who are properly certified in advance, but who receive treatment other than indicated above, will be paid at an 80% coinsurance rate for covered expenses.

Please feel free to contact the Personnel Office if you need further information on this subject.
...Joseph M. Schneider

Lifestyle Series Looks At Interesting People

What do a ladies apparel shop owner, a singing radio announcer, an artist, an actress/writer, an administrator, and Palm Beach County's 1985 Volunteer Teacher of the Year have in common?

They are all retirees, and will be presentors in the final session of "Lifestyle," a series of seminars for enhancing quality of life in later years that is sponsored by the Palm Beach Junior College Continuing Education Division.

The last session is appropriately entitled "Interesting People Doing Interesting Things." Previous segments have focused on creativity, rediscovering conversation, memory improvement, personal finance, and other topics. The last meeting is different from the others because the presentations will be made by members of the audience's own peer group.

"I thought we ought to close the series with a bang--with actual people doing actual things," said Ed Palmer, moderator. "The young-old these days want to be in the game, to be active. This program will present some examples of people who are."

The session will be held Tuesday, March 18 from 2-4 p.m. in AH 101 at PBJC Central.

For more information, call John Townsend at 8161.

Computer Tournament (cont'd from P 1)

scientific application programming competition, will each receive cash awards of $100, $50, and $25 respectively.

The contest will be co-sponsored by WJNO-Radio, who will cover the event with live interviews and extensive reporting of the results, according to Shoultes.

"PBJC is also grateful to Pratt & Whitney for their support of the tournament," he said.

Same Old Story: Neglect, More Expense, Less Funding Than Others

The lead story in the Department of Education's Monday Report last week was on the Governor's budget. It is reproduced below as an example of official neglect of the Community College system. Note than there is not one word about salaries for community colleges. Indeed, there is not one word about community colleges.

The details of the governor's budget show a much smaller increase for community colleges than any other segment. For K-12, an increase of $387 million, for Universities, an increase of $53.8 million. For community colleges, with about twice the number of students as universities, less than half the increase--$21.7 million.

We keep getting further behind. Even on a percentage basis, where the smaller base amount usually looks good, the increases are K-12--12.9 percent, Universities--7.2 percent, Community Colleges--6.1 percent.

A letter from Clark Maxwell to the House and Senate details increases in insurance premiums from $2.9 million to $6.2 million and asks that this extraordinary increase in expenses be funded as a cost to continue present activity. By the way, liability dropped in the new coverage from $5 million to $800,000. Apparently, nobody is writing more than $800,000.

GOVERNOR SEEKS INCREASE IN FUNDING FOR EDUCATION FOR 1986-87

Gov. Bob Graham has outlined a $15.9 billion state budget for Florida for 1986-87 which calls for an increase in funding for public education. He is asking $5.4 billion or 33.7 percent of the entire budget for education. Education increases include $26.1 million for various improvements in the State University System, including upgrading libraries and increasing minority assistance; $20 million for university faculty salaries in an effort to put them in the upper quartile; $53.8 million in general revenue and $62 million in local property taxes (0.2 mill increase) to accommodate a growth of 51,350 students in public schools, $11.6 million for a statewide minimum starting salary of $18,000 for public schools teachers. To help finance university funding, an increase averaging $75 in undergraduate tuition annually is asked.

Correction

In last week's Monday Report, Sen. Betty Castor and Rep. Jon Mills were listed as chairmen of the Senate and House Appropriations Committee. Actually, both are chairmen of subcommittees dealing with educational appropriations. Castor is chairman of Subcommittee B of the Senate Appropriations Committee. Mills is chairman of Subcommittee III of the House Appropriations Committee.

The Insurance Rate Crisis

Two public forums on "The Insurance Rate Crisis: A Viable Solution" which will feature a representative from Insurance Commissioner Bill Gunter's office, will be held at PBJC later this month.

Barney Bishop will speak Monday, March 17 from 7-9 p.m. in the Burt Reynolds Student Center at PBJC North, and on Tuesday, March 18 from 8-10 p.m. in AH 101 at PBJC Central.

The program is being sponsored by the PBJC Early Childhood Education Advisory Committee, but anyone is invited to attend, according to Buddie Brenner, chairperson.

Brenner said the forum will outline Commissioner Gunter's cost containment bill and what it would mean to people in high-risk professions. For information, call Celeste Beck at 8162.

Express Term (cont'd from P 1)

It will be possible to determine at a later date how effective this technique was.

Senior citizen registration is set for today, so any real analysis of results must wait until next week.

Erin Brandy, Joan Holcomb, and Sarah Kern of PBJC North have agreed to act as judges for the Teaching Excellence Project sponsored by the Economic Council of Palm Beach County. The judging takes place March 19 at 9 a.m. in the Hyatt, and we would like to commend Erin, Joan, and Sarah for their community involvement.

Announcements . . .

The annual College Auction takes place Tuesday, Mar. 11. Surplus and salvage items will be sold to the highest bidder, starting at 9:30 a.m. in the physical plant area. Call Purchasing for additional information. ...Dick Jones

Instructors/Administrators/Staff: Please advise your classes that the Graduating Sophomore Scholarship application deadline has been extended to Mar. 20 to allow more students to apply. Applications are available in the Student Financial Aid Office of the various campuses for those graduating from PBJC in Fall, Winter, Spring, or Summer Term '85-86, maintaining a 3.0 or better GPA, and planning to transfer to upper division to further their educational goals. Approximately 30-40 scholarships are available ranging from $100 to $2000. ...M. Davis

On Friday, March 14, Pamela Dry from the Office of Undergraduate Admissions will set up in the cafeteria from 9:30 a.m. until 1 p.m. to meet with any students who are interested in transferring to FSU. ...Gail Tomei

The Palm Beach County Kidney Association will offer free kidney screenings at three PBJC campuses according to the following schedule: PBJC Central, Mar. 10 and 11, 9AM-3PM. PBJC North, Mar. 12, 9AM-2PM. PBJC Glades, Mar. 13, 10AM-2PM. For additional information, contact Mary Cannon at ext. 8066 or 969-2225. The public is invited to participate in the testing.

Representative Betty Easley, candidate for Commissioner of Education and member of the Florida Legislature, will be visiting PBJC North on Wednesday, Mar. 12, 9:30-10:30 a.m. in Rm. 101 of the LLRC Building. All students, faculty, staff, and community members are invited to attend. This is our opportunity to let her know the funding needs of Community Colleges, so please try to attend.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT:

Volume VIII, Number 16

March 17, 1986

Drug/Alcohol Awareness Week

Events To Focus On Dangers Of Booze, Drugs

The symptoms and dangers of chemical dependency will be highlighted during special activities planned for the observance of "Drug and Alcohol Awareness Week" March 17-21 at Palm Beach Junior College.

Commissioner of Education Candidates At PBJC

As the race for the Commissioner of Education heats up, the candidates are stopping at PBJC with increasing frequency.

Last Wednesday, State Rep. Betty Easley (R-Pinellas County) visited PBJC North and spoke to a crowd of about 75, including a political science and college prep class.

According to Dr. Sarah Pappas, Rep. Easley seemed very supportive of the community college system. A 14-year member of the State House of Representatives, she has served on several major appropriations committees, has been named the 1985 Legislator of the Year by the Republican Party, and has won awards of appreciation for the last four years from the Florida Association of Community Colleges.

But she told the crowd to be realistic.

"The community colleges face an uphill battle in their fight for more funding," she said.

She pledged to do all she could to help Florida's 28 community colleges.

Ironically, the front runner in this race is also named Betty: Betty Castor, She will speak at PBJC Central next Monday (March 24).

Please see the enclosed flyer for further details.

The week will kick-off with an appearance by a local disc jockey (Kevin Kitchens of WFMF), who will urge students to sign pledges stating they will abstain from alcohol for the week. He will also interview students about alcohol and drug-related issues.

The Palm Beach County Sheriff's Office will bring the BAT mobile to show students and the general public how Blood Alcohol Concentration is measured.

Other events for the week include:

Tuesday, March 18, 10:50 a.m. to 12:20 p.m., AH Lecture Hall--"Drinking and Driving: A Deadly Mix" (panel presentation) featuring Jack McCann, manager of Traffic Division, Broward County; Marcia Grobman, director of traffic safety, Palm Beach County; and Anne Hilf, program director, DWI and Substance Abuse Program.

Wednesday, March 19, 8:40-9:40 a.m., AH 201--"CHOICES" (a movie developed by BACCHUS), with discussion following led by Lori Hunter and Nancy Layman, PBJC Student Affairs Office.

Thursday, March 20, 9:10-10:40 a.m., AH 201 "Everything You've Ever Wanted to Know About Alcoholism" (panel) featuring Robert Carton, counselor with the Center for Family Counseling, and Robert Bozzone, executive director, Comprehensive Alcohol Rehabilitation Program, Inc.

Thursday, March 20, 10:50 a.m.-12:20 p.m., AH 201--"Everything You've Ever Wanted to Know About Drug Abuse" (panel) featuring Ronald Catanzaro, executive director of the Palm Beach Institute and Terry Miles, a student and recovered drug addict.

Cont'd on P 2

Annual Culinary Arts Competition At Mall

Student cooks and chefs will compete for awards in 15 categories in the Fifth Annual Culinary Arts Competition to be hosted by Palm Beach Junior College Thursday, Mar. 20 at the Boynton Beach Mall.

The contestants will include students from three divisions--high school, vocational/community college, and chef apprentice.

The project categories in which they will compete range from novelty cakes to seafood and meat specialties. Each will be judged by a panel of critics from the culinary profession.

The student from each division showing the greatest promise in the culinary field will receive a trophy, and the first three runners-up in each division will be awarded medallions.

The judging will be held from noon to 3 p.m., and the awards ceremony is set for 7:30 p.m. The exhibits will be displayed from 10 a.m. to 8:30 p.m. Call Celeste Beck at 8162 for further information.

Trustees Consider Architect Selection

Palm Beach Junior College trustees will consider a request to change their method of architect selection for the Performing Arts Center at the March meeting of the board, Wednesday, Mar. 19, 7:30 p.m. in Conference C at PBJC Central.

Paul S. Beard, Managing Director of the Palm Beach County Center for the Performing Arts, Inc., has requested a revision of criteria usually used by the board in the selection of architects to suit the unusual circumstances of the Performing Arts Center.

Also on the agenda is a request to the Office of Educational Facilities of the Department of Education for a plant site inspection of the property for the Performing Arts Center.

Many of the 13 pages of Personnel Items to be considered by the board are routine reappointments of teachers for 1986-87. Three veteran teachers, hwoever, are retiring: Gordon Kramer and Joseph Lesko on June 18 and Floyd Becherer on May 5.

A tour of the PBJC Central Library to view the computerized systems in use there has been scheduled for the board prior to the meeting, beginning at 7 p.m.

Women's Tennis Team Conference Showdown

The PBJC women's tennis team continues undefeated and ranked no. 1 in the nation by NJCAA national rankings.

The PBJC family is invited to come and support their team this Thursday, Mar. 20 at 2 p.m. at the Central Campus tennis courts when the Lady Pacers will be attempting to win the Southern Conference Title by defeating their arch rival, Indian River Community College.

This match will in all likelihood also determine the PBJC seedings in the state tournament which will be played in Tampa on Apr. 9-12. ...Frank Mossadeghi

Computer Contest Times

PBJC will host the Florida Community College Computer Tournament Mar. 20-22 at Central Campus. The tourney will begin with a written examination Friday at 10:30 a.m. in AH 101, progress to a three-hour programming portion at 1 p.m. in the Gym, and will conclude Saturday morning.

An awards banquet will be held in the Hospitality Management Dining Room at 1 p.m. Saturday.

Awareness Week (cont'd from P 1)

All activities during the week are free and open to the public.

For more information, call Lori Hunter at Central Campus, 439-8182.

Governor's Budget Is Worse Than We Thought

Last week, the Monday Report article in this same space gave some early diagnosis of the Governor's proposed budget. Upon closer examination, and getting some more detail, the budget is even worse than we thought last week.

Because there was a decrease in one section we were unaware of last week, the percentage increase for Community Colleges drops to 4.86 percent as opposed to a 9.37 percent increase for universities. A chart is reproduced below.

Comparative Impact of
Governor's 1986/87 Budget

	Community College System	University System
Estimated Expenditures 1985/86	$444,991,556	$629,824,658
Upper Quartile Increase	+ 6,587,763	+ 17,477,453
Workload or Program Enhancement	- 7,245,971	+ 20,800,000
Cost to Continue and Other Adjustments	+22,290,457	+ 20,706,867
Recommended for 1986/87	466,623,805	688,809,068
Increase	$ 21,632,249	$ 58,984,410
Percent Increase	4.86%	9.37%
Other Information		
Dollars per FTE 1985/86	$ 2,673	$ 5,567
Dollars per FTE 1986/87	2,791	6,103
Increase	118	536
Percent Increase	4.41%	9.63%

Following is a reprint of a letter to the editor of the Sun Sentinel, printed in the Sunday, March 9 edition. We don't know what prompted this letter, but we are very glad to see it.

Resents Being Forced To Beg For Pay Boost

I am a faculty member of Palm Beach Junior College. While I thoroughly support the 20 percent monetary raise over two years pledged to K-12 public school teachers, I resent the fact that I have to not only write this letter but beg for any monetary raise over the past two years. I am a good teacher and enjoy my work, but it is difficult to work in conditions where morale is low and bills are high.

Colleagues are leaving to go into hospital and public school jobs where salaries average $10,000 more per year.

Doesn't the public want quality educators for their children in post-secondary education? Don't the senior citizens want programs to enhance their knowledge and fill their days? Gifted public school students and other groups such as nurses, paramedics and police officers also use PBJC facilities. Can't something be done about this crisis?

Phyllis Leapman, RN, MA
Senior Instructor,
Nursing Facility, PBJC

Announcements

Dr. Eissey will have the chance to tell the PBJC story to members of the Palm Beach Gardens Chamber of Commerce, thanks to Southern Bell. The phone utility is sponsoring a special coffee on "How and Why Palm Beach Junior College Needs Your Help" Tuesday, Mar. 25 at 8 a.m. at the Burt Reynolds Student Center at PBJC North.

The following classified positions are open:
Accounting Clerk I (South): Salary grade A18, $873.06/month
Clerk Typist I part-time (North): Salary grade A16, $5.48/hour
Custodian (Bookstore): Salary grade B16, $949.70/month
For more information, contact the Personnel Coordinator.

PBJC MONDAY REPORT

Volume VIII, Number 17 March 24, 1986

Spanish River, Atlantic

Brain Bowlers Win Scholarships

Spanish River beat Atlantic 285-160 in the final round of the High School Brain Bowl last Thursday at PBJC Central, capturing first place and winning two year scholarships to PBJC for each of its team members.

But Atlantic didn't lose. As runners-up, each team member will get a one-year scholarship to PBJC.

Spanish River's team included Apurva Bhansali, Mala Gaonkar, Bruce Kassover, and Eric Lubitz.

Atlantic's team members were Luis Bustamante, Harvey Oyer, Eric Tscheschlok, and captain John Townsend, Jr. (If that name sounds familiar, you're right. He is the son of John Townsend, a continuing education counselor at Central campus).

Ironically, there was another PBJC employee who had a son in the tournament. Peter Betz, son of Vincent Betz (a communications faculty member) was captain of the Santaluces team.

When Atlantic played Santaluces in the quarter final, both fathers sat at the back of the room, keeping tally.

"We shook hands before the match," Betz said.

The game was a close one, interrupted toward the end by a dispute over one of the questions. When the disagreement was resolved 20 minutes later, the teams played an extra two minutes, and Atlantic edged Santaluces 200-185.

Atlantic then beat Jupiter 320-130 in the semi-finals to face Spanish River, which had a bye.

The other teams in the tournament included Benjamin, Lake Worth, Suncoast, Forest Hill, John I. Leonard and Twin Lakes.

If any winner chooses not to attend PBJC, the scholarship will be offered to a

Performing Arts Center Has $30 Million Assured

The last major barrier to erection of the Raymond F. Kravis Performing Arts Center at Palm Beach Junior College has fallen, according to Alex Dreyfoos, board chairman of the Palm Beach County Center for the Arts, Inc., and the man who ought to know.

Explaining to trustees of the college that he was late to their meeting for a good cause, Dreyfoos said he had spent a successful day in fund raising for the Center, "and we now have $10 million dollars."

The Center had already been assured of $10 million from the county and $10 million from the state, contingent on the raising of $10 million from the public. Dreyfoos and the Center for the Arts, Inc., still have a major task of raising $5 million for an operating fund endowment, but this is a self-imposed task.

Dreyfoos spoke to the trustees supporting a request from Paul S. Beard, Managing Director of the Council of the Arts, Inc., for a relaxation of the customary procedures for selection of architects used by the board.

The trustees granted this request and also took two other steps in regard to the Center: Amending the Project Priority List, and requesting a plant site inspection by the State Department of Education.

Cont'd on P 3

It Is Imperative That We Take Action

Reporting to the Board of Trustees on recent actions by the administration to try to do something about the funding situation at the college, Dr. Eissey told the college personnel at Wednesday's board meeting that it is "imperative" that they take some action on their own, and encourage faculty and other college personnel to do likewise.

"It won't do to sit back and let Ed do it," Dr. Eissey said. "I cannot do it alone."

He said the latest news from Tallahassee is that Senate committee members are proposing a 2.8 percent increase for community colleges next year.

"That's not enough to keep pace with the rising cost of insurance and other inflation," Dr. Eissey said. "It will definitely not fund any salary increase."

Dr. Eissey gave the board the following list of actions taken in recent weeks:

Met three times with the Palm Beach County Legislative Delegation; in a workshop at the College, at a formal legislative workshop and individual meetings.

Had breakfasts or lunches with the Blue Ribbon Lay Citizens committees on each of the four campuses.

Met with the editorial boards of all daily newspapers seeking their support.

Meeting with the faculty on all four campuses to get their involvement and support.

Meeting with fourteen Chambers of Commerce to obtain resolutions in support of community college appropriations.

Met with the Chief Executive Officers of major industries in the community.

Appeared before Senate Sub Committee "B" to report the crises in salary needs.

The Cambridge Experience

David Buck, a representative of the International Summer School at Cambridge University, will visit Palm Beach Junior College Tuesday, April 2.

He will be presenting a slide show and answering questions about the summer school in Room 113 of the Business Administration building in two sessions, 1:30-3 p.m., and 7:30- 9 p.m.

PBJC is offering the Cambridge experience again this summer as a credit or non-credit course for three or six credits. It is important to note that these courses can count toward recency of credit for faculty members.

Credit is also available through Florida Atlantic University or Florida International University.

There are two sessions of the International Summer School in 1986. Term I is from July 7 to Aug. 1. Term II is Aug. 3 to Aug. 16. In addition, there is an English Literature Summer School from July 6 to July 26.

Additional information may be obtained from Jewell Sterling or Dr. Hugh Albee.

Announcements

TOUR EUROPE'S FASHION CAPITALS....LONDON, PARIS, MILAN--Offered in cooperation with the International Education program, this specially-planned tour will cover not only exciting fashion industry, but also the historic sites and museums in each city. Interested applicants should contact the Director of Personnel. ...J.M.Schneider

International Festival Set For April 11-13

Belly dancers, Scottish bag pipe players, a Ukrainian bandura player, and horse shows will be just some of the free entertainment scheduled during the Fifth Annual International Festival, Saturday and Sunday, April 11-13 at Palm Beach Junior College Central.

The program will officially open with a ceremony and parade of flags at 8 p.m. on Friday (although there will be food served and some entertainment and arts and crafts displays beginning at 1 p.m.)

"We've invited various state and local officials from each of the county's municipalities to participate in our grand opening," said John Townsend, program coordinator. "The presidents of the ethnic groups will each wear the native dress of his or her country, and walk in carrying their native country's flag."

The festival is sponsored by the PBJC Center for Multicultural Affairs. For more information, call John Townsend at 439-8013.

Honest George Wins After All

Last November, "Honest George" Matsoukas suffered a stunning loss in the race for Second Vice President of FACC.

But now it turns out, he will hold the office after all.

Recently, George was contacted by an FACC officer who informed him that the second vice-president who took office in January had to resign for personal reasons. George was offered the position, and he accepted.

"In this position, I will chair five standing committees...legislative, by-laws, membership service, retirement, and planning and development," he said. "I'll also be a member of the Executive Committee, managing and making suggestions to the executive director."

Monte's Back In Town

Monte Markham, a 1955 graduate of PBJC who went on to become a successful actor on Broadway and in movies and television, will visit PBJC Central today (March 24) to speak to several Literature and Drama classes.

"Monte is currently starring with Sue Ane Langdon in "Alone Together" at the Burt Reynolds Dinner Theatre," said Watson B. Duncan, III, a former teacher of Markham's.

The classes will convene at 11 a.m. in the SAC Lounge. Anyone from the college is invited to sit in on the session, Duncan said.

Brain Bowl (cont'd from P 1)

talented student with a 3.0 grade point average to be selected by the principal or his appointee, according to Dr. Melvin Haynes, vice president of student affairs.

The winners, their parents and school principals will be invited to the April meeting of the PBJC Board of Trustees to receive the scholarships, Haynes said.

Arts Center (cont'd from P 1)

In approving Personnel matters, the board noted the retirement of three veteran teachers: Floyd Becherer, Gordon Kramer and Joseph Lesko. Dr. Eissey said the three had served the college for a total of 76 years.

The Art faculty at PBJC North (Alessandra Gieffers and adjunct instructors Dora Strouthers and Marcia Gavrin) is presenting its First Design and Drawing Exhibit. The event is scheduled for Tuesday and Wednesday, Mar. 25 and 26, 8AM-2PM and 6:30-9:30PM at the Burt Reynolds Student Center. All students, faculty, and staff are invited to attend.

Once again, it is time to make nominations for the FACC Faculty Commission (Red Schoolhouse) award. All full-time faculty in public community/junior colleges in Florida, FACC members, are eligible. Nominations must be made on an official FACC form. Deadline is June 1, 1986. Nominations should be coordinated with the Vice President of Acade ic Affairs and the FACC Chapter President, Alize Zacherl. For further information, contact Dr. Patricia Dyer at 8078.

The following classified positions are open:
Accounting Clerk I (South) Salary Grade A18, $873.06/month
Clerk Typist I (South) 210-day position, Salary grade A16, $8,054/year
Custodian (North) 228-day position, Salary grade B16, $9,993/year
Data Equipment Operator/Clerk I (part-time) Student Affairs/Placement, Salary grade A 17, $5.62/hour
Cashier, part-time, on call (South) Salary grade A09, $4.60/hour
Security Guard (Physical Plant) Salary grade B18, $997.78/month
Interested applicants should contact the Personnel Department. ...A. Johnson

ATTENTION EMPLOYEES: New membership discount cards from Six Flags Atlantis are available in the Personnel Office. ...A. Johnson

Because of the holiday on Friday, the Mond Report deadline for the issue of Mar. 31 will be Wednesday, 12 noon.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number 18

March 31, 1986

'Stepchildren Of The System'

Castor Supports Community College Funding

Senator Betty Castor (D-Tampa) told Palm Beach Junior College administrators and faculty last Monday that she would do everything in her power to help community colleges as much as possible.

The legislator, who is a front runner in the race for Commissioner of Education, is presently chairman of Subcommittee B of the Senate Appropriations Committee. She visited PBJC Central as part of a campaign tour which also included a stop at Twin Lakes High School.

"Florida has a very accountable school system on the whole. We're doing good things," she said. "But community colleges have been the stepchildren of the system."

She said the colleges need a formula for funding that would address student enrollment, and recognize the higher costs involved with part-time students and vocational programs.

"At one time, community colleges were funded by some formula, but then it was decided lump sum funding would be more appropriate," Castor said. "This is no longer true... lump sum funding hasn't worked in recent years."

She also said she would work for "more equity within the community college system." In recent years, some community colleges had drastic drops in enrollment, and yet were able to receive funding equal to the previous year despite the lower student numbers.

"This penalized the colleges such as PBJC, Manatee and Tallahassee, which had held steady enrollments," she said.

It is no secret that Florida is one of the fastest growing states in the country. According to the Senator, this state is second only to California in terms of school enrollments. And the second fastest growing segment of Florida's population is kindergarten-age children.

Markham Shares Acting Experiences

Monte Markham is a charming, intelligent and witty man who happens to make his living as an actor on Broadway, in films and on television.

The PBJC graduate of 1955 and Watson B. Duncan, III protege is in town to star with Sue Ane Langdon in "Alone Together" at the Burt Reynolds Dinner Theatre, and last Monday he paid a visit to PBJC Central to share his experiences with drama and literature students.

He was lavish in his praise of Duncan and PBJC: "When I came to PBJC, I was very ordinary. I found a whole world of possibilities here."

He became involved with Phi Theta Kappa and other organizations, was a scholar, and helped to build PBJC's drama department.

"One of my first days on campus, Duncan stopped me in the hallway and asked me to try out for the school play, 'The Man,' " he said. "I'd never acted before in my life and this was a very psychological play."

He got the lead, playing opposite Terry Gerrity (an alumna who later became a well-known author). After that, he knew that he wanted to be an actor.

"If I hadn't come here (PBJC), I would probably be practicing law somewhere

6:30 Arco Iris--Mexican-Puerto Rican dancers and Francisco Vallanveva 8:00 Troupe El Hiyat

For further information about the festival, please call John Townsend at 439-8013.

Registration For Spring/Summer Terms

Instructors: Please announce early registration to all classes. Currently enrolled students may register for Spring/Summer courses April 1-4. The registration appointments are as follows:

Registration Dates	Accumulated Semester Hours
April 1	Spring and Summer Graduates 9-12 noon 50 semester hours and up 12-3 p.m.
April 2	30 semester hours and up
April 3	20 semester hours and up
April 4	Any currently enrolled student

Fees must be paid for Spring Term by April 22, and for Summer Term by May 20. ...C. Graham

Traveling Theatre Troupe

This is an open invitation to all students, faculty, staff, and administrators. The Traveling Theatre Troupe (the triple "T"), under the direction of Sunny Meyer, will give a special preview performance for everyone at PBJC before going on tour of local high schools.

This group of 20 PBJC theatre students has assembled a collage of scenes and skits depicting the various theatre courses offered at the college.

Our purpose is to acquaint area high school students with our Theatre Department and encourage them to become students in our new theatre.

Preview performance will be Thursday, April 3 at 11 a.m. in front of the Administration building by the lawn. Please come and encourage our Triple"T" group. We want you there.

...Sunny Meyer

St. Pete Places First In Computer Contest

Seventy-five students from 19 teams across the state participated in the Third Annual Florida Community College Computer Contest held March 20-22 at PBJC Central.

First place overall, and first place in both the business and science programming portions went to St. Petersburg JC, while Manatee CC placed first in the written exam portion. (PBJC North placed ninth).

St. Pete team members each received $200 and a plaque, and MCC team members were each awarded $100 and a plaque, according to Terry Shoultes.

"The contest was outstanding. Everything that was supposed to be done was done," he said. "I appreciate the cooperation we received from the Physical Plant and the support of the Administration. A special thanks go to Nancy Cherry and Bob Moss."

International Trade Courses

Entrepreneurs who wish to enter the international trade game may learn techniques of exporting and importing in two courses offered by the Continuing Education Division in April.

"Building An Export Business" will be held Tuesdays, April 1-May 6 from 6-8 p.m. in AH 216.

The course will cover building a business with other people's money, discovering potential markets, selection of local representatives, and proper use of freight forwarders.

"Domestic Marketing of Imports" will meet Wednesdays, April 2-May 7 from 6-8 p.m. in AH 209.

The course will cover various marketing techniques in depth: TV, direct mail, print media advertising, distributorships, etc.

Course instructor is Don Edelson. For more information, call 8013.

Announcement

The 49th annual meeting of the Gold Coast Federal Credit Union is set for Saturday, April 5 at the Helen Wilkes Hotel in West Palm Beach. The evening begins at 6 with cocktails, dinner at 7 and the meeting at 8; dancing will immediately follow. For ticket information, please contact any Gold Coast Credit Union branch.

Betty Castor (cont'd from P 1)

Therein lies part of the community college's problem.

"The K-12 system has active parent and teacher groups that number in the thousands, school boards and even student groups. The universities have strong alumni groups, she said. "But the community colleges are perceived as having no strong constituency."

"But you have done a better job this year than ever before in getting your story to the legislature," she added.

...Kateri Brunell

Monte Markham (cont'd from P 1)

or a captain or something in the service," he said.

After the young actor graduated, Duncan wrote many "long and impassioned letters" trying to get him a scholarship. Markham finally got a working scholarship to the University of Georgia; Duncan loaned him $100, his employer loaned him another, someone gave him an old car, and he went.

After graduating from Georgia, he went on to New York where he eventually made his Broadway debut with Debbie Reynolds in "Irene." Since then, he has starred in three TV series, done guest spots on countless others (including "Dallas" and "Murder, She Wrote"), and starred in various movies and plays.

When one student asked him if it was hard to get work as an actor, Markham replied: "The longer you're in the business, the harder it gets. But that's what Watson Duncan gave me. Because of him, I have no fear. I just get out there and do it. And I have the thirst for something better--whether it's directing or writing."

THIS Week . . .

Personals . . .

For those of you who have been following the progress of Dr. Eissey's grandson, Edward Michael Eissey, III, there was good news on March 19 at the trustee's meeting. Dr. Eissey said that "the third" had gained three pounds from his 1 pound, 11 ounce start, and had been allowed to go home with the proud parents that morning.

All members of the PBJC family wish to extend deepest condolences to Ray Daugherty and family on the recent loss of his father.

Personals (cont'd)

Sunny Meyer continues giving her slide/lecture/demonstrations of Kabuki Theatre around the county. Recently she performed for the Institute of Performing Arts and th Riverside Women's Club. Both groups were very enthusiastic in their response. Sunny also recently conducted a workshop in "Communicating is Living" for the advertising representatives of the Wellington Town Crier newspaper.

Ed Pugh has been reappointed to the Historical Commission by the Board of County Commissioners. His term expires January, 1988.

Kateri Brunell gave a workshop on "Communication Skills in the Workplace" at the meeting of the American Society of Women Accountants on March 26.

We would like to say congratulations to Aniwatana Sheurpukdi, Dottie D. Smith, Anne-Marie E. Sandy-Brown, Irene Groba, Humberto V. Esquivel and Yvette M. Cuadras. For their outstanding work here at PBJC, they have been granted Certificates of Achievement from the College Board's Talent Roster of Outstanding Minority Community College graduates. Their names will appear on a nationwide roster, along with their college's name. ...Henry Saulter

Announcements . . .

The PBJC Student Health Services and the Palm Beach County Kidney Association co-sponsored free kidney screening for 142 people at the Central, North and Glades campuses March 10-13. Referrals were made for 11 or 8% of those who had abnormal reading results. ...Mary Cannon

Luncheon will be served on Tuesday, Apr. 1 from 11:30-12 noon in the Food Service Dining Room. It is open to the public at $3.50 plus dessert and beverage. ...C. Beck

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT:

Volume VIII, Number 19 April 7, 1986

Alumni Architects Plan Event

Hardhat Reception/Tour Of Theatre April 19

Four Palm Beach Junior College alumni who are architects have proved they can plan beautiful events as well as beautiful buildings. A hardhat reception and tour of the new Watson B. Duncan, III Theatre has been set for Sunday, April 19 from 6-7 p.m., and was coordinated by the Development Office with input from the former students: Jim Anstis, John Marion, William Upthegrove, and Ken Spina.

"Mr. Spina will act as master of ceremonies, and he will also explain the 50th anniverary monument," said George Matsoukas, assitant director of development.

The program will also include a keynote address by Richard B. Burk, circuit judge of the 15th Judicial Court (and former attorney for the Board of Trustees), as well as an invocation by alumnus Winston Dodge and greetings by Dr. Eissey and Dean Paul J. Glynn.

Tours of the theatre will be conducted by Reuben Hale, art department chairman, Art Musto, communications faculty member, Tom Stets of the physical plant, and architects Paul Twitty and Bill Krzaczek.

"The architectural firm of Schwab and Twitty has donated the hardhats to symbolize that the theatre is still under construction," said Nancy Cherry, development director. "This reception is to honor all of our former students who now work in the building trades."

Following the reception, there will be a banquet for all PBJC alumni in the Hospitality Management Dining Room.

"The guests will be able to park in the dining room parking lot, take 'Lolly the Trolly' (the Lake Worth Trolley) over to the theatre. When they've finished, the trolley will take them back to the banquet," Cherry said.

About 1500 alumni (all those on the

Sculpture Exhibit Begins With Reception

An exhibition of the sculpture of Hans Van De Bovenkamp at Palm Beach Junior College North will open with a reception for the artist, Friday, April 11, 5-7 p.m., in the Burt Reynolds Student Center.

The exhibit has been arranged through the Committee For Art In Palm Beach County, Inc., which is jointly hosting the occasion with the college.

Bovenkamp is from New York State, but is now represented by Moosart Gallery in Miami.

Born in the Netherlands in 1938, Bovenkamp studied at the Amsterdam School of Art and at the University of Michigan at Ann Arbor.

His work has been commissioned by 30 businesses and corporations, and he has exhibited in galleries all over the United States.

Included in a long list of well-known persons to purchase his sculpture are Edward Albee, Mohammed Ali, Barbara Walters, Stevie Wonder, Helen Hayes and Joe Garagiola.

The works to be loaned to the college for an indefinite period will consist of seven pieces of large stainless steel and aluminum sculpture.

An invitation has been extended to all members of the Palm Beach

Workshop For Women Entrepreneurs

A workshop for "Women Entrepreneurs: Emerging and Established" will be held Friday, April 11 from 8:30 a.m. to 3:30 p.m, at the Royce Hotel in West Palm Beach.

The program will include sessions on going international (exporting and importing), sellin products and services to corporations and government agencies, stress management for small business owners, professional communication, and a presentation on future trends in Palm Beach County.

There will also be a session on "Tips from the Ol' Girl Network," which will feature a panel of local women business owners, and the luncheon speaker will be June Nichols, acting regional administrator of the U.S. Small Business Administration Southeast Regional Office in Atlanta.

The seminar is being sponsored by the PBJC Center for Continuing Education for Women, the National Association of Women Business Owners (Palm Beach County Chapter), FAU Small Business Development Center, Small Business Administration, and the Florida Department of Commerce.

The fee is $25 and includes luncheon, coffee breaks and materials. For registration information, call Toby Chabon at 8181 by today (Apr. 7).

DECA Conference In Atlanta

The Palm Beach Junior College Delta Epsilon Chi chapter of the Distributive Education Clubs of America (DECA) will leave April 28 for Atlanta to attend the 25th Annual Career Development Conference.

The conference will be held in the Atlanta Marriott Marquis April 30 to May 4, and over 2000 DECA members and advisors are expected to attend.

The following students attended the state conference in Miami on March 20-23 and will represent the state of Florida in the areas they won. They are:

Robert Wonyetye, first in hotel and motel; Rex Morgan, third in sales representative; Polly Rodrigues, fifth in restaurant marketing, and Rick Marguin, eighth in food marketing.

Also attending were Tina Hardman and Chris Young.

Susan Thompson is the club advisor and Ann Steckler is chairperson for the Business Department.

Delta Epsilon Chi is the only national student organization operating through the nation's schools to attract people to careers in marketing, merchandising, and management.

Its purposes are to develop a respect for education which will contribute to occupational competence and to promote understanding and appreciation for the responsibilities of citizenship in our free, competitive enterprise system.

The purpose of the National Career Development Conference is to provide worthwhile activities to assist students in career development as they prepare to be marketing and distribution leaders of tomorrow. There are 200 exciting activities throughout the conference, all planned and designed for this development.

Many of the sessions are prepared and conducted by the national student officers of Delta Epsilon Chi, who are assisted by other outstanding leaders from across the nation.

...S. Thompson

Theatre (cont'd from P 1)

development office's list) have been sent invitations, and many have sent in their $15 reservations.

If any PBJC alumnus did not receive an invitation and would like to attend, he or she should contact Nancy Cherry or George Matsoukas at 439-8073.

An Open Letter To The Faculty In Response To "Coffees With Ed"

In the November 25 Monday Report, I reported to the faculty on the concerns most often mentioned during the Fall Term "Coffee With Ed" meetings, together with a response from the appropriate administration official. I was actually following the procedure I have always followed, but going one step further and reporting to all faculty, rather than merely reporting to the faculty member who had voiced the concern.

Many of you have indicated that you were interested in the previous report, so I am taking this opportunity to inform you about faculty concerns expressed in the Winter Term series of meetings. Oddly enough, the number of concerns isolated in the Winter Term, (13), is exactly the same number of concerns we identified in the Fall Term. ***. . . Ed Eissey***

Item 1. Cleaning blackboards and erasers in classrooms - custodians are not doing this.

Response. I spoke with Mel Fields, Supervisor of Custodians and he assured me that this matter had been resolved with the custodial staff. In the event of further unsatisfactory service, faculty should report to their department chairman, being specific as to building and room number. Department chairs in turn can submit a work order to Physical Plant.

Item 2. Allied Health Building is not regulated properly. Some areas freeze up-other areas are hot.

Response. Thermostats in the building have been checked and are operating according to design. Office areas were not designed in the original contract to have individual temperature controls for each office. The rooms that have been overcooling have been a result of the original design of the system which specified a 5% constant air supply. Steps have been taken in an attempt to eliminate the overcooling problem.

Item 3. Put up signs on west side of campus (by Allied Health) stating faculty/staff parking only.

Response. "Faculty/Staff Parking Only" signs will be ordered and will be placed in this area when they are delivered. Security has been directed to patrol faculty and staff parking areas early in the morning and after lunch on a daily basis. It is also being recommended that the "fine" for parking violations in faculty/staff areas be increased.

Item 4. Ticketing cars which are parked in faculty spaces by Allied Health.

Response. Security Office has been instructed to place tickets on vehicles parked in faculty spaces throughout the campus. If faculty find this is not occurring, they should call the security office immediately and report any such violations. Note: As part of the fiscal cutback, personnel hours in the security office have been reduced, but adequate staff is available to handle the ticket violations.

Item 5. Social Science Building needs better lighting on both ends.

Response. Lighting recently has been replaced in the stairwells at both ends of the Social Science Building. New flourescent fixtures bave also been installed at each end of the Social Science Building on the first floor in the alcove areas.

Item 6. Light at the west door in Humanities Building.

Response. The light is in working order. Security and night custodian have been instructed to turn the light on each evening.

Item 7. Faculty names on Allied Health Building. Kay Drawdy, Room #212 and Phyllis Leapman, Room #214.

Response. Name identification inserts ordered 2/14/86. No requests for these two faculty members had been received prior to this time.

Item 8. Carpeting in Registrar's Office--coffee stains all over. Have signs "No Eating/Drinking in Building" made up and posted.

Response. Supervisor of custodians indicate that they have attempted to remove stains.

Comment. The signs were ordered 3/7/86, but staff housed in that building will have to enforce the information on the signs.

Item 9. Have insurance rates increased?

Response. Without knowing what type of insurance is being addressed, it is difficult to give a blanket answer to this question. College insurance carried through the State Junior College Insurance Consortium has increased drastically, and some coverages have been reduced and some coverage may not be available for the coming fiscal year. The increase has been so large for the Community College System that a special appropriation is being requested from the Legislature by the Division of Community Colleges to cover the increased costs.

Item 10. Metropolitan Insurance Company not responding to payment of bills--why?

Response. Problems have been discussed recently with Metropolitan. Arrangements have been made to re-bid our health and life insurance.

Item 11. Science Room 133--A/C not accessible to teacher. Can key be made available?

Response. The thermostat controlling air in this room will be moved from the mechanical room where it is now located to the classroom where it is controlled. Therefore, a key will not be needed for the mechanical room.

Item 12. Salaries--what needs to be done? What is the administration doing to obtain higher salaries?

Response. In the Monday Report of March 24, a list of seven different areas in which the administration has been active and highly visible was detailed. This type of activity--speaking, obtaining resolutions of support, talking to legislators privately and in public meetings, writing letters, telephoning--is continuing on a daily basis. The meeting with Senator Betty Castor reported in the March 31 Monday Report is a notable example of such an effort that succeeded in getting our story to an important senator. Senator Castor said that our activity is the most successful support of the Community College system she has ever witnessed.

Item 13. What is the faculty doing to assist themselves in gaining a salary increase?

Response. We have seen one letter to the editor reproduced in two newspapers. We have heard of an effort to enlist students in the Nursing Department. Faculty joined in the reception for Sen. Castor. We hope there are many more efforts being planned.

Finding The Perfect Career

Exploring and finding the perfect career will be the focus of a week of free special activities to be sponsored by the Palm Beach Junior College Career Planning and Placement Center in April.

The week will begin with a "Career Planning Workshop" Monday, April 14, from 11 a.m. to noon and from noon to 1:10 p.m. in Allied Health Rm. 201 at PBJC Central.

The sessions will cover vocational personality assessment, values, abilities and resources available.

"Job Trends," a panel discussion, will be held Tuesday, April 15 from 9:10 to 10:40 a.m. in AH 201. The panel will include professionals from the fields of education, business, communications, social service, health and high technology.

Students will have the chance to learn about various business careers on Wednesday, April 16. At 11 a.m. in AH 201, a panel will discuss careers in insurance, small business management, advertising and hotel management; at 12:10 p.m., the real estate, retail marketing and banking fields will be covered.

A resume-writing and job interviewing workshop will be held Thursday, April 17, from 9-11 a.m. and 11 a.m. to 1 p.m. in the Student Activities Center, and on Friday, April 18, over 100 local employers will participate in a Job Fair from 9 a.m. to noon in the Student Activities Center.

The employers will set up booths to provide information on current openings and other company information.

"With this week of activities, we're trying to make students more aware of what's available in Palm Beach County," said Gail Tomei, coordinator. "We're trying to help them decide what to do with their lives, as well as acquaint them with the realities and trends of different careers."

The program is open to the general public, as well as students. For more information, call Gail Tomei at 439-8057.

Dr. Porter Visits Faculty

Dr. L. Kim Porter, Education Policy Analyst, Division of Community Colleges in Tallahassee, made presentations at faculty planning meetings at Central, North and South Campuses on March 27.

Porter emphasized the importance of process in moving the community cause forward to the state. He urged faculty and college employees to get personally involved with telephone calls and letters to legislators, especially during the next two weeks.

Finally, Porter reviewed the close interrelationships between the State Board of Community Colleges, the Council of Presidents, and FACC, commenting on the cohesive front these three entities make in Tallahassee.

FACC President Alice Zacherl remarked that Dr. Porter's visit was well received, and hoped there will be more co-sponsored college and FACC activities in the future.

REMINDER: The 1986 Modified Work Week begins Monday, May 5 and ends Thursday, Aug. 14, according to information recently sent to 12-month employees by the Personnel Office. The Monday through Thursday schedule for those on a 35 hour week is 7:30 to 4:45 (8 3/4 hours); 40 hour employees work 7:30 to 6 (10 hours). During this time, there is a one-half hour lunch break.

INTERNAL TRANSFER OF FACULTY POSITION. Interested Chemistry instructors are invited to request a transfer to the North Campus for the 1986-87 academic year. Please submit request to Joseph M. Schneider, Director of Personnel. The deadline date for requests is April 18, 1986. ...S. Carton

Annual physical inventory begins April 14 through Monday, May 5 as required by Florida statute. Two copies of the inventory printout will go to each department by April 14. A certified copy signed by the department chairperson is due in the Property Records Coordinator's office by 4PM May 5. Call 8148 if you find an item in your area that is not on your printout. This may be the very item someone else is looking for. Thank you. ...M.A. Reasner

REMINDER: Mark your calendars for this weekend, Apr. 11-13, as the Fifth Annual International Festival opens. The festivities officially begin Friday at 8PM, but some food and entertainment will be available starting at 1PM. The celebration continues Saturday and Sunday with lots of great ethnic food, entertainment, and arts and crafts on display.

Happy Birthday To . . .

4/08 Heddy Schlackman; Donna Harden 4/11 Susie Eldittion 4/12 Richard Yinger, Ric Zazzi, Richard Oleck 4/13 Easter Arora, Patricia Davis, Fred Occhipinti 4/14 Mary J. Still, Sharon Whitehead

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 20

April 14, 1986

Mrs. Elizabeth Wesley

New Trustee Appointed By Gov. Graham

An interested citizen, a community activist, a parent, a professional educator who is also black and female, Mrs. Elizabeth Wesley, has been appointed by Gov. Bob Graham to the Palm Beach Junior College Board of Trustees.

Pacesetters Perform On Central Campus

The PBJC Pacesetters, temporarily displaced because of the auditorium renovation, have not performed on campus for over a year.

This week, the group will be back at home. The popular pop/jazz singers and instrumentalists will give a concert Thursday, April 17 at 7:30 p.m. in the SAC Lounge at PBJC Central.

"Up until now, we've had to perform at private parties and gatherings in condos," said Pat Johnson, director. "We're still not sure whether or not the SAC Lounge will hold everyone, but it's the best we can do until the auditorium is finished."

Admission to the concert is free, and the general public is welcome.

After their show this Thursday, the Pacesetters will travel to Tallahassee to perform in the rotunda of the state capitol building as part of the Community College Week celebration which begins April 21.

For music lovers whose tastes lean more toward the classical, the PBJC Concert Choir will perform J.S. Bach's "Magnificat," Sunday, April 20 at 3:30 p.m. at St. Juliana's Catholic Church in West Palm Beach.

Featured soloists and performers will include Pat Johnson, soprano; Ronald Manning, tenor; Edward Palmer, bass;

Cont'd on P3

"Of course I am interested in black issues, and women's issues," Mrs. Wesley says," but as a trustee, I will not be an advocate for any one point of view.

"As a citizen who is deeply involved in this community, as a mother whose son is a graduate of PBJC, and as a professional educator of 26 years experience here, I know the importance of Palm Beach Junior College to this area," she says. "That is why I agreed to serve."

Mrs. Wesley, who is currently Project Manager for the Child Care Services Program of the Palm Beach County School Board, has been appointed to a four-year term.

She will fill the seat being vacated at the end of May by Mrs. Hisetta Dyson, who has served the college for two consecutive four year terms. A dinner honoring Mrs. Dyson is being planned for Thursday, May 15.

Mrs. Wesley, whose list of affiliations and community activities covers an entire page, and who has a list of honors of almost the same length, is a native Floridian. Her public school education was in DeFuniak Springs and Chipley. Her Bachelor's Degree is from Florida A & M, and her Master's from Florida Atlantic University.

In addition to having a son as a student at PBJC, Mrs. Wesley has worked with PBJC personnel on state education committees, has been an adjunct faculty member, and is currently on the Early Childhood Education Committee Advisory Board.

When confirmed by a vote of the state cabinet on May 6, Mrs. Wesley's appointment will become official as of June 1, the day after Mrs. Dyson's term ends.

Staffing The Word Processing Center

Within the past few months, a number of decisions have been made relative to having a Word Processing Center on the Central Campus which is expected eventually to serve all college locations. The Word Processing Center will have a "Leader, Word Processing Center," salary grade A20 and three word processors, salary grade A17.

The Word Processing Center will report to Dr. Erling, the Vice President of Planning and Information Systems.

As a result of the consolidation which is underway with departments being absorbed into divisions, the current message center staff will not be continued after June 30, 1986. It is generally expected that these personnel will either work as clerk typist II's for the division chairs or they will be transferred to the Word Processing Center as of July 1, 1986. It is also possible, of course, that some current message center personnel may seek transfers to other college positions.

Those personnel who are interested in transferring to the Word Processing Center are encouraged to complete a "Transfer Request Form" before April 25, 1986.

Please note that it is not essential that a person be a message center clerk to be considered for transfer to the Word Processing Center. However, the college hopes to be able to transfer all such personnel to a mutually acceptable position before the beginning of the next fiscal year. ...Joseph M. Schneider

PBJC South Instructor Exhibits At Northwood

Linda Summers, assistant professor at PBJC South, is among seven area photographers whose works are being showcased at Northwood Institute in West Palm Beach.

"Florida Focus III," a black-and-white photography exhibit, is showing now through April 18. It is the final art show of the 1985-86 season sponsored at Northwood.

"The film on which these pictures were taken is sensitized to light we can't see, infrared, but whose reality can't be denied," said Summers, adding that her work is an "important mix of illusion and reality." ...S. Mooney

"College Is Not Just For Kids"

PBJC North wants to show that "College is not Just for Kids."

That is why the college will sponsor a coffee for housewives and others over the traditional college age Tuesday, April 22 from 10-11:30 a.m. and from 7-8:30 p.m. in the Burt Reynolds Student Activity Center.

"Our teaching staff and counselors, as well as four of our older students, will be on hand to make 'going back to school' easy and fulfilling," said Dr. Sarah Pappas, PBJC North dean of instruction. "We're extending a special invitation to women who've perhaps had to postpone college to raise families.

"This will be their chance to learn about taking a few classes, earning a few credit hours, or finally finishing their college education," she added.

Although admission is free, reservations are required due to limited space. For reservations or more information, call Dr. Pappas at 622-2440, ext. 256.

Personals

We are happy to note that former Pacer Robby Thompson, in his first game this year playing second base for the San Francisco Giants, hit a double in the season opener against the Houston Astros. Thompson's team went on to victory, defeating the Astros 8-3.

Application Deadline April 21

Departments Become Divisions Next Academic Year

During the next academic year, a new organization structure will be implemented within Academic Affairs on the Central Campus. Under the new structure, departments will be consolidated into divisions and four separate divisions will be created with the following general responsibilities.

Division I - Business, Mathematics and Data Processing
Division II - Art, Music and Communications
Division III - Science and Engineering Technology
Division IV - Social Science, Physical Education, Home Economics and certain Health Programs

Those current personnel who are interested and who have administration/and or teaching experience in any of the divisions may apply for such an assignment by submitting a written request to the Director of Personnel by April 21, 1986.

Note that the application submission date has been changed to allow interviews to be held by the screening committee before the end of the term. Since program leaders will also be needed for certain divisions, and it is possible that some department chairs could express an interest in either position, an announcement regarding such positions will be made in the April 21 issue of the Monday Report. ...Joseph M. Schneider

Trustees Meet Wednesday At North

The April meeting of the trustees of Palm Beach Junior College will be Wednesday, April 16, 7:30 p.m., at PBJC North, and one of two presentations to the board will be a new videotape on the North campus, programs and staff.

The second presentation will honor the winners in the recently completed High School Brain Bowl.

The board will be asked to approve an unusual plan for providing an instructor one day per week to give two social science courses to AUTEC and U.S. Navy personnel stationed at Andros Island, beginning in the Fall Term.

The Personnel section includes a request for approval of most administrative appointments for 1986-87.

Senator Philip D. Lewis, former president of the Florida Senate and a long-time friend and supporter of the college, has been scheduled for an appearance before the board.

The North campus is extending an open invitation to all faculty members and staff to attend the meeting in the Burt Reynolds Student Center, Dining Room B. Light refreshments will be served about 7 p.m.

Announcements

CLEP subject exams will be administered in the Testing Center on Wednesday, April 16 from 8 am. to 1:30 p.m. No make-up tests or challenge exams will be administered in the Testing Center until 1:30 p.m. ...Gwen Ferguson

Many currently enrolled students have not scheduled for the Spring, Summer and Fall Terms. Please encourage all students to register between now and the end of this term. ...C. Graham

Pacesetters (cont'd from P 1)

Jack Jones, organist; Dr. Donald Butterworth, guest conductor; Robert Jones, piano and harpsichord, and Dr. Kenneth Keaton, classical guitar.

Admission is free and open to the public.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 21
April 21, 1986

Dr. Hugh Adams, Speaker

Commencement Rescheduled To WPB Auditorium

Commencement exercises for Palm Beach Junior College, originally scheduled at the Palm Beach Jai Alai Fronton, nearly became a casualty of the liability insurance crisis, but have now been safely rescheduled into the West Palm Beach Municipal Auditorium.

Only the place has been changed, the same date, May 5, and time, 8 p.m., will be retained.

Dr. Hugh Adams, who recently announced his impending retirement as president of Broward Community College, has been secured as the principal speaker for the occasion.

For several years, the Jai Alai Fronton management has generously donated use of the fronton buildings, even donating security, maintenance and parking for the PBJC commencement. The college furnished $1 million liability coverage for the event.

This year, however, the Fronton insurance carriers insisted on $5 million event coverage, and the college could not find carriers interested in writing such insurance. Only one carrier showed any interest at all, and there was talk of a $10,000 premium for the single event coverage.

Luckily, the municipal auditorium was available. This is the only other facility in the county where the commencement could have been held without limiting the number of visitors for each student.

The commencement speaker, Dr. Adams, became president of Broward 19 years ago, when the college was a small, single campus junior college. It is now the second largest community college in the state, with large campuses at Hollywood and Pompano Beach as well as the central campus in Ft. Lauderdale.

He is one of the leaders in the development of the Southeast Florida Educational Cosortium, in international education, and in cooperative ventures between the college and the surrounding communities.

International Festival Attracts 20,000

The annual International Festival was "considerably more successful than the previous four years in terms of participation from the community, quality of entertainment and variety of foods," according to John Townsend, coordinator.

The event, which was held Apr. 11-13, drew about 20,000 people to the Central campus.

The weekend kicked off with an opening ceremony and grand parade of flags, featuring representatives from some 30 different nationalities wearing their native dress and carrying in the flags of their native countries.

The United Kingdom "Union Jack" was carried in by a delegation from the HMS Avenger, a British naval frigate that was in port in Palm Beach that week. The delegation included Lt. Commander Steve Carnt, Cook "Nick" Nicholson, Able Seaman Seamus Bourke, and Able Weapons Mechanic Karl Tickle.

Other participants in the opening ceremony were Dr. Eissey, Otis Harvey, a vice consulate from the Federal Republic of Germany, Mayor David Hinsa of Lake Worth, an aide from County Commissioner Karen Marcus' office.

"We would like to thank JFK Hospital for the use of their flag. It was 20 feet by 30 feet," Townsend said.

He said that the booth selling, "the

Cont'd on P 2

Trustees Approve Plan For Andros Island Classes

Palm Beach Junior College trustees approved a plan for classes on Andros, presented awards to Brain Bowl winners, and viewed a new videotape about PBJC North at the April meeting there Wednesday.

The classes on Andros will be for Navy and AUTEC personnel stationed at a missile tracking station there.

A teacher, probably in social science as a starter, will be flown to the island on the daily flight serving the island, teach an afternoon and an evening class, and return the next day, beginning in the Fall Term.

Dr. Melvin Haynes, Vice President of Student Affairs, introduced first and second place winners of the recent high school brain bowl contest. Dr. Eissey presented trophies and scholarships--one year for second place and two years for first--to the winning teams.

From Atlantic High, which finished second, were Principal, Carole J. Shetler, Coach Hank Davis, Captain John Townsend and Louis Bustanante. Eric Tscheschlok and Harvey Oyer III could not be present.

From Spanish River High, first place winners were Dr. William Pinder, principal, Carol Lessig, coach, Bruce Kassover, captain, and Eric Lubitz. Apurva Bhansali and Mala Gaonkar could not be present.

Dr. Ottis Smith, Provost of PBJC North, presented a plaque of appreciation to W.D. "Bill" Ellrich, who served as chairman of the PBJC North Advisory committee and in other volunteer posts for the college last year.

Fashion Students Host Luncheon

The PBJC fashion design/merchandising students wanted to show their appreciation to some special people for their support of the program throughout the year.

So the students and their moderator, Mavilene Prentice, hosted an elegant Commendation Luncheon last Tuesday (April 15) in the Hospitality Management Dining Room at PBJC Central.

The honored guests included members of the Fashion Advisory Committee: Jack Grande, fashion director at Saks Fifth Avenue; Melba Hobson, owner of Melba Hobson Boutique; Edward Jaye, president-emeritus of Cape Cod Apparel Manufacture; Reginald Shepherd, owner/designer of Regi's of the Palm Beaches; Eileen Platt, custom design/apparel manufacturer and adjunct faculty member; Fern Wesner, owner of Golden Thimble Fabrics; Jules Haft and Hanna Burri.

A special gift of a mantel clock was presented to Edward Jaye for his work in opening up the "Under $10 Sportswear" apparel shop on the corner of Lake Worth and Jog Roads.

The store not only employs PBJC students as interns, but also donates a portion of its proceeds for scholarships. In accepting the gift, Jaye said the shop would be able to fund a $5000 scholarship for a PBJC Fshion student, and that he would make available a second scholarship.

The program also included a slide presentation describing some of the activities of the department, and concluded with the "Tapestry of La Couture," a story woven together by Mavilene Prentice about all of the diverse people who helped the fashion degree program in the past year.

Festival (cont'd from P 1)

good ole American hot dog and apple pie," sponsored by FACC seemed to be doing a lot of business over the weekend (along with all of the other booths).

"In the arts and crafts displays, the Portuguese started with a well-stocked booth on Frisay, and on Sunday, when they were closing down, they had four items left," he said.

"We would like to encourage the whole college, not just the Center for Multicultural Affairs, to help develop this program further," Townsend said.

Program Leaders Apply By April 30

Last week an article was published which indicated there would be a consolidation from a department structure to four divisions on the Central Campus beginning in the forthcoming Fall Term.

Division I is to consist of Business, Mathematics and Data Processing; Division II will include Art, Music and Communications; Division III will include Science and Engineering Technology and Division IV will have Social Science, Physical Education, Home Economics, and certain Health Programs.

Criminal Justice, Dental Health Programs, Nursing and the Center For Personalized Instruction are not in the division structure and will have separate program management or coordination.

Those interested in the positions of Division Chair were asked to apply in writing to the Director of Personnel not later than Monday, April 21.

Each of the four division chairs is also expected to have at least one program leader. A program leader will teach a full load and receive a supplement for participating in scheduling, curriculum coordination and related duties associated with one or more of the areas within a division. A supplement of $1000 per semester or $2357 for a 198-day contract is expected to be paid for this additional responsibility.

Those interested in being program leaders should apply in writing to the Director of Personnel not later than April 30, 1986. ...Joseph M. Schneider

Traveling Theatre Troupe

Final update on the meanderings of the Triple "T": The 22 very dedicated, enthusiastic, talented theatre students from PBJC Central will complete their tour of local high schools next week, just in time for final exams.

The troupe has performed for very responsive high school audiences at Glades Central, Cardinal Newman, Atlantic, Boca Raton, Rosarian Academy, and Santaluces, sometimes giving two performances in one day.

New brochures for the Theatre Department have been designed and are being sent to high schools we did not visit. We think that this has been a very successful marketing program and feel sure that we will gain students for PBJC from this project. ...Sunny Meyer

Fulbright Teacher Exchange Program

The United States Information Agency has announced details of the 1987-88 Fulbright Exchange Program.

The program involves a one-on-one exchange for teachers at the elementary, secondary and postsecondary levels with suitable teachers overseas.

In addition, the program provides opportunities for teachers to participate in summer seminars from three to eight weeks in length. During the summer of 1987, seminars will be held in Italy and The Netherlands.

Applications will be available in the summer. The deadline for completed applications is October 15, 1986. For further information, contact Joan Gotay Jones, Central Campus, 8137.

Commencement (cont'd from P 1)

All candidates for graduation have been informed by letter of the change in location of the event. Rehearsal is scheduled there at 10 a.m., and students have been asked to start lining up at 6:45 p.m.

Students should be urged to pick up caps and gowns and announcements at the Central campus bookstore between April 28 and May 2.

A Timely Reminder Of Why We Are Here

The following letter was received by Dr. Eissey after one of his recent appearances on behalf of the college. It was written by William C. Davis, vice president of Ambassador Savings and Loan Association. It is a timely reminder of why we are here, and we wanted to share it with you.

Dear Dr. Eissey: I really enjoyed your presentation regarding the problems of the community colleges. Only you can make a session on appropriations entertaining.

I have a very special place in my heart for PBJC. It gave my brother, my sister and myself our start in the collegate educational system.

Thanks to PBJC, we were all able to afford the cost of starting college and getting an excellent educational base at the same time. Unfortunately, my brother and sister diluted their base by finishing at the University of Florida. I took the high road to FSU.

Additionally, we were all able to continue with post graduate work in our various chosen fields. My brother is graduating this June from the University of Florida, School of Veterinary Medicine.

Coming from a poor financial background, I find it difficult to believe that we would be where we are today without the start we got at PBJC. We are all thankful for the help and assistance provided in a time of real financial need.

I shall do all I can to assist you in promoting the cause for a strong and vibrant PBJC. It is an essential link in assisting those that are academically deserving but lacking the financial resources to commence on a major college level.

I wish you all the best in your struggle to keep PBJC the quality institution that has served this community so well.

How To Get That Job

"How to Get That Job" will be sponsored by the Palm Beach Junior College Center for Continuing Education for Women Monday, May 12 from 9:30 to 11:30 a.m. in Continuing Education Rm. 123 at PBJC Central.

The seminar will focus on tactics for attacking the hidden job market with tips on job search stretegies, resume writing, and interviewing skills.

This program will be repeated on both June 9 and July 14, as well.

The fee is $3 for Florida residents. For registration of more information, call Toby Chabon at 439-8014.

Student Government Spring Conference

At the Student Government Association Spring Conference held recently in Tampa, we are proud to report that our own SGA president, Robert Wigen, was elected president of the Florida Junior College Student Government Association (FJCSGA).

Robert, who had campaigned vigorously for the presidency, has been instrumental in leading students and bringing about changes at PBJC.

As president of FJCSGA, he will be sitting at the council of Florida junior colleges and several other important lobbying groups which influence the state legislature.

Also at the conference, PBJC student Tim Almy, who has been serving as our SGA treasurer, was elected to District V coordinator.

Dr. Eissey, upon hearing the news, said that he was very proud of our students and their involvement with the Student Government Association. ...Norma Walter, SGA Advisor

Community College Week

Watson B. Duncan, III will be honored by the Florida Senate, and the PBJC Pacesetters will perform at the Festival of Arts and Sciences as part of Community College Week April 21-25 in Tallahassee.

This week has been declared by Gov. Bob Graham to salute the state's 28 community colleges as "a very valuable asset to the State of Florida, serving more than 700,000 students."

Tomorrow morning (April 22), a resolution will be read to the Senate honoring Watson B. Duncan, III for 37 years of excellence as a teacher and administrator, for his devotion to the liberal arts tradition, especially theatre as embodied in the PBJC theatre program, for his work in raising over $30,000 in scholarships, for his numerous awards from other local, state, national and international organizations, and for his selfless regard for the young people of Palm Beach County.

"Training hands without training hearts and souls is a dangerous thing," be said. "A big part of our job (as teachers) is to train the hearts and souls of young people."

The proposal for the resolution was introduced by Sen. Harry Johnston, and was sponsored by the State Board of Community Colleges, according to George Matsoukas, FACC Second Vice President and author of the resolution.

"The tribute to Watson Duncan is really a tribute to all of the faculty members who make Florida's community colleges great institutions," he said.

The highlight of Community College Week will be the Festival of Arts and Sciences held April 23 at the Capitol Building. The Pacesetters will be one of 20 community colleges represented at the festival, which will include 28 activities ranging from high-tech demonstrations, to displays of innovative educational services to performances by student musical groups. The popular pop/jazz group is scheduled to perform in the Plaza from 11 to 11:30 a.m. on Wednesday.

he displays describing exemplary community college programs and providing general information will be located on the first three floors of the new capitol building. PBJC's Child Development Association program will be part of the exhibit.

Announcements

Carlos Oliveira, lawyer, professor, and specialist in unconventional techniques for learning and teaching, will present a workshop for teachers on Thursday, April 24, 2-5 p.m. in SS 209. A recent presenter at the International Conference on the Quantum Mind, Oliveira will present strategies for whole brain learning. If you would like to participate, call Tom Shostak at 8211 to reserve a place.

Faculty and staff members who wish to use the SAC Lounge are requested to adhere to the following procedures.

Please contact Bill Graham, facility request coordinator from Continuing Education, and ask for a facility request form from the secretary, Jean Milesend. Graham's office will then notify Norma Walter to check for availability of time for any activity not involving ALL students on campus. We ask that you please remember that the SAC Lounge is reserved Monday through Friday from 7:30 a.m.-3:30 p.m. exclusively for our students. ...N. Walter

Attention faculty and staff members who have marquee requests: 1. Marquee request forms are available through the Job Placement Office. However, a written memo indicating the desired message will be sufficient if the form is not available. 2. Please provide at least one week's notice so that we can properly accommodate your request. We cannot honor one day requests, and please remember that messages pertaining to student registration take priority--student registration is, after all, our very own livelihood. 3. Although arquees are my responsibility, I depend on very tall young men working on work-study funds to help me with the actual physical aspect of manuevering the letters onto the marquees. Since my student has different hours by the term, I would like you to consider pitching in whenever possible to make certain that we satisfactorily advertise your messages.

...Norma Walter, Marquee Request Coord.

Tallahassee Addresses For Key Legislators

On March 3rd, the lead story in the Monday Report had the headline: It's Time We All Got Involved In Salary Raising. The story urged all who have an interest in community colleges to write key legislators and the governor, as well as sending letters of thanks to newspapers who support us.

In order to make the task of writing easier, the story gave a list of some of the key legislators and their local addresses. Since these people are now in Tallahassee, we thought it would be good to repeat the list with the Tallahassee addresses. Here it is.

The Honorable Bob Graham
Governor, State of Florida
The Capitol

Allan Gerson, representing FACC and presenting viewpoints held by most of us at PBJC, made an effective appearance before Betty Castor's subcommittee last week. The following story is reprinted from the Miami Herald's April 17 front page. The story is proof that we can make a difference, but this is only a start. Now is the time to redouble our efforts.

Colleges promised money aid

By RAY HUARD
Herald Staff Writer

TALLAHASSEE — Pleas for higher teacher salaries and more money made by community college representatives, including a teacher who said his salary embarrassed him, won promises of help Wednesday from a Senate Appropriations subcommittee.

Raising community college teacher salaries so that they are at least in line with elementary and high school salaries "is going to be our first priority," Chairman Betty Castor, D-Tampa, said.

"There's no question they need help," she said.

Palm Beach Junior College law teacher Allan Gerson, who has a doctorate in law, said he earns $18,400, which is $6,000 less than he would make working for the county school district.

"I am ashamed. I am embarrassed over my salary," Gerson said.

"What is important is that the state of Florida should be equally embarrassed by these salaries," he said.

"The faculty is very tired of hearing a Legislature tell us you are doing a very good job for the money you get. What you're telling us is continue to do a good job and we will continue to ignore you."

Gerson said community college salaries are so low at his school that many teachers must work two jobs or leave the college.

LEGISLATURE 1986

PALM BEACH COUNTY ROUNDUP

And he warned that community college teachers, who have been "naively passive," are prepared to become politically active.

"We can influence local elections," he said. "We can influence state elections."

Miami-Dade Community College President Robert McCabe said money shortages are so severe at his school that "we are now faced with the need to reduce services to students."

"I speak to you from an institution that is at risk," McCabe said.

McCabe said criminal justice teachers at Miami-Dade earn $19,033 to teach police recruits who are paid $23,042.

Tallahassee Community College English teacher Claudia Burton said money for community colleges has been so poor that administrators must choose between hiring enough teachers or keeping their libraries up to date.

Community college lobbyist Clark Maxwell, a former state senator, said community colleges consistently have received too little money since 1973. Maxwell said Florida ranks 10th among 14 southern states in per pupil funding for community colleges.

"Somewhere along the line, we're going to have to do something to bring this up to par with other states in the region," Maxwell said.

PBJC and the 27 other community colleges in the state want a $45 million increase in the statewide community college budget. Maxwell said $17 million of that would go to give teachers a 12 percent raise.

"We are going to help them [community colleges] this year. It's going to be difficult finding all the funds that they need," Castor said. "At this point, it's premature to say what the bottom line will be."

If there are no other funds available, Castor said "as a last resort" the Legislature will probably give community colleges authority to raise tuition.

THIS Week . . .

Apr. 22	Baseball vs. Indian River CC; 3PM

Personals . . .

Laura M. Smith, daughter of Noel Smith, South Campus faculty member, will attend the United States Air Force Academy as a cadet in the class of 1990 at Colorado Springs. Laura is currently a student at the South Campus.

Somewhat belatedly, we have been informed of the passing of Carol Bloodworth's mother in Atlanta, Ga., on April 5. We know you will join us in wishing comfort, strength and serenity for Carol in the period of adjustment to her loss. For those who wish to send condolences, Carol's address is 710 Peachtree St., NE Apt. 1135, Atlanta, Ga. 30308.

Congratulations to Joan Jones, who welcomed her first grandchild April 14. Six-pound Alexander Gotay was born to Dr. Mark Gotay and Dr. Carolyn Gotay in Annapolis, Maryland where Mark is a professor at the U.S. Naval Academy. According to Joan, rumor has it (and we do stress rumor) the Academy declared a national holiday.

It's a little too late to throw rice, but nonetheless, we wish to extend congratulations and very best wishes to newlyweds Lori Hunter and Marc Flamer, who have just returned from a honeymoon in Cancun. Lori and Marc, who both serve as guidance counselors, were married April 6 at Temple Israel.

Happy Birthday To . . .

4/23 Julio Rive, Monika Bedard 4/24 Ken McConnell, Beverly Raznoff 4/25 Kay Newkirk, Barbara Frawley, Frank Cacciatore, Cynthia Brittain 4/26 Joann Heenan, Don Syrjala 4/27 Charlotte Forman 4/28 Paul Davis, Elizabeth Marquez, Rene Collins

Personals (cont'd)

Lori Flamer gave a presentation on communications skills to a group of Palm Beach county savings and loan officers Thursday, April 17 at the Airport Hilton. The event was sponsored by Royal Palm Savings.

Kevin Slean, member of Phi Beta Lambda, the Business Club at PBJC North, placed first in Data Processing Competition held March 20-22 in Orlando between students from 50 colleges and universities in Florida. The competition takes place annually between post-secondary schools with active Phi Beta Lambda chapters. Members of the organization are students enrolled in business courses at their various schools. First place winners, including Kevin, will compete at the national competition in Washington, D.C. in July. ...Joan Holloway

Instructor-Mathematics (South): Position requires a master's degree with 18 graduate semester hours in mathematics. Teaching experience is preferred.

Interested applicants should contact the Director of Personnel. ...J.M.Schneide

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT:

Volume VIII, Number 22 April 28, 1986

Third Annual Roundup

Six Retiring Faculty To Be Honored May 5

The third Annual Roundup, when retiring faculty/administrative personnel are honored at a picnic in the park, will begin at 11:30 a.m., May 5 in the Mound Circle Picnic Area in John Prince Park.

The Roundup, which features an outdoor-type menu, casual and western attire, and picnic activities, has proven to be a popular successor to the luncheon-in-the-cafeteria arrangements that preceded it.

Invitations have gone out from Dr. Erling's office, and admission will be by tickets obtained through her office.

The six guests of honor this year have a total of 137 years of service to the college. All were already experienced teachers when they arrived here, so the total experience in education is considerably higher.

The retirees:

Floyd Becherer, a senior instructor in Social Science, was born in St. Louis, Mo. He came to the college on Aug. 1, 1957. His last previous position was as a history teacher at Moline Sr. High in Moline, Ill. His courses in ancient and medieval history have been popular segments of our social science curriculum.

Bob Book, a senior instructor in Engineering Tech, came here from Orlando, where he was a high school instructor in industrial arts. Bob was born in Slippery Rock, Pa., and his application states that Drafting is a specialty. Bob retires as one of the most respected teachers of Computer Assisted Drafting in Florida.

Don Cook came to the college July 1, 1965, from Jacksonville, where he had been a guidance counselor at Forest High School. A counselor for most of his career here, Don became an expert in testing. He retires as

Political Action Network Being Organized

A Political Action Network, which is being organized to raise political clout of PBJC and the community college system, will hold a get-together Thursday, May 1 from 4-6 p.m. at the Full House Restaurant on Congress Avenue in Lake Worth.

Faculty, staff, administrators and students from all four PBJC campuses are invited to find out more about inequities in funding, particularly for salaries.

"For anyone who has ever complained about low budgets and paychecks, here is your chance to find out what you can do about it," said Kateri Brunell, one of the network organizers. "We plan to provide information, sample letters to legislators and lots of moral support. Complimentary hors d'oeuvres and discounted drinks will be served as well, so bring your co-workers and friends."

The restaurant is located 2½ blocks north of PBJC Central, next to McDonald's on Congress Avenue.

For more information, call Brunell or George Matsoukas at PBJC Central (X8135 or 8073); or Alice Zacherl at PBJC North, 622-2440.

Symposium On AIDS Set For May

The latest findings in the transmission, prevention and treatment of Acquired Immunity Deficiency Syndrome (AIDS) will be presented in a symposium at Palm Beach Junior College in May.

The symposium, which will include workshops for professional groups as well as sessions for the general public, will be held Saturday, May 17 from 8:30 a.m. to 4 p.m. in Allied Health Room 101 at PBJC Central.

In the general session (8:30 to 12:15 p.m.), there will be eight short presentations on topics ranging from diagnosis and treatment to legal implications to the psychoscial aspects of AIDS.

In the afternoon, participants will attend two breakout sessions out of a choice of seven topics: Nursing Care, Legal Implications of AIDS, Psychosocial Care Delivery Issues, Dental Care of AIDS Victims, Medical Conference, Who Is at Risk?, and AIDS: The Future.

"The breakout sessions will provide a much more indepth coverage of most of the topics covered in the general session. People may pick and choose according to their interests and specialization," said Donna DiSesa, program coordinator.

"The session on 'Who is at Risk?' is specifically for members of the general public," she added.

The speakers will include expert clinicians, epidemiologists, medical, dental and nursing health care providers (including social service professionals), attorneys currently involved with AIDS issues, and AIDS/ARC victims.

The program has been approved for six contact hours for nurses, psychological services providers, dental hygienists, dental assistants and dentists.

The fee is $12, which includes a luncheon in the PBJC cafeteria and refreshments at the breaks. Preregistration is required by Monday, May 12. For information, call 439-8012.

Human Services Awards Luncheon

An awards luncheon for the Human Services Program Tuesday in the Hospitality Dining Room honored 15 agencies who provided internships for students this year.

In announcing the awards, Celeste Beck said that the internships, provided at no cost by the agencies, would have cost more than the entire budget for the Human Services Program if they had to be purchased.

John Schmiederer and Eleanor Salisbury were recognized as founders and developers of the program, formerly called Mental Health Technology.

Frank Saunders, current coordinator, said enrollment in Human Services jumped from 31 students in 1984-85 to 65 this year. Most graduates continue for Bachelor's and Master's Degrees. All current graduates are either employed in field or are continuing their education.

Certificates were awarded to the following agencies: 1. Florida State Department of Health and Rehabilitative Services 2. School Board of Palm Beach County 3. Hospice of Palm Beach County 4. Noreen McKeen Nursing Residence 5. Association for Retarded Citizens of Palm Beach County, Inc 6. Planned Parenthood of the Palm Beach Area, Inc 7. Palm Beach Habilitation Center 8. Children's Home Society of Florida 9. Mental Health Center 45th Street 10. South County Mental Health Center 11. Jupiter Convalescent Pavilion, Inc. 12. Lake Hospital of the Palm Beaches 13. Episcopal Diocese of Southeast Florida 14. Crisis Line Information and Referral Services, Inc. 15. Comprehensive Alcoholism Rehabilitation Program.

Ups And Downs In The Battle Of The Budget

If you have been following media accounts of the legislature and the battle of the budget, you will know that we have had both ups and downs in the last couple of weeks.

We have been making more and better appeals than we have ever made before, and there is much more awareness of the community college plight. We are getting attention, but we are not yet perceived as a political force. Much more needs to be done.

Statewide, the FACC made a hurried appeal to its members last week for a letter-writing campaign to the governor to try to get $20 million of more than $100 million of additional revenue "discovered" by the legislature.

We do not know how successful the effort to get letters and telegrams was statewide. We know that PBJC South did more than their share. We know that a number of others from throughout the college sent letters.

The effort may prove to have been worthwhile in the long run, but it did not have the desired effect with the governor. His recommendation for expenditure of those funds included only one mention of community colleges--an item of $15.5 million for public school and community college administrative needs.

The governor has been miserably misinformed. He seems to believe that community colleges should be able to pay higher salaries than any school board. Eleven community colleges are already behind, and the rest will be in a year or two, if nothing is done.

Dr. Eissey's meetings with local groups have been outstandingly successful. We are obtaining signed petitions from many very influential citizens.

And speaking of signed petitions from influential citizens, the administration had on hand 151 signed petitions for the millage from the 187 faculty members. That is 80.7 percent, and it has been a long time since 80.7 percent of our faculty agreed on anything. Other segments of the college had equally high or higher percentages.

By voting time next November, when there has been time to fully explain the many benefits to all of us from the millage, we can be confident of close to a 100 percent vote from the college community.

Two items that seem to have been overlooked in many of the discussions so far:

1. Dr. Eissey's original plan was to restore a half mill of taxation to all community colleges for use in the operating budget, without the need of a referendum. The ability to do this had been taken away in 1968, when the community college system left the control of the county school systems.

When he was informed by our delegation that he stood absolutely no chance of getting legislation to this effect passed, Dr. Eissey took what he could get. As you know, the half mill for two years has meant very much to all of us since it was approved by voters in March 1980.

Despite Dr. Eissey's heroic efforts to communicate, the FTE generating power of new buildings, particularly at our starved South campus, is still being overlooked. More FTE equals more operating budget.

On Thursday of last week, we learned from the newspapers that our millage bill is safely through the House Community Affairs Committee. It still has two more House committees and the Senate, but it is on its way.

All of us would like a permanent half mill we could apply to salaries (and Dr. Eissey is

American Management Courses Offered At PBJC North

Employers in Palm Beach County can now get the benefits of training on par with better business schools without sacrificing as much time or money.

The Palm Beach Junior College Continuing Education Division now offers a series of courses through the American Management Extension Institute that lead to a certificate in management, according to Dr. Betty Woolfe, PBJC North continuing education director.

"This certificate program is a skills-oriented learning opportunity that is a result of a unique blending of training resources," she said. "It is nationally recognized for its value and comprehensiveness. Employers will find these courses a cost-effective way to increase their employees' productivity."

The program focuses on mid to upper-level managers, particularly those who recognize the need for more training in specific areas (such as communication or finance), as they move up the career ladder.

Because the courses themselves have been written by managers with direct firing-line experience, theory, abstraction and ideal-situation examples have been minimized.

Although AMAEI offers over 80 different courses, PBJC has focused on 12 as curriculum for the management certificate. These range from computer basics to finance and accounting for non-financial managers to how successful women manage. Completion of six courses earns a certificate.

"We try to canvass local businesses to find out what they need," Woolfe said. "Once we perceive what they need, we try to match an AMAEI course to their needs and find a qualified instructor."

All faculty members are culled from the business community. Most recently, PBJC hired Jerry Brownlee, director of the Palm Beach County Public Library System, to teach "Communications Skills for Managers" and Bill Allen, director of employee relations at RCA in Palm Beach Gardens, to teach "What Managers Do."

"Since all of the students are practicing managers also, with similar problems, the course participants and instructor interact in a way that makes a business workshop out of each session," Woolfe said.

Each course typically costs $150 (Florida residents) and includes the AMA text and all materials for 15 hours of instruction.

Currently, there are only three other colleges in Florida participating in the AMAEI program: The University of Miami, University of West Florida and Daytona Community College.

Budget (cont'd from P 3)

quick to suggest this at every favorable opportunity) but what we may get if we continue to have the support of our local delegation, is the chance to ask voter approval for a half mill for five years for buildings, equipment and maintenance.

We also may get a better deal for all community college operating budgets if we keep working for it.

This is a crucial year for community colleges in general and PBJC in particular, and Tallahassee is where the action is. We hope you are watching, and commenting where it will do some good to comment. ...Jonathan Koontz

PBJC North Hosts Fourth Annual Golf Tournament

The fourth annual Palm Beach Junior College North Golf Tournament will take place May 16 at Jonathan's Landing with a shotgun start at 1 p.m., with a rain date of May 23.

There will be awards for the top four teams and individual prizes for shot making. An awards dinner with food that has been described as the best you can get anywhere in the county has been scheduled for 6 p.m., with a cocktail hour preceding.

Registration will be limited to the first 36 teams. Ccsts are $400 per team--$100 per player. Hole sponsorships are $100 and golf cart sponsorships are $50. If you wish to attend the dinner without playing, the cost is $40.

This tournament has been a successful fund raiser for PBJC North ever since it was started, and college personnel are invited to participate. Dr. Smith's office at PBJC North has reservation forms.

Student Awards Banquet At South

Palm Beach Junior College South held their 11th Annual Student Awards Banquet April 17 at the Boca Raton Executive Club. Nearly 50 student awards were presented, according to Dr. Harris McGirt, director of Student Services at the South Campus.

Congratulatory remarks were made by Dr. Margaret Maney, South Provost, Dr. Melvin Haynes, Vice President of Student Affairs, and John Ehrlein, South SGA president.

Guests from Florida Atlantic University included Dr.Marilyn Floyd, Vice President; Dr. Karl Ijams, Dean of Students; Blair Thorburn, Registrar; and Joanne Ridob, Director of Admissions.

The banquet was the biggest and best ever, said Dr. McGirt, with nearly 100 faculty and staff members in attendance.

Roundup (cont'd from P 1)

Director of Counseling Services. Don was born in Moberly, Mo.

Sarah Dickinson came to the college from the Edwin Markham School in Placerville, Calif., but she had already taught in Florida prior to arriving here Aug. 12, 1968. A senior instructor in Communications, she is the only one of this year's retirees who is a Florida native, having been born in Oviedo.

Gordon Kramer is a senior instructor in Communications who has taught at PBJC South for the past several years. He came to the college on Aug. 10, 1964, but he did not have to travel very far. His previous position was as a teacher of English at Seacrest High. Gordon was born in Sharon, New Jersey.

Joe Lesko, a senior instructor in Science/Chemistry, was born in Etna, Pa., which is near Pittsburgh. He came to the college Aug. 23, 1961, from Coraopolis, Pa., where he taught science and math in the high school. Joe is a chess player and served as the faculty sponsor of a chess club for several years.

Personal . . .

Congratulations, twice over, to Dr. Patricia Dyer who welcomed twin grandsons born to her son Fred and his wife Susan Tuesday at Stanford University Hospital in California. The two new additions, as yet unnamed, weighed in at a little over 6 pounds each, and join two sisters already at home.

PALM BEACH JUNIOR COLLEGE

PBJC MONDAY REPORT:

Volume VIII, Number 23

May 5, 1986

Extended Hours At Central Campus

Glades Welcoming Camp Junior College

Applications are now being taken for Camp Junior College, a summer day camp for nine to 15-year olds sponsored by the Continuing Education Division.

This year, a special one-week pilot session will be held at PBJC Glades June 16-20, in addition to the two sessions at PBJC Central (June 23-July 3 and July 7-17).

The Glades camp will be held Monday through Friday, from 8:30 am. to 3:30 p.m., and will offer a combination of computer and fine arts for 11-15 year old children, according to Mary Orsenigo, Glades registrar.

"We have two counselors--Mrs. Sarah Bennett, speech and drama teacher at Glades Central High School and Sonya Lutz, a French teacher at Community High School," she said. "We're planning to have writing activities, possibly having the students write a play and perform it on the last day. There will also be lessons on PLATO, including French, games, and guest speakers during the last half hour of the day."

Orsenigo said the initial response to the program has been "overwhelmingly positive," and 16-student quota will probably be met quickly.

"I've told people this is a pilot program, and that if we get a waiting list, we might be able to expand it next year and make it an annual program," she said.

The Central camp will be held Mondays through Thursdays, from 8:30 a.m. to 3:30 p.m. during both sessions, according to Jennifer McCormick, camp coordinator.

"We've scheduled the hours to accommodate PBJC employees. We'll have extended care available, if necessary, from 7:30 a.m. to 4:30 p.m.," she said.

Cont'd on P 3

IBM Workers To Be Re-trained By PBJC South

Some assembly line workers at IBM who are being moved to office positions will be re-trained by instructors from PBJC South, according to James Tanner, PBJC South dean of instruction.

The college will conduct four credit courses at the IBM plant in Boca Raton between May 12 and July 25. The classes will meet Mondays through Fridays, from 8:30-10:30 a.m. and from 1-4 p.m.

The schedule is as follows:

*May 12-June 16: Business English (Lori Goldstein-adjunct) and Beginning Typist (Jane Zwirz-adjunct).

*June 23-July 25: Business Math (Dr. Dan Terhune-division chairman) and Clerical Office Practice 1-3 p.m. Jane Zwirz).

To help prepare them for the intense coursework, PBJC South and IBM have planned two workshops Tuesday through Friday, May 6-9.

The 17 women will attend "College Survival Skills" each day, and will learn study skills, goal-setting, test-taking and note-taking strategies. The instructor is Pam Case, adjunct faculty member. "A Reading Workshop" will also be held, taught by Frank Littler, full-time faculty member.

Students Are The Center Of Our Attention

Premium Increase For Metropolitan Health Insurance

We have received notification from Metropolitan that on July 1, 1986, there would be a premium increase of about 57 percent on single coverage and 20 percent on dependent coverage!

The college has bid its insurance coverage, but had limited interest from other companies in indemnity insurance coverage. It is hoped that a decision will be made about this type of insurance coverage not later than May 21.

Those faculty on 168 day contracts and others who will not be on active duty during the summer months should be certain the Personnel office has a current address for contacting you if it becomes necessary to change carriers.

...J.M. Schneider

Two Important Addresses

We still can't figure out how it happened, but we left out two members of our local legislative delegation in the list of names and addresses carried by the Monday Report. Both are already supporters of PBJC, and are extremely important in all we are planning to do, particularly at PBJC South. The names and addresses are:

Steve Press
422 House Office Bldg.
Tallahassee FL 32301
Phone: 904-488-1302
Local address:
5329 W. Atlantic Ave., Suite 203A
Delray Beach FL 33445
Phone: 305-496-0400

Carol Hanson
212 The Capitol
Tallahassee FL 32301
Phone: 904-488-2234
Local address:
855 S. Federal Hwy., Suite 110
Boca Raton FL 33432
Phone: 305-368-0087

Announcements

The following position vacancies are being announced:

Director, Glades Center: Position requires a master's degree with previous educational administrative experience.

Learning Specialist (part-time)-Grant funded: Position requires a bachelor's degree in mathematics. Experience with individualized instruction is preferred.

Interested applicants should contact the Director of Personnel. ...J.M. Schneider

The following classified position is open:

Library Clerk II (Central) Salary Grade A15, $810.72 per month.

Interested applicants should contact the Personnel Coordinator. ...A.G. Johnson

A Brief Report

We have had a brief report from the "College Is Not Just For Kids" activity at PBJC North on April 22. There were two meetings, geared especially to women who have had to postpone college for some time due to child rearing or some other career.

Many of the 50 persons attending the 10-11:30 a.m. session and the 30 in the 7-8:30 p.m. session were in this category, and several completed applications and registered for classes.

Attention from the local press was good, and all who expressed reactions were positive.

Happy Birthday To 5/06 Frank Mossadeghi 5/07 Joan Jones 5/09 Hugh Albee 5/10 Lila Spiers, Joan Holcomb 5/11 Dianne Cameron

Personals

Jim Tanner celebrated the birth of his fourth grandchild, Brittany, born to his daughter Debbie and her husband Jim Marlier. The new addition was born April 26 in Jacksonville, and weighed in at 8 pounds, 5 ounces. Congratulations to the entire Tanner family.

Ardease Johnson underwent surgery recently at Good Samaritan. As of Monday Report deadline, Ardease is feeling fine as she recuperates at home, and will be back with us shortly.

As a follow-up to last week's announcement, Dr. Patricia Dyer's twin grandsons have been named Evan Patrick and Andrew James. Dr. Dyer leaves for California on May 13 for a visit with her new extended family. An interesting footnote--when traveling to the West Coast, Dr. Dyer will be using the complimentary plane ticket she won as a doorprize last October at an educational meeting in Memphis.

Kateri Brunell has been elected the 1986-87 Senior Vice-President of Communications for the Gold Coast Chapter of the American Marketing Association (AMA). An AMA member since 1984, she will be responsible for planning and coordinating all public relations/promotional activities for the 150-member group in Broward and Palm Beach counties.

David Nixon, Central Campus, helped out in the Reading Is Fun Program April 29 by talking about and reading poetry before a group of 350 kindergarten to third graders at the South Olive School. Their eyes "got big" he reports. He also recently served as one of the judges for the West Palm Beach Law Auxiliary and Florida Bar Association Essay Contest. Congaratulations, David.

Millage Support Growing

Support of the resolution for the millage continues to increase even though there are no copies still circulating. Faculty members dropping by Dr. Erling's office and signing on have increased faculty participation to 85 percent.

Some were not present when the resolution was presented, Dr. Erling says, and others have simply decided that support of the millage was important. There is no specific cut-off date, and additional signers should feel free to drop by Dr. Erling's office.

Camp Junior College (cont'd from P 1)

At PBJC Central, the camp will offer a smorgasbord of activities, including instruction in basic computer applications and production of a music video tape (a la MTV). Group sports, pizza parties, and sunning at Lake Worth Beach have also been planned.

The cost is $55 per session ($40 for the Glades camp), and includes a camp T-shirt. Enrollment (at Central) is limited to 40 campers per session. For more information, call Jennifer McCormick at 439-8014 or Mary Orsenigo at 996-3055.

Our Funding Efforts Continue

About 20 faculty, staff, administrators and students met Thursday afternoon at the Full House Restaurant in Lake Worth to discuss ways to appeal successfully to the legislature for more funds.

Allan Gerson, a PBJC North business/law instructor outlined a long-range program for organizing and mobilizing the college as a powerful political force. In addition, names, addresses, and phone numbers of local legislators were provided, as well as information on salaries and the overall budget.

If anyone missed the meeting and would like copies of the handouts, call the news bureau at 439-8135.

THIS Week . . .

May 5	Modified Work Week begins
May 5	Grades due in registrar's office,4PM
May 5	Commencement exercises, WPB Auditorium, 8PM. President's reception for graduates, 11AM following rehearsal

May 10 and 17	Real Estate Post Registration, 2X, S, 9AM-5PM; SC 121; $15

MONDAY REPORT DEADLINE DURING MODIFIED WORK WEEK IS WEDNESDAY, 2PM.

Announcements . . .

The cut-off date for submitting purchase requisitions and stores orders to be encumbered from the 1985/86 budget will be May 15, 1986. Any requisitions or stores orders received after this date will be held until July 1, 1986 and encumbered from the 1986/87 budget. ...D. Jones

Instructor Key Check-Central Campus-will be Monday, May 5, 7:30-12:30 and 1:30-5PM. All instructors NOT scheduled to teach the Spring Term, please return all assigned keys to the inventory office along with your faculty check out sheet signed by all departments.
...M.A. Reasner

All persons who administer grants should take note of the following information. It is necessary to check your grant balance and encumber all funds by May 30. If you have any questions, please call Dorothy Rajcoomar at 8022 or George Matsoukas at 8074.

The entire faculty has been invited to Cheers at the Royce Hotel for a semester-ending party, Thursday, May 8, 5-7 PM. There will be free drinks, and a dinner buffet with hot and cold finger foods. Some identification is required, but the lounge will accept most anything--a card, a check stub, a letter addressed to you at the college, etc. The invitation is from Cheers. They believe that once you've been there, you will want to go back.

Personals . . .

Herman Pride of the Business Department and John Connolly, Communications Department, won several medals at the Florida Masters Track and Field Championships April 26-27. Pride and Connolly were part of the Palm Beach Track Club's 400 meter relay team which won the 50-54 age group competition. Also Pride won third place in the 100 meters dash, and Connolly got third place in the 5000 meter run.

Congratulations to Dr. Patricia Dyer, who was the recent recipient of the James D. Longsdon Distinguished Graduate Award in Educational Leadership given by Florida Atlantic University. Dr. Dyer is the ninth recipient of this honor which is awarded annually.

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 24 May 12, 1986

At WPB Auditorium

Adams' Advice To Grads: "Go For It!"

Dr. A. Hugh Adams, president of Broward Community College and Palm Beach Junior College commencement speaker, told about 400 graduating sophomores last Monday evening to "never be satisfied with being less than you can be."

A 36-year veteran of higher education (whose list of credentials would have taken longer to read than the speech itself), Adams chose to draw upon his experiences with his own three children and as a football coach at Florida State University to inspire the graduates.

"Honor your mind as well as your body...by disciplining your thought processes," he said. "We become what we think about; there's really nothing else that can happen to us.

"A mastery of knowledge is not enough. There must also be the right attitude," he said.

He told the sophomores that a commencement is not the end of learning, but a new beginning. And he encouraged them to work on developing several qualities that would last throughout life: integrity, honesty, a sense of humor and of fairness, an open mind, and an attitude of service.

"When you serve others, you end up the person who is enriched," Adams said. "And be truly thankful for the circumstances of your birth that caused you to be born in a free society."

Among those graduating were a mother and a son and a father and daughter: Patricia and David Bachor of Lake Worth and Samuel and Caroline Fulford of Hobe Sound. Ironically, in each of the pairs, the men received engineering degrees and the women were nursing majors.

Special guests included trustees Dolly Hand, Williard Findling, Dr. Philip O. Lichtblau,

President's Scholars Honored At Awards Ceremony

A President's Scholar Awards Program Wednesday (May 14), 7 p.m., in the PBJC Central Gymnasium will involve one more high school and four more scholars than a similar program last year.

There were four additions to the list of high schools this year--Christian Day, Lake Worth Christian, Palm Beach Gardens, and Pope John Paul II--but there were three deletions from the list of 15 last year.

Repeating from last year are: Cardinal Newman, Clewiston, Forest Hill, Glades Central, John I. Leonard, Jupiter, Lake Worth, Northshore, Santaluces, Spanish River, Suncoast and Twin Lakes.

Fifty students will receive tuition scholarships for one year. If they maintain a 3.0 grade point average, they can continue for another year. In addition, Florida Atlantic University has granted Community College Scholarships to President's Scholars who complete two successful years at PBJC.

Dr. Eissey will make some informal remarks, and will present the awards. Words of welcome will be given by Dr. Philip O. Lichtblau, chairman of the PBJC Board of Trustees, Dr. Thomas Mills, Superintendent of Palm

PBJC Alumna Named Outstanding Scholar At Florida

Pamela Jane Bachanas, a 1984 graduate of Palm Beach Junior College, has been named the Outstanding Two-Year Scholar at the University of Florida. While at PBJC, she was on the national dean's list and worked part-time as a teacher's aid in a private preschool in addition to studying for an A.A. Degree in Early Childhood Education.

At Gainesville, she has maintained a 4.0 GPA while completing a bachelor's degree in psychology. Bachanas has also supplemented her classroom knowledge by conducting research and serving as a volunteer (primarily working with young children and their families when the child is chronically or terminally ill).

A member of Kappa Alpha Theta, Mortar Board, Golden Key, Phi Kappa Phi, and Psi Chi, the PBJC alumna plans to obtain a doctorate in clinical psychology, and to eventually work as a staff psychologist in a pediatric unit of a hospital, counseling terminally ill children and their families.

Dinner To Honor Retiring Trustee

The board of trustees and Dr. Eissey are honoring Hisetta Dyson at a dinner, May 15, 6:30 p.m., in the Hospitality Management Training Center.

Mrs. Dyson has served on our board for the past eight years. Her term will end May 31.

Members of the administrative/managerial group at the college, who regularly attend board meetings, and a number of Mrs. Dyson's friends from the community, have been invited to the dinner.

Understanding Your Two Brains

Have you ever wondered why you think one thing and do another? Find out why in "Understanding Your Two Brains: Thinking and Feeling" sponsored by the PBJC Center for Continuing Education for Women.

The course will be held Wednesdays, May 14-June 28, from 10 a.m. to noon in Continuing Education Rm. 123 at PBJC Central.

The course will explain the difference between the functions of the hypothalamus (lower brain) and the cerebral cortex (higher brain), and how to alleviate conflicts between the two.

Frank Hannah, a mental health counselor in private practice, will be the instructor. The fee is $5. For registration information, call Continuing Education at 439-8014.

Commencement (cont'd from P 1)

and Mrs. Hisetta Dyson, who will be retiring from the Board at the end of May.

After the presentation of diplomas, James Anstis (Anstis-Ornstein Associates architects and PBJC Class of 1963) inducted the graduates into the Alumni Association.

Invocation and benediction were given by Dr. R. Earl Rabb, pastor of Trinity United Methodist Church in Palm Beach Gardens, and music was provided by faculty member Dr. Robert Jones and the PBJC Brass Ensemble.

President's Scholars (cont'd from P 1)

Beach County Schools, and Marvita Davis, Director of Financial Aid. An informal reception will be held for the scholars and their families following the ceremony.

Retirees Honored At Roundup In The Park

Two talks about political realities, four retirement presentations, barbecue for all and rain at the end made for an interesting and somewhat shorter third annual roundup in the park Monday.

Allan Gerson said that politicians understand money and votes, and since we don't have money, we must prove to them that we have votes. He said community colleges need clout on a continuing basis, and the way to get that is to be able to swing elections.

Gerson outlined plans for developing an organization and told of the spadework he will do this summer in preparation for the elections in the fall.

Dr. Eissey thanked the faculty for its support this year, and said some headway is being made.

He explained the background of equity funding and said it could mean as much as $832,000 in recurring funds for PBJC. He warned that there was a powerful lobbying effort against full equity funding.

In accepting a plaque given to all retirees, Bob Book said he will miss the people here. "It's the people that make the place," he said. He plans to move "to the center of the state by a big lake."

Don Cook said he is grateful for the friends he has made in his 21 years here, and hopes anyone who finds Murphy, N.C., will drop by to see him.

Gordon Kramer said he will take many fond memories into retirement, and that he is not going anywhere. "I'll be around from time to time," he said.

Joe Lesko said he is proud of the college, and will miss his colleagues and the students. He, too, plans to remain in the area.

Floyd Becherer and Sarah Dickinson were not present.

Weightless Wonders

A course that will show how to be a successfully thinner person (and how to stay that way) will be offered by the PBJC Center for Continuing Education for Women in May.

"Weightless Wonders" will be held Tuesdays and Thursdays, May 13-June 12 from 10 a.m. to noon in Library Rm. 303 at PBJC Central.

Participants will learn how to examine binges to discover and redirect the emotional triggers that cause overeating.

The instructor will be Fay Schecter, and the fee is $20.

For registration information, call Continuing Education at 439-8014.

Personal

Congratulations to John Schmiederer who has been elected Chair for 1986/87 for the Occupational Deans Standing Committee of Florida Community Colleges Council of Instructional Affairs. His term begins this month and continues through June, 1987.

THIS Week . . .

Moments Of Glory

Legislature Honors Duncan For Exemplary Career

On Tuesday last, Watson B. Duncan, III, and his wife, Honey, were seated on the floor of the Senate, listening to the reading of a resolution which had just been passed unanimously: "SR 1187: A resolution recognizing Watson B. Duncan, III, community college educator, for his exemplary teaching career."

Afterward came a statement from one of his former students, Ken Jenne, who just happens to be president-elect of the Senate, which was "such a wonderful tribute to me that I was almost too embarrassed to listen," Duncan says. "Almost, but not quite."

Then Duncan and Honey were invited to stand near Senate President Harry Johnston.

"Honey got a kiss, and I got a resolution," Duncan says.

The resolution calls attention to Duncan's teaching career and philosophy, his support of liberal arts and founding of our theatre programs, his support of tutorial programs, his support of professional organizations, his "Adventures In Learning" series, and his numerous awards.

After the platform appearance came photos (one of which we will surely publish when we get it), and congratulations from many. Then came the ride back to the airport, courtesy of Richard and Pat Wilson Myers, "who were just great."

The next morning, where was Duncan?

Why--back in front of his class, of course. Teaching literature.

Savoring, briefly, memories of the moments of glory of the day before.

And providing for his students, as is his custom, moments of glory for today.

...Jonathan Koontz

Health Report On Sick Leave Bills

Two sick leave bills are alive and well in the House and Senate, but still in committee, where they could die unless moved quickly onto the floor for action.

Both bills give us pay for all accumulated sick leave days upon retirement, instead of half the days. (School employees already get pay for all their days).

The bills are HB 891 and CSSB 1004. (HB = House Bill, CSSB = Committee Substitute for the Senate Bill). They are not identical, but are close enough so that there should be no problem resolving differences if both are passed.

Both bills have cleared other committees and are now in the Appropriations Committee. Last year, two similar bills got this far, but no farther.

If you are interested, and you should be, you should write immediately, urging passage and funding. These bills are expensive and funding is necessary if they are to be put into effect.

The problem, of course, is money--and the fact that everybody is using every means at their disposal to get as much of it as they can from the appropriations committees. If we do not equal or exceed the pressures from others, (and we have failed

Program Leaders

The purpose of this article is to clarify the compensation which will be paid to those personnel who are selected to be Program Leaders during the 1986-87 year. A supplement of $1000 for each semester term or $2357 for a 198 day contract will be paid to faculty members performing those activities.

There are a few instances in which a faculty member would not be eligible for this supplement. For example, former department chairs with a salary in excess of the maximum of the salary range would not receive a supplement if his or her contractual salary exceeded the maximum by more than $2357. Other faculty members whose contractual salary was within the salary range would, of course, receive the supplement.

In view of some apparent misunderstanding on this subject, the need for Program Leaders is expected to be announced again next week. ...J.M.Schneider

Sick Leave Bills (cont'd from P 1)

to do this in the past), the bills will probably die in committee.

Each appropriations committee has subcommittees dealing with education. The only address needed is The Capitol, Tallahassee FL 32301. The people to write are as follows:

HOUSE: John Mills, chairman; Beverley Burnsed; Carl Carpenter; Bill Clark; Tommy Hazouri; Herb Morgan; Art Simon; Eleanor Weinstock; T.K. Wetherell; Bettie Easly.

SENATE: Betty Castor, chairman; George Kirkpatrick; Carrie Meek; Curtis Peterson; Karen Therman; Mary Grizzle.

President's Scholarships Awarded

The addition of four students from Moore Haven High School in the last week brought the number of President's Scholars this year to 54 and the number of high schools represented to 17.

The scholars and their families were present Wednesday evening in the Student Activities Center for presentation of the awards and a reception following the ceremony.

Budget Resembles Last Year

Administrative Changes Aproved By Board

A 1986/87 budget which closely resembles the one for this year, and a number of important administrative changes were approved Wednesday night by the Palm Beach Junior College trustees.

In speaking of the administrative changes, Dr. Eissey said they were undertaken with reluctance, but as a necessity in view of our budget situation.

"I will say right now, that we really need the close kind of supervision we have had before these changes," he said. "If we had adequate funding, we would not be cutting back on the number of administrators."

Prior to voting on other matters, the board, in an unprecedented move, created the position of Distinguished Chairman of Arts and Letters, and appointed Watson B. Duncan,III to that position.

Duncan, whose wife, Honey, was present for the occasion, was presented with a resolution honoring him for his long and distinguished career at the college.

Appointments by the board Wednesday did away with all department chair positions.

The organization of PBJC Central will now be by divisions, rather than departments, with a number of disciplines grouped under four Division Chairmen. The four are: Dr. Paul Dasher, Reuben Hale, Ann Steckler, and Celeste Beck.

The division chairs and three program managers will report to a new dean of instruction at PBJC Central, John Schmiederer.

Schmeiderer's old position as Dean of Vocational Education will not be filled, but many of his duties will be assumed by Jan Bussell as Director, Vocational Education.

Dr. James Flatley will become Program

Cont'd P 2

Dinner Honors Retiring Trustee

A reception dinner honoring Mrs. Hisetta Dyson for her eight years of service as a member of the Board of Trustees was attended by about 80 persons from the college and the community Thursday, May 15, at the Hospitality Management Dining Room.

Four speakers emphasized different qualities exhibited by Mrs. Dyson during her two terms.

Dr. Philip Lichtblau, board chairman: Always present, prepared, fair and objective. Always accepted assignments. Gave the board a little touch of class.

Dr. Eissey: Dedicated. A unique quality of loving quietness. A very precious human being.

Preston Tillman, a real estate broker and a longtime friend: Doing, not seeming. Moved with beauty and dignity. Moved with love and authority. Moved with courage and concern.

Freddie Jefferson, Division Chairman, PBJC North; and a fellow FAMU alumnae: Love, hope. A thirst for education. Keys are loyalty and dignity.

In a short response, after presentation of gifts, Mrs. Dyson said the college is "doing a beautiful job."

Trustees (cont'd from P 1)

Manager, Dental Health, Joseph Macy will become Program Manager, Criminal Justice, and Betty Morgan will become Program Manager, Nursing. Kenan Foley becomes CPI coordinato

Other former department chairpersons were appointed as teachers in their respective disciplines.

The 1986/87 budget approved by the trustees contained no raises except for increments, and was based on appropriations received this year. If the current legislature approves increases, they will be amended into the budget later.

The budget shows $21,260,976 available, and that entire amount spent.

Dr. Eissey explained that experience has shown that about four percent of the budget remains unspent, and the college is assuming that $493,000 will be available at the start of next year.

He emphasized that state appropriations are 69 percent of the budget, so that whatever percentage of increase is granted by the legislature applies only to that 69 percen A 10 percent increase of state funds is a 6.9 percent increase in the total budget.

Dinner (cont'd from P 1)

She said she would never lose her interest in Palm Beach Junior College, and that she is in the process of "organizing my own group."

"We are going to get our black boys and girls interested, and put them into these beautiful curriculums here at Palm Beach Junior College."

Jimmy Johnson, Keynoter

Business/Education Awards Thursday At Breakers

Ten businesses and associations in Palm Beach County have been selected as finalists for the Business/Education Community Partnership Awards given by PBJC. Three awards are given for exemplary service to the college: Large Business, Small Business (less than 100 employees) and Non-Profit Association.

Winners in each of these categories will be announced at a banquet Thursday, June 12 at the Breakers. In addition to the awards ceremony, the program will include a keynote address by Jimmy Johnson, football coach for the University of Miami Hurricanes.

"Criteria for judging is based on support for students, in the form of scholarships and opportunities for internships, and aid to the college in the form of service on advisory committees, advocacy, in-service programs for faculty, and donations of funds and equipment," said Dr. Ottis Smith.

The finalists are: Atlantis Country Club (Robert Kintz); Brenda's Small World (Brenda Wilkinson), Chismark & Co. (George and Adrienne Chismark), Foundation Land Co. (Frank Angerame), Green Cay Nursery (Ray Homrich), IBM Corp. (George Anderson), Jonathan's Landing (Richard Plowman), Pratt & Whitney-Government Products Div. (James G. O'Connor), American Heart Association (Marge Adams and Dr. Harold Lynch), and the Palm Beach County Hotel/Motel Association (Leo Gillespie).

The 1986 Selection Committee included: June Aiken, WPEC-TV; Nancy Cherry; Debra Caldwell-Martin, WPTV; William Fruth, Palm Beach County Development Board; Dennis Grady, Chamber of Commerce-Palm Beaches; Dolly Hand; Gale Howden, Miami Herald; Ken Montgomery, Private Industry Council; David O'Connell, FP&L; Robert Peterson, National Teleproductions; Dan Shorter, Post-Times; and Veronica Van-Allen, Northern Palm Beach Chamber of Commerce.

Some Additional Budget Facts

The one sure thing about the budget passed last week by the trustees is that it will be revised. There is still no word from Tallahassee on how much state revenue will be increased, so we can not even begin to forecast what kind of revision will take place.

Despite this uncertainty, there were a number of interesting points made by Dr. Eissey in his presentation to the trustees which we did not have space to include last week.

The budget was based on our estimate of this year's revenue of $19,972,539 plus estimated fund balances of $1,288,437, for a total of $21,260,976.

When budget managers presented their requests, they were $1,642,092 above this amount, so it was absolutely necessary to trim that much from their requests.

This meant there could be no budgeted fund balance at the end of the year, but unspent balances in the hundreds of budget categories at the year's end give us a balance of nearly $800,000--not quite enough to reach the minimum balance required by the state.

An interesting chart on fund balances showed a healthy $2.3 million in 1983

Budget (cont'd from P 1)

dropping by $300,000 or $400,000 every year up until this year, when the drop is estimated to be nearly $500,000.

Dr. Eissey said we must stop spending more money each year than we take in. He emphasized two other points: Adjunct salaries are only 9.9 percent of personnel costs, and an increase in state funding only applies to 69 percent of our budget.

"If we are lucky enough to get a 10 percent increase in state funds, our budget will only be increased by 6.9 percent," he said. "It's easy to overlook that point."

Announcements . . .

The following classified positions are open:

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 28

June 9, 1986

Latest Start Ever

Collective Bargaining Gets Underway Tomorrow

Collective bargaining between the college and the United Faculty will get off to its latest start ever on Tuesday, June 10, 3 p.m., in the Parks and Recreation Building at John Prince Park.

Bargaining teams for the college and the union of teachers, counselors and librarians, will have only 20 days until expiration of the current agreement.

Because of the strong status quo rules in Florida labor law, expiration of a contract means less than in some other states.

The beginning date was chosen by the union, and coincides with the planned ending of the legislative session, which determines, to a large extent, what funds will be available for salaries and benefits in the coming year.

A letter to Dr. Elisabeth Erling of the college team from James Aldridge of the union outlines six topics for discussion.

1. Uniformity of class time.
2. Maintenance of professional standards.
3. Compensation and working conditions of program leaders.
4. Terminal sick leave.
5. Lecture/Lab parity.
6. Salary and benefits.

All of the items have appeared in prior bargaining except the item involving program leaders, and the general position of each side is well known to the other. Meaningful discussion of salary and benefits is not possible before the end of the legislative session.

Bargaining sessions are open to the press and public. From time to time, one side or the other will caucus in a private meeting, but actual bargaining is in the sunshine.

PBJC North Hosts Dance/Lecture

Palm Beach Junior College North will host a free lecture and demonstration of dance by Pamela DeFina Tuesday (June 10) at 8 p.m. in the Library Learning Resources Center Rm. NL 202.

DeFina will perform in the style of Isadora Duncan, the turn-of-the-century artist who is considered the mother of modern dance.

A Palm Beach resident, DeFina was a protege of Duncan's daughter, and has performed at the Sorbonne in Paris, the United Nations General Assembly, and the Riverside Theatre in New York City.

DeFina was a scholarship trainee at the Harkness House of Ballet in New York before receiving master's degrees in Art History from the Graduate School of Fine Arts in Florence, Italy and from the University of California, Santa Barbara.

Bills of special interest to Palm Beach Junior College in the current legislative session had appeared to be in excellent condition two weeks ago, but two of the most important ones--funding for the first building at PBJC South and the half mill referendum became pawns in a power struggle in the final days of the session. At Monday Report deadline, both items were strong in the Senate, but were being held hostage by the leadership of the House, with the outcome very much in doubt.

THIS Week . . .

June 9-19	Extended admissions

Several friends and co-workers of Helen Foster, secretary to the Director of Development, gathered in Conference Rm. C last Wednesday to offer their good wishes and farewells. Helen, who has been with the college since 1980, will be retiring as of July 1, but worked her last day on June 4.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT:

Volume VIII, Number 29 June 16, 1986

Now Comes Propaganda Time

How Much Of A Raise Will We Get?

The legislature has adjourned, appropriations have been decided. Somebody, somewhere, presumably knows how much money PBJC will be getting from the state next year. Now comes propaganda time about salaries.

Bargaining Off To An Efficient Start

Collective bargaining was off to an efficient start Tuesday as the union and the college both put items on the table and explained them--six items for the union and four for the college.

For the union:

1. All classes to meet for a uniform period. No recommendation was made as to whether the period should be 50 minutes or 60 minutes.

2. Broaden the items acceptable for maintenance of professional standards to include professional activities.

3. Add an option of release time for program leaders.

4. A change to compensation for all sick days upon retirement when Florida law permits.

5. Establishment of a joint Board/Union Committee to investigate the load relationship between or among lab, lecture and clinic hours.

6. A 15 percent increase in daily rate.

For the college:

1. Drop 24 hour notice for placing reprimand in personnel file when a copy of

Cont'd on P 2

The governor, House members and Senators all have a vested interest: They want you to know how hard they worked for you. They make the figures come out as high as they can. Newspaper stories mention five and 10 percent.

The union has a vested interest: They want as big a raise as they can get. They don't stop at five or ten percent. They jump right away to 15 percent.

The administration also has a vested interest: They have to live all year with what they say, and they have to have a balanced budget. So they are saying as little as possible until they get actual facts, in writing, from the division.

All that can be said at this moment is what Dr. Eissey has said to our board of trustees in open public meeting.

Every dollar that can be preserved for salaries will be, he said. None of the increase will go into departmental budgets, even though $1,642,092 of requests for supplies and equipment had to be deleted.

None of the increase will go into upgrading positions, although many such requests are justified. Everything that can go into salaries will go there.

But the budget must be balanced, Dr. Eissey said, and the estimate for this is $493,000. Beyond that, anything that you hear is pure speculation. It is really better to wait until the facts are in, and the

Cont'd on P 2

Information On 210 Day Schedules

In response to a number of questions we have had regarding 210 day schedules, the following information is being provided.

Those personnel whose schedule includes the Spring Term will work through June 23, 1986.

Personnel who work during the Summer Term will begin on June 19 and work through July 30,1986.

Since there is an overlap between the two schedules, it, of course, is not possible for a person to be able to work and be paid for 210 days plus another full 30 days during the Spring or Summer Term.

Donation To Academic Improvement Trust Fund

The estate of Forrest Mobley, a part-time Palm Beach resident, has donated $100,000 to the Academic Improvement Trust Fund, bringing the total in that fund to over $650,000, according to Nancy Cherry, director of development.

"A portion of this money was used to apply for a state matching grant of $50,000, so (eventually) the total to go into the fund will be $150,000," she said. "During May, we also received $8,000 from Pratt-Whitney."

The monies have been invested in "high-quality, income-producing stocks," and the interest from this investment will fund the TOPS and Job Placement/Followup programs at the college.

Collective Bargaining (cont'd from P 1)

the reprimand has been provided to the person involved.

2. Drop the requirement to advance nine days of sick leave.

3. Liberalize academic rank requirements to allow some persons to be hired at a higher rank. Also applies to those already on board.

4. A clarification of Sabbatical Leave.

All four of the college items were discussed.

Items 1, 2, and 5 of the union's list were discussed, and the college team indicated it would bring additional personnel to discuss 1 and 2 at the next meeting, set for June 24, 3 p.m., in the Parks and Recreation Building.

June 25, at 3:30 p.m., has also been reserved as a meeting time if it seems advisable.

Salaries (cont'd from P 1)

administration makes its position known.

This is not being super cautious. Early "facts" about appropriations are notoriously faulty. Language which will govern how the act is administered has not even been written yet.

It will be two or three weeks until we really know anything. Until then, anything purporting to be a fact probably isn't. It's probably propaganda.

Happy Birthday To . . .

OFFICE OF
THE PRESIDENT

June 16, 1986

Dear PBJC Faculty and Staff:

Although the legislative situation was just as tough as ever this year, it has turned out to be one of the most successful years in recent history for community colleges in general, and PBJC in particular.

The reason is simple. We have worked together every step of the way this year.

It has been a heart warming experience to know that I had only to make you aware of the need for letters and telegrams and telephone calls to be assured that the very next day you would be right there--exercising your right as a citizen.

With your help, we have been able to convince our local delegation of the need for additional funding, and were generally successful in three of the four goals we set for ourselves this year.

We achieved some success in our number one goal--salaries. We do not yet know how great a success this was, but it was certainly better than in other recent years. We got the PBJC South building appropriation through the legislature. We achieved limited success with equity funding.

We were very close to getting our millage referendum. Next year we will get it.

Which brings me to the real point of this letter. Now that we have all begun the process of functioning as auxiliaries in the never ending struggle to achieve equitable funding, we must not only do the same thing next year, we must do it better.

I am in the process of writing letters to the local delegation and other key legislators who helped us this year, thanking them for their help. Would you thank them also? I am doing this because I know how hard they worked.

I also know that people like to know that their hard work is being recognized. It would please me if all of us could do this. It will help next year.

Sincerely,

Ed

Edward M. Eissey
President

PBJC MONDAY REPORT:

Volume VIII, Number 30 June 23, 1986

Another Montgomery As President

Foundation Elects Board Of Directors

Robert Montgomery, prominent attorney with Montgomery, Searcy & Denney, P.A. in West Palm Beach and a leading patron of the arts in Palm Beach County, was named president of the PBJC Foundation effective July 1.

Businesses Honored At Awards Ceremony

"Winning" seemed to be the theme of the evening on June 12.

The three winners of the 1986 Business/Education Community Partnership Awards were announced that evening at a banquet at the Breakers, which was highlighted by an after-dinner address by Jimmy Johnson, head coach of the University of Miami Hurricanes football team.

"A positive attitude plus effort equals performance," the 'Canes coach said. "There are six words that I tell to all of my football players--'never, never, never, never....give up."

Johnson's comments were indicative of the spirit of the banquet's guests of honor.

Pratt-Whitney, Green Cay Nursery of Boynton Beach, and the American Heart Association of Palm Beach County topped a field of 10 "all stars" in three categories--large business, small business (under 100 employees), and nonprofit associations.

William Howden, vice president of community relations for Pratt-Whitney, accepted the award for his company, while Green Cay Nursery was represented by Ray Homrich and the American Heart Association was represented by Executive Director Marge Adams.

Their competition included: IBM, Foundation Land Co. and Jonathan's Landing (large businesses); Chismark & Co.,

Cont'd P 3

A graduate of the University of Florida law school and a resident of Palm Beach County since 1966, he has become a leader, not only in support of education, but in business, civic activities and the arts as well.

He has recently spearheaded the fundraising campaign to establish a world-class performing arts center adjacent to PBJC in John Prince Park, and was the first recipient (and namesake) of the Montgomery Medal, created by the Palm Beach County Council of the Arts to recognize and motivate outstanding support of all the arts by individuals, corporations, and foundations.

Ironically, he will succeed his wife, Mary, who has been Foundation president since 1980.

The announcement was made at a breakfast meeting of the Foundation Board of Directors last Wednesday, which also included the election of a new board and slate of officers.

Re-elected to the board for a four-year term to expire June 30, 1990 were: E. Llwyd Ecclestone, Jr., president of National Investment Co.; Mrs. Lisa Hooker of Belle Glade; and Robert A. Satter, president of the Satter Companies.

New board members elected to a four-year term were: Herbert P. Benn, attorney, Blank & Benn; Michael Caldwell, executive vice president, First American Bank; Max Davis, Max Davis Associates; Dolly Hand, PBJC Trustee; William C. Howden, vice president of community relations, Pratt-Whitney; and Robert Montgomery.

Other 1986-87 officers are Herbert Benn, vice president; Dr. Eissey, secretary; and Stanley Brenner, CPA with Laventhol & Howwath, treasurer.

Trustees Re-elect Lichtblau And Hand

After a reception for new board member Mrs. Elizabeth Wesley, PBJC trustees moved swiftly through a short agenda Wednesday.

Dr. Philip Lichtblau and Mrs. Homer Hand were reelected chairman and vice chairman of the board. Meeting dates were set on the third Wednesday of each month. Conference C at PBJC Central is the normal designated location.

Dr. Eissey called attention to the retirement of Mrs. Joyce Cates after 24 years of service in the Registrar's office, and of Mrs. Ruth Wing after 24 years as chairman of the Math Department. Joyce will be moving to Boone, N.C., and Ruth will be doing some travelling.

Announcements . . .

Grants Pending:

*Institute of Government - Diane Brander
*Arts Grants - Dolly Hand Cultural Arts Center - Judy Schiele ...George Matsoukas

Word Processing Center Opens

The duplicating center will be relocated on June 23 to the first floor of the Administration Building. This is a temporary location, pending renovation for the new word processing center.

As of that same date,Monday, June 23, the message center in the Social Science Building will be closed. The duplicating center and the message center will henceforth be known as the word processing center.

Work for the duplicating center and the message center will now be taken to the word processing center. The word from Dr. Elisabeth Erling, who will be the administrator responsible for the center is -- "Be patient. We are in training, and will be much more efficient by the time the Fall Term begins."

Continuing Education Summer Projects

The Continuing Education Division has two camps currently underway that are filling some local youngster's summer vacations with fun and friendship.

A Summer Band Camp for junior and senior high school musicians attracted 83 paid applicants, according to John Townsend, program coordinator.

"We have a fantastic distribution of instruments...from flutes, clarinets, trumpets and trombones to percussionists," he said. "There are enough instrumentalists to have a full orchestra."

The students have the chance to meet other young musicians from the area, and practice individually, in groups or in sections. They also learn advanced music theory and, if they're jazz buffs, improvisation techniques and performing in jazz ensembles.

The camp will culminate with a concert on July 24 or 25; Richard Mucci is the camp director.

The first section of Camp Junior College, the day camp for nine to 15-year olds that the college has offered for the last three years, begins today at PBJC Central and will continue until July 3. A second session will be offered July 7-17, according to Jennifer McCormick, camp director.

A special pilot segment of the camp was offered for the first time last week at PBJC Glades, and turned out to be very popular.

"We were entirely full, with 16 young people participating," said Mary Orsenigo, acting director of the Glades Campus. "We have a waiting list already for next year."

Awards (cont'd from P 1)

Brenda's Small World, and Atlantis Country Club (small business), and the Palm Beach County Hotel/Motel Association.

The awards, given annually by PBJC, honor the business(es) that have provided exemplary support for students in the form of scholarships and opportunities for internships, for the college in the form of service on advisory committees, advocacy and in-service programs for faculty, and donations of funds and equipment.

Personals . . .

My mother and I would like to thank all my PBJC friends for the generous donations, beautiful flowers, sympathy cards, and phone calls received in memory of my father who recently passed away. It is a warm feeling knowing that I work with such caring friends and co-workers. Thank you. ...Mary A.Reasner

Cleo Leland, a Glades custodial worker and PBJC employee of 20 years retired last Monday. The entire Glades staff held a luncheon in his honor on Wednesday. (Cleo, by the way, was the college's bus driver to and from Belle Glade before that campus was established.)

Personals (cont'd)

Tom Pierson, a maintenance staff member at PBJC Glades, received word that his father died June 11. Everyone at the Glades campus would like to offer condolences to Tom.
...M. Orsenigo

We wish to offer our deepest sympathies to Rita Lampinen of physical plant on the death of her husband, Ed, Tuesday, June 17. Ed, who was also an employee of physical plant, retired in 1980 after 13 years of service with the college.

Paul Hitchcock, a full-time faculty member at PBJC Central (who also teaches a course in basic photography) is now exhibiting a show of 26 black and white photos in the Government Building in downtown West Palm Beach. The exhibit, which is being sponsored by the Palm Beach Council of the Arts, will last through July.

Dr. Theodore B. Engel, who was chairman of our Dental Health Services Department from 1962 to 1972, and was responsible for the development of the department, died Wednesday, June 11. He was 80. A dentist from the Pittsburgh area, Dr. Engel was a kind and caring person, much loved by students and colleagues.

Terry Shoultes has been selected to coach the Palm Beach Gardens thirteen-fourteen age boys' baseball All-Star team. The team is preparing for the district tournament on July 18 and the state tournament on Aug. 6. Terry has been a recreational baseball coach in Palm Beach County for several years, and has coached such notables as FSU's Doug Little, Steve Nicklaus and Mark Eissey.

It is with sadness that we note the death on June 11 of one of our former colleagues, Pat Schuette, who worked in the News Bureau from 1980-82. Those of us who knew Pat will remember her for her quick wit and outgoing, effervescent personality. She will be missed.

Helen Foster, who retired from the Development Office on June 4, celebrated the first day of her retirement in spectacular style. Nancy Cherry's office received word announcing the marriage of Helen and Alcott R. Ashborn on June 5 in West Palm Beach. We extend congratulations to the newlywed couple.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 31

June 30, 1986

Effective July 1

Staff Granted 10 Percent Pay Increase

Dr. Eissey recently stated he was very pleased to announce his recommendation that classified and professional staff will receive a 10 percent across-the-board increase on July 1, 1986. In addition, increments will be granted to all staff eligible for such increases this year.

The increases will appear on paychecks issued on July 17.

A proposal calling for a 10 percent across-the-board salary increase plus increments for most faculty -- with greater or smaller increases for faculty in certain categories -- is currently being negotiated with the faculty union.

Administrators in salary grades C50 and above will be eligible for a 9 percent increase except for a few such personnel who are frozen beyond the maximum of their salary grade.

Grants personnel will receive the increase only if there is sufficient funding within the grant to allow for a 10 percent across-the-board raise.

Dr. Eissey expressed his gratitude to the Palm Beach County Legislative Delegation and others who were instrumental in having the Legislature increase their appropriations to the level which permitted this increase.

Orsenigo Named Glades Director

Mary Orsenigo, registrar at the Glades campus since 1972, has been named director of PBJC Glades effective July 1. She will succeed Dr. Gary Sims.

A long-time resident of Belle Glade, Orsenigo has been involved with PBJC Glades from the very beginning. In 1971, she served with Dolly Hand and others on a steering committee that investigated the feasibility of opening a PBJC campus to serve the western communities.

For a year, the committee members surveyed area residents, and their findings persuaded the Board of Trustees to establish the Glades campus. Orsenigo was named the fledging campus' first registrar, and Dr. Cecil Conley was hired as provost.

Over the years, her role at PBJC Glades has broadened in scope. Last summer, she was assigned to handle marketing for the campus (in addition to her duties as registrar) and has spent the past year visiting high school principals and guidance counselors in the area.

She was named Acting Director of the Glades campus on June 3 of this year, after Dr. Sims resigned.

"I'm excited by the challenge," she said. "This campus is a vital part of

Architect Selection Today

The PBJC Board of Trustees have set a special meeting for today (June 30), 1 p.m. in Conference C at PBJC Central.

The purpose of the meeting is to select an architect for the Raymond F. Kravis Center for the Performing Arts at Palm Beach Junior College.

Seminar On U.S. Export Opportunities

The PBJC Continuing Education Division and the World Trade Council of Palm Beach will co-sponsor a seminar on "U.S. Export Opportunities-Hands on Direction" Tuesday, July 15 from :30 to 5:30 p.m. in the fifth floor conference room at the Port of Palm Beach.

In addition to a question-and-answer period, the program will include presentations on "Export Marketing by Objectives" by Don Edelson, a partner in Marketing Management International in West Palm Beach; "Export Support Systems of the U.S. Department of Commerce" by Karl Koslowski of the U. S. Department of Commerce; and "Export Support by Freight Forwarders in Cost-Effective Shipments" by Susanne Fontana, president of Florida Customs Brokers and Forwarders.

"This is the first of five seminars on international marketing planned for the Fall and Winter Terms at PBJC," said John Townsend, program coordinator.

For information on fees and registration, contact Jim Stuber of the World Trade Council at 832-6056.

Grant Awards Announced

The Development Office has received notificaton of the following grant awards:

*Adult Training and Retraining - $52,943, John Schmiederer/Joan Holcomb
*IMTS - $172,120, John Schmiederer/Joan Holcomb
*Special Services for the Handicapped - $19,781, Dr. Melvin Haynes/Gail Tomei

...George Matsoukas

Collective Bargaining Update

Bargaining teams from the administration and faculty union will continue negotiations this Wednesday, July 2 at 3:30 p.m. at the Parks and Recreation Building at John Prince Park.

Items still to be agreed upon include the administration's salary proposal of a 10 percent increase for all faculty except those who transferred from a 180 to 168 day contract during 1985-86. (These faculty members will receive a 2.86 percent increase since their daily rates were frozen at 7.14 percent above other faculty members with comparable education and experience.)

The salary proposal also calls for the elimination of increments after the 1986-87 year, and payment at the overload rate for teaching duties performed beyond the 198-day contract.

Other items still to be agreed on are compensation for program leaders, sick leave policy, procedure for placing written reprimands in personnel files, and selection of committees to investigate the load relationship between or among lab, lecture and clinic hours.

Glades Director (cont'd from P 1)

the community, and we have in our favor a very stable, a very good faculty and staff."

"But our number one priority is enrollment--we need students and services for those students," she added.

Her educational background includes a bachelor of science degree in home economics from the University of Maine, and a master of science in Institutional Food Service from Cornell University. She and her husband, Joseph (who is director of research for the Florida Sugar Cane League) have two sons, both self-employed and living in the Glades area.

Summer Enrollment Up At PBJC

Enrollment for the Summer Term at Palm Beach Junior College is up almost five percent over the previous summer, making this the largest percentage of gain during a summer term in the past few years.

College-wide, the Summer Term headcount (actual number of people) went from 3,092 in 1985-86 to 3,243--an increase of 4.88 percent. More importantly, the college-wide figure for student semester hours (which is used as a basis for state funding) was up 7.46 percent over last summer--from 11,684 to 12,555.

Each campus (except PBJC Glades, which is closed during the summer) posted gains in enrollment:

*Central--(headcount) from 1,510 to 1,582; 4.77% (SSH) 5,875 to 6,333; 7.80%
*North--(headcount) from 798 to 831; 4.14% (SSH) 3,157 to 3,251; 2.99%
*South--(headcount) from 726 to 753; 3.72% (SSH) 2,652 to 2,960; 11.61%
*Mixed--(headcount) from 58 to 66; 13.79%

Veteran Newspaperman Donates Collection

Ives Cary, former owner, editor and publisher of the Jupiter Courier and Courier Highlights from 1963-78, has donated over a hundred specialized volumes, a complete set of Gilbert and Sullivan operetta recordings, and other personal memorabilia to the Palm Beach Junior College North Library.

Two rare donations are the Rocky Mountain Railroad Album and a full years bound volume of Gleason's Pictorial Drawing Room Companion (1851), a weekly newspaper published in Boston and known for its rare woodcut illustrations. Cary also collected the first printing of Charlie Brown and Peanut comic books from the '50's.

Alice Zacherl, campus LLRC director, says this unique gift will form the core of a special archival collection for the North Campus.

Zacherl is working with Eva Campbell of the Loxahatchee Historical Society to determine which of the materials should be placed with the Society. Seventeen reels of microfilm of the Courier Highlight will be transferred immediately to the Historical Society.

Cary's son, Stanley, graduated from PBJC and it is for this reason that he wishes the larger part of the collection to go to the PBJC Library.

A Day At The Zoo

Richard Flint, who has risen through the ranks of professional speakers to become one of North America's most sought-after program personalities, will present a seminar "A Day at the Zoo" Tuesday, July 15, from 9 a.m. to 4 p.m. in CE Rm. 121 at PBJC Central.

The seminar, which will contain a survival kit for managers and leaders, will be hosted by the PBJC Institute of Government.

"Flint's no-nonsense approach to human struggles has left audiences feeling he has known them all their lives," said Diane Brander, program coordinator. "It is his belief that 'the major struggles that go with us to work each day are not there because of a lack of technical knowledge, but because of the human struggles that we carry with us.' "

Over the past six years, Flint has spoken to over 1,500 groups; authored three books--"Turn Your Pressure Valve Down," "Who Stole the Professionals," and "Life Is a Maze." He has also developed nine albums of casette tapes and three video presentations.

Diane Brander, Director, Institute of Government, spoke to the newly organized fiscal officers of Palm Beach County at a breakfast meeting Thursday, June 19. The topic covered training opportunities available to city and county personnel through the institute at PBJC. In addition, the Institute of Government co-sponsored a Thursday, June 13 seminar with the County Personnel Association. The speaker was Mildred Ramsey, fast becoming nationally known as the spokesperson for the employee in the work place. She presented a program entitled "The Super Supervisor" and 110 people attended.

The Monday Report notes with sadness that Josephine Ceravolo, mother of Joe Ceravolo, passed away June 19. Mrs. Ceravolo, who was a resident of Lake Park, was buried in Pennsylvania. All members of the PBJC family join in offering to Joe and his family our deepest expressions of sympathy on his loss.

A questionnaire sent out recently by the Social, Cultural and Welfare Committee polled the staff on their interest in two cruises--one at the end of summer at one at Christmas. According to Jennifer McCormick, committee chairman, 55 people responded positively to the "End of Summer Blues Cruise" to be held on the Viking Princess Saturday, Sept. 6 from 10 a.m. to 10 p.m. More details on the trip will be forthcoming.

- -

The second session of Camp Junior College at PBJC Central will be offered July 7-17. For more information, call Jennifer McCormick at X8014.

July 7, 1986

Trustees Meet In Special Session

Architect For Performing Arts Center Named

Zeidler/Roberts Partnership of Toronto, whose spectacularly innovative and popular buildings have won international acclaim, was named the number one choice for architect for the new Raymond F. Kravis Center for the Performing Arts at Palm Beach Junior College.

The announcement was made at a special meeting of the district Board of Trustees last Monday by a joint committee of representatives from PBJC and the Palm Beach County Center for the Arts, Inc., and was unanimously approved by the trustees.

"This is truly a time of joy...This is the embarking of the Mayflower on a new sea of discovery of what culture is really all about," Dr. Eissey said.

The architectural firm chosen to design the Performing Arts Center is currently being praised widely for its Canada Place Pavilion at the Expo '86 in Vancouver, and also designed the Ontario pavilion at the exposition.

Noted for a style labeled as "high-tech expressionism," Zeidler/Roberts have won more than 75 design awards internationally for their work in Canada, the United States and Asia.

The committee's second choice was Arthur Erickson, Inc. also of Toronto, and its third selection was Schwab & Twitty Architects, Inc. of Palm Beach.

The choices were made with the stipulation that the firms are licensed to practice in Florida at the time of the execution of the contract (if they are not already).

In addition, the Board unanimously approved the selection of Artec Consultants, Inc. as theatre and acoustical consultants, and Chartwell & Company (Hanscombe) as cost control consultants.

Cont'd on P 2

Administration, Union Reach Speedy Agreement

The administration and faculty union agreed on a 10 percent across-the-board salary increase for most faculty last Wednesday, making this the shortest collective bargaining session ever.

In addition to the across-the-board increase, agreement was reached on raising the minimum salary for an instructor on 198-day contract from $16,932 to $20,000 and for a senior instructor on 198-day contract from $17,639 to $20,800--increases of 18.1 percent and 22.8 percent respectively.

Those faculty who transferred from 180 to 168 day contracts in 1985-86 will receive a raise of 2.86 percent, since their daily rates were frozen at 7.14 percent above other faculty members with comparable education and experience.

Other economic settlements included increasing the overload pay rate by 10 percent, and paying program leaders $1100 per semester or a $2,593 supplement for a 198-day contract (without release time).

The college withdrew its proposal for eliminating increments after the 1986-87 year, as well.

"In the interests of speedy agreement, we're taking the increments proposal off the table," said Jesse Hogg, the college's chief negotiator.

I would like to express my sincere appreciation for your kind expressions of sympathy and donations following the loss of my husband, Ed "Archie" Lampinen. ...Rita Lampinen

Architect (cont'd from P 1)

The trustees also approved a total budget of $26.3 million for the project, and a provision for employing personnel for the Performing Arts Center. (Though they will technically be college personnel, these staff members will be paid with funds from the project or from the Palm Beach County Center for the Arts, Inc. coffers.)

"These positions will cost the college nothing," said Paul Beard, managing director of the Center.

Agreement (cont'd from P 1)

In noneconomic issues, the union withdrew its counter-proposals for allowing 24-hours notice to be given before a written reprimand is placed in a personnel file, and the criteria for selection of committees to investigate lab, lecture and credit hour loads.

Both sides compromised on the sick leave issue. Although sick leave will no longer be automatically advanced, new faculty members who have not accrued paid sick days (or have not transferred any from another institution) will be allowed to apply for an advancement of up to eight days if they get sick before any leave has accrued.

The contract should be written by today, and will be in the library for three days thereafter. The faculty expects to have a vote for ratification by July 15.

Country Western Theme

Classy(fied) Hoedown Set For Thursday

Everyone get ready to do-si-do and allemende left, because the classified employees annual picnic will take on a country and western flavor this year.

The hoedown is set for this Thursday, July 17 beginning at 1 p.m. at the Mounds Circle in John Prince Park, and will feature music by a country/western band, entertainment by the Shufflin' Shoe Cloggers, and a real Old West sheriff and jail.

"We'd like everyone to take part by dressing in the country and western theme in some way, no matter how small," said Don Pearsall, picnic chairman.

As usual, the committee has planned many fun-raisers, as well as fund-raisers, for the day. In addition to the jail (which will cost $1 to get out of), there will be a raffle of several items, including a Hoover vacuum cleaner, and a silent auction of prizes, such as dinners for two, attorney's services, and merchandise.

There will also be a prize for the person who correctly identifies the highest number of PBJC employees from an assortment of baby photos. (Send a photo of yourself taken before age 5 to Mary Tingler by Tuesday, July 15).

Before or after a country dinner such as barbecue chicken and beef, hot dogs, potato salad, cole slaw, and plenty of "beverages", energetic picnickers will participate in three-legged races, water balloon and egg tosses, and other games.

"We hope everyone comes ready to have a good time, and to spend a couple of dollars for the needy families," Pearsall said.

Money raised goes into the People Bringing Joy at Christmas Fund, which is used to buy toys and food for lower-income families in the area.

FACC Sponsors Silent Auction

A round of golf with Dr. Eissey...A plane ride over the Glades with Dolly and Homer Hand...Dinner with Dr. Tate...Lunch with Dr. Erling or tennis with Dr. Dyer.

These are just some of the items that will be up for bid in a silent auction to be sponsored by the PBJC Chapter of FACC later this month.

There will also be a singing lesson with Hugh Albee, a makeup and color analysis by Peg Farrell, or a custom-made dress or alterations by Jan Bostic.

Homeowners can bid to have their houses sprayed for termites by Jake Kirkhart, an air-conditioning service call by Don Pearsall, laundry and lunch by Lori Flamer, and a local truck/driver moving service by Dick Jones.

For lovers of the great outdoors, there will be golf and tennis lessons by Chuck Graham and Hamid Faquire, swimming lessons by Shelley Carton, sailing with Gail Tomei, and a scenic motorcycle ride with Glen Marstellar.

For a personal touch, the highest bidder may send a customized greeting card made by Sharon Haveard, a personalized message written and delivered by Kateri Brunell, or an 8x10 portrait by Don Sargent.

"We have over 30 services that college employees are donating for the silent auction," said Alice Zacherl, FACC president. "We also have some specialty items, such as a pastel by Alessandra Gieffers

Faculty Sick Leave Revised

Because of processing problems associated with advancing sick leave, the College Administration recently concluded its negoti tions with the Faculty Union having an agreement to eliminate the advancement of nine sick leave days. Under this preliminary agreement, current personnel would no longer be able to be paid for advanced sick leave during the 1986/87 year.

Please note that this change does not affect the earning of sick leave which will continue to be earned at the rate of one day per month for all regular full time personnel.

However, the College intends to initiate the revision to Board Rule 6Hx-18-5.03 at the next Board meeting to eliminate the advancement of nine days of sick leave before such days are earned. ...J. M. Schneider

Dinner Honors Legislators

PBJC will host a dinner honoring the Palm Beach County legislative delegation Tuesday, July 22, 6:30PM in the Hospitality Management Dining Center at PBJC Central. College faculty, staff, administrators and trustees have been invited to attend the event.

Auction (cont'd from P 1)

and a painting by Alice Carlisle.

Typed descriptions of each service with biding sheets will be set up in Conference Rm. C on Thursday, July 24 from 11AM to 4:30PM. Employees will be free to wander in all day to bid.

Staff members at other campuses (and at Central) who are unable to bid in person may call in their bids to ext. 8149.

At 4PM, Frankie Bollon will conduct a final bidding blitz. People who want to make a final offer will need to be present, or have someone "with money in hand" to place the bids for them.

Although monies will be collected upon completion of the bid that day, the actual rendering of the service will be mutually scheduled by the donor and the bidder.

For more information (or to volunteer a se vice), call Zacherl at 622-2440, Lori Flame at X8182, Shelley Carton at X8016, or Kateri Brunell at X8135.

356 Prospective Grads

Post Editor To Speak At Graduation

Tom Kelly, editor of the Palm Beach Post, will be the keynote speaker at the Spring/ Summer Commencement Exercises to be held Thursday, July 31 at 8 p.m. in the Gym at PBJC Central.

A veteran newspaperman, Kelly has traveled on assignment to Africa, Asia, the Soviet Union, Europe, the Middle East and other parts of the world during 14 years with the Post.

In addition, he was sports editor of the St. Petersburg Times, where he "covered just about every major sporting event"--the Olympics, World Series, Super Bowls, All-Star games, and others.

"I'll speak from the viewpoint of a newspaperman who has been all over the world," Kelly said. "I'll share some of the things I've learned about people--how we're all really alike--a great community of man."

About 356 sophomores have applied for graduation during the spring and summer terms; the exact number who will be eligible to graduate depends on the results of the CLAST and final exams.

One of the graduates this term is Michelle Niethammer, the granddaughter of Dr. Harold Manor, PBJC president-emeritus.

Other out-of-the-ordinary graduates include two pairs of brothers and sisters who will receive diplomas together: Alma and Edward Mills of West Palm Beach; and Ana and Carmelo Marturana of Boca Raton.

There are also two husband and wife teams that will graduate together--Martin and Patricia Hakker of Tequesta and Joseph and Rhonda Hudson of Pahokee.

A reception for the graduates is set for 11 a.m. that morning in the SAC Lounge.

PBJC North To Receive Beautification Award

Palm Beach Junior College North will receive an award for outstanding landscaping and environmental enhancement from the city of Palm Beach Gardens at a ceremony to be held Wednesday, July 30 at 10 a.m. at the campus on PGA Blvd.

Dr. Eissey will accept the award from the city's Beautification and Environmental Committee, according to Dr. Ottis Smith, PBJC North provost.

"This is an award that the city of Palm Beach Gardens gives annually to honor organizations that are particularly conscientious about enhancing the environment...that provide models for others to follow," he said.

Contract Ratified

The 1986-87 contract between the Faculty Union and the Administration went into effect July 17 at midnight after the union ratified the agreement on Tuesday, and Dr. Eissey ratified it on Wednesday.

Dr. Eissey had been authorized by the Board of Trustees to take care of any college business during July since the Board was not scheduled to meet this month.

Out of 178 unit members, 51 cast votes--47 in favor and four opposed.

Personals . . .

Belwin-Mills Publishing Corp. has published four works by John Dowland, originally for lute, transcribed for guitar by Dr. Ken Keaton. Dr. Keaton was also scheduled to address the Conchologist of America convention in Ft. Lauderdale July 19 on shell collecting in the lower Florida Keys.

In the June issue of News and Views published by the Florida Dental Laboratory Associatio Byron Krumm was honored by the National Boa for Certification for his continuing efforts to coordinate and promote Certified Dental Technician exams each year at PBJC.

Congratulations to Joe Macy on the birth of his eighth grandchild (and sixth girl). Anna Marie arrived July 12, 8:58PM at Good Samaritan, weighing 9 lbs., 7 ounces. Parents are Michael and Karen Macy, and according to Joe, everyone is doing well.

We wish to congratulate Kevin Slean, first place winner in the Phi Beta Lambda Future Business Leader's of America national competition. The event, held July 3 in Washington, D.C., tested college students' knowledge of data processing applications. Kevin, a graduating sophomore at PBJC North majoring in computer science, competed against hundreds of students nationwide. He is presently employed as a computer operations assistant at Pratt & Whitney and plans to continue his education at FAU in the fall.

Happy Birthday To . . .

PBJC PALM BEACH JUNIOR COLLEGE MONDAY REPORT

Volume VIII, Number 35 July 28, 1986

No Rain Inside

College Honors Local Legislators

An unexpected rainstorm outside Tuesday night failed to dampen enthusiasm inside the hospitality management dining center and had no apparent effect on attendance at a dinner honoring our local legislators.

Most of the delegation was present and the remainder sent staff or family. Trustees and college administrators not away on vacation at this time took part in the informal occasion.

Dr. Eissey expressed "deepest appreciation" for the work of the legislators this year, and in the past.

He said three of the four goals for this year were met, and getting 75 percent of what you want from the legislature means somebody has been working very hard for you.

"We owe you a great deal," he said.

Each legislator was presented with a Palm Beach Junior College T-shirt, to be worn during the next legislative session. Nobody promised to wear the shirt then, but Ray Liberti put his on immediately and posed for the photographer.

Word Processing At PBJC Central

The word processing center at PBJC Central is now in operation on the first floor of the Harold C. Manor Library in room 100.3, and is currently working hard on final examinations for the summer term.

Dr. Erling and the office of planning and information systems met their first goal when equipment was installed, personnel selected, and doors open for business on July 1. So far, everything has proceeded as planned.

"One of the smartest things about the planning for the center was getting us in at this time of the year," says Shirley Sullivan, who is the lead worker.

"Because there is so much less work at this time of the year, we are getting a chance to learn our equipment before the Fall Term begins."

According to an information sheet distributed to all faculty and administrators, the center's goal is to increase productivity while providing quality work.

Shirley says part of the first goal hasn't been reached yet, but that many of the 20 or 30 teachers who have used the center have commented on the improved quality of the product.

"The work looks beautiful compared

Hoedown Hot But Fun

For the first time since the classified employees picnic has been held in John Prince Park, it did not rain. Instead, it was very hot.

But that didn't prevent most of the attendees from having a good time, according to Don Pearsall, "marshall" of the hoedown.

"I was surprised that so many people got into the mood of the picnic, wearing hats and boots and such," he said. "I think everyone enjoyed himself, and we were

Farewell Reception

Kateri Brunell is taking her unusual name, her eager intelligence, her helpful attitude and her interest in physical fitness, Toastmaster's and marketing along with her when she leaves on Aug. 1 for a position with a North Palm Beach advertising agency which fits directly into her occupational goals.

After a partial recovery from the shock of this unexpected development, news bureau personnel have thanked her for the many pleasant memories she has helped to create in the last four years, and wished her every success in her new job.

We are sure that many of you will have the same reaction, and have secured Conference Room C from 1-2 p.m. on her last day with us, July 31, for a farewell reception. See you there. ...JK

Word Processing (cont'd from P 1)

to what we could do with ditto and mimeograph machines," she says.

"I am certain that we will be able to increase productivity with increasing familiarity with the system," she added.

IBM computers and printers are used to produce one copy of each document and to store those which can be used in the future. A Xerox copier provides a collated and stapled final product.

Hoedown (cont'd from P 1)

able to raise $665 for the needy families."

Traditionally, the picnic is held to recognize classified employees for oustanding service and attendance.

Those honored included Helen Foster and Cleodis Lealand, who both retired this year; Joyce Cates for 25 years of service; Betty Childers, Claude Edwards and Cleodis Lealand for 20 years of service; Alice Carlisle, Al Fellner, Loraine Kent, Chris Rogers, and Betty Schmidt for 15 years of service.

Receiving 10-year pins were: Mary Beall, Frank Bollon, Marie Boyle, Nancy Buhl, Bill Buntin, and Ruth Lafferty. Twenty employees also received five year pins.

Not So Silent And Lots Of Fun

FACC's Auction Called A "Smashing Success"

FACC's "silent auction" on July 24 was anything but silent, but met every expectation of its sponsors. "I would call it a smashing success," says Alice Zacherl, chapter president.

"Not only did we exceed our $1,000 goal, but the camaraderie displayed and the fun everybody had was worth even more."

If everybody pays, there will be $1,194.10 according to Jeanette Sanders, treasurer. It will go to training and travel to important FACC meetings.

After a previous attempt faltered for a lack of items for sale, Lori Flamer, who had been involved in a similar auction at Florida Keys, came up with the key suggestion: Auction services as well as items.

Telephone calls throughout the day kept all campuses abreast. Auctioneer Glen Marsteller conducted the final auction, and there was some spirited bidding.

Some results:

*Tony Tate, who had offered to take someone to dinner, has a suprise waiting for him when he gets back from vacation. Ten unidentified females made a joint bid of $26 and won his dinner date!

*If dinner with Tony was worth $26, why was the going price for a dinner and a night on the town with Harris McGirt worth $51?

*Ann Steckler made the final bid of $60 for a dress (or alterations) by Jan Bostic.

*Largest bid was $105 for a painting by Alessandra Gieffers from Kateri Brunell, who is convinced she got a real bargain.

*A half-day fishing trip on Claude Edwards boat was won after spirited bidding by

Dr. Pappas Accepts University Position

Dr. Sarah Pappas, Dean of Instruction at PBJC North, has accepted a position as Campus Director for the University of Central Florida campus at Daytona Beach, effective in the Fall Term.

The university, which has had a small branch campus in Daytona Beach for 15 years, will be greatly expanding in that area beginning in January, 1987 when a brand-new joint-use facility at Daytona Beach Community College is scheduled to open.

"It will be a four-story building, with 20 classrooms available to the university, and I will have the responsibility for enlarging the staff of both support people and faculty to meet the new challenge," Dr. Pappas says.

In addition to upper division academics, the college is already offering graduate work leading to a Master's Degree in four fields--Criminal Justice, Engineering, Education and Computer Science.

Dr. Pappas came to PBJC in 1981, just prior to the time PBJC North moved into its new campus on PGA Blvd. from its prior location on 45th Street in West Palm Beach.

The situation at Daytona Beach

The August meeting of the PBJC trustees has been rescheduled from Aug. 20 to Aug. 27. The meeting is set for 7:30PM, Conference C at PBJC Central.

Dr. Pappas (cont'd from P 1)

compares in many ways with the move Dr. Pappas has already experienced here.

"Working with Dr. Smith and Dr. Eissey in establishing PBJC North in its new location was the best possible experience to prepare me for the challenge at Daytona Beach," Dr. Pappas says.

Although she takes pleasure in being a woman administrator in the university system, which has a smaller percentage of women administrators than community colleges, Dr. Pappas will continue to work closely with Daytona Beach Community College, and the community college system.

"It will be interesting to work in a new sy tem, but I do not plan to lose touch with the system I have worked in for 17 years, and with the friends I have made," Dr. Pappas says.

Tom Kelly, Speaker

Summer Term Ends - 362 Graduate

Tom Kelly, Editor of the Palm Beach Post, told some 180 students representing 362 graduates of Spring and Summer Sessions, Thursday, July 31 to "do your homework--be ready for opportunity."

Observing that the pendulum of American life has swung "toward the censors and the narrow-minded among us in the last few years," Kelly expressed confidence "it will swing back again."

"The genius of our system is that the radicals always push too far and the good sense of the majority inevitably restores the equilibrium," he continued. "Be aware of these rhythms of life and be skeptical of anybody anywhere who wants to freeze that imaginary pendulum in an extreme position on either the right or the left."

The commencement exercises, in the gym at PBJC Central, followed the traditional path, with an academic procession, musical

Final Friday of Modified Work Week. Enjoy! Regular schedule resumes Monday, Aug. 18.

Personals . . .

For those of us who kept up with the early days of Edward Michael Eissey,III, back last January when he weighed only 1 pound 11 ounces, there was a cheerful word last week from the proud grandfather. "The Third" now weighs an astonishing 9 pounds 11 ounces, and is in good health. Some things turn out right, and this was one of them.

Beautification Award

In a brief ceremony in bright sunlight Wednesday, July 30, PBJC North was presented an award by the Beautification and Environmental Committee of Palm Beach Gardens.

The award was presented by committee chairman Kevin Foley. Other members of the committee present for the occasion were Judy Hood, Charlotte Faulconer, Marijayne Boylan and Kathie Aarants. City councilman Richard Feeney and city manager John Orr were also present.

Accepting for the college, Dr. Eissey expressed sincere appreciation for the award and the "generosity and total support" of the community.

Dr. Eissey lauded the work of Paul Cassidy, plant supervisor, and John Planeta, groundskeeper for the work which brought the award. The award is granted a minimum of twice each year and a maximum of four times to a non-residential property.

Graduates (cont'd from P 1)

selections, introduction of trustees and the speaker, presentation of the class, awarding of scholarships, conferring of degrees and presentation of diplomas.

Six graduates of the Spring Term and five of the Summer Term were identified on the program as graduating with highest honor 3.8 to 4.0 grade point averages.

In Spring: Pamela Jane Hopkins, Mary Catherine Kuebrich, Yashvant Jayantibhai Patel, Sandra Marie Poole, Loni J. Wallace, M.Jane Woodward. In Summer: Therese Bramuchi, Rechelle Catherine Brown, Karen E. Chappell, Garett George Keen, Alexandra Dennice Loessin.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 38 August 18, 1986

Time To Act Is Now
Last Week For Registration Begins

It is only one week until classes begin for the Fall Term, and there are thousands of prospective students in our area who do not realize that they need to register this week if they are going to be in college this fall.

WHATEVER you can do--and there is plenty, if you will give the matter a little thought--to help get the word out that this is the week, now is the time for you to act.

We have been working this year without media advertising, but there have been several direct mail efforts, and, beginning today, we will be calling students who were here in the Winter Term and did not graduate but have not yet registered for the Fall Term.

VOLUNTEERS NEEDED

By the time you read this, we will have divided a list of several thousands of such students into manageable parcels. If you can make 10 or 20 calls for us, please notify the provost of any campus, or, for the central campus, Dr. Erling's office or the news bureau.

We will be calling simply to remind former students that registration will be ending on Aug. 22nd, and expressing our desire to be of any service we can in helping them to get registered.

CALLING IS FUN

Those making similar calls last year discovered that students were very pleased to get the calls, and almost universally would thank the caller for showing an interest.

Callers who encounter any problems they cannot solve merely take notes and promise a call back, turning in the information to the appropriate person.

Cont'd on P 2

Faculty Returns For Fall Term

The first workday for many of our faculty returning for the Fall Term will be this Thursday, Aug. 21, and the day will begin promptly at 8 a.m. with breakfast in the Airport Hilton Ballroom.

In a "welcome back" letter to the faculty, inviting them to the breakfast, Dr. Eissey talked about the great team effort we all made last year in spite of our financial difficulties, and the way in which that effort paid off for us.

In the Fall Term last year, the big effort was in recruitment and retention, and in the Winter Term, there was an equally intense effort in presenting information to the legislature. Dr. Eissey said we could look forward to renewed interest and effort in both areas this year.

"The temporary setback on the half mill referendum will be overcome in the next legislature," he wrote, "and by this time next year, we will be heavily involved in a millage referendum.

"Before then," he continued, "there is much we can do together to improve our situation and to improve our ability to serve our students."

The breakfast meeting at the Hilton

Cont'd on P 4

Plans In Motion For Annual Five Mile Run

Once again, it's time to think about the Fourth Annual Palm Beach Junior College Five-Mile Run. This year's Run is set for Saturday, Nov. 1 and promises to be the best one yet. However, we are in need of more volunteers, especialy for water stations on the trail, registration tables, and spotters along the trail.

We hope the 41 staff people who volunteered last year will do so again. Please call 8074 and volunteer. The Run is entirely a volunteer effort and without your continued help, we could not host such a respected Run.

We salute our past volunteers: Alicia Bell, Roy Bell, Bruce Boden, Vincent Betz, Nancy Buhl, Kateri Brunell, Alice Carlisle, Nancy Cherry, Lore Conti, Donna DiSesa, Wiley Douglass, Dr. Erling, Max Faquire, Peg Farrell, Dr. Flatley, Charles Graham, Carol Guy, Nancy Horvath, Dr. Howell, Timm Lovins, Joe Macy, George Matsoukas, Glen Marsteller, Jennifer McCormick, Dr. McGirt, Bob Moss, Joe Neumann, Dr. Reynolds, Dr. Eissey, Jeanette Sanders, Henry Saulter, Dr. Smith, Dr. Shostak, Marion Southard, Cheryl Stocker, Jim Tanner, Dr. Tate, Mary Taylor, Salle Thornton, James Wood and Joe York.

...George Matsoukas

Registration (cont'd from P 1)

The student surveys we took last year indicated that personal contact of some kind, with a faculty or staff member, was the number one reason for student enrollment at PBJC.

TIME FOR PINS AND RIBBONS

One of our effective means of marketing last year was the pin and ribbon combination. It is time for them again this year, during this last week before classes begin, and for the first week of classes.

As you will remember, several staff members voluntarily began to wear the pins and ribbons outside the college, and invariably were approached by people interested in becoming students at the college. It would be helpful if we could have some of this done this year.

Then, after classes begin, the pins and ribbons become trademarks to identify you as an employee, and, particularly at PBJC Central, students are always looking for someone who knows where things are located during the first week.

A supply of pins and ribbons, including a limited number with clasps, is available at the news bureau.

CARDS AND FLYERS

Placement of cards and flyers is also a service you can help perform. At Central, we have already placed about 60 cards through the help of a senior aide, and cards and flyers are already in the hands of the provosts.

If you can help in this way, please let us know.

What you can do most is to talk to friends and neighbors. We really want to be of service to our community, and we cannot do this unless people know they must register for the Fall Term.

There has been much less information about marketing in the Monday Report, and there have been no Updates this year,partially because many of you were giving us feedback that said last year's efforts were too taxing.

For one week, however, it is important that we all make another good effort. ....JK

Preparatory School Of Music Offered In Fall

A Preparatory School of Music for students who are age seven through high school is being established at Palm Beach Junior College this fall.

Classes will meet on Saturday, and students will be able to enroll in beginning, intermediate, and advanced instrumental classes in strings, woodwinds, brass and percussion.

Other classes offered will be in Fundamentals of Music, Basic Music Theory, Honors Instrumental Ensemble, piano classes for non-pianists, and private instruction.

The school is not intended in any way to displace music education in the public school system, but to supplement that instruction. Many youngsters do not get an opportunity to study music at home or at school, and the Preparatory School of Music is intended to give them that opportunity as well as to enrich the activities of intermediate and advanced students.

Classes are 50 minutes in length and will meet from 9 a.m. to 4 p.m. in the Humanities Building at PBJC Central.

A pre-school division will allow students as young as 4 or 5 years of age to develop a greater understanding and appreciation of music through song, creative movement, dramatic play, musical games and rhythmic activities.

First classes will meet on Sept. 13. Cost to the student is $45 per subject area, except for class piano, which is $24. The total charge for the pre-school program is $47.

Brochures, application forms, and additional information are available at the Continuing Education office at PBJC Central, 439-8006, or the Music Department, 439-8142.

All Ashore That's Going Ashore

There are only a few days remaining to sign up for a mini holiday at sea, Saturday, Sept. 6.

The Social Committee's all-day Saturday "End of Summer Blues Cruise" aboard the Viking Princess, originally offered at $79, has been reduced to $59. So far, we have had a wonderful response to this event, with nearly 50 people already signed up, and we are planning a Friday night (Sept. 5) Bon Voyage party to get acquainted with our PBJC shipmates.

For your information, it's not all couples and families. If your spouse or friend isn't interested, please come alone. We are looking forward to a lovely, relaxing day at sea. The meals are good, and the entertainment is excellent. Try it--you might like it.

Please register by Aug. 22 (that's this Friday) in Continuing Education. For more information, call 8014.

...Jennifer McCormick

Welcome Aboard

Jerry Enloe joined the staff of PBJC North on July 16 as Program Director, Job Training Partnership Act (JTPA), Short Term Training Programs. Before coming to PBJC, he was employed at Milwaukee School of Engineering as Manager of Business and Industrial Programs. Jerry will be assisted in his new position by secretary Elizabeth Barnett who came to the North Campus on Aug. 12.

Dates are as follows: SOUTH-Tuesday, Sept. 2, 10AM, On the Grounds; NORTH-Tuesday, Sept. 2, 8PM, Burt Reynolds Student Center; CENTRAL-Wednesday, Sept. 3, 11:15AM, Gym; GLADES-Wednesday, Aug. 27, 10:30AM, Rm. 122 ...Mel Haynes

With the return to the regular work schedule, deadline for items for the Monday Report is now Thursday, 12 Noon.

Two Business Seminars

A Wednesday evening seminar series called "A Growing Business of Your Own," and a Thursday evening series called "Sales: A Professional Career," have been scheduled by the PBJC Continuing Education Division.

Teacher is Avel S. Abrams, a business consultant with more than 50 years of experience. Both series will meet for four weeks, beginning Aug. 20 and 21 for three hours per session, 7-10 p.m. in AH 215 at PBJC Central. For information, call 439-8013.

Faculty Returns (cont'd from P 1)

will be a working meeting and will occupy much of the morning; however, the discipline cluster meetings which were tried at the breakfast meeting last year will not be held at the same time.

Instead, according to a letter from Dr. Patricia Dyer, there will be four college-wide discipline meetings during the year, involving only disciplines taught on more than one campus. The first of these meetings is scheduled for Sept. 4 at 2:30 p.m.

In the afternoon, following the breakfast meeting, divisional meetings will be held at each campus.

Friday, Aug. 22, will be a workday in preparation for the beginning of classes on Monday morning for returning faculty.

About a half-dozen new faculty members will attend an orientation session in Conference C at PBJC Central on that morning. A schedule for that meeting shows Dr. Dyer from 9 a.m. to 9:20; Dr. Tony Tate, Vice President for Business Affairs, 9:20 to 9:40; Dr. Melvin Haynes, Vice President, Student Affairs, 9:40 to 10 a.m.; Joseph Schneider, Director of Personnel, 10 to 11:30 a.m., with lunch scheduled at noon.

Happy Birthday To. . .

8/19 Teresa Woolfe
8/20 Alice Carlisle, Carl Bass, Mary Ann
Reasner 8/22 Mary Tingler, Glen Marsteller
8/24 James Weatherly, Geraldine Corner
8/25 Callie Owens, Charlie Ray

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 39 August 25, 1986

First Visit Here

State Board Meets At PBJC Sept. 4-5

The State Board of Community Colleges will meet at Palm Beach Junior College on Sept. 4 and 5, according to Dr. Eissey.

"We are delighted that we have been selected to serve as host institution for the board meeting," Dr. Eissey said.

"We hope that our staff, and interested citizens in the community will take advantage of this opportunity to observe our state board in action."

Dr. Eissey has arranged for a special preview opening of the Watson B. Duncan, III, Theatre for the board and invited guests on Thursday evening. This will be the first event staged in the new theatre.

Clark Maxwell, Jr., executive director of the Division of Community Colleges, is also executive director of the board. Current chairman of the 13-member board is Wendell W. Willans, of Avon Park. Byron Sparber, Miami, is vice chairman and chairman-elect.

The board rotates meetings in various parts of the state, but this is its first visit to Palm Beach County.

A general schedule for the board begins with committee meetings at PBJC Central in conference rooms A, B, and C, on Thursday afternoon.

Thursday evening the state board and the PBJC Board of Trustees will be the guests of Dr. Eissey at dinner in the Hospitality Management Dining Room at PBJC Central, beginning with a reception at 6 p.m.

The premiere event at the Watson B. Duncan, III, Theatre will be Concert Americana, an evening of patriotic music

Cont'd on P 3

Dr. Smith Added To Bargaining Team

The addition of Dr. Ottis Smith to the collective bargaining team of the college has been announced by Dr. Eissey.

Dr. Smith will join Dr. Elisabeth Erling, Dr. Tony Tate and Joseph Schneider, who ve been the administration team since the beginning of collective bargaining here in 1975.

Jesse Hogg, a labor attorney, serves as the bargainer for the team. Barry Rogers attends many sessions as a resource person, and Jonathan Koontz attends as media representative and reporter.

"Adding Ottis to the team underscores the importance of PBJC North, South and Glades, and assures that their viewpoints will be well represented in pre-bargaining sessions with the board," Dr. Eissey said.

Dr. Eissey said that Dr. Smith has also been asked to keep in close touch with key personnel in other centers to make sure they know what is going on in collective bargaining.

Excellent Showing For Dental Assistants

Candidates from Palm Beach Junior Col- ge at the exams for the National Board for certification in Dental Assisting this summer fared "extremely well," according to Dr. James Flatley, program manager

Cont'd on P 4

A Hearty Welcome To The Faculty--And A Promise

A hearty welcome with a promise to do everything possible to make this year even more successful was given by Dr. Eissey to faculty members at the breakfast meeting Thursday morning at the Airport Hilton.

"We are going to continue to move forward this year," Dr. Eissey said, "and the attitude has to be that we will do everything we can to assist one another."

There was also a short--very short--welcome from the trustees. Dr. Eissey introduced Willard Findling and vice chairman Dolly Hand, and called on Mrs. Hand to welcome the faculty.

"Welcome back," said Mrs. Hand, and sat down--to considerable applause.

A state senator, Don Childers, and two representatives, Frank Messersmith and Ray Liberti, were introduced by Dr. Eissey. Each spoke briefly of their pride in PBJC, their belief that a good start to better state funding had been made last year, and their determination to continue the improvement in the future.

New faculty members at South, Central, and North were introduced.

Dr. Margaret Maney, South Provost, introduced Adele Shapiro, Math, Phillip Anderson, English, and David Nixon, a transfer from PBJC Central, English. She also greeted Antoinette Haynes back from sabbatical.

Shapiro is from Central Piedmont Community College in North Carolina. Phil Anderson has been a technical clerk at PBJC South and an adjunct teacher, but will now be on the full-time faculty.

John Schmeiderer, who is now Dean of Instruction at PBJC Central, introduced our new theater manager, Sarah Shelley, and the new technical production supervisor, Norman Miller, who could not be present.

New teachers at Central include Albert Howe, Allied Health, Johanna Prinz, Home Ec and Fashion Design, Michael Wiggins, Foodservice, who is on his way here from Virginia, and Vijay Smaymantri in Engineering.

Joe O'Brien, who has been teaching on grant money, is now full-time in Business Math.

Dr. Ottis Smith, North Provost, introduced Carol Farmer, a transfer from Central in chemistry, Georgeann (Gay) Eatman, math, and Royse Smith, political science.

Collective Bargaining

A collective bargaining meeting between Palm Beach Junior College and the United Faculty of PBJC has been scheduled for 3:30 p.m. today in the Parks and Recreation Building in John Prince Park. The meeting was called at the request of the college for the purpose of presenting a new retirement incentive program to the union.

Ron Moses Accepts New Job

Ron Moses, who has been employed at PBJC for the past 6 years as a counselor and college recruiter, has accepted a job with the city of West Palm Beach as administrative assistant in the police department, and will leave the college on Sept. 5.

Ron will be the first black in the police department administration in West Palm Beach, and will develop and implement research methods, participate in budget preparation, and coordinate the department's administrative services.

Ron told the Monday Report he wishes to thank Dr. Eissey and all those he has worked with in the past six years. To show his appreciation, he plans to establish a scholarship for a minority student in the amount of $200 to run for a period of six years beginning in the Winter Term, 1987.

PBJC South Foundation To Host Golf Classic

The Palm Beach Junior College South Foundation will host its first Charity Golf Classic Saturday, September 20 at the Boca West Country Club.

The tournament, which will follow a four-man scramble format, will feature pre-contest activities, including a putting contest, beginning at 8 a.m. The shotgun start will follow at 8:30 a.m.

Prizes for the closest to the pin, longest drive, and others will be awarded, with a grand prize of a 1986 automobile for a hole-in-one. In addition, the teams with the two lowest scores will receive prizes.

"The proceeds from the tournament will go strictly for scholarships for PBJC students," said Dr. Margaret Maney, PBJC South provost. "The South Campus has been growing at an annual rate of 12%, while scholarship funds, which help to attract and keep local students, have remained constant."

"We hope this tournament will become a community tradition," she added.

The tax-deductible entry fees are $60 for an individual sponsorship (includes green fees, cart fees and lunch), or $500 for a corporate foursome, which includes green fees, cart fees, lunch, and advertisements on tee signs and in the souvenir golf calendar.

Corporate ads in the calendar range from $400 to $150, depending on size; tee sponsorships are $100, and cart sponsorships are $25.

The field will be limited to 128 golfers.

For more information, call George Matsoukas at the Development Office, 8073, or Jim Tanner at PBJC South, 8168.

State Board (cont'd from P 1)

arranged by the PBJC music department.

Artists and groups appearing in the concert include the PBJC Brass Ensemble, Sy Pryweller, director, Patricia Adams-Johnson, soprano, Dr. Ken Keaton, guitar, the Coastman Chorus of the Palm Beach County Chapter of S.P.E.B.S.O.S.A., Janna Howard, Soprano.

The final event will be a reading of "I Am The Nation," by Watson B. Duncan, III.

This event, with its patriotic theme, has been designated as the kick-off event in the college celebration of the bicentennial of the Northwest Ordinance and the Constitution of the United States.

Edwin Pugh, of the college faculty, has been in correspondence with Chief Justice Warren Burger and others regarding the bicentennial, and is planning a series of events at the college.

The state board meeting has been scheduled for Friday Morning in Continuing Education 121 at PBJC Central. Members who do not need to get away immediately following the meeting have been invited to luncheon in Conference C.

Announcements. . .

Tuesday, Sept. 16 has been declared "Sarah Pappas Day" at PBJC North by Dr. Ottis Smith, and the staff there is planning a going away party for everyone in the district wide college family from 2:30 to 4:30 in the Burt Reynolds Student Center. So they can know how to plan, please call Joan Holcomb, 622-2440, ext. 334, if you can attend.

Materials have arrived with informaton about National Endowment for the Humanities summer stipends for 1987. A copy is on each campus in the office of the Dean of Instruction (North, South, and Central campuses). Applicants must be nominated by their institutions. The application deadline is Oct. 1, 1986. ...Patricia A. Dyer

The following classified positions are open:
Accounting Clerk I (Financial Aid), Salary Grade A18, $960.36 per month
Groundskeeper (Physical Plant), Salary Grade B18, Temporary, $50.65 per day
Department Technician (South) Salary Grade B25, $1,304.66 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Announcements (cont'd)

Employees: Please be reminded that your Walt Disney Magic Kingdom Club Membership cards will expire Aug. 31, 1986. New card and information on Disney's movie channel subscriptions are available in the Personnel Office. Other information on Magazine discounts and the one-day ocean cruise on the M/V Viking Princess are also available.
...A. Johnson

The following position vacancies are open:
Learning Specialist/CPI: Position requires a bachelor's degree in mathematics; master's degree preferred. Experience with individualized instruction preferred.
Learning Specialist/CPI: Position requires bachelor's degree with a background in computers and education.
Academic Advisor/North(part-time): Position requires a bachelor's degree. Previous work experience with student affairs on a secondary or post secondary level is preferred.
Interested applicants should contact the Director of Personnel. ...J. M. Schneider

Plans are in progress for the Orientation Assembly Program for new students at all four campuses. New students are to be dismissed from class to attend the assembly. Dates are as follows:
SOUTH: Tuesday, Sept. 2, 10AM, on grounds
NORTH: Tuesday, Sept. 2, 8PM, Burt Reynolds Student Center.
CENTRAL: Wednesday, Sept. 3, 11:15AM, Gym
GLADES: Wednesday, Aug. 27, 10:30AM, Rm. 122

We wish to remind the adjunct faculty that their first paychecks will be received on September 19 and NOT on September 5.
...John M. Schmiederer

Dental (cont'd from P 1)

for Dental Health Services. The results, just received by the college, show that all 13 candidates from PBJC passed, four with perfect scores. Eight scored within the top one-third nationally.

"Our students averaged a score of 42 out of a possible 50 points, when the national average was 24," Dr. Flatley said. "We are very pleased with this excellent showing."

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT:

Volume VIII, Number 40 September 1, 1986

The New Was Good

Dr. Eissey And Board Invest In People

The news last Tuesday and Wednesday was good--good for collective bargaining negotiators Tuesday afternoon and for all other full-time employees as the word spread Wednesday--and good for the college.

Actually, it started a few days before that, when the yearly financial closeout was taking place. It was discovered that our economy measures during the last year and a half--well known to all of you--have shown some positive results.

We had spent less money than anticipated. At the same time, we discovered that our actual collection of revenue was higher than anticipated.

This double portion of good fiscal news gave Dr. Eissey and the board an opportunity that has been extremely rare in recent years--to make a decision on where best to relax some of the severe austerity we have been practicing.

There were literally hundreds of places where the money was needed. You will remember that we had to slash more than $1.5 million from departmental budgets earlier this year, for instance. But Dr. Eissey and the board decided to invest the largest portion in people.

The good news for teachers, librarians and counselors: An addition to salary schedules raising minimums and maximums in each range by the amount of one increment.

The good news for all full-time employees between now and Nov. 30: A one-time payment in the Dec. 5 paycheck of $375, (minus, of course, the withholdings).

Good news for those nearing retirement: An incentive plan for early retirement. (See board story on page 3.)

Good news for about 10 clerical and

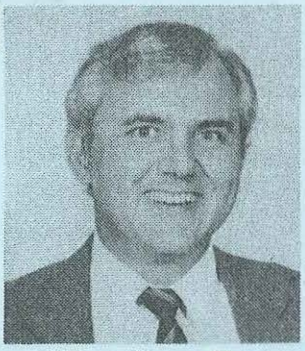
WELCOME ABOARD



***Michael Wiggins* joins the Hospitality Management Faculty as the new Foodservice Program Manager at Central Campus. Wiggins has participated in food management, quality control, facility and equipment design, menu planning, and personnel management programs in addition to previous experience as a foodservice officer on a Naval base in Key West, FL. He is also a member of several recognized trade organizations including the International Food Service Executive Association in addition to Lions International and the Eagle Scout Association.**

. . . Holly Delmas

Calling All Thespians

Spotlite Players and Northstage (the theatre group of Palm Beach Junior College North) are holding open auditions for their joint production of Tennessee Williams' Cat On A Hot Tin Roof.

Auditions will be held on Monday, Sept. 15, Wednesday, Sept. 17, and Thursday, Sept. 18, beginning at 7 p.m. each evening, at the Palm Beach Gardens Community Center on Burns Rd., just east of Military Trail.

When first produced, Cat On A Hot Tin Roof won both the Pulitzer Prize and the Drama Critics Award. Brooks Atkinson called it Tennessee Williams' finest drama.

Performances will take place from Nov. 14 through Nov. 23.

The cast includes five women (ranging in age from 18 to 65), seven men (ranging in age from 18 to 65), two boys and three girls. The children range in age from 6 to 12.

For additional information, call Dr. Barry Russal at PBJC North, 622-2440.

Good News (cont'd from P 1)

custodial people: Return to 12 month employee basis.

Good news for budget managers: Restoration of a few top priority items cut from your budgets.

More good news for everybody: Dental and vision insurance, probably fully paid for Gulfstream and Network, which require the use of designated dentists, and partially paid by the college and partially by you for Washington National, where you can use your own dentist. What is specifically pledged is $7 per person from premiums for this insurance. Dependent coverage will be paid for by the individual as in our present health insurance. It is hoped this can be in place by Oct. 1.

Actually, of course, all of these things are good news for all of us. It is impossible to help one segment of the college without helping all.

At the collective bargaining meeting and subsequently, in statements to the press, United Faculty leaders accepted the offers with pleasure, and moved swiftly to obtain ratification for the amendment to the contract.

Three meetings for unit members to vote on this amendment have been scheduled by the union, all on Wednesday, Sept. 3. PBJC Central, AH Lecture Hall, 3-4 p.m.; PBJC North, Faculty Workroom, 3- 4 p.m.; PBJC South, Mod 15, 2:30-3:30 p.m. Members must be present to vote.

International Marketing Series

Two new courses, Introduction to the Export/Import Business and Building an Import Business, are now being offered through the PBJC Continuing Education Division.

Introduction to Export/Import begins Wednesday, Sept. 3; Building an Import Business begins Thursday, Sept. 4. Both classes will meet from 6:30-9:30 p.m. in Rm. AH 216 at PBJC Central. Five specialists in international trade are scheduled to make presentations during the series, according to instructor Don Edelson.

The fee for each course is $12 for Florida residents and $24 for non-residents.

For further information, please contact the Continuing Education Division at 8006, or Don Edelson at 439-6766.

Registration continues through Sept. 8.

Contracts, Personnel, Architects, Performing Arts Center

Trustees Deal With Onslaught Of Major Items

PBJC trustees dealt Wednesday night with an onslaught of major items as well as an accumulation of two months of minor ones.

The board confirmed the actions of the administration in putting the contract with the United Faculty into effect on July 1, and approved similar handling of the amendments discussed in the story on page one.

In another action, the board adopted an early retirement incentive program which will offer to full-time employees aged 55 to 62 an incentive to retire early equal to 25 percent of their salary.

To be eligible, an employee must be eligible in the Florida retirement system. Those with 30 years of service would be eligible, even if they have not yet reached 55 years of age.

Current employees 63 and over will be offered the same incentive in the time period between May 1 and Aug. 31, 1987. All retirements must be at the end of a contract, and notification is required 75 days before.

ARCHITECTS FOR PBJC SOUTH

The board selected Marion, Paluga and Associates as architects for the new $3.9 million building at PBJC South, our first permanent building after 14 years on the FAU campus.

They selected Gee and Jenson as "Architect of Record," making the services of that firm available for smaller jobs without going through the lengthy selection process every time.

PERFORMING ARTS CENTER

The board approved the largest budget amendment in our history, placing $30 million in the budget for the Performing Arts Center. They also approved an agreement between the college, the county, and the Center for the Arts, Inc. for disbursement of funds.

Amendments to the contract between the college and the Center for the Arts for management of the center were approved. One amendment changed the amount of contributions of the Center from $8.7 million to $10 million.

Another gives PBJC students and staff the option of purchasing 200 tickets to all events at the center. Dr. Eissey said this was a suggestion of Dr. Philip Lichtblau, board chairman, which had been gladly accepted by the center.

CIRCLE K AND NEW PERSONNEL

Circle K students reported on their recent international meeting where they became officially recognized as the number one club in the world for the second straight year. A table filled with trophies won by the club in just one year emphasized the excellence of this organization.

The board approved 34 pages of personnel changes. Present for introduction to the board were our new baseball coach, James Gailey, the manager for the Watson B. Duncan, III Theatre, Sarah Shelly, and the technical production supervisor for the theatre, Norman Miller.

State Board (cont'd from P 1)

The board has been invited to dinner Thursday evening and a preview event at the Watson B. Duncan, III Theatre following dinner. The board meeting is scheduled for 8:30 a.m. Friday in Continuing Education 121.

Interested college personnel whose schedule permits are encouraged to attend the board meeting to observe the work of our state board.

Personals . . .

Frank McLaughlin and John Jenkins represented the college at the Institute of Counseling Issues at Florida State University July 14-16. Attendance at the institute is by invitation and some 150 high school and college counselors from throughout the state were there.

Diane Brander is speaking before the Interagency Network of Palm Beach County on Sept. 3. The network is composed of working professionals representing federal, state, county and local agencies who meet monthly to better understand the workings of one another's agencies. Diane's topic will be "Images, Altitudes, and Authenticity: The Personal Choice." The meeting will be at 9 a.m. in the FP&L Building on Congress near Palm Beach Lakes Blvd.

Otis Harvey underwent successful back surgery Aug. 22, and was scheduled to be released from the hospital last Wednesday. Otis will be recuperating at home, but during the interim, he will be far from idle. According to Jeanette Sanders, Otis will be taking care of Continuing Education business from his home base for the next several weeks.

Announcements . . .

There will be a farewell reception for Ron Moses Wednesday, Sept. 3 at 3 p.m. in Conference C; we invite everyone to attend.

...Mel Haynes

You are cordially invited to attend a reception for new and returning foreign students on Tuesday, Sept. 2 at 4:30 p.m. in the SAC Lounge at PBJC Central. We are planning an orientation and workshop after students have the opportunity to meet you, and would appreciate it if you could stop by as close to 4:30 p.m. as possible for light refreshments. Division Chairs are asked to extend the invitation to faculty members. For additional information, please call Lori Flamer at 8182.

Reminder: The first Curriculum Committee meeting will be Sept. 17, 2:30 p.m. in Conference Room B. All materials should be received in Dr. Dyer's office by Sept. 10 to be on the agenda for the meeting. If you have any questions, please call Ethel Fowler, 8090.

The following position vacancy is open:
Custodian I, South Campus, Salary Grade B16, $1,044.66 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Only a small number of the faculty who received First American Bank cards were able to return them at the end of the meeting. Those who wish to have First American 24 hour cards to take advantage of the automatic teller machine at the north entrance of the Central campus may still turn them into the President's office.

Mary Cannon will be on leave until Sept. 15. In the event of a major medical emergency, please call 911. All other calls should be forwarded as follows: Vice President for Student Affairs, Central campus, X8050; Director of Student Services, PBJC Glades, X8160; Director of Student Services, PBJC South, X8158; Director of Student Services, PBJC North, 622-2440.

Happy Birthday To . . .

9/03 Ron Long 9/06 Joe Neumann, Sandra Shaw, Diane Lester 9/07 Mary Woods
9/08 Roy Fox, Otis Harvey

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 41

September 8, 1986

14,215 Students

Record Enrollment For The Fall Term

For the first time in its history, Palm Beach Junior College has soared past the 14,000 mark in total enrollment at the beginning of the Fall Term, reaching 14,215 on Sept. 2, when Fall Term figures became available.

The new record is 728 students, or 5.4 percent above last year's 13,487, and also surpasses the previous high mark of 13,648 in 1982.

The increase spread across all campuses except for PBJC Glades, where there was a drop from 466 to 420 students.

PBJC Central was up 554 students to 8,422. North was up 97 to 2,644. South was up 66 to 2,003.

Credit enrollment at the college was also a new record, but by a much slimmer margin over last year, the previous high mark. Total credit student enrollment was 12,000, up just 87 students of .56 percent from a year ago.

The trend, in evidence for several years, toward more part-time students continued. The increase in student semester hours was only .31 percent, with all of that due to a 4.81 percent increase at PBJC South.

A recent trend toward higher percentages of evening students, however, was reversed. This fall's enrollment was 40.4 percent evening students as against 42.1 percent last year.

The surge toward a record enrollment came very late this year. Six weeks ago the figures were running about five or six percent below last year at a comparable time. It was notable, however, that new registrations were running ahead of last year.

Since the problem seemed to be with

WELCOME ABOARD

Johanna Prinz **joins the Palm Beach Junior College staff as a Home Economics and Fashion Design Instructor. Her experience includes nine years as a freelance design consultant, and as a member of the Fashion Group, a trade organization for executives within the field, since 1966. Prinz has designed and selected fabrics for manufacturers to develop lines in bridal, designer, sportswear, and ready-to-wear. We are pleased to have her join the Home Economics faculty.**

. . . Holly Delmas

Fall Series Opens At Dolly Hand Cultural Center

The Dolly Hand Cultural Center will kick off the 1986 Fall Series with a unique presentation of the black-lighted production of "Ta Fantastika" (A Dream) on Saturday, Sept. 13 at 8 p.m.

"A Dream" or "Ta Fantastika" deals with a young girl and her fantasies. The play utilizes unique black-lighted techniques that allow a number of artisans to lift and manipulate props in such a way as to be completely invisible.

The black-lighted technique enables the girl to live her adventures on stage. She is wooed by a boy, is teased by fishes, swims across the state, is fascinated by dancing flowers, rides a camel, rides a horse and eventually, stretches her figure to about ten feet tall.

Tickets are available for $8, and information may be obtained by calling 439-8160 or (305)996-3055.

Enrollment (cont'd from P 1)

returning students, a card was mailed to all students who were registered in the Winter Term but had not yet registered for the Fall Term.

When the action began to take effect, the figures began to climb toward last year's comparable figures, but stopped climbing at about 3.5 percent.

At that point a voluntary telephone campaign was organized to the same students, and immediately thereafter, enrollments again picked up.

The last week before classes began, there were very full days and evenings for registration personnel, counselors, finance personnel, division chairs, and everybody else connected with the registration process.

Assuming we all continue to do our jobs throughout the year, the danger of the college not making the magic five percent corridor is considerably less now than it was six weeks ago.

Every year, however, it takes more and more students to equal last year's FTE.

There is a bright side to that. We are serving an ever wider segment of our community.

...Jonathan Koontz

Marine Biology (cont'd from P 1)

last for one "very intensive" week, Dr. Dyer said.

A joint venture between the college and the Florida Institute of Oceanography and Seaworld, the program can enroll 25 students in each course for six days and five nights, most of the time aboard the research ship the "Suncoaster" in active exploration of marine life in the Keys.

The Institute has its headquarters at Layton, on Long Key. Dormitory facilities are also available there.

The Institute is a combination research and public park facility, and is a collecting and field station for the three Seaworld theme parks.

Instructors and required equipment and gear at sea will be provided by the institute.

Notification of the grant has just been received by the college, and details of the course offering will be available within two weeks, Dr. Dyer said.

"We are extremely pleased to be able to offer our faculty and students and opportunity for intensive study at the working level of marine biology," Dr. Dyer said.

Schedule of Representatives For Health/Dental/Vision Plans

Arrangements have been made for Gulfstream and Network health companies to have representatives at the college to explain the health/dental/vision coverage which they offer. Please feel free to attend whatever session or sessions you regard as appropriate.

CENTRAL CAMPUS: Thursday, Friday and Monday, Sept. 11, 12 and 15
Conference Room B - Gulfstream - 9:30 a.m. & 1:30 p.m.
Conference Room C - Network - 9:30 a.m. & 1:30 p.m.

GLADES CENTER: Thursday, Sept. 11
Glades Conference Room - Network - 1:00 p.m., Gulfstream - 2:30 p.m.

NORTH CAMPUS: Friday, Sept. 12
Oak Conference Room/North - Network - 9:00 a.m.; Gulfstream - 1:30 p.m.

SOUTH CENTER: Monday, Sept. 15
Module 12/South - Gulfstream - 12:00 p.m.; Network - 2:00 p.m. ...J. M. Schneider

Foreign Student Reception

Many new faces attended the foreign student reception held last Tuesday according to Lori Flamer, foreign student advisor.

The reception was held to introduce faculty and administrators to the students, and to introduce the PBJC orientation workshops. This year, foreign students will be offered cultural adjustment workshops in addition to the traditional college orientation.

If you have any questions or would like further information on the foreign student workshops, call Lori at 8182.

Candidates Forum At PBJC South

The South Campus Political Action Club sponsored a candidates forum for Palm Beach County School Board candidates from Districts 5 and 6 on Thursday, Aug. 28.

Candidates from District 5 were Lawrence J. Ferrara and Susan R. Pell. Competing for the District 6 position were Arthur Anderson, Lois Gracey, Tucker Grinnan and R. Lee Richwagen.

Each candidate spoke briefly; afterwards, all candidates enjoyed an opportunity to meet informally with South Campus students, faculty and staff. This event was the first of a series of candidate forums planned for the election season.

Announcements

Thursday, Sept. 25 is Florida Association of Community College Day at PBJC. Dr. Catherine Cornelius, FACC President, will be on the Central campus speaking to faculty and other interested persons in Conference C at 3 p.m. Following that, everyone is invited to a wine and cheese party at Joe Macy's home in Glenridge from 4 to 6:30 p.m. ...A. Zacherl

The following classified positions are open:
Clerk Typist I (Financial Aid), Salary Grade A16, $914.08 per month

Personals . . .

To the college family: The numerous expressions of positive reinforcement prior to, during, and following my recent back surg have been a continuing source of encouragement. The hospital visits, calls, inquiries, and flower arrangements are deeply appreciated. The worst seems to be behind me, and your continued prayers and support will surely sustain me in the remaining weeks of my recovery. ...Otis Harvey

Nancy Goodwin and the Senior Players have started their rounds for the fall season, performing their skitlets review of comedy, music and song recently before a New England Tech gerontology class and at the Jupiter Care Center in Jupiter.

Thank you all very much for your expressions of sympathy over the loss of my mother, Aldene Allen, Akron, Ohio. Your thoughts were very comforting during our time of need. ...Roy and Alicia Bell

Announcements . . .

There will be a farewell reception for Joyce Cates Monday, Sept. 8 from 2:00-3:30PM in Conference Room C. Joyce is starting a ne career in Boone, North Carolina. She has been at PBJC in the Registrar's Office since 1961. Everyone is invited to attend.

The following position vacancy is open:
Guidance Counselor/Recruiter: Position requires a master's degree with a minimum of 18 graduate semester hours in guidance and counseling.
Interested applicants should contact the Personnel Coordinator. ...Shelly Carton

ANNUAL KEY AUDIT-CENTRAL CAMPUS. The annual key audit for all non-instructional and 12-month administrative staff will be today, Sept. 8 and Tuesday, Sept. 9 from 8-12:30 and 1:30-4PM. Please bring all your assigned keys to the Inventory Office. Also, any faculty member who has not had their keys audited this year, please do so at this time. ...Mary Ann Reasner

Happy Birthday To . . .

9/09 Alicia Bell, Bob Waggoner, Penny B
9/11 Roy Tonge 9/13 John Bonelli 9/14 Jennie Hartman, Barbara Matthews, Gwen Ferguson, Nancy Cherry, Marie Syrjala

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 42 September 15, 1986

A Long Way From The Mirror Ballroom

The Watson B. Duncan, III Theatre Will Open Soon

The preview opening of our Watson B. Duncan, III Theatre on Thursday, Sept. 4, when the State Board of Community Colleges and a half housefull of invited guests attended a patriotic musical show, is now a part of history.

Attention now turns to the real, true, grand, gala, stupendous, colossal Opening Night on Oct. 4. Judging by what is going on now in planning sessions, it is going to be a night you will not want to miss.

A press conference on the opening has been planned for Wednesday at 1 p.m.

The news bureau cannot afford to scoop our own press conference, so you will need to wait until a bit later to find out more about the event.

However, most of our readers, possibly all of them, will have received invitations by this time, and if you want to assure yourself a place for this exciting occasion, you need to get your tickets purchased soon from the Foundation.

With no publicity and no published details of the entertainment, more than 150 of the downstairs tickets have already been sold. We beleive the remainder of the $25 seats will be going quickly. If you can afford a $250 per seat donation to the theatre fund, you get not only the entertainment, but a champagne buffet and a chance to meet the stars.

The September preview night was totally unlike what we will be seeing in October. It was low-key, totally informal, and friendly--a gathering of the college family. There was music from Patricia Adams-Johnson's Pacesetters and from Sy Pryweller's Brass Ensemble--and for this early in the term, both groups performed well.

The Coastmen and Janna Howard, soprano,

50-Minute Classes In Winter Term

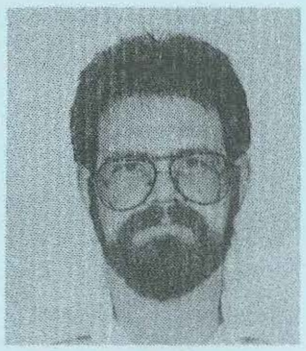
The results of the 50/60-Minute Hour Survey follow:

Central Campus:	Glades Campus
For 50-minute...69	3
For 60-minute...28	1
No preference...10	1

Since it was agreed that the College would abide by the outcome of the vote, 50-minute class hours will be initiated on Central and Glades Campuses in the Winter Term 1986-87.

Cont'd on P 3

WELCOME ABOARD



Palm Beach Junior College Central welcomes back an alumnus, and part-time instructor, *Albert Howe,* as a full-time instructor for the Allied Health paramedic courses. Howe received a nursing degree from PBJC in 1979. He has certification as an emergency nurse, an advanced cardiac life support provider, an ACLS instructor and a trauma nurse specialist. Howe brings a wealth of knowledge and expertise to the medical program.

. . . Holly Delmas

A Letter From A Former Student

The student who has been successful in reaching an objective--and who also takes times to let you know about it--is one of the most satisfying rewards an educator can have.

We heard recently from Karen Schauer, a handicapped student who graduated from PBJC South in May, 1985, with a B plus average. Karen was president of the Student Government and received the Blue Key Leadership Award and other honors.

Karen was also a wheelchair athlete, and a year after her graduation, in June, 1986, she wrote Dr. Eissey of her opportunity to compete internationally as a representative of the United States at the World Championships and Games for the Disabled in Gothenburg, Sweden, Aug. 3-15.

Although the opportunity to compete had been extended, funding was not available, and Dr. Eissey, through the Foundation, with George Matsoukas playing akey role, was able to assist. St. Catherine's Green Orthodox Church, Bethesda-By-The Sea, and Holy Trinity Episcopal Church contributed funds.

George recently received a letter from Karen, part of which read as follows:
"My trip to Europe was fun and rewarding. I won three gold and two silver medals. I was able to do some sightseeing in my spare time. I feel blessed to have been able to compete internationally representing my country, and at the same time, experience being in a foreign country. I have learned a lot, and God has opened doors for me to teach at the International Bible College in Drobak, Norway in the near future. Once again, thank you for your interest and concern you have shown towards me. God bless you all! Love always."

Fulbright Scholar Program

The Fulbright Scholar Program is making a concerted effort to attract interest and applications from faculty at community, technical, and junior colleges.

Teaching skills in many basic arts and science disciplines, as well as in practical and vocational fields, are in high demand, especially by the developing countries of Africa, Asia, the Middle East, Latin America, and the Caribbean.

The awards for the 1987-88 competition include more than 300 grants in research and 700 grants in college and university lecturing for periods ranging from three months to a full academic year, Fulbright awards are granted in virtually all disciplines, and scholars in all academic ranks are elgible to apply.

For additional information, contact Joan Gotay Jones, Rm. SS 110, extention 8137.

Bill Graham In Election Runoff

For those who may have missed the election returns, PBJC's candidate for the school board, own own Bill Graham, came in second in a field of five for the District 4 seat.

There will be a runoff between the two highest vote getters, but since the election was non-partisan, the next opportunity to vote for school board members will be on Nov. 4, in the general election. Non-partisan elections are not primaries. Winners are elected if they get 50 percent plus one of the vote.

Bill faces an uphill battle. His opponent got 43,150 votes on Sept. 2, while Bill's tally was 18,615. He needs to capture most of the 33,827 votes cast for the other three candidates to be successful.

Bill and his energetic campaign manager, George Matsoukas, need your help with time, energy, encouragement, money or any combination of the above.

Announcements

For those who are changing health plans, please note that Friday, Sept. 19 is the final day to return the enrollment card (to change to Gulfstream) or white form (to change to Network) to Personnel.

Today (Sept. 15) is the last day that Network and Gulfstream representatives will be available to answer your questions on the health/dental/vision plans.

At Central, the Gulfstream representative will be in Conference Room B at 9:30 a.m. and 1:30 p.m. The Network representative will be in Conference Room C at 9:30 a.m. and 1:30 p.m.

At South, the Gulfstream representative will be in Module 12/South at 12:00 p.m. The Network representative will be in Module 12/South at 2 p.m.

Faculty members interested in updating the book collection at the Library Learning Resource Center/Central and/or in the placement or removal of books on reserve, please contact Rosemary Lowrey, faculty services librarian, ext.8115. ...Wiley Douglass

Florida Atlantic University recruiter will be on campus Tuesday, Sept. 23 from 9 a.m. to 12 noon in the Cafeteria to provide general information for students and faculty.

The following position vacancies are being announced:
Clerk/Cashier (part-time) Finance, Salary Grade A14, $5.73 per hour
Clerk, (temporary part-time), South Campus, $5.73 per hour
Clerk, regular part-time, South Campus, $5.73 per hour
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

International Marketing Series

Introduction to the Export/Import Business and Domestic Marketing of Imports are two new courses being offered through the Continuing Education Division of the college.

Introduction to Export/Import begins Wednesday, Oct. 1; Domestic Marketing of Import begins Thursday, Oct. 2. Both classes meet from 6:30-9:30 p.m. in AH 216. Call 8006 for information.

Theatre (cont'd from P 1)

were there to represent the community.

Hugh Albee and Watson Duncan, in a talk-show setting off-stage on the right, made even the master of ceremonies function an informal one.

The preview provided good experience. We discovered that the rising orchestra pit is by no means silent, and we need more light for the back rows downstairs. In the September context, small glitches did no damage.

The dramatic highlight of the evening was a reading of "I Am The Nation" by Duncan at the podium in front of a giant American flag.

It was a warm and friendly gathering.

Aside from Duncan, himself, the real star of the evening was the Duncan, itself. Even this brief glimpse of the small theatre with its good acoustics and magnificent technical capabilities was a very satisfying experience.

We've come a long way from the Mirror Ballroom. ....Jonathan Koontz

lappy Birthday To . . .

9/16 Bill Corsaro, Ron Bryant 9/17 Bradley Hawkins, Katherine Karpinia 9/18 William Wilson Salle Thornton, Frank Perez, George Matsoukas, Celeste Beck 9/19 Dorothy Rajcoomar, Shirley Sullivan, Norma Walter 9/21 Howard Reynolds, Joanne Connolly 9/22 Sylvia Meeker

Speaker's Bureau Brochure To Be Updated

The Palm Beach Junior College Speakers' Bureau brochure is being updated, and we need your help.

The Speakers' Bureau was introduced as a way to reach the community. Many organizations are very interested in hearing from you.

If you have a speech, presentation or program, please contact Holly Delmas at 8135.

We would prefer a written (informal) note giving your name and degrees or areas of expertise, title and subject of the program you would like to present, phone number where an inquiry of your schedule can be made and any other relevant information.

Updating the brochure is a joint venture between the News Bureau and all academic areas. Dr. Patricia Dyer has asked the cooperation of administrators.

Please send all information to the News Bureau, mail station 25, or Dr. Dyers' office, mail station 22, by October 3.

Sculpture On Display At North Campus

Palm Beach Artist/Sculptress Jane Manus is loaning a large, steel sculpture to Palm Beach Junior College North, with the sculpture scheduled to be put into place today.

The artist has already make known her dedication to art in public places and is having the sculpture delivered at her own expense.

"We are fortunate to have artists in the local area who are willing to loan major works of this kind," said Dr. Sarah Pappas, Dean of Instruction at PBJC North.

The college has selected a spot near the circular drive in front of the classroom building as a suitable, prominent location for the sculpture.

Alessandra Gieffers, an artist on the faculty at PBJC North, was instrumental in arranging for the loan, Dr. Pappas said.

Voter Registrar Class

A class to train students and staff who wish to act as voter registrars will be held in the Continuing Education Lecture Hall, today (September 15) from 8:40 a.m. to 9:40 a.m.

Those who complete the class will be sworn in by Jeri Edmonds, Registrar Instructor, and asked to participate in a voter registration drive at PBJC.

The drive has been scheduled for Sept. 22 through Oct. 3, and will be open to citizens from the community as well as students and staff.

New Director At New Dimensions

Theodore Kremsky has been appointed Executive Director of the Institute of New Dimensions to replace Dr. Etta Ress who has had to step down for health reasons.

Kremsky took early retirement as principal of an elementary school in New York City. He has also worked in Adult Education.

He will join Ann Dix, administrative assistant, and a number of volunteers who are currently preparing an expanded series of lectures , workshops, seminars and field trips beginning in October.

Classes (cont'd from P 1)

"Clock-hour" programs, such as the Criminal Justice Police Recruit Academy and the nursing department clinicals, will not be affected.

...Dr. Patricia A. Dyer

DEPARTMENT OF EDUCATION **Rule 6Hx-18-5.16**
District Board of Turstees **Retirement**
Palm Beach Junior College **(Amendment)**

WRITTEN STATEMENT OF THE FACTS AND CIRCUMSTANCES JUSTIFYING THE AMENDMENT OF THE RULE: This rule is being amended to add language regarding an early retirement incentive payment program.
SUMMARY: Same as above.
ECONOMIC IMPACT: There will be a first year cost of 25 percent of the base salary of those who elect to participate. However, it is anticipated that replacement personnel will be employed with lower salaries, thus resulting in a long term savings.
SPECIAL LEGAL AUTHORITY UNDER WHICH THE AMENDMENT IS AUTHORIZED AND THE LAW BEING IMPLEMENTED, INTERPRETED OR MADE SPECIFIC:
General Authority: 240.313 FS.
Law Implemented 240.319 FS.
History: Formerly P050.10; Readopted 2-27-75, Amended 6-17-81
IF REQUESTED A HEARING WILL BE HELD AT:
Time: 7:30 p.m.
Place: Palm Beach Junior College, Conference Room "C"
Date: September 24, 1986
Copies of this rule are available at the Library Learning Resources Center, the Office of the Vice President of Student Affairs, and the Office of the District Board of Trustees of Palm Beach Junior College.

DEPARTMENT OF EDUCATION **Rule 6Hx-18-5.37**
District Board of Trustees **Sabbatical Leave**
Palm Beach Junior College **(Amendment)**

WRITTEN STATEMENT OF THE FACTS AND CIRCUMSTANCES JUSTIFYING THE AMENDMENT OF THE RULE: This rule is being amended to state that an additional seven years of full-time service must accrue before an employee is eligible for a second Sabbatical Leave. The limit of a total of five committee members with two faculty is also being eliminated.
SUMMARY: Same as above.
ECONOMIC IMPACT: No economic impact.
SPECIAL LEGAL AUTHORITY UNDER WHICH THE AMENDMENT IS AUTHORIZED AND THE LAW BEING IMPLEMENTED, INTERPRETED OR MADE SPECIFIC:
General Authority: 240.313 FS.
Law Implemented 240.319 FS.
History: Formerly P301.00; Readopted 2-27-75, Amended 7-22-75, 2-20-77, 7-26-79, 9-18-85
IF REQUESTED A HEARING WILL BE HELD AT:
Time: 7:30 p.m.
Place: Palm Beach Junior College, Conference Room "C"
Date: September 24, 1986
Copies of this rule are available at the Library Learning Resource Center, the Office of the Vice President of Student Affairs, and the Office of the District Board of Trustees of Palm Beach Junior College.

DEPARTMENT OF EDUCATION **6Hx-18-5.03**
District Board of Turstees **Sick Leave**
Palm Beach Junior College **(Amendment)**

WRITTEN STATEMENT OF THE FACTS AND CIRCUMSTANCES JUSTIFYING THE AMENDMENT OF THE RULE: This rule is being amended to eliminate the advancement of sick leave and the related administrative problems, except for newly employed faculty and other contracted personnel who have not had an opportunity to earn sick leave previously. It also eliminates the maximum sick leave payment of 60 days, thus allowing unlimited sick leave payments. This change was agreed to in negotiations several years ago and is currently in the Collective Bargaining Agreement.
SUMMARY: Same as above.
ECONOMIC IMPACT: The college currently loses sick leave days periodically where days have been advanced to employees and such employees terminate and do not repay the advance. Such losses would be eliminated.
SPECIAL LEGAL AUTHORITY UNDER WHICH THE AMENDMENT IS AUTHORIZED AND THE LAW BEING IMPLEMENTED, INTERPRETED OR MADE SPECIFIC:
General Authority: 240.313 FS.
Law Implemented 240.319 FS.
History: Formerly P003.00; Readopted 2-27-75, Amended 2-20-77, 6-17-81, 10-21-81, 9-18-85
IF REQUESTED A HEARING WILL BE HELD AT:
Time: 7:30 p.m.
Place: Palm Beach Junior College, Conference Room "C"
Date: September 24, 1986
Copies of this rule are available at the Library Learning Resources Center, the Office of the Vice President of Student Affairs, and the Office of the District Board of Trustees of Palm Beach Junior College.

To Faculty and Staff...I wish to extend to you all my deepest appreciation for the lovely reception given in honor of my retirement from PBJC after 25½ years of service. For those who were unable to attend, I would like to thank you for the many kindnesses extended to me over the years. You will always be remembered fondly and hope maybe in your travels, Boone, N.C., will be on your list. Please stop by and visit. ...Joyce Cates, Carriage Square, 207-9 Hwy. 105 Ext., Boone, N.C. 28607

It is comforting for me to know I have friends who still care and were concerned during my wife's recent illness and death. I want to thank you all for the beautiful flowers and expressions of sympathy. ...Jim Soule (former locksmith)

Ninety-five percent of the nursing students at PBJC passed the National Examination for Registered Nurses. Betty Morgan, Program Manager of the Nursing Department, reported that 125 of 132 students passed the required test. Congratulations nurses and nursing faculty.

Bernard Painter, business teacher at the Glades Center, has been released from the hospital and now resting at home after suffering a recent heart attack. According to Glades Director Mary Orsenigo, Bernard will be away from campus for about six weeks. We wish him a speedy recovery.

MONDAY REPORT DEADLINE: THURSDAY, NOON.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 43 September 22, 1986

A Few Donor Tickets Left

Gala Opening Of Theatre Will Be A Sellout

Unless you already have tickets or can afford to be a donor, with a $250 per seat donation, it is too late to decide now to attend the gala opening of the Watson B. Duncan III Theatre on Oct. 4--the show is going to be a sellout, and all $25 seats have been sold.

Even before the press conference of last Wednesday, and the resulting publicity, main floor tickets were gone, and the balcony sold out by Thursday afternoon when this was being written.

The $250 seats, which also entitle donors to a champagne buffet where they can meet the stars after the show, are also moving briskly, and could be in short supply by the time you read this.

Last week, the Monday Report warned you that it was time to get your general admission seats This week, we can say pretty much the same kind of thing about the donor seats.

It should be emphasized that ALL of the 720 seats in the theatre are being sold--the president bought his before going on his vacation to Costa Rica--and that ALL of the price of each ticket is going into the Watson B. Duncan III Theatre Fund to be used in the future operation of the theatre and for the benefit of all of us.

This neat arrangement was made possible through a generous donation from Robert M. Montgomery, Jr., president of our Foundation, Mary Montgomery, his wife and former president of the Foundation, and the firm of Montgomery, Searcey & Denney, P.A.

Their donation will cover all costs of the opening night, including the champagne buffet, so that all ticket donations can go into the theatre fund.

One more item needs to be cleared up for Monday Report readers. No one in a

United States Marine Band In Concert

The United States Marine Band, known as "The President's Own," is scheduled to appear at PBJC Glades and PBJC Central.

The Dolly Hand Cultural Arts Center at the Glades campus will present the Marine Band on Tuesday, Sept. 30 at 8 p.m. A limited number of tickets are still available.

Tickets are $8 for general admission. To reserve your seats, please call 305/996-3055 or 439-8160.

The band will perform in the PBJC Central gymnasium on Thursday, Oct. 2 at 7:30 p.m. All profits from this concert will benefit the Music Department.

Tickets are available and may be reserved by calling 967-BASS, or by mailing the coupon (which appears in the Palm Beach Post Times) to Bass tickets, 99 NW Miami Gardens Drive, Suite 200, Miami FL 33169. All Bass ticket outlets including Spec's Music Stores, Record Stations and Sound Shops also have tickets for sale.

Bleacher seating is priced at $6.25, children, $4.25; floor seating for adults and children, $9.25.

The Marine Band has also scheduled a children's performance at 1 p.m. on Sept. 30 in the Glades. Tickets are $2.

A children's performance will also precede the Oct. 2 appearance at PBJC Central.

Sarah Pappas Day

Last Tuesday (Sept. 16) was declared "Sarah Pappas Day" at PBJC North. The staff and faculty of the North campus and her friends from other campuses honored Dr. Pappas with a farewell tribute.

Many of the faculty from North presented unusual gifts which included a trophy for "Consumer of the Year," a T-shirt which noted the official retirement of her Jacobson's credit card number, a grow-your-own bean sprout kit, and a Freddie and Glen photograph. Barry Russal crowned her queen for a day.

Dr. Smith presented the guest book from the party and a video tape that will be sent after proper editing. He also gave her a hand blown crystal-etched and gold banded decorative vase from everyone.

Dr. Pappas gave a brief acceptance speech before cutting the cake.

We would all like to wish Sarah well in her new position and expect to hear great things about her work at Daytona Beach.

Announcements

The Delta Epsilon Chi chapter of DECA will be holding bake sales every Monday on the BA Patio from 8:30 a.m. til noon (or until all items are sold). Please come and support us.
...S. Thompson

A drive to register voters is now in progress and continues through Oct. 3. Ed Pugh, advisor to the PBJC Political Union, has declared today (Sept. 22) as Nathan Hale Day. Candidates Day at PBJC Central has been scheduled for Nov. 3.

LOST: ONE MASTER'S THESIS. Ron Moses lent a copy of his thesis to someone at the college, and he would like it returned. Ron, who is now working for the West Palm Beach Police Department, can be reached at 837-4000.

The following position vacancy is being announced:
Learning Specialist/CPI: Position requires a bachelor's degree in mathematics; master's degree is preferred. Experience with individualized instruction is preferred.
Interested applicants should contact the Personnel Coordinator. ...Shelly H. Carton

Update On Health Insurance

As explained in correspondence last week from the Personnel Office, Network initiated the cancellation of the open enrollment pending a clarification of their "freedom of choice" ption. In view of the fact that an open enrollment is expected during February or March of 1987, it is unlikely that another open enrollment will be provided this calendar year.

However, further explanation regarding processing for dental or vision coverage effective Oct. 1 may prove helpful to college personnel. Those personnel currently in the Network Health Plan must complete the yellow form for dental coverage which was contained in the Network packets distributed on Sept. 5. Please note that the college provides the single plan coverage for dental. Those personnel who elect to cover their dependents by enrolling in the family plan will have their monthly payroll deductions increased by $9.00, resulting in an increase from $125.80 to $134.80.

Those personnel enrolled in the Network Plan who wish either single or family dental coverage must complete and return the yellow form to the Personnel Office not later than Tuesday, Sept. 23.

Personnel currently in the Gulfstream Plan need not complete another enrollment form since their coverage will be extended to include dental and vision. Those personnel with Gulfstream family plan coverage will have their payroll deductions increased from $97.05 to $104.76 per month.

Please feel free to call the Personnel Office if further information is needed.

...J.M.Schneider

Art Lecture At PBJC North

Adrienne Chismark will present a lecture titled "Life as a Collector, The Seeds of Passion," today (Sept. 22) at 6:30 p.m. in NL 101 at PBJC North.

n addition to being described as an "impassioned collector," Chismark has also served as chairman of Northwood Florida Art Council, 1986 chairman of the Corporate Affairs Art Auction for WXEL, and was on the Corporate Membership Committee for the Norton Gallery.

She established a salon for artists in all disciplines for the purpose of mutal exchange and sharing of ideas.

Chismark will be giving the lecture as part of Alessandra Gieffers' Art Appreciation courses at the North campus. All faculty, staff and students are welcome to attend.

Theatre (cont'd from P 1)

position to know has ever stated that Burt Reynolds and Monte Markham would be present.

Both had thought at one time they could make this date--but both are out of the country movie making on location--Burt in Canada and Monte in Mexico. Both will send personal tributes.

It will take a near miracle for either to make it in person.

Sculpture (cont'd from P 1)

walk around it and it works from all angles," said Manus.

Alessandra Gieffers, an artist on the faculty at PBJC North, said that the piece represents a small preview of a Jane Manus exhibition scheduled at the Central Campus in January.

Today's Headlines in Lantana will sponsor a Cut-a-thon on Thursday, Sept. 25 from 9 a.m. to 4 p.m. in the SAC Lounge. Donation is $5 and the event is open to men, women, and children. Proceeds will benefit the SGA and the People Bringing Joy at Christmas Committee.

MONDAY REPORT DEADLINE: THURSDAY, NOON.

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT:

Volume VIII, Number 44 September 29, 1986

More Variety This Year

Express Term Registation Begins Wednesday

Registration will begin Oct. 1 on all four Palm Beach Junior College campuses for an eight-week Express Term which offers more variety to students than either of the two terms held last year, when the Express Term was initiated.

Students will earn full college credit in half the number of weeks in a regular term. Classes start Oct. 20 and end Dec. 18.

The college as a whole will offer 42 courses, six more than in the last Express Term in March.

Most of the increase in the number of courses offered will be at PBJC Glades, where six courses, instead of two, will be offered. They are: Typewriting, Beginning Tennis, Healthful Living, Fundamentals of Speech, Sociology and Geology.

The majority of the courses offered at all campuses are three-credit courses, but there are a sprinkling of one and two credit offerings.

Many of the courses are from the core of general education offerings that are used in most programs at the college, like Art Appreciation, Health, Algebra, Speech, and Freshman Communications.

Others are business oriented: Accounting,

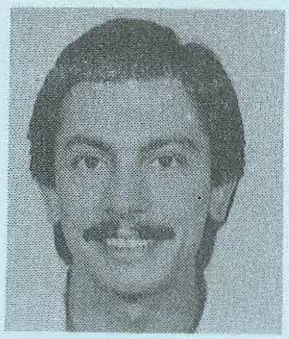
WELCOME ABOARD



***Cem A. Akyurek* has joined the Business Division as a senior instructor specializing in Economics at Palm Beach Junior College. He has a M.A. from Florida Atlantic University and a B.A. from Istanbul Bosphorus University.**

Akyurek previously taught Principles of Economics on a temporary full-time basis at PBJC and taught economic courses at FAU. His experience includes working as a Junior Research Economist for Industrial Development for the Bank of Turkey.

The staff and faculty welcome Cem and wish him success in his new position.

. . . Holly Delmas

VOTE! VOTE! VOTE!

Please do not forget to vote FOR the school bond issue tomorrow. Our trustees have already signed a resolution supporting the school bonds. We need to join our fellow educators in voting to strengthen the school system.

Every improvement in our schools means better quality students entering PBJC. A vote for the bonds is not only a vote for the community and for the school system, it is also a vote for better prepared students for our college.

PBJC South Golf Classic

he First Palm Beach Junior College South Golf Classic was a terrific success for the layers and for the scholarship fund. Approximately $3,500 was raised by 92 golfers and good time was had by all, according to James Tanner, Dean of Instruction at PBJC South.

ighlights of the tournament included a videotaping of the players, over 50 fabulous prizes iven away in the raffle, and a buffet luncheon for 115 guests.

he winning score of 58 was achieved by the team sponsored by the law firm of Donald H. eed. Second place team with a score of 60 was Jerry's Caterers, and the third place team ith a score of 61 was Barnett Bank.

he tournament was held at the Boca West Country Club and Phi Theta Kappa assisted with he activities.

Trustees (cont'd from P 1)

Expo '86 in Vancouver and the Ontario Pavilion at the exposition.

Noted for a style labeled as "high-tech expressionism," Zeidler Roberts have won more than 75 design awards internationally for their work in Canada, the United States and Asia.

The trustees approved the signing of the contract after noting one small, but important change.

The trustees were given a presentation on a sabbatical leave by Mrs. Frankie Davis, Business Division II from the North campus.

Davis researched a variety of community colleges across the country and their business/ vocation education programs. "With the changing procedures and developments in microtechnology, we must realize that standing still leads to obsolescence," Davis said.

The board noted the promotion of the following faculty:

Dr. William Boorman from Sr. Instructor to Assistant Professor; Sandra Richmond from Sr. Instructor to Assistant Professor; Dr. Roy Fox from Sr. Instructor to Assistant Professor; Vijay Samaymantri from Instructor to Sr. Instructor; David Duncan from Instructor to Sr. Instructor; Dr. Alan Gerson from Sr. Instructor to Assistant Professor; Royse Smith From Instructor to Sr. Instructor; Cem Akyurek from Instructor to Sr. Instructor; Elizabeth Crandal from Instructor to Sr. Instructor; David Nixon from Instructor to Sr. Instructor; and Dr. Sarah Kern from Instructor to Assistant Professor.

Dr. Eissey announced that the November meeting of the board will be Tuesday, Nov. 25 at PBJC South.

United States Marine Band Concert

he United States Marine Band, a 140 piece band known as "The President's Own," will be appearing this week at the Dolly Hand Cultural Arts Center at PBJC Glades, and in the gymnasum at PBJC Central.

he band will perform twice tomorrow at the Dolly Hand, at 1 p.m. for school children, and t 8 p.m. for the general public. The children's concert is completely sold out, according o Judy Schiele, manager of the Center, and there are only about 85 seats left for the vening performance.

ore than half the floor tickets for the Thursday, 7:30 p.m. performance at PBJC Central ave been sold, according to Sy Pryweller, and about half of the bleacher tickets are also one. Tickets for this performance are available through BASS outlets.

Watson B. Duncan, III Theatre Opens Saturday

It is good that the Oct. 4 grand opening of the Watson B. Duncan III Theatre is on a Saturday night, when very few classes are scheduled at the PBJC Central campus. Otherwise, students attending evening classes might well be turned aside from their usual academic pursuits.

In the first place, there will be six, (count them!), six searchlights announcing to this part of the world that something unusual is going on.

Guests in formal attire will walk up carpeted stairs to the lobby. Valet parking will be available to spare coiffures and clothing from any adverse weather.

A brass quintet will provide welcoming music outside until shortly before the performance, when they will move inside to encourage guests to move from the lobby area on into the theatre.

Inside, the theatre lends itself beautifully to an elegant evening.

The dedication ceremonies will not be long. There will be tributes to Duncan from Dr. Elisabeth Erling, Monte Markham and Burt Reynolds. The latter two, alas, will probably be by proxy in one instance and by video tape in the other, barring a last-minute miracle.

Dr. Philip Lichtblau, chairman of our Board of Trustees, will unveil a bust and a portrait of Duncan, which will later be placed on permanent exhibit in the theatre.

Before the tributes begin, our own Pacesetters will provide a rousing curtain opener, and Dr. Eissey will have a moment to greet all our guests for the evening.

The entertainment will be elegant.

Our own resident ballet company, Ballet Florida, will perform the Peasant Pas de Deux from "Giselle."

After intermission, the Palm Beach Sinfonietta, conducted by Anton Guadagno, and Douglas Ahlstedt, tenor, Henrietta Kristhea, soprano, Barbara Garner,soprano, and the Palm Beach Opera Chorus will provide a program of familiar classical music.

The 220 or so patrons who have donated $250 per seat to the Theatre Fund, will then move to a fully-enclosed, lighted tent north of the theatre for a champagne buffet hosted by Robert and Mary Montgomery, president and past president of the PBJC Foundation.

The stars of the evening's entertainment will be there to mingle with the guests.

Ladies need not be concerned about shoes with heels--the tent has a wooden floor!

As reported last week, the $25 tickets, except for an occasional cancellation, are already gone. Some patrons tickets are still available.

Crackerbarrel Forums

The Institute of Government at PBJC is offering a series of "Crackerbarrel Forums."

The second Thursday of each month an elected official will give a brief presentation with a question and answer session. Continental breakfasts will be offered and most meetings will be held at the Royce Hotel in West Palm Beach from 7:30-9 a.m.

Jan Winters, the newly appointed Palm Beach county administrator, will be the October featured guest.

For more information, call Diane Brander at 8185.

The J. Patrick Lannan Sculpture Garden

The establishment of the J. Patrick Lannan Sculpture Garden at Palm Beach Junior College and the acceptance of four major marble works of art are announced by Dr. Edward M. Eissey, PBJC president.

"We are grateful to the Lannan Foundation and are pleased to be selected as the site for sculptures that are already famous throughout the art world," Dr. Eissey said.

"We are looking forward to continued cooperation with the Lannan Foundation as they develop Mr. Lannan's interest in art and in Lake Worth and South Florida."

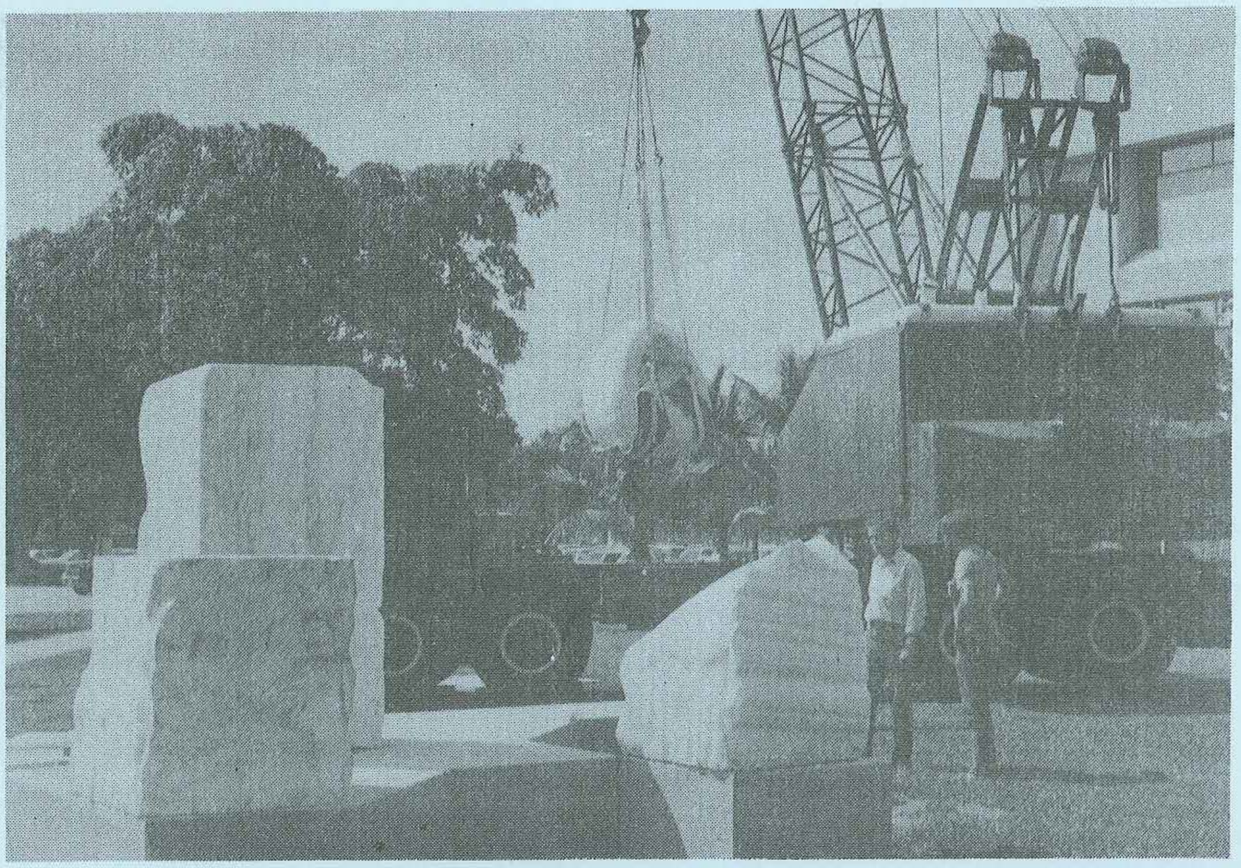
Dr. Eissey said that it was the work of Reuben Hale, chairman of the Division of Humanities, with both Mr. Lannan and the Foundation which resulted in the garden and the on-going relationship with the Foundation.

Hale said that during his lifetime, Lannan accumulated more than 5,000 pieces of contemporary paintings and sculptures.

"This was certainly one of the world's largest and best collections," Hale said.

Some of the art was housed in the Lannan estate in Palm Beach, and some in the Lannan Museum on Lake Avenue in Lake Worth.

"At the time of his death, Mr. Lannan was considering building a large museum on this campus to house the entire collection and future acquisitions," Hale said. "There would be an endowment of $90 million for maintenance and additions to the collection."



***L'echo du Rive,* 10½ tons of pure white marble, is lowered into place by the crane, with WIR SIND NOCH KEINE MENSCHEN IM HUMANISTICHEN SINNE in the foreground. Supervisors are Reuben Hale and Bruce Boden.**

As the news of his death spread throughout the art world, however, the board of the Lannan Foundation received bids from major museums and cities throughout the world for the Lannan collection.

Among those making determined bids were the Art Institute of Chicago, which was prepared to spend several million dollars and build a new wing, the Metropolitan Museum of Art in New York, the Denver museum, the San Francisco museum, and many others.

The new board of the Foundation made a decision to retain the Lannan Museum in Lake Worth, and to donate works of art to major museums throughout the world.

The board also decided to keep much of the sculpture in South Florida. These works would be split between Palm Beach Junior College and the South Florida Consortium--Palm Beach, Broward and Dade counties.

The donations to PBJC, four works by three artists, two German and one Japanese, are now in place, and the Garden is nearing completion.

All of these works were commissioned by Mr. Lannan. The artists executed the works in Maine. All the marble is Maine marble. The works were then transported to Lannan's estate in Palm Beach.

Parts of two of the sculptures were visible from AIA, and are well known to many residents of the area for this reason.

The westernmost piece of the Garden is by Yassur Mizui. It is titled: "L'echo du Rive," and is 10.5 tons of pure white marble. It is 7'8" high and 6' wide.

Proceeding east, the next two pieces are by Karl Prantl. The one to the right is a marble cube, 6' by 6' by 4'10" high. It is called "Marble Cube" and weighs about 20 tons.

The long Prantl work to the left, nearer the Library, is called "Meditation Stones." It is 4'5" by 14' by 2'10" and weighs 16 tons.

"Meditation Stones" is not yet complete. The indentations on the top of the sculpture are for a number of marble spheres of various sizes. They were simply lying in place at the Lannan Estate, but in their present setting, it will be necessary to devise a means for anchoring them firmly in place as unobtrusively as possible.

The composite is by Eric Reischke, and the 16 pieces have a combined weight of about 15 tons. The title of this work is carved around the corner of one of the pieces.

In German, it reads: "WIR SIND NOCH KEINE MENSCHEN IM HUMANISTICHEN SINNE." This has been translated as "We are not yet human in the spirit of humanity."

The Garden, designed by Mark Hampton, the Miami-based architect who redesigned the art deco movie theatre in Lake Worth which now houses the Lannan Museum, is nearing completion. A hedge and the removal of some lighting fixtures are all that remain to be done.

The hedge will not border the entire garden, and it will remain open for people to view the sculpture from close range.

The artists are known throughout the world, possibly a little better in Europe than in the United States, Hale says.

"There will be photographs of these works in almost every major art magazine in the world," he said. "Palm Beach Junior College will be on the list of places to visit by those who are seriously interested in modern sculpture."

As time permits, the art faculty at the college will write material about the artists and about these individual works and place this material in the library.

Candidates Day Set For Nov. 3

Candidate's Day, a tradition at Palm Beach Junior College Central, has been set for Nov. 3 this year, the day before the general election.

Candidates will face each other in classrooms in the Social Science Building, beginning at 7:30 a.m.

"Each team will appear before a class for one-half hour," according to Ed Pugh, faculty advisor to the Political Union, "then change places with another team across the hall.

"In one hour a student will be able to see and hear four candidates, two of whom will be sure to be elected."

In past years, most of the candidates for local office have taken advantage of this opportunity to impress young voters, and interest also seems to be high this year, Pugh said.

Pugh and the Political Union have also been making plans for other events, and there is a "strong possibility" of a Republican Day on Oct. 16 to allow appearances by Senator Paula Hawkins and other Republican candidates.

Democratic candidates, including Gov. Bob Graham, have been invited to plan a similar event.

The Political Union has offered the college as a site for a Graham-Hawkins debate, but prospects for such a meeting seem remote. Each side blames the other.

Thanksgiving In Panama

Experience a unique Thanksgiving holiday by joining PBJC's study tour to Central America.

In five days (Nov. 26-30), you will see international Panama City and Balboa, primitive Indians in jungle villages, Canal Zone locks in operation, and the ruins of the Old Panama of the Conquistadores. You will cross the isthmus to visit the Atlantic ports of Colon and Critobal, and you will sail on a launch to the Pacific island of Taboga.

Price for the study tour is $528 and includes air, hotel, most meals, extensive sightseeing, and gratuities. PBJC tuition is $45.40 for two credit hours or audit. There will be on-campus lectures before and after the study tour.

For information, please contact Joan Gotay Jones at Central Campus, Rm. SS 110, ext. 8137.

Institute Of Government Seminars

The Institute of Government at PBJC offers a variety of seminars and workshops for governmental agencies in Palm Beach county.

The topics range from Effective Supervisory Practices, Time Management, and Interpersonal Communication Skills to Stress Management, Introduction to Computers and Written Communication Training.

On occasion, there are a few spaces available for college personnel on a first come, space available basis. Tuition waver is possible in some cases as well.

For information on our next offering, "Effective Time Management" offered Wednesday, Oct. 1 from 9 a.m. to 4 p.m. in CE 123, please call Cheryl or Diane at 8185.

Happy Birthday To . . .

9/30 Jim Gross, John Townsend, Catherine Ward 10/01 Richard Bailey, Harris McGirt 10/02 Nancy Biskupiak 10/03 Linda Hersh, Essie Dowling 10/04 Barney Krumm, Ethel Fowler, Phil Millard 10/05 Solomon Jackson, Nicholas Dottor 10/06 Patricia Adams-Johnson, Bill Tolmie

Politics Within Reasonable Bounds

The political season is upon us, and this year, there have been some unusually active efforts by a number of people working for specific candidates for a number of different state and local offices.

The college encourages its students and staff to take part in the government of the community. Voter drives, candidate appearances, (when each side of any contest is given an equal opportunity), and other hands-on opportunities to be involved in the political process are important components of education at PBJC.

At the same time, these processes must be kept within reasonable bounds, and the following administrative policy has been adopted and is now included in the Administrative Hand Book:

The distribution of political campaign materials for public office candidates will be restricted to areas on each campus as may be designated by the campus administration. No materials will be posted on bulletin boards, walls, or other physical structures, or staked on the grounds. Political campaigning is not to be conducted by employees while on duty.

Announcements

The following position vacancies are being announced:
Clerk Typist I (part-time), Salary Grade A16, $6.02 per hour (North Campus)
Information Clerk (Registrar's Office), Salary Grade A15, $891.78 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

The annual call for nominations for the Talent Roster of Outstanding Minority Community College Graduates has arrived. Nominations are due in The College Board Offices by Nov. 1, 1986. For more information, material is on file in my office. ....Patricia Dyer

Another Candidate

Phil Jackson, a senior instructor in political and social science at PBJC north, wants everybody at the college to know that we have another candidate whose hat is in the ring this election in addition to Bill Graham for school board.

Phil has been working for several months to get as many votes as he can as a write-in Democratic candidate for Congress for the 12th District.

Express Term (cont'd from P 1)

Economics, Successful Employment Techniques, Consumer Math.

Introduction to Computers will be offered both at PBJC South and PBJC North, while a Math course, Introduction to Computer Technology, will be offered at PBJC Central.

Several courses at PBJC Central and PBJC North are excellent preparation for the person who may be thinking of getting into college in the near future, but needs preparatory work.

Flyers and posters for the Express Term have been printed and will be available on each campus. At PBJC Central, they will be distributed in a number of different ways, but the News Bureau has the basic supply.

All personnel are urged to do whatever they can to spread the news that students who missed out on the course they wanted, people who have moved to the area since August, winter residents, and anyone else wanting to begin college now instead of waiting until January can register now.

THIS Week . . .

Sept. 30	U.S. Marine Band, Dolly Hand Cultural Arts Center, Glades. Children's performance 1PM; $2; evening performance 8PM; $8

Announcements . . .

The deadline for the 1987 Speaker's Bureau brochure is Oct. 4. All interested speakers should contact Holly Delmas at the News Bureau this week. The Speaker's Bureau is a public service created to keep the community aware of the excellent resources available at PBJC. If you have a speech or presentation on a timely topic, send your name, the title of your program, and brief background of your area of expertise to mail station #25 or call 8135.

Volunteers are needed to host PBJC foreign students for Thanksgiving dinner and other special events. If interested in sharing an intercultural experience, contact Danita Kurtz or Lori Flamer in the counseling center at 8182.

At the U.S. Marine Band Concert set for Oct. 2 in the PBJC Central gymnasium, music students will be selling baked goods at the concession stand, beginning at 6PM and continuing throughout the program. Anyone who would like to donate baked goods for this event should contact Bob Jones at 8142.

The college will host health fairs according to the following schedule:
PBJC North--Monday, Oct. 20, 9AM-2PM
PBJC Central--Tuesday and Wednesday, Oct. 21, 22--9AM-3PM
PBJC Glades--Thursday, Oct. 23, 10AM-2PM.
For additional information, contact Mary Cannon at 8066.

The American Heart Association and the American Red Cross have adopted new standards and guidelines for administering CPR. If you wish to learn the new guidelines, contact Mary C non at 8066. We strongly recommend that you update your skills.

Inaugural Production At Theatre

"Much Ado About Nothing" Will Open Oct. 30

The inaugural production at the Watson B. Duncan, III Theatre will open Thursday, Oct. 30 for eight performances, and will be an adaptation of William Shakespeare's classic comedy, Much Ado About Nothing.

The play, a production of the Palm Beach Junior College Players, will be directed by Frank Leahy, with technical direction by Art Musto and choreography by Sunny Meyer, all of the PBJC faculty.

The inaugural, three and a half weeks after last Saturday's Gala Opening of the Theatre, will also be dedicated to Duncan, a noted Shakespearian scholar and the founder of the PBJC Players, the organization which produces plays at the college.

The director, Frank Leahy, has chosen to update the classic tale of love and intrigue. It is set in America's Victorian period, and on a Mississippi River showboat.

There are several reasons for the adaptation, according to Leahy.

"Shakespeare's plays have never been absent from the stage even though he has been dead for 370 years," Leahy says. "The novelty of the adaptation will offer something new to all members of the audience, even though many of them may have seen the play several times."

The intent of the adaptation is to bridge the centuries--so that Shakespeare will mean more to the audience of today, Leahy says.

"The adaptation also points up something Shakespeare could not have known--how little society has changed since his day," Leahy says.

"With the adaptation," Leahy says,

"Ain't Misbehavin' "
Next At Dolly Hand

The Broadway hit musical, Ain't Misbehavin' will appear at the Dolly Hand Cultural Arts Center at Palm Beach Junior College Glades on Oct. 11 at 8 p.m.

The fast paced tribute to Fats Waller features a six-piece orchestra and 27 musical numbers in all. The show first opened in February 1978 at the Manhattan Theater Club in New York. Not only was the production a hit with Broadway audiences, but the show also won a Tony for Best

A Week Of Memorable Music

The United States Marine Band played three memorable concerts for Palm Beach Junior College audiences last week. All three were memorable for the quality of the music and the enjoyment of the audience, but the second was made even more memorable by the adventure which preceded it.

The first concert, Tuesday afternoon at the Dolly Hand, was played to a full house of Glades school students and went without a hitch.

As Mary Orsenigo approached the Dolly Hand at 7 p.m. Tuesday night for the second concert, she found herself following a procession of fire trucks, emergency vehicles and police cars. Her alarm turned to dismay when she saw smoke pouring out of the building.

An electrical malfunction, probably caused by some work going on in a large FPL transformer station, had created problems in the air conditioning system.

"The fire and police departments of Belle Glade were absolutely marvelous," Mary says. "They found huge fans to blow the smoke away and to keep the building ventilated during the performance."

Even the mosquitoes cooperated by staying away, Mary says, and the band performed superbly, with many encores demanded by the audience.

The third concert, at PBJC Central Thursday night, had no such adventure preceding it, and was attended by about 1,700 people.

The band adjusted perfectly to the miserable acoustics of the gymnasium and played four encore numbers after standing ovations.

Grant Awards

The Development Office has been given notificaion of the following grant awards:

Neptune--$51,198 for a joint project including the Florida Institute of Oceanography and Sea World to provide oceanographic experiences for 47 students. Auxiliary Aids for Post-secondary Handicapped Students--$11,000, Gail Tomei Director. Single Parenting Homemaker Grant--$8,800, Jennifer McCormick Director.

Cultural Arts Touring Grants have been received from the Secretary of State by the Dolly Hand Cultural Arts Center for the following performances: Ain't Misbehavin', Oct. 11, tickets $8. Florida Orchestra. Tampa Ballet--Cinderella.

In addition, two Criminal Justice grants, under the supervision of Joe Macy, have been received--$75,000 and $88,773.

...George Matsoukas

Much Ado (cont'd from P 1)

"a funny play becomes even more hilarious."

There will be 28 actors, some of them doubling as dancers and singers. Six evening performances will start at the traditional PBJC curtain time of 8:14 p.m., Thursday through Saturday, Oct. 30 through Nov. 1 and Nov. 6 through Nov. 8. Two Sunday matiness at 2 p.m. are scheduled Nov. 2 and Nov. 9.

Tickets are $7 for adults and $5 for students of any age, grade school through college, with current ID.

Ain't Misbehavin' (cont'd from P 1)

Musical in 1978.

Dr. Eissey Named Vice President Of St. Jude's Hospital

Dr. Eissey has been appointed Executive Vice President of the national board of St. Jude Children's Research Hospital, and he will assume his position as of Oct. 8 at a board meeting in Chicago, Illinois.

St. Jude Children's Research Hospital is the sixth largest charity organization in the United States. Dr. Eissey has been working with the group since 1962.

As executive vice president, Dr. Eissey will be working with the board to coordinate fundraising of approximately $80,000,000 per year for the next two years. These funds are used to support the research at the hospital and pay daily operating costs.

"The St. Jude Children's Reseach Hospital is oen of the few charities that put 100% of the public and private contributions toward the research and operation of the hospital. Board members pay their own personal expenses for travel, time, and fundraising," Eissey said.

Danny Thomas, president of the organization, established the hospital for the sole purpose of conducting basic clinical research in catastrophic childhood diseases. There are approximately 2,500 active patients on the rolls of the hospital.

St. Jude's basic and clinical research findings are freely shared with physicians and research scientists in all countries, extending the benefits of its work to children, parents and society worldwide.

In cases of financial need, the hospital will pay for transportation and lodging for the patient and one parent. There is no financial need test for admission.

St. Jude's Research Hospital is non-sectarian, interracial, and open to patients admitted by physician referral and whose disease is under study at the institution. The hospital is a non-profit tax-exempt research center supported primarily by public contributions.

FACC Update

Dr. Catherine Cornelius, FACC president, told members on Sept. 25 that the state association now wields clout in Tallahassee.

She said the FACC lobbying team provided [illegible]tinuous support to the legislature in this past session that endeded with a 10.8 percent increase in community college funding.

Dr. Cornelius applauded the work of the members throughout the state and urged everyone to take advantage of the opportunities the organization provided in personal and professional training.

In addition, Dr. Cornelius reminded the audience that the state association started at PBJC under the leadership of Dr. John I. Leonard. The present leadership is now over 5,000 and very close to a majority of all full-time employees in the state system.

Dr. Cornelius ended her visit with a tour of the campus before returning to Avon Park, where she is president of South Florida Community College. ...Alice Zacherl

Last Week For Registration

Express Term Looking Good At Central

Express Term registration is looking good at PBJC Central, with enough registrants to assure classes in all except one of the 16 offerings. North and South are approximately even with a year ago, and the brave experiment in the Glades will need a last-week miracle to make it successful.

The only class in danger at PBJC Central is an Art Appreciation course, and it has a chance of "making" during this last week, since nine persons were already enrolled Thursday afternoon, (deadline for this article).

Half of the Central offerings are CPI courses, where no set registration figure is required. The remaining classes have registration ranging from 12 in Real Estate to 22 in Healthful Living.

There are at least two registrants in every course offered at North and South except a Co-op class at North, but the largest classes have only eight or nine.

There has been a concerted effort in the Glades, both with advertising and with personal efforts at recruiting, but so far, results are not encouraging. Unless there is some unexpected development this week, it will take some skillful combining of students into one class to get into double figures.

A number of possible explanations for the larger numbers at Central have been offered. Perhaps the best is in demographics. Central, with a much larger student base, is offering fewer courses per available current student, so registration is more concentrated.

Another is in the "success breeds success" idea. It takes some time for a new program to become established, and this year, at Central, there was a big demand from students for flyers and other

Duncan Accepts Role In "Much Ado About Nothing"

Watson B. Duncan, III, Distinguished Chair of Arts and Letters, has accepted the role of "Dogberry" in the production of Much Ado About Nothing.

Director Frank Leahy has reset the classic comedy of love from Shakespeare's time to the era of Mississippi Showboats and Victorian society. Duncan will be playing the character of an unusual sheriff whose version of the English language is equally unusual.

Republican Day At PBJC Central

The Palm Beach Junior College Political Union has declared Thursday, Oct. 16 "Republican Day" at PBJC Central, and visits from local, state and national Republican candidates have been scheduled.

If the U.S. Senate is not in session on that date, Senator Paula Hawkins is expected to make PBJC one of three stops in the county on that date, according to Ed Pugh, faculty advisor to the political union.

"We are also expecting strong representation from the Republican gubernatorial camp," Pugh says. "We have been assured that either Bob Martinez or his running mate, Bobby Brantley, will be on campus."

A special booth near the cafeteria will be used to supply campaign literature to students. Staked signs will be permitted during the day, although signs are not normally permitted at the college.

Republican campus leaders Janet Christmas, Patrick Assedin, Randall Hulse and others will host the event. Speechmaking and handshaking in the area of the cafeteria and the Student Activity Center will go on through much of the day, Pugh said. The public is invited.

Pugh and the Political Union are making efforts to have a Democratic Day, but have not yet been able to get the Democrats to agree on a date.

Candidate's Day, pitting nominees from both parties against each other in political science classes, has been set for Nov. 3.

Republicans, who got their day organized before the Democrats, also came out ahead in the recently completed Voter Registration period at PBJC Central.

Registrars at the college recorded 65 new Republican registrants, and 46 Democrat registrants. Other registrants were: Independent, 6; No Party, 9; American Independent, 2; New Party, 1.

The results follow a trend in evidence "for the last four or five years," Pugh says.

"I can remember when, years ago, practically all new voters wanted to register as Democrats," Pugh says. "I was frequently accused of influencing them to do so, even though I never did.

"Now, I suppose, I'll be getting some accusations the other way," he continued. "Actually, all our people involved in registration are carefully instructed to remain strictly neutral, and to make no comment whatsoever about party affiliation aside from explaining the method of registration."

Much Ado (cont'd from P 1)

Much Ado About Nothing will be the inaugural production in the Watson B. Duncan III Theatre The character of Dogberry was said to have been played by Shakespeare himself and was considered by Shakespeare as "one of his finest comedy characters" according to Duncan.

There will be 28 actors, some of them doubling as dancers and singers. Seven evening performances will start at the traditional PBJC curtain time of 8:14 p.m., Thursday through Sunday, Oct. 30 through Nov. 2 and Nov. 6 through Nov. 8.

One Sunday matinee at 2:30 p.m. is scheduled for Nov. 9.

Tickets are $7 for adults and $5 for students of any age, grade school through college with current ID.

For more information, call the theatre box office at 439-8141.

WBD III Theatre Opens In Grand Style

The Theatre has now been formally opened, aptly named, and regally dedicated to Watson B. Duncan III and the profession he so nobly represents.

The grand opening Saturday, Oct. 4 was grand enough for any taste, and there was plenty to be happy about.

Chronological comments:

Dr. Lichtblau's opening was really humorous. You can count on two things from Dr. Lichtblau--something genuinely funny and a sly dig at Dr. Eissey. He really got the audience in a good mood.

The Pacesetters were lively and looked beautiful. Perfect curtain raisers.

Dr. Eissey's welcome was genuine, short and to the point. Have you noticed how serious he becomes on occasions like this one--and at graduations?

A Methodist minister, Dr. Earle R. Rabb, gave the invocation. Duncan is descended from a long line of Methodist ministers.

Dr. Eissey's guest introductions included all those taught by Duncan. About a fourth of all those attending stood.

Dr. Erling spoke for all of us in her tribute. In honoring Duncan, she said, we are honoring the best in the teaching profession. We dedicate the building to the man and to the excellence in teaching he epitomizes.

After the unveiling of the Ispansky bust of Duncan and the Mort Kaye portrait, Rep. Frank Messersmith presented a framed copy of the House Resolution honoring Duncan.

The tribute from Monte Markham, read by his sister, was personal, to the man "who changed my life," and contained a promise that some day he would play the Watson B. Duncan III Theatre.

Charles Nelson Reilly presented the first award of the Patron of the Arts Award, a new award to be given annually by Burt Reynolds to a Floridian with distinguished service to the arts.

Duncan said we had given him "the crowning glory of my life."

He said PBJC is "the only place I have ever wanted to teach," that Monte Markham and Burt Reynolds are "the sons I never had," and after a heartfelt tribute to Honey---"and I found her here at PBJC in the front row of my English Literature class."

The entertainment portion of the evening was provided by Ballet Florida, our ballet-in-residence, by singers from the Palm Beach Opera and instrumentalists from the Palm Beach Sinfonietta conducted by Maestro Anton Guadagno.

The champagne buffet was elegant. Hosted by Robert and Mary Montgomery, patrons were served in a beautiful setting and met the stars of the evening.

There were many highlights:

The Theatre itself provided one--it was beautiful, and stood the test of the evening very well. If you really search for them, you can detect a few flaws, but it is clear that a major new addition has been made to the cultural possibilities of our community.

Cont'd on P4

Pre-Clast Assessment Test Offered

Palm Beach Junior College is offering a Pre-Clast Assessment Test (PCAT) to those students who have accumulated between 35 and 53 semester hours of credit towards an AA degree.

It is hoped that through taking the PCAT, students will be better prepared to pass the CLAST the first time they take it.

The PCAT will be offered on Saturday, Nov. 1 following as closely as possible the same procedures as CLAST. Registration for the PCAT will continue on all campuses through Oct. 20, 1986. There is a $5 registration fee to cover administration costs.

For further information, contact Gwen Ferguson in the Testing Center.

Student Government Leadership Retreat

The student Activity Committee (SAC) of PBJC North, the Student Government Association (SGA) of PBJC Central, and the Student Advisory Board (SAB) of PBJC South jointly held its Leadership Retreat on Saturday and Sunday, Sept. 27-28 at the Ft. Lauderdale Marriott Hotel.

The retreat was well attended with 24 students participating. Advisors present were Leonard Bruton, Norma Walter, and John Jenkins.

Robert Wigen, State FJCSGA President and George Cruz, District V Coordinator, were in attendance. Dr. Sylvester Covington from Daytona Beach Community College was the facilitator. Dr. Covington is past state Student Government Advisor and has served as local advisor at DBCC for the past 10 years.

Students got the opportunity to interact and to know and work with each other. Everyone left the retreat full of enthusiasm and new information.

Theatre (cont'd from P 3)

The best of the entertainment--the singing of Soprano Henrietta Kristhea and Guadagno's spirited rendition of the Barber of Seville Overture.

Dr. Erling's tribute. A colleague and co-worker for 30 years, Lis was gently humorous, honest, discerning, and accurate. She lifted the event from one of personal significance to universal meaning.

The highest of the highlight's was Duncan's. After doing his usual great job of thanking everyone, Duncan could not resist the opportunity.

Here he was with a great audience, and there is only one thing to do when you have an audience like that--get in a little teaching.

So he taught us all for a few minutes about the value of the humanities. "The strength of any society is the creativity of its citizens," he said along the way.

At the end, a man in the balcony on the right hand side yelled "bravo" just before the applause broke out all over.

I wish I had been quick enough to join him. ...Jonathan Koontz

Express Term (cont'd from P 1)

Express Term information. It may take a bit longer for this to develop at other campuses. In any case, this is the last week. If you have any way of assisting in encouraging present students, or in getting information out to possible students in the community, it is time to act now. By next Monday, it will be too late.

Yellow Feather Awards Set For Oct. 19

If the Yellow Feather Awards on Oct. 19 at the Watson B. Duncan III Theatre live up to last year's inaugural version, the audience is in for an evening of hilarious entertainment.

The Awards are produced by an informal non-organization of newspaper, radio and television personalities--the working press--whose coverage of local events has convinced them that Palm Beach County is literally filled with events and personalities ripe for lampooning.

The combination of amateur theatricals and professional writing coupled with an attitude of absolute irreverance toward those in high places produces an evening when an audience of movers and shakers is laughing at one skit while wondering who the next target will be.

Targets last year included State Attorney David Bloodworth, Superintendent of Schools Tom Mills, Sheriff Richard Wille, and, of course, Dr. Eissey.

An example, (not typical, since nothing is typical in this game), was the skit on Wille, when a fractured version of "How Much Is That Doggie In The Window" by the Singing Sheriff brought down the house.

More of the same type of pointed humor can be expected this year according to Steve Cohen of the Sun Sentinel, who helped organize the event.

"All you need to enjoy the evening is some knowledge of the major news events of the year, a tolerant view of amateur theatrics and the price of admission," Cohen says.

The price is $7.50. Tickets may be purchased at the door before curtain time of 8 p.m., from Cohen, or from any of the following reporters: Rich Pollack and Joe Schwerdt, Sun Sentinel; Carol Carnavale and Greg Schwem, Palm Beach Post; Randy Loftis, Miami Herald; and Kate McClane, Boca Raton News.

Tickets are not available at the Theatre box office until the evening of the performance.

Proceeds from the Yellow Feather Awards go to journalism scholarships at Palm Beach Junior College.

Gourmet Meals Begin Tuesday

The Hospitality Management Department gourmet luncheons and buffet dinner schedule has been set, according to Michael Wiggins, Foodservice Program Manager. Tickets are $4 toward the purchase price of the meal and prices will not exceed $5.

A Tuesday evening dinner buffet will be open to the public from 6-7:30 p.m. every other week beginning Tuesday, Oct. 14. The first buffet will feature entree items such as beef kabobs and barbecue chicken.

The dinner buffet dates are set for Oct. 14, Oct. 28, Nov. 11, Nov. 25 and Dec. 2.

In addition to the Tuesday evening buffet, a faculty/staff gourmet luncheon will be served each Tuesday from 11:30 a.m.-12:45 p.m. The lunch dates are set for Oct. 21, Nov. 4, Nov. 18 (gala buffet) and Dec. 2. The December 9th luncheon will be a grand finale, five-course, sit-down meal.

Purchasing your tickets in the PBJC Central Bookstore early will assure your space reservation as seating is limited.

"Just Say NO To Drugs!"

This Is Drug And Alcohol Awareness Week

The symptoms of chemical addiction will be highlighted during special activities for the observance of "Drug and Alcohol Awareness Week" Oct. 20-24 at Palm Beach Junior College.

To kick off the programs, Dr. Melvin Haynes, vice president of student affairs, and Lori Flamer, coordinator for the week, accepted a proclamation of Drug and Alcohol Awareness Week from the Palm Beach County Commission last Tuesday.

The Student Affairs Department is sponsoring a week of special events in conjunction with the National Collegiate Alcohol Awareness Week. Events for the week include:

Monday, Oct. 20, 8:30-11 a.m., Business Administration Patio--The Palm Beach County Sheriff's Office will bring the BAT mobile to demonstrate how Blood Alcohol Concentration is measured.

Wednesday, Oct. 22, 8:40-11 a.m., Continuing Education Lecture Hall--Palm Beach County Commissioner Dorothy Wilkin will present the proclamation recognizing PBJC's involvement in Drug and Alcohol Awareness Week.

A film and discussion titled "Drugs of the 80's" will be presented by Officer Kevin Conry of the Lake Worth Police Department.

From 9:50-10:50 a.m., two speakers will speak on drug prevention and treatment.

Charles Hamilton, Marketing Director of the Palm Beach Institute, will give a brief speech, "Just Say NO to Drugs!"

A second guest will talk about "Narcotics Anonymous: It Works--How and Why."

Thursday, Oct. 22, 9:10-10:40 a.m.,

Republican Day At PBJC Central

As it turned out, the U. S. Senate was still in session Thursday, so Paula Hawkins could not be at PBJC Central in person, but she did show up courtesy of our satellite dish and the AV Department.

The telecast was designed as a substitute appearance for the Forum Club, but Ed Pugh arranged to tap in on the satellite broadcast.

The senator's talk was entirely political, and largely defensive. She accused Gov.

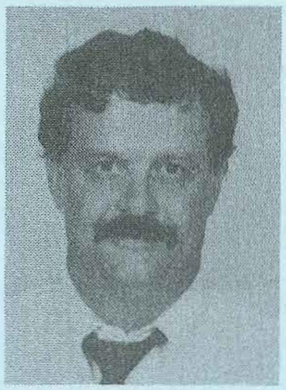
WELCOME ABOARD



Royse Jerome Smith **has joined the faculty at PBJC North as a senior instructor in Political Science. He specializes in American Politics/Asian Politics/American Foreign Policy Political Theory/Comparative Governments/History (American & Asian).**

Smith has co-authored two books and was an advisor to the Model United Nations at Northern Arizona University. We are certainly pleased to have Royse join the Political Science faculty at PBJC North.

. . . Holly Delmas

New Policy On Drug Abuse Approved

A new policy statement on drug abuse, Beachcomber awards and Phi Theta Kappa plans, and two sabbatical leave reports were interesting items at the October trustees meeting Wednesday.

The policy strengthens and makes more explicit statements already in the student handbook.

Discussing the policy, Dr. Melvin Haynes, Vice President for Student Affairs, made it clear that there will be two distinctly different attitudes toward students.

The illegal use of drugs by students will not be condoned and serious administrative and legal consequences will be enforced whenever illegal drug use is found to exist.

On the other hand, those seeking help will be given what help the college can offer, and will be referred to the appropriate agency in the community, Dr. Haynes said.

Ron Dupont, editor of the Beachcomber and president of Phi Theta Kappa, reported on activity in both organizations.

The Beachcomber won a total of six awards at a recent state convention, the second largest number of awards of any student newspaper in the state.

Phi Theta Kappa has its largest membership, more than 80 members, and plans interesting projects for handicapped children and the international amnesty program. The chapter is bidding to become the state Communications Chapter, and hopes to use that as a springboard to national recognition.

Sy Pryweller reported on a sabbatical that took him from the old world, (Italy, Germany), to the new and from older pedagogical methods to the use of computer and synthesizer. He played a tape of an arrangement of "Deck the Halls" produced by computer and synthesizer.

Bill Boorman reported on work identifying areas of student difficulty in studying economics and the production of study aids. A set of seven lessons has emerged and is in use. Computerization and use in PLATO is a future possibility.

Republican Day (cont'd from P1)

Bob Graham of "falsehood" in every TV commercial attacking her. She said such attacks indicate that he has no positive program of his own to offer.

A question and answer session had barely begun when she had to cut the telecast short to return to the Senate for a vote.

Seven or eight other Republican candidates did show up for Republican Day at PBJC Central, and talked to varying numbers of students in the Student Activity Center.

A booth with information on Republican candidates was open all day at the entrance to the cafeteria. Business at the booth was not extremely active, but most of the time, there were one or two students asking questions.

The Political Union and Ed Pugh, its faculty advisor, are still attempting to arrange a Democrat Day, but a date has not yet been set.

Happy Birthday To . . .

10/23 Gail Tomei 10/25 Paul Hitchcock, James Wood, Idell McLaughlin 10/26 Mary Palmer, Holly Delmas, Judy LaRose 10/27 Kathleen Drawdy

Wheels For Life Bike-A-Thon Saturday

St. Jude Children's Research Hospital will be hosting a "Wheels for Life" Bike-A-Thon on Saturday (Oct. 25), at Palm Beach Junior College Central.

Bike riders of all ages, wheel chair entrants, unicyclists and non-bikers are encouraged to ride or walk the bike route to raise money for the non-profit charity.

Each rider responsible for $25 in donations will receive a Bike-A-Thon T-shirt. Riders collecting $75 will receive an athletic tote bag. Local businesses have donated major prizes for the participants who raise the most funds for St. Jude's Hospital.

St. Jude's is a non-profit, tax-exempt research center supported primarily by public contributions. Since its opening in 1962, the hospital has treated more than 9,500 children from 39 states and 34 foreign countries.

The "Wheels for Life" Bike-A-Thon will begin at 8 a.m. in front of the PBJC Central gymnasium. For further information, please call 8067.

Report Writing Seminar

Sandra Cooper, a Communications Trainer from Tampa, will give a one-day workshop on "Effective Report Writing for Police and Fire Personnel" on Wednesday (Oct. 22) at PBJC Central.

The Institute of Government is sponsoring the workshop which will be held in Room 123 of the Continuing Education building, from 8 a.m. to 3 p.m.

The fee is $50 for residents and $53 for non-residents.

Cooper will discuss the seven steps to writing reports, how to plan and organize your ideas, and how to edit for errors.

For more information, contact Diane Brander at 8185.

BSU Presidential Conference

The Black Student Unions of PBJC and Florida Atlantic University are hosting the 11th Annual Florida Black Student Association, Inc. Presidential Conference on Oct. 24-26 at FAU.

On Friday evening, October 24 at 7:30 p.m., a welcoming reception will be held in the University Center Gold Coast Room. Words of welcome will be given by Dr. Melvin Haynes and Dr. Helen Popovich.

You are cordially invited to attend this reception and share in welcoming students representing other colleges and universities throughout the state. ...Gwen Ferguson

The PBJC Glades Informer

The newest publication at PBJC is a student newspaper from the Glades campus called the PBJC Glades Informer.

The initial publication, Vol. 1 No. 1 was dated Oct. 9, 1986. A hearty welcome from the Monday Report.

The first effort was two legal size pages, reproduced via copier. The front page story was about the opening of the college for the Fall Term and the appointment of Mary Orsenigo as Director.

Stories inside were about PTK, the illness and subsequent retirement of Bernard Painter, a health fair, overdue books, SGA, the Express Term, the Dolly Hand, and much more.

Express Term Shows Increase

Express Term classes begin today and tomorrow, and as of midweek last week, it appeared that we will be teaching 24 to 28 of the 42 sessions offered.

If so, this will amount to a small increase over our second Express Term last March, when we met 22 sections, and a very substantial gain over our first effort a year ago, when we met 16 sections.

As this is written, it appears that all 16 of the offerings at PBJC Central will be meeting, as many as five from North, two from South with the possible addition of two or three more, and one in the Glades with the possibility of one more.

"These enrollments are definitely encouraging," said Dr. Patricia Dyer, Vice President of Academic Affairs. "It helps us to continue the effort when we see that we are really meeting the educational needs of some students."

Personals . . .

Congratulations to Margaret Richardson, who was recently appointed a regular member of the Library Board by the City Commission of West Palm Beach. The three year appointment begins Oct. 1, 1986 and expires July 1, 1989.

The Monday Report wishes to congratulate Dr. Philip Lichtblau, chairman of the PBJC Board of Trustees, on the birth of a granddaughter. Baby Amanda Elizabeth was born to Dr. Lichtblau's daughter and son-in-law about two weeks ago in Tallahassee.

Three artists/faculty members of PBJC were selected to represent their work in a special edition calendar printed by the Northwood Institute. Alessandra Gieffers of PBJC North, Paul Aho and Billy Hightower, both adjunct faculty of Central, were among 12 artists chosen from over 60 who were considered for the calendar. The paintings and calendars will be on exhibit at the Northwood Institute from Oct. 21 through Nov. 15.

Announcements . . .

The State University Team, representatives of nine Florida universities, are scheduled to be in the Central Campus Cafeteria Oct. 31, 8:45-11:45 a.m. Students are encouraged to obtain information about each university--Florida State, University of South Florida, Florida A&M, University of Central Florida, University of North Florida, University of West Florida, Florida International University, Florida Atlantic University and the New College of the University of South Florida.

The following position vacancy is being announced:
Center Registrar, North Campus. Supervises the registration and admission processes and performs associated duties relating to student records. Bachelor's degree is required. Interested applicants should contact the Personnel Coordinator. ...Shelley H. Carton

Campus Bookstores are now taking orders for faculty caps and gowns to be used for commencement exercises in December. Deadline for ordering November 12, 1986. Thank you for placing your order early. ... Mac Bennett

The following position vacancy is being announced:
Custodian I (Physical Plant), Salary Grade B16, $1,044.66 per month.
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Florida Atlantic University is in the process of changing their phone numbers. Consequently, anyone trying to reach the South Campus (8158 or 8168) the next couple of days may experience some difficulty. Hopefully, this situation will be corrected by Wednesday. ...Mary Tingler

Fourth Annual Five Mile Run Is Nov. 1

The Fourth Annual Five Mile Run benefiting the Palm Beach Junior College Campus Beautification and Environmental Enhancement program has been set for Saturday, Nov. 1 at the PBJC ntral gymnasium.

A children's one-half mile Fun Run for ages 5-12 will also be part of the event.

Men and women, from 14 years and up, are encouraged to register for the race before Oct. 27. to be eligible for the $6 entry fee. All participants who enter after Oct. 27 up to race day will pay a $10 entry fee.

Many local businesses have donated major prizes which will be awarded to the first three winning runners in ten age categories.

There will be an aid station along the course, and the race is limited to 1,000 entrants.

For more information, please call George Matsoukas at 8074.

Author To Speak Thursday

The Social Science faculty and the Peace Education Center are sponsoring a presentation by the political economist, Lloyd J. Dumas, Ph.D.

Dr. Dumas is a professor at the University of Texas in Dallas and author of the book, "The Overburdened Economy: Uncovering the Causes of Chronic Unemployment, Inflation and National Decline."

Dumas has an article in the October 1986 Bulletin of the Atomic Scientist, and has published numerous articles on military spending. He has lectured in many countries throughout the orld.

The presentation will be given in the Allied Health Lecture Hall on Thursday (Oct. 23), 11 a.m. til noon. All faculty and students are invited to attend. For further information, call Dr. Richard Yinger at 8045.

Auditions For Senior Players

Auditions for the popular British farce, "NO SEX, PLEASE: WE'RE BRITISH," will be held Oct. 28, 30, 31 and Nov. 4, 5 from 2-5 p.m. in the Continuing Education Lecture Hall at Central.

The zany British comedy will be produced by the PBJC Senior Players, who are all 50 years of age or older, and is scheduled in the Watson B. Duncan III Theatre Jan. 14-18. For more information, call Nancy Goodwin at 433-8115 or 439-8006.

Drug Awareness (cont'd from P 1)

Continuing Education Lecture Hall--Lt. Max Shell of the Florida Highway Patrol will have a slide presentation and discussion on "Driving Under the Influence of Alcohol."

Marcia Grobman, Program Coordinator of Traffic/Safety Prevention, will talk about "Community Awareness and Personal Responsibility to Prevent Drunk Driving."

Doctors Hospital Public Relations Director Lisa Getson will speak about a program called "Disarm a Drunk: Call a Cab."

iday, Oct. 24, 8:40-9:40 a.m., Continuing Education Lecture Hall--The Student Government Association will have a panel discussion on Drug and Alcohol Awareness.

For more information, please contact Lori Flamer at 8182.

UNSUNG HEROES: The grounds crew working with Bruce Boden came through just in the nick of time with the landscaping around the Watson B. Duncan III Theatre. Thanks to some long hours and hard work, everything looked super the night of the grand opening.

PBJC student Robert Valentine has received an honorable mention for a drawing of an F16 fighter plane on a CAD system. The national contest was sponsored by a trade publication, "TWS CAD Report." Jan Bussell said Valentine was competing with about 200 students nationwide.

We are grateful to be faculty members at Palm Beach Junior College. While Hospice of Palm Beach County gave us medical and psychological assistance and home care suggestions, the adaptability and support of PBJC's administration gave us the freedom to nurse our son Mark at home during his final days. We are also grateful for the emotional support, the flowers, the cards, and the donations given to Hospice in Mark's name by fellow faculty. Though we still grieve, it is good to be returning to work among friends.
...John and Joanne Connol

On October 28, the Arts and Science Building of the Benjamin School will be dedicated, and a portrait of Marshall Benjamin will unveiled. The artist is Betty Robin, who is a Continuing Education art instructor at North Campus.

Palm Beach Junior College

4200 CONGRESS AVENUE, LAKE WORTH, FLORIDA 33461 • PHONE 305/439-8080

OFFICE OF
THE PRESIDENT

October 8, 1986

Dear Fellow Employee,

Through your caring, we contributed $7,000 to the 53 agencies (134 programs - 217 human services) served by the United Way of Palm Beach County, Inc. This was an act on your part not only to give something back to the community that has been so willing to support Palm Beach Junior College, but also to lend a helping hand to those less fortunate. It is a clear demonstration of your concern for the well being of the community in which you live.

As a tax supported institution, Palm Beach Junior College directly benefits from the growth of the county. It means increased funding, more jobs and financial stability. But, growth also means an increase in demands for other human services. It is not surprising that United Way agencies are requesting $746,000 in new dollars to maintain existing client services.

While we may not wish to think about it, at some time in the future, you or a member of your family may need one or more of the services funded through United Way. With the impact of the Gramm-Rudman bill, and the ever increasing cost of liability insurance to the agencies, we all need to give serious consideration to giving in 1986.

What you give is clearly your decision, but if we all give something - if we all gave $1.00 per week, we could do our fair share the United Way!

Our Employee United Way campaign will be the week of October 20 - 24, 1986. Once again, our campaign is being managed by John Townsend of our Division of Continuing Education with assistance from Frank Mossadeghi on the North Campus, David Nixon on the South Campus and Jean Thompson at the Glades Campus. Please contact John at 439-8011 should you need further information.

Together we can help each other the united way.

Sincerely,

E. M. Eissey

Edward M. Eissey
President

sft

PALM BEACH JUNIOR COLLEGE
PBJC MONDAY REPORT

Volume VIII, Number 48 October 27, 1986

Rep. Dan Mica Here Wednesday

Democrat Day Oct. 29; Candidates Day Nov. 3

An apppearance by U. S. Rep. Dan Mica will highlight a Democrat Day at Palm Beach Junior College Central Wednesday, Oct. 29, when Democratic Party candidates have been invited to appear at the college.

The Democrat Day parallels a Republican Day held Oct. 16 and many of the same ground rules apply.

A booth near the cafeteria will remain open from 7:30 a.m. to 2 p.m. Candidates may have literature there for students, and are free to mingle with students in the cafeteria or student center area at any time during the day.

Mica is scheduled to appear at 9:50 a.m. in the Student Activities Center where he will speak on the state of the nation. The public is cordially invited.

Hosting the day will be the PBJC Political Union. The union's faculty advisor, Ed Pugh, has invited other Democratic nominees to make appearances, but it is not known at this time how many will be in attendance.

The annual Candidates Day, when local candidates appear with their opponent before political science classes, has been scheduled for Nov. 3, the day before the election, beginning at 7:30 a.m.

Candidates have been invited to appear during classes throughout the morning in the Social Science building.

Cont'd on P 3

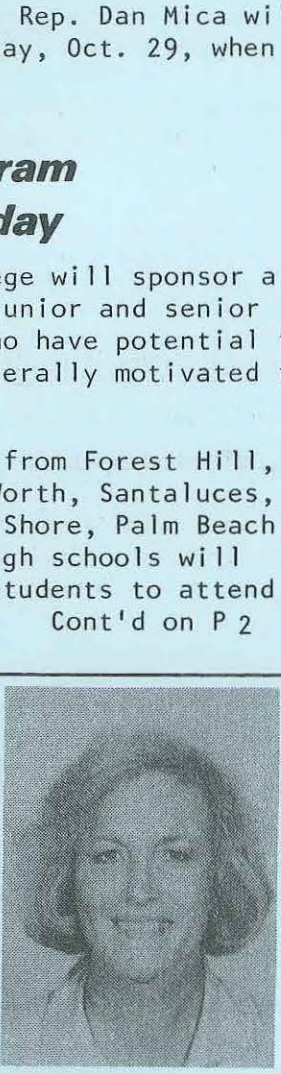
Reach Out Program Begins Wednesday

Palm Beach Junior College will sponsor a Reach-Out Program for junior and senior high school students who have potential for college but are not generally motivated to enroll.

High school counselors from Forest Hill, John I. Leonard, Lake Worth, Santaluces, Pahokee, Glades, North Shore, Palm Beach Gardens and Suncoast high schools will select a total of 100 students to attend

Cont'd on P 2

WELCOME ABOARD



***Adele Shapiro* joins PBJC Glades faculty as a senior instructor in Mathematics. She hails from Charlotte, North Carolina where she taught college level Mathematics since 1969.**

Shapiro has authored a tutorial module in the form of an audiovisual notebook on the solution of quadratic equations by formula. She also co-authored a second module on factoring.

Welcome aboard Adele Shapiro!

. . . Holly Delmas

At Monday Report deadline, the Democrats have inquired about staging a Democratic Unity celebration in the PBJC Central gym on the evening of Nov. 3, with Gov. Graham in attendance. This is an inquiry only. We will inform you next Monday if it materializes.

Reunion Performance For PBJC Players

All former Palm Beach Junior College Players are invited to a reunion performance of "Much Ado About Nothing" Nov. 1.

Following the performance, a champagne reception will be held in front of the theatre.

According to theatre manager Sarah Shelly, the combination of Watson B. Duncan III playing "Dogberry" in the play and the former players being able to see Duncan on stage will make this a special event.

Tickets are available for the reunion performance. For more information, call the theatre box office at 8141.

Twenty-six Sections Meeting In Express Term

Final registration figures for the Express Term, now in its second week, show an increase of three sections over the Express Term of last March and 10 sections over year ago figures, when the term was first started.

A total of 26 sections are meeting--16 at Central, six at North, and four at South.

The average size of the sections is also encouraging. If the nine courses not meeting in classes and therefore not requiring multiple enrollment are excluded, the remaining 17 sections show an average of 22.5 students, very close to the average class size for the college.

Bicentenial Commission Formed

An official designation of Lake Worth as a Bicentennial Community will be sought by the newly established Lake Worth Commission on the Bicentennial, according to Ed Pugh of the Social Science faculty, who was named chairman at the first meeting of the commission Sept. 15.

One of Ed's first actions were to appoint Mayor David Hinsa honorary chairman, and ask our own Bill Graham to serve as vice chairman.

Ed has been active in plans for the Bicentennial of the Constitution for many months, and is positioning the city to be a leader in the year-long celebration next year.

Democrat Day (cont'd from P 1)

The format, as in previous years, will be for both candidates to remain in a classroom for 30 minutes, with the time divided equally for a statement and question and answer period.

Then both candidates switch to another classroom for a repeat performance.

Class periods start at 7:30, 8:40, 9:50, and 11:00 a.m., and at 12:10 p.m.

Invitation letters to all candidates have asked for an early reply so that matches can be made, with preference going to those races where both candidates apply. When both candidates appear, students will have had the opportunity to meet a future office holder.

In past years, Candidate Day has been a prime target for the media, and students have the benefit of observing the political process at first hand.

A Look At Issues On Nov. 4

The ballots for the election of Nov. 4 will be crowded with candidates for many offices--local, state and national. In addition, there will be 13 other matters requiring your attention and your vote.

The Monday Report urges you to look into all these matters as fully as possible, but we know how busy you are--so here is a very short rundown of the 13 items which will be on the ballot--short enough for you to read very quickly, and organized in a way you might remember.

Five constitutional amendments:

1. Authority for a statewide prosecutor under the attorney general.
2. Casino gambling.
3. Change in Homestead Exemption.
4. Expeditious advisory opinions on proposed initiatives from the Supreme Court.
5. State lottery.

Three local items requiring local funding:

1. A half-mill for children's services.
2. A half-mill for the county library system.
3. $30,000,000 in general obligation bonds for public parks and recreation.

Three items specifying county prevalence over municipal authority:

1. Countywide planning council.
2. Wellfield protection ordinance.
3. School impact fees on development.

Two more local items:

1. Lowering initiative requirement from 10% to 7% of qualified voters.
2. Prohibiting countycommissioners from interfering with daily administration or with employees.

Sample ballots and other excellent materials will be available soon, and the Monday Report urges you to become acquainted with candidates and issues to be fully prepared as an informed voter on Nov. 4.

Reach Out (cont'd from P 1)

the program Oct. 29 through Dec. 17 on Mondays and Wednesdays, 3:30-5:15 p.m. at the North, Central, and Glades campuses of the college.

The Reach-Out program stresses academics combined with intensive counseling. In addition to English, reading and computer classes, the students will have sessions in motivation, raising self-esteem, career exploration, stress management, job interviewing, resume writing decision making, and goal setting.

As part of the motivation counseling, the local rap group "Kan-Dee-Krew" will perform for the students on Oct. 29. "Reach-Out combines group study and discussion with individual counseling," said Lori Flamer, program coordinator. "We use the rap group to demonstrate that being motivated is vital to a team effort of any kind."

career panel and graduation ceremony will be held Dec. 10. For more information, contact Lori Flamer at 8182.

Personals . . .

The Monday Report notes with sadness the death of David Hilliard, husband of Patricia Hilliard Oct. 15 at home. The entire college family joins in offering Pat and her family our prayers and condolences during this time of personal sorrow.

Freddie Jefferson, Communications division director at PBJC North, Beverly Raznoff, speech instructor at PBJC South, and Mary Moore, student at PBJC South, attended the Florida Speech Communication Association Convention in Jacksonville Oct. 16-18. Beverly is chairperson of the site selection committee for the 1987 convention and was nominated for speech educator of the year. Freddie was appointed to the constitution and by-laws committee.

At the Annual International Police Association (IPA) Weekend held Oct. 10-12 at the Palm Beach Ocean Hotel, Barbara Bartels, wife of Sergeant-at-arms Grant Bartels, served as co-chairman for a ladies luncheon and style show.

Announcements . . .

A retirement celebration for Dr. Etta Ress has been scheduled at the Meldon Conference Center, PBJC North, 10:30 a.m. til noon on Nov. 5. Friends and colleagues at the college are invited to attend.

MONDAY REPORT DEADLINE: THURSDAY, NOON

Announcements (cont'd)

The following position vacancies are open:
P.E. Equipment Coordinator (Physical Education), Salary Grade B11, $5.32 per hour, part-time position
Custodian I (Physical Plant), Salary Grade B16, $1,044.66 per month
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

PBJC South Student Affairs Department is having a Drug and Alcohol Awareness program Tuesday, Oct. 28 from 10-11:30 a.m. in the courtyard. The program will include two guest speakers: Sgt. Doucette of the FAU Police Department and John Helper, BACCHUS president, FAU. The BAT mobile from the Palm Beach County Sherrif's Department will also be present.

Campus bookstores are now taking orders for faculty caps and gowns to be used for commencement exercises in December. Deadline for ordering is Nov. 12. Thank you for placing your order early. ...Mac Bennett

Career Training At North

Two new career training programs, part of the short-term training offered under the Job Training Partnership Act (JPTA), are being offered through the PBJC North Continuing Education Department.

Security Guard Training begins Oct. 28 and concludes Dec. 11. Sergeant H. Martin Harn, Training Officer of the Jupiter Police Department, will teach the course for unarmed security.

Pest Control Training begins Nov. 6 and concludes Dec. 19. Students will be trained as pest control technicians, according to Jerry Enloe, program director.

The Private Industry Council in West Palm Beach provides assistance to those who qualify as economically disadvantaged. Students who may not qualify are able to enroll and pay $15 for Florida residents and $20 for non residents. For more information, call Jerry Enloe at 622-2440, ext. 246

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 49

November 3, 1986

In The Center Of The Action

Pre-Election Activity At All-Time Peak

As the most fascinating off-year election in the history of Florida is about to take place tomorrow, Palm Beach Junior College finds itself, (thanks largely to the untiring efforts of Ed Pugh), right where we ought to be--in the center of the action.

Early Registration Schedule Set

Early registration dates for the Winter Term have been set by Charles Graham, registrar, beginning with Winter Term graduates, 9 a.m. to 12 noon on Monday, Nov. 10, and students with 50 semester hours completed from noon to 3 p.m. on the same day.

On Tuesday, Nov. 11, students with 40 semester hours or more may register. On Wednesday, current students with 30 or more hours are eligible. On Tuesday, 20 or more, and on Friday, 10 or more.

The next week, Nov. 17 through 21,

Cont'd on P 2

WELCOME ABOARD

Sarah Shelley **joins the Palm Beach Junior College staff as Theatre Manager for the Watson B. Duncan III Theatre. Her expertise in a variety of marketing, promotional and theatre management positions will be a terrific asset to the theatre and the community.**

The staff and faculty are delighted to welcome Sarah to PBJC and our new theatre.

- - - - -

Last week's Welcome Aboard placed *Adele Shapiro* at Glades when she is actually a member of the PBJC South faculty. It is 45.5 miles from Central to Glades and 21 miles from Central to South, so we figure we made a 66.5 mile error!!

*Item. Democrat Day last Wednesday, headed by Rep. Dan Mica and Eleanor Weinstock, was a near clone of Republican Day held earlier.

*Item. If you are reading this on Monday morning, our annual Candidates Day, when candidates of both parties appear in pairs before Social Science classes is in full swing.

*Item. Tonight, Monday, Nov. 3, 5-7 p.m., an unprecedented Democratic Unity affair is slated for our Gymnasium at PBJC Central.

*Item. Tomorrow, our students will be taking the first ever Palm Beach County exit polls for a national network--see story on page 5.

The most amazing of these items, if the information available at Monday Report press time (Thursday noon) holds up, is the gathering of almost the entire slate of Democratic nominees under our own roof tonight.

Slated to be at the gym in a few hours are: Gov. Bob Graham, the gubernatorial slate of Steve Pajcic and Frank Mann, Betty Castor, Bob Butterworth, Doyle Conner, George Firestone, Bill Gunter, Gerald Lewis, and possibly U. S. Senator Lawton Chiles.

Rep. Dan Mica is slated to MC the show. A high school band will be there, plus, we understand, hot dogs and soft drinks. Plus ALL the local candidates, or practically all. The count had reached 21 candidates as of Thursday.

PLEASE check the daily papers,

Cont'd on P 2

Sabbatical Leave Requests

I would like to encourage all interested eligible PBJC employees to apply for a sabbatical leave on or before the December 1, 1986 deadline.

Eligible staff members are those who are in or beyond the seventh continuous full year of full-time employment at the college.

Examples of sabbatical leaves that have been approved for funding are on reserve in the Central Campus library.

Application forms are available at the office of the Dean of Instruction, DP 202, Central Campus. ...John M. Schmiederer

Registration (cont'd from P 1)

any currently enrolled student will be able to register early for the Winter Term. New students will be accepted thereafter.

A student may register any time after the assigned registration date, but not before. Day student registration is 9 a.m.-3 p.m., and evening students that register 9-3 p.m. must meet the semester hour requirements. Any current evening student may register 3-9 p.m. Monday through Thursday Nov. 10 and thereafter.

As announced earlier, all credit students will be paying a new fee schedule in the Winter Term.

The fee schedule has now been set at $24.50 per credit hour for in-state students, and $46.75 for out of state students. The new fees are increased from the Fall Term fees of $22.70 and $43.45.

Election (cont'd from P 1)

radio and TV on this before coming out, but if our information holds up, this will be an unprecedented gathering on the night before an election.

Why here? Dan Mica gave some clues in his talk to students Wednesday.

There is a growing recognition nationally that Florida has become a pivotal state, he said, and that Palm Beach County is a pivotal county in a pivotal state.

"You are right in the middle of the action," he said. "You are going to be polled by everybody."

Mica said the political power in the nation is shifting away from the northeast and toward the areas of the country where growth is fastest. He said the retirement of Tip O'Neill and others this year emphasizes the shift.

The party affiliation in his district is shifting rapidly, he said. Four years ago, it was 56 percent Democratic, today it is only 50 percent.

"We believe this trend has peaked," he said. "We hope so."

Mica told the students that it is no longer good enough to simply urge people to vote. Today, he said, you have to be much better informed. You have to know who is getting your vote.

Mica noted many of the other trends which have made this election different--the battle of 30 second commercials--the possibility of Republican control of the statehouse, and Democratic control of the U.S. Senate--the growing importance of pre-election polls.

Republican Day, Democratic Day, and Candidates Day are all hosted by our Political Union and Ed Pugh. This activity caused NBC to contact Ed for students for its exit polls, and the Democratic Party to think of us when planning for the Unity meeting tonight.

Faculty Concerns Expressed At Coffee With Ed

Dr. Eissey has recently completed another "Coffee With Ed" series, and a list of 12 questions from faculty members was compiled, and given to the vice president in charge of that specific area of college life for a response.

As is customary, we share the questions and answers with everyone in the Monday Report. Some of the Q's and A's are edited slightly for brevity.

1. Are we going to have either additional counselors or counseling technicians to assist in the increased needs of the students?

Answer--Dr. Melvin Haynes. A staffing formula for determining the level of staffing in Student Affairs is near completion. The formula will generate new staff as the student headcount increases.

2. Are we going to complete the software for the tracking of our students in their college careers. This tracking would include, but not limited to, the courses taken, courses needed to be taken, GPA, etc.

Answer--Dr. Melvin Haynes. The first stage of the degree audit system, which we have termed Academic Progress Advisement System (APAS), is scheduled to be completed by the end of February, 1987. This first stage will provide a printout to students and advisors showing courses and requirements completed and those remaining to be completed, by major. The printout will also show GPA, courses failed, and other important information.

3. Many compliments about the new Word Processing Center at PBJC Central. Is it feasible to notify each faculty member when work is completed and ready for pick-up?

Answer--Dr. Elisabeth Erling. In September, over 1,000 work orders involving 184,982 sheets of paper were processed. The work load would not allow calling the Division office in each instance, directly that a note be placed in the faculty member's mail box. In addition, this routine would increase the work load of the clerical support to Division Chairmen and/or Program Managers. Information on the status of work orders may be obtained by dialing 8049.

4. It was a concern of the faculty that our insurance carrier, "Network," was not paying the bills which have been presented to them. It was indicated that they are being harassed by the doctors' offices and creditors. What are we doing to correct this?

Answer--Dr. Tony Tate. A meeting was held Friday, Oct. 24, with Network representative, Edward G. Hoke, Vice President for Professional Relations, from the home office in Fort Lauderdale. College employees were given the opportunity to express their concerns and have their individual problems presented to the Network representative. He apologized for the problems that occurred, indicating there were problems within the Network system, and, hopefully, they would be worked out in the near future. In the event this does not occur, another meeting will be held with the company representative.

5. Is it possible (I believe it is) to place several pay phones at Dental Health Building?

Answer--Dr. Tony Tate. We have requested that the telephone company place pay phones at the Dental Building. We are awaiting a response from the phone company as to the feasibility of these additional phones. They are to review this request the week of 11/3.

6. Is there any reason why signs regarding parking in the Criminal Justice area have not been put in place?

Answer--Dr. Tony Tate. The signs regarding parking in the Criminal Justice area are to be placed the weekend of Nov. 1.

Cont'd on P 4

7. Where are we in establishing the buffers for the student lounge at the Glades Campus?

Answer--Dr. Tony Tate. Gee & Jenson, the architect of record for the college, has been informed of the project and they are to contact Mrs. Orsenigo and/or Tom Pierson for additional details and review the request, which would include "dressing up the vending machine area." The architect will be contacting the Glades Center personnel next week.

8. Does the dental coverage recently approved by the Board of Trustees include those employees who have the Gulfstream Plan?

Answer--Dr. Tony Tate. Yes, all of the employees who are covered by Gulfstream have the dental coverage plan approved by the Board of Trustees.

9. What effect, financially, has the reduction of department chairmen had on certain former department chairpersons?

Answer--Dr. Tony Tate. Four persons are now full-time faculty members who were formerly either a department chair, assistant department chair, or program coordinator.

1. Dr. Hugh Albee, former program coordinator. Contract length reduced from 210 days (6%). No reduction in daily rate.

2. Dr. Mary Bosworth, former assistant department chair. Contract length increased from 180 days to 198 days. No reduction in daily rate.

3. Ms. Nancy MacPherson, former assistant chair. Contract length reduced from 180 days to 168 days. (6.5%). No reduction in daily rate.

4. Dr. Howard Reynolds, former department chair. Contract length reduced from 210 days to 198 days (6%). No reduction in daily rate.

10. Under "Maintenance of (Professional) Standards," would the administration look into other courses and avenues to meet these standards...this would be of great assistance to the faculty.

Answer--Dr. Patricia Dyer. The new language in the 1986-87 faculty contract establishes other avenues for these requirements: "...the professional activities listed below may be accepted in lieu of some or all of the semester hours of credit or C.E.U.'s required to meet the standards":

a. satisfactory completion of travel study courses for academic credit
b. faculty exchange with another accredited college for a semester or more
c. city, county, state, and federal political office for political science instructional faculty
d. state or national award-winning work of art or composition
e. a major publication in a scholarly journal
f. publication of a book
g. patented scientific or technical invention related to teaching field

For courses, the contract stipulates now, "acceptable college credit....(with) prior written approval of the chairperson and Vice President of Academic Affairs."

As you can see, with these alternatives, the options for satisfying "Maintenance of Professional Standards" are very broad already; that is, the administration has already studied the matter and the results have been bargained.

11. If a faculty member is requested by the academic side of the house to teach all four terms, can he obtain a 210-day contract at his regular rate of pay? Since this is a request of the academic leadership, and not of the faculty, can it be studied?

Cont'd on P 5

PBJC Students Poll Voters For NBC News

NBC News will be polling Palm Beach county voters for the first time this election year. Several PBJC students have been hired to represent NBC News, and they will be allowed to approach voters inside the 100 feet block of six local precincts.

"The questionnaires cover some important issues," according to Sheryl Sneed, PBJC student and representative of NBC News. "NBC asks voters about their selection in the senatorial and gubernatorial races, how they feel President Reagan handled the Star Wars programs, and how they feel about Vice President Bush running for President," said Sneed.

In addition, Sneed added that there are 36 questions on the questionnaire and she is to call in results every three hours.

Polls will be taken at precinct 212, St. Paul Lutheran Church, 701 Palmetto Park Rd. in Boca Raton; precinct 155, Golf View Harbor Club House, 2775 SW 14th Street and precinct 158, Forest Park School, 1201 SW 3rd Street in Boynton Beach; precinct 168, Golf Course Club House, 14600 Cumberland Dr. in Delray Beach; precinct 83, Central Fire Station, 500 North Dixie Hwy. in West Palm Beach; and precinct 45, Trinity Methodist Church, 9625 N. Military Trail, Palm Beach Gardens.

At the Supervisor of Elections office, Ron Dupont, editor of the Beachcomber, will also be reporting the latest information on the hot senatorial and gubernatorial races for NBC News.

If you are approached by a NBC News pollster, we encourage you to take the time to fill out a questionnaire because your opinions DO count.

Concerns (cont'd from P 4)

Answer--Dr. Patricia Dyer. Changes in the rates of pay for faculty members teaching more than 108 points per year (full-time, 198-day contract) were bargained just this year throug the usual bargaining process. As a consequence, there is no option available for other length contracts or rates of pay. If you think that we should have additional-length options with a correspondingly higher rate of pay for the "extra days" beyond 198, the matter should go to the bargaining team for next year's contract. This matter can be studied and a proposal made in the spring before bargaining begins.

12. What can be done about PLATO problems at Glades?

Answer--Dr. Patricia Dyer. Glades Center has four PLATO terminals. We contract with Florida State University for the PLATO service. Glades Center gains access by way of a Southern Bell line from there to PBJC Central and then to Tallahassee through a District dedicated communications line.

When the PLATOs at Glades have trouble, Southern Bell and FSU each insist it's a problem in the equipment of the other.

Terry Shoultes has been working with FSU, where the ultimate responsibility lies, for an extended period of time. We have had trouble shooters here working on the problem. The line between Belle Glade and Central Campus has been "checked." Some of the PLATO equipment has been interchanged with that on other locations. The connections at each end have been examined and found working.

As a result, Southern Bell and PLATO are at a stalemate.

We have limited alternatives--there are still no alternate communication lines available; there are no alternate PLATO sources available at mid-contract; new equipment would not solve the problem, if what we have will work at other locations.

SUNCOM Changes

SUNCOM SENSE #1

On December 1, 1986, the SUNCOM NETWORK will change. The current equipment will be replaced by a silent and faster digital switch.

With the new digital equipment, you will not hear beeps and clicks after dialing, nor will you hear as much line noise or static when talking. An absence of noise does not mean your call is not going through. Your call, in most cases, will go through faster than on the old network.

About 40% of all SUNCOM numbers within the state will change at that time also. Central and South Campus will both get new SUNCOM numbers at that time. You will receive a new SUNCOM directory about Nov. 15.

It is very important that you use only the NEW 1987 SUNCOM DIRECTORY after Dec. 1. You may want to cross reference the numbers you use most often as the change will involve only the first three digits of the seven digit SUNCOM number.

Please watch the Monday Report for additional information as it is received from Tallahassee.

...Mary Tingler

Express Term Enrollment

Final figures for registration for the Express Term confirm the number of class sections in last week's Monday Report notice, and also show a registration of 361 persons for 529 class positions.

Of the 361 students, 159 are already students at the college, while 202 are new students.

The 529 class positions compares very favorably with a year ago, when there were 301 positions filled. The increase was at every campus. PBJC Central went from 235 to 335, North from 36 to 95, Glades from 0 to 46 (in GCI), and South from 30 to 53.

Insurance Refund Announcement

The college recently received information from the Gulfstream Health Plan that the premiums being charged for their health coverage were below the rates we had earlier received for the addition of dental and vision coverage. As a result, those personnel who carry the Gulfstream Plan with dependent coverage will receive a $2.86 refund during the month of November.

Deductions in the future for such personnel will also be reduced from $104.76 to $101.90 per month.

...Joseph M. Schneider

Cat On A Hot Tin Roof

Tickets are now available for the Northstage/Spotlite (North Campus) production of Tennessee Williams' Cat On A Hot Tin Roof. The show will be presented Friday and Saturday, Nov. 14, 15, 21, and 22 at 8 p.m. and Sunday afternoons, Nov. 16 and 23 at 2:30 p.m.

Tickets can be purchased in advance at the North Campus cashier's office during the day (622-2440 X241) and at the bookstore in the evenings.

Please buy your tickets as early as possible, and note that Saturday evenings, which seem to be most popular, usually sell out first.

All performances will take place at Palm Beach Gardens Community Center, on Burns Road just east of Military Trail.

...Barry Russal

New Tutoring Program Aids Students

A new tutoring program, designed to help any student who needs to improve English and Math skills, is now underway at all PBJC campuses.

The tutoring will be provided by students with an "A" or "B" average, and is available in all areas of Math (except statistics), and in English from English Prep through Freshman Communications I and II, according to Gail Tomei, counselor.

At PBJC Central, English tutors are available in the CPI Lab (first floor) and in the Math Lab (second floor). Students can come directly to the CPI Lab to arrange an appointment, or if a tutor is available, they can obtain immediate help.

The tutoring is being funded for this academic year by the Staff and Development Program of the college, and teachers are encouraged to inform students about the program.

For additional information, please contact Gail Tomei, PBJC Central, 8057; Freddie Harrell, PBJC Glades, 8160; Joan Holcomb, IMTS Lab at PBJC North, 622-2440 ext. 348; and Adele Shapiro at PBJC South, 8158.

Announcements. . .

The bad news this week is that Watson B. Duncan III was unable to take part in Much Ado About Nothing because of health problems. The good news is that he avoided hospitalization and has been able to meet classes. Fighting infections, Duncan's doctor prescribed some antibiotics, one of which caused an allergic reaction. Although he managed to meet classes, the extra duties of rehearsals and performances would have been too much for him to tackle. David Hernandez, who had been understudying, took the part.

The following position vacancies are being announced:
Clerk (South Campus) part-time position, salary grade A14, $5.73 per hour.
Library Clerk II (Library), salary grade A15, $891.78 per month.
Interested applicants should contact the Personnel Coordinator. ...A. Johnson

Holiday At Sea, the college's annual Christmas party, will take place aboard the Viking Princess, out of the Port of Palm Beach, Friday, Dec. 19, from 6 p.m. to 2 a.m. Tickets for the party, sponsored by the Social, Cultural and Welfare Committee, are $49 per person, and include a full sit-down dinner, dancing, entertainment, and midnight buffet. For information, please call Jennifer McCormick at 8159.

Black Citizen Coalition Honored

The Black Citizen Coalition was honored recently by the Palm Beach County Community Relations Board. The award honored the coalition for the advocation of positive human relations. Accepting the award for the group was Gwen Ferguson, a former chairperson who served in that position for five years.

The 15 member Community Relations Board appointed by the Palm Beach County Board of Commissioners exists to promote and encourage fair treatment of all persons, to promote mutual understanding and respect among members of all economic, social, racial, religious and ethnic groups, and to eliminate discrimination and antagonism among religious, social and ethnic groups and their members.

Dr. Kathleen Aiello was the keynote speaker for the Annual Appreciation Dinner of the Board. In her address, Kathy spoke about the family as the basic component in learning human relations, and how the strength of the family is proportionate to the strength of community relations.

In addition, Shelley Carton of the Personnel Department was appointed to serve as one of 15 members of the Community Relations Board, and would welcome your input in helping the Board achieve its goals.

THIS Week . . .

Nov. 3	Candidates Day, PBJC Central
Nov. 3	Final day to withdraw with a "W", change from credit to audit
Nov. 6-8	"Much Ado About Nothing," Watson B. Duncan III Theatre; 8:14PM. Matinee Nov. 9, 2PM
Nov. 8	Marie Osmond in concert, Dolly Hand Cultural Arts Center, Glades; 8PM; $20

. . . AND Next

Nov. 10-21	Currently enrolled students register (pay fees by Dec. 12)

Nov. 8	New Tax Law & Financial Planning, 2 X, S, 9AM-1PM; NL 101; $10
	Child Care Workers Certification Course, 4X, S, 9AM-4PM; CE123; $13

Personals . . .

Recent news in the Delray Beach News Journal that their photographer, Paul J. Milette, received three awards in the Florida Press Club's competition was of special interest here. Paul was a photography student here, and worked both for the Beachcomber and the News Bureau. Paul and his wife, who was a student in Dental Health Services at the same time, are remembered as serious, hard-working students. It's great to hear good news about former students.

Happy Birthday To . . .

11/05 Walter Franklin, Dorothy Witherspoon, Verla Neal 11/06 Leonard Bruton 11/08 Eleanor Salisbury 11/09 Frank McLaughlin

PALM BEACH JUNIOR COLLEGE
MONDAY REPORT

Volume VIII, Number 50 November 10, 1986

Job Fair Friday

Full Slate For Career Week Nov. 17-21

Palm Beach Junior College Career Planning and Placement Center has planned a full week of activities to promote Career Week, Nov. 17-21 with workshops for evening students scheduled Monday and Wednesday, and a Job Fair scheduled Friday.

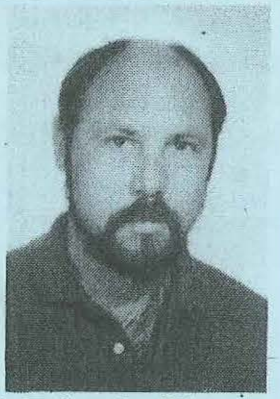
Bill Graham A Winner In School Board Runoff

Bill Graham has won his runoff battle with Lou Martinez, and will become a member of the Palm Beach County School Board.

The office of the Supervisor of Elections totalled 111,728 votes for Bill and 110,899 for his opponent, making it one of the closest of all the votes on Nov. 4. A recount, made when the margin is less than one percent, did not change the result.

Cont'd on P 4

WELCOME ABOARD



Norman Miller **has been named the Technical Productions Supervisor for the Watson B. Duncan III Theatre.**

Miller has an A.A. in Theater Arts from PBJC, a B.F.A. from FAU and a M.F.A. from Florida State. After college, he was a designer/technical director for several area theaters, and was the Operations Manager for the West Palm Beach Auditorium.

We are pleased to welcome Norman back to PBJC.

. . . Holly Delmas

Monday, Nov. 17, 1:00-4:00 p.m. in the Student Activities Center, Room 109, students are offered a series of self-assessment tests. These tests are used to evaluate interests and aptitude for certain career choices. Students must sign up for the tests before the workshop.

Tuesday, Nov. 18, 9:10-10:40 a.m. in the Continuing Education Lecture Hall, a lecture titled, "What Do I Do With a Major in Social Science?" will be presented. A brief panel discussion will follow.

Wednesday, Nov. 19, 11:00 am.-1:00 p.m. in the Student Activities Center, Room 109, Norma Walter, supervisor of the Job Placement Center, will give a presentation on developing job interviewing and resume writing skills.

Thursday, Nov. 20, 9:10-10:40 a.m. in the Continuing Education Lecture Hall, representatives from the Private Industry Council (PIC) will discuss the changing job market in Palm Beach County. The current trends and future job outlook in our area will be reviewed.

Friday, Nov. 21, 9:00 a.m.-12 noon in the Student Activities Center, approximately 20 employers, executives and representatives from area businesses will be available for students to ask questions on the career opportunities related to their major.

"We expect between 150-200 students to attend our Job Fair," said Norma Walter. "This is a perfect opportunity for the students to talk with professionals

North Hosts Reception For Dr. Etta Ress

Tributes to Dr. Etta Ress from many of the faculty and staff at PBJC North and throughout the college and the gift of a beautiful crystal bowl and a memory book were highlights of a reception for the retiring founder of New Dimensions Wednesday at the Al Meldon Center.

Leading off, Dr. Eissey called Etta a "unique individual" whose "contribution goes far beyond any verbal description."

Dr. Ottis Smith recalled the close proximity of the North staff with New Dimensions at 45th Street, and said the reception had been scheduled to allow new staff members to get to know Etta personally. He told Etta that despite her retirement, "we will expect your continued guidance."

Freddie Jefferson, presenting the bowl, said that Etta had exhibited a "new dimension of service to our community."

Alice Zacherl said that gathering the letters for the memory book had been a privilege, and the "love and appreciation" expressed by everyone she contacted was inspirational.

Ted Kremsky, who will now head New Dimensions, pledged to continue the growth of the organization, but admitted it "will never be the same."

Harry Huret, one of Etta's oldest friends in this area, told of how New Dimensions evolved from a planned series of meetings with nine couples in Etta's home prior to the death of her husband.

Responding, Etta expressed her joy in seeing an idea develop into reality, and her thanks to PBJC for accepting New Dimensions "as a part of the college family."

Holiday At Sea

For those of you who enjoyed the End-of-Summer Blues Cruise, and those who missed it..... circle your social calendar for Friday, Dec. 12.

This may be the last move east! Our progressive holiday parties began with Holiday in the Country, moved to Holiday in the City, progressed to Holiday by the Ocean, and now At Sea.

The Viking Princess has given us a group rate of $49 each for their normal $59 Friday night party cruise that features a festive "Captains Gala", entertainment, moonlight dancing, and a midnight barbecue. The ship leaves at 6:45 p.m. from the Port of Palm Beach, returning at 2 a.m.

Reservations require a $25 deposit per person by Nov. 20, and full payment no later than Dec. 1. Those who pay in full by Nov. 20 will be eligible for a drawing for one free passage on this cruise.

Make checks payable to PBJC Foundation, and send to Social Committee, c/o Jennifer McCormick, station 12 or bring to the office of Continuing Education.

Treat yourself to a relaxing, fun night on the water. For more information, call 439-8014.

Board Meets Nov. 24

The location and date of the November meeting of the trustees of Palm Beach Junior College have been changed from previous announcements, according to Dr. Eissey.

The meeting will take place Monday, Nov. 24, 7:30 p.m., in Conference C at PBJC Central.

Fourth Annual Five Mile Run Was One Of The Best

The fourth annual Palm Beach Junior College Five Mile Run run Saturday, Nov. 1 was not the biggest, but it certainly was one of the best, according to George Matsoukas, who coordinated the event.

"We received many compliments from the runners--about the arrangements, the course, the officiating, the prizes--and above all, the friendly attitude of all our PBJC volunteers," George said.

Although smaller than in some previous years, there were still about 240 runners overall, and the children's division, with 25 runners, was the largest yet.

The weather cooperated, and times for the winning runners were good. A number of runners reported personal bests.

First finisher was Chris Fleishman at 26:00:80, second was Al Stoner at 27:13:40, third was Tim Sagul at 27:14:64.

First female finisher was Nina Tim at 31:58:06, second was Darkene Rappa at 33:54:35, third was Pam LaVigne at 33:54:76.

About 70 PBJC volunteers got up in time to get to the course by 6:30 a.m. Saturday, Many had worked on the run earlier, helping to plan and get things together, and most had attended prior meetings to get assignments and information.

Dr. Eissey, who has been the starter in prior years, was out of town and Dr. Erling climbed the ladder and got the gun to go off on the second try.

The run was made possible by the volunteers from the college and the cooperation of the many community businesses which donated to the event.

The first American Bank for overall sponsorship of the event, Cushman's for juice, Aqua Pure for water, All Brands Vending, Inc. for 15 cases of soft drinks, Matter and Co., Inc. for bananas, the Lake Worth Herald for brochures and paper, the Red Cross for first aid stations, the county park system for the use of the park trails and the Palm Beach Amateur Radio Council for the communications network, were all extremely important, along with dozens of other businesses which donated prizes, George said.

"It was a good event," George said, "and was well worth the time and energy we put in to make it possible."

Marsteller Elected FACC President

In the recent FACC general election, Glen Marsteller was elected President for the 1987 term. Glen is the Division II Chairperson at North Campus, and has been at PBJC since 1965. He is serving now as Vice President for the local chapter, and has been active in state and regional FACC activities.

Other officers for the new term are Ardease Johnson, Secretary, and Don Pearsall, Treasurer. A special election will be held in December for the office of vice president.

FACC Membership stands at 212 members, only a slight increase over last year, but sufficient to send 21 delegates to the State Convention in Clearwater Beach on Nov. 19. Seven of the delegates are PBJC faculty, and the others are divided among administration, professional and career employees.

Pacers Meet Sailfish Tuesday Night

The first chance we have this year to see the Pacer basketball team will be Tuesday night against the team that shares our gym, the Sailfish from Palm Beach Atlantic. Game time is 7:30 p.m.

By that time, the Pacers will have played Brevard, the second-ranked community college team in the state, and the Sailfish will have played Edison, one of the Pacer's conference rivals.

PBAC is a four-year college and plays in the Florida Christian College Conference. They returned five starters from the conference championship last year.

The next home game for the Pacers is Nov. 21 against Polk.

Graham (cont'd from P 1)

The race was a cliff hanger. Bill had to come from a long way behind in the primary, and was working against the endorsement of the Palm Beach Post and the Miami Herald--even though he did get the endorsement of the Evening Times.

Our other candidate, Phil Jackson, Social Science instructor from PBJC North, got 343 votes as a write-in candidate for Congress. Phil fulfilled his avowed intention to stir up at least a small amount of interest in a race where there was no opposition on the ballot, and to discuss the issues.

The events mentioned last week by the Monday Report did occur. Candidates Day was not as well attended as in some prior years--probably because of high powered campaigning going on all over the county all day in a number of different locations by major candidates.

The Democratic Unity rally in the gym attracted a reasonable crowd of voters, and the largest assemblage of Democratic politicians ever together at one time at the college--a governor, a former governor, a U. S. Senator, a U. S. Congressman, the Democratic candidates for governor, and almost every cabinet position, the president-elect of the Senate, the former president of the Senate, most of the candidates for the House, the county commission and other assorted positions.

There was a band, and balloons, and hot dogs and soft drinks and a lot of enthusiasm--and maybe it didn't matter too, too much that the antiquated P.A. system was wholly inadequate to the task.

It is notable, however, that the biggest applause of the evening came when Pajcic shouted with the aid of a rolled-up cardboard megaphone that if elected he would see to it that we got a better system.

The Monday Report has a strong hunch that it will not take action by a governor to bring about an improvement of our system. Dr. Eissey was present, and we believe action by the college president will make action by a governor unnecessary.

Career Week (cont'd from P 1)

already working in their field of interest."

A separate workshop for new or potential adult students who may be considering returning to school will be held Monday, Nov. 17 and Wednesday, Nov. 19 from 7-9 p.m. in the Student Activities Center, Room 109.

Walter said this workshop is designed for adults who may have not attended college or would like to return to college.

"The evening workshops feature career assessment tests, literature about college majors, job outlook, and a panel of currently enrolled students will answer questions," Walter sai

For more information about Career Week, contact the Career Planning and Placement Center in the Student Activities Building, 439-8056, 8057 or Norma Walter at 439-8151.

SUNCOM Networking

SUNCOM SENSE #2

The SUNCOM Network serves the state of Florida governmental agencies, counties, cities and other qualified nonprofit corporations. These offices may be reached by direct desk-to-desk dialing of their SUNCOM number "ON-NET" (7+SUNCOM NUMBER) as listed in the SUNCOM DIRECTORY.

SUNCOM can also be used to call an "OFF-NET" number anywhere in the Continental United States, PLUS Hawaii, Puerto Rico, and the U. S. Virgin Island, (7+AREA CODE+NUMBER). The SUNCOM Network is considerably less expensive than commercial long-distance networks and should ALWAYS be used when placing long-distance state business calls. Personal calls are not authorized.

In conjunction with the switch over to the new digital SUNCOM NETWORK that takes effect Dec. 1, 1986, many of the special SUNCOM Numbers that you use will change. The change will effect about 40% of the existing SUNCOM numbers statewide. Some of the locations that will have SUNCOM number changes lie in and around Pensacola, Panama City, Jacksonville, Daytona Beach, Fort Myers, Gainesville (except the University of Florida), and West Palm Beach. No changes will be made in the SUNCOM numbers for the State offices in Tallahassee. All SUNCOM number changes effecting your office will be provided to you, along with your new 1987 SUNCOM DIRECTORY, prior to Dec. 1, 1986.

Additional information to help you use your SUNCOM NETWORK more efficiently and keep you advised on pending changes will be in next week's Monday Report. ...Mary Tingler

Crackerbarrel Forum

Pat Griffin, Executive Director of Hanley-Hazelden Counseling Center, will be featured at a Crackerbarrel Forum held at the Royce Hotel Bronze Room, Thursday, Nov. 13 from 7:30-9 a.m.

Griffin will speak on Chemical Dependency, The Difference Between Abuse and Addiction, and The Benefits of a Positive Assistance Program in the Workplace.

The series of Crackerbarrel Forums is sponsored by the PBJC Institute of Government, and reservations can be made by sending a check to the Institute for $6.50 by Nov. 11. A continental breakfast will be served.

For more information, call Diane Brander at 8185.

People Bringing Joy At Christmas

The People Bringing Joy At Christmas committee is planning a charity bazaar, bake sale and "white elephant" sale as part of this year's fundraising effort.

The event is set for Saturday, Dec. 6 from 8 a.m. to 4 p.m. at the Central Campus cafeteria, and anyone with items for sale can reserve a table for $5. Participants are asked to donate a $10 craft for a raffle to be held later that day. Requests must be received by Nov. 17.

The group was founded at the college in 1983 when a small group of employees decided to help needy families. Since its inception, the effort has grown considerably, and last year, 30 families received gifts of food and clothing at Christmas time.

If you would like to reserve a table for the bazaar, please make your check payable to the BJC Foundation, and send to Palm Beach Junior College, Division of Continuing Education, 200 Congress Ave., Lake Worth FL 33461.

If you would like more information, please contact Marie Reddy at 439-8114, Mary Ann Reasner, 439-8148 or Mary Tingler, 439-8000. At South Campus, please call Paula Souza, 439-8158, and Nancy Buhl at North, 622-2440, ext. 246.

THIS Week . . .

Announcements . . .

An announcement of fellowships for research in residence at the Smithsonian Institution for 1987-88 recently arrived. Fellowships are available for periods ranging from ten weeks to 12 months, both postdoctoral and predoctoral, in anthropology, biological sciences, earth sciences, history of art, history of science and technology, materials, analysis, and social and cultural history. Application deadline is Jan. 15, 1987. For more information, write the Office of Fellowships and Grants, Smithsonian Institution, Desk P, Suite 7300, L'Enfant Plaza, Washington, D.C. 20560. ...Patricia A. Dyer

----

MONDAY REPORT DEADLINE: THURSDAY, 12 NOON

Announcements (cont'd)

PBJC will be supporting WPTV Channel 5 and the Food for Families program. Faculty, staff and students are asked to bring cann goods to the Central Campus Wednesday Nov. 12 and Wednesday, Nov. 19. Student government representatives will collect the cans of food from the classrooms on those days. If you wish to make arrangements for a food pick-up, please contact Norma Walter, 8151.

PBJC Central will be housing the new Executive Director of the Region 25 Coordinating Council, Rita Dougherty, beginning Nov. 3. Her office will be in TE 104. The Coordinating Council is a legislatively created body comprised of agencies involved with vocational education. Some of the council's functions are program needs and duplication, reviews, and placements and enrollment reports. If you are in the area, stop by to welcome Ms. Dougherty to the campus.
...John M. Schmiederer

Personals . . .

Pat Greene recently underwent surgery at Good Samaritan, and was expected to be released from the hospital on Friday. Pat will be away from her desk at Purchasing for a few more weeks, and we wish her well as she continues to recuperate at home.

It's a boy--7 pounds, 14 ounces--for Linda Pickren of the Continuing Education Department. The baby was born at Good Samaritan last Thursday, and both mother and son are doing just fine. Congratulations, Linda.

Bill Graham, as noted on page one, was the winner in Tuesday's runoff for a seat on the school board. When we finally caught up with Bill Friday morning, he wanted to thank everyone on campus who worked for his success. Particular thanks go to George Matsoukas, who served as Campaign Manager; Jeanette Sanders, Campaign Treasurer; and Otis Harvey, who offered support and cooperation.

Happy Birthday To . . .

11/11 Betsy Meyers, Patricia Dyer, Samul Harley, Toby Chabon, Shirley Pember 11/12 Mattie Glover, Jim Houser, Jack Potenza 11/13 Sandra Davis 11/14 Margaret Richards , Trinette Robinson, Valeria Pinder 11/16 Mary Bosworth, Joan Young, Claude Edwards, Perry Tougas 11/17 Juanita Johnson, Dave Budsberg
